Agents Wanted.

First insertion, 1c per word. One-half cent each subsequent insertion. No advertisement less than ten words.

AGENTS—DOUBTLESS YOU ALL KNOW of the Business Guide, but you may not know that the seventh edition is now in the hands of our agents, and is experiencing an enormous sale. Just think of it, 55,000 Business Guides have been sold in less than five years. The sixtieth thousand is now going rapidly; it has been carefully revised from cover to cover; is the only book sold with a guarantee that every page is correct, and must give satisfaction or money refunded. It is an indispensable Guide of safe methods of business for all classes of men, as a book of reference it has no equal. One agent writes "Sold 89 copies in a week"; another says "Canvassed 60 people, sold 45 books, my territory has been canvassed two or three times, yet your B. G. is the fastest seller I have ever had"; another agent ordered 100 B. G. on June 15, and on July 2 he ordered 100 more, says "I want best prices on hundred lots, can't get stuck with such a book as your new Guide." A standard book like the Business Guide is in demand almost like bread, it sells itself, no experience necessary; $1 gets complete book and outfit; order at once; if not satisfactory money refunded. NICHOLS & Co., Wesley Building, Toronto. b

Tenders for Islands in Georgian Bay

TENDERS will be received up to noon on the 2nd day of August next, for about One Thousand Islands, situate in the Georgian Bay, opposite the townships of Baxter and Gibson, in the district of Muskoka and the township of Tay, in the county of Simcoe, in the Province of Ontario, which have been recently surveyed by Mr. C. E. Fitton and Mr. J. G. Sing, Ontario Land Surveyors.

These Islands are beautifully situated within convenient distance of railway communication at Midland and Penetanguishene.

The Islands in this portion of the Georgian Bay are specially adapted for summer resorts. The scenery among them rivals in beauty that of the far-famed Thousand Islands in the River St. Lawrence; being further north, the climate during the summer months is very much cooler. The Islands are mostly well wooded, and fish of many kinds are plentiful in the surrounding waters.

The Talk of Old London.

Sweeping Verdict Rendered by "Vanity Fair."

A London Season Brings Out Society's Intemperate Habits,

And "the Women Are as Bad as the Men."

The Deadly Petrol Hair Wash a Topic of Lively Discussion.

Why Lady Somerset Resigned the Presidency of the British Women's Temperance Association.

Special Cable Letter to The Advertiser.

London, July 24.—According to Vanity Fair, the London season which is now nearing its end has been remarkable for bringing into prominence the "intemperate habits of society." In the course of a long article, Vanity Fair says: "The women are as bad as the men. Probably the length of the London season is chiefly responsible for the evil. From the beginning of May until the end of July the season is one stretch of fatigue. Long before the first six weeks are over, pleasure has become nothing but pain. The women drag themselves wearily from house to house, and only manage to do this by the aid of incessant stimulants.

THE SHOOTING AT BISLEY.

The rifle competitions at Bisley this week have provoked a curious variety of opinion among the experts, but they are all agreed as to one thing, and that is that the shooting has been "too good." The substitution of the Lee-Metford rifle for the Martini has resulted in such a tremendous increase of accuracy that everybody seems to have reached a dead level of excellence. Were it not for accidents and variations of wind and light, it would be impossible to decide the result of the competition, in so far as the award of prizes is concerned. Dozens made the highest possible score, repeating the feat during the shooting-off. Some new method of scoring is now imperative.

CNCERNED FOR THEIR "HANKS OF HAIR."

The developments at the inquest which followed the death of Mrs. Frances Samuelson, whose hair, while in the hands of the hair-dresser, took fire as the result of the petroleum hair-wash being used to dress, has caused the most intense interest. It appears that this wash, which is called "petrol," has been very generally used of late in London. The newspapers are filled with interviews on the subject; and a question will be asked in the House of Commons, with a view of prohibiting the importation of the article.

RESIGNATION OF LADY SOMERSET.

