M. the Forcat is the best Medical School!

That predisposition which exposes the human frame to the infection and virulence of all diseases, proceeds directly or indirectly from a disordered state of the System, caused by Impure Blood, Bilious and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS.

(A Sarsaparilla preparation of unexampled efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable preparations of the highest Medicinal virtues. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping; nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of diseases than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse matter from the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by during thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healthy virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all impositions and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Reader!!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from *vegetable ingredients*, so that its application is perfectly free from any injurious effect, which, too often do we perceive young persons wish their nearly grey, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of the original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal toiletnecessaries to every lady's and gentleman's toilet.—*See Advertisement.* 168

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand at the Depot for this health-inspiring draught was so urgent that it was with great difficulty strangers and visitors to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most valuable character seems daily accumulating. The highly respectable testimonials given in our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs—Drs. Nelson and Gibb placing them above all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with marked advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was exceedingly debilitated from depletion of the digestive and alimentary organs.

"The administration of the Water has produced with the happiest results in these complaints, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which women are subject under certain circumstances, it has acted apparently and effectually, but in these derangements, as well as where there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the operation of the Water; to weak persons it is quite palatable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. RIDDELL, M. D., V. R. Col.,
"Phy. & Sur., Canada East."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a remedial agent, and I have not had reason on any single occasion to regret their use. I find they seldom disagree with the stomach, and always act as a gentle aperient and alterative, and, from their composition, they possess, in addition, decidedly tonic properties.

"Certainly, too much has not been said in their favor, for they have, probably, the most valuable Waters on this Continent.

"GEORGE D. GIBB, M. D.,
"Licentiate Royal College of Surgeons, Ireland,
"Physician to the Montreal Dispensary.

"Montreal, 5th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province, and President of the Bank of Montreal:—

"CHARLES LaBOUCHERE, Esq.,

"Sir,—Having during the past year used the Plantagenet Water, so well known and so highly commended to public favor by many of our most eminent Medical Practitioners, I can bear testimony to its salutary effects on my own immediate health, and doubt not its efficacy in contributing to strengthen and invigorate the constitution of those who may feel they need it. The value of this water has been generally acknowledged in this community, and my own experience of its excellent qualities fully warrants me in giving my testimony to its beneficial effects.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a remedy that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure the excruciating affection. That it would stop the most tormenting tooth-ache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