Lady Henry Somerset has resigned the presidency of the British Women's Temperance Association. She recently addressed a circular to the presidents of the branch associations asking them not to approve or sign petitions to Lord George Hamilton, secretary of state for India, against the renewal of the contagious disease acts for India. The branches, almost without exception, refused to be governed by Lady Henry's request, and she has consequently resigned the presidency of the association.

WAGNER PERFORMANCES AT BEYREUTH.

The letters of Mr. Stevens, the Daily Mail's correspondent now at Beyreuth, give an amusing picture of discomfort, solemnity and extortionate prices during the progress of the Wagner performances. He says: "As we crawled nearer the town we seemed entering an outlying province of the United States. All down the long train buzzed the American tongue. Out of each window looked a group of American girls. Four girls and a woman to one elderly, weary-looking man was the proportion; and, as it always happens, the man was working away with the baggage, the porters and guards, and general refreshments for the comfort of the girls, all of whom were taking their pleasure, as their manner is on Sundays and holidays, in talking, talking, talking, in a perpetual gush of chatter about things that did not matter.

INTERESTING WEDDING.

Society is very much interested in the wedding, last Tuesday, at St. John's Church, Paddington, of a parlor maid of Lady Gwendoline Little to a member of the Christy Minstrels. The bride has seen 30 years' service with Lady Little. Among those who were present at the ceremony, and who gave presents to the newly-wedded couple, were the Countess of Londonderry and Helen Stewart, dowager countess of Shrewsbury. The affair was taken up as a fad by a good many of the smart set.

RANDOLPH'S SONS.

It is announced that Hon. Winston Churchill, elder son of the late Lord Randolph Churchill, will stand for parliament in the conservative interests at the next opportunity. Lord Randolph's younger son, John Henry Churchill, now 17 years of age, will study for the bar.

AMUSEMENTS.

After his disastrous attempt on two continents to infuse the breath of popularity into "The Seats of the Mighty," Beerbohm Tree has hit upon an undoubted success in "The Silver Key." "The Silver Key" is another pretentious display of the romantic school, with gentlemen in velvets and buckles, and wigs and laces, and many fine phrases and much gallantry, as was the ill-fated "The Seats of the Mighty." Yet it pleases the public, which is the final test.

Mr. Nat Goodwin is the latest recruit of the American colony.

C. A. Bradley and C. Harper have signed articles to run 100 yards for £100, the race to take place on Saturday, Sept. 11. Harper will give the former amateur champion one and one-half yards start. The place for the meeting has not been determined.

For the Derby of 1899 Mr. August Belmont has entered three horses, Mr. Richard Croker two, Mr. J. R. Keene three, Mr. Pierre Lorillard two and Mr. Foxhall Keene one.

For the Oaks of 1899 Mr. Croker has entered three, Mr. J. R. Keene two and Mr. Pierre Lorillard two.

Michigan Members Exempt From the New Rating.

Provisions of the Compromise Adopted by the Supreme Tent.

Port Huron, Mich., July 24.—The supreme tent, K. O. T. M., has adopted a compromise for the re-rating measure. It provides for two extra assessments each year upon all members of the supreme tent who were admitted prior to July 1, 1895, but gives them the privilege of surrendering the certificate they now hold and securing another one, free of charge, with the new rate as adopted at the review two years ago.

All members admitted since July 1, 1895, and those who exchange their old certificates for new ones, pay only 12 assessments each year, at the new rate, while all those retaining their certificates dated prior to July 1, 1895, will be required to pay 14 each year.

This plan, it is claimed, while it will make a large amount of additional work in the supreme record-keeper's and supreme finance-keeper's offices, will put all members on the same footing. The object of the increased rate is to create a reserve fund.

The new assessment will not affect the members of the great camp of Michigan, which was organized prior to the supreme tent and governs its own assessment rates. It is thought probable, however, that the same question will be brought up at the great camp meeting next June.

The supreme tent will probably remain in session all next week.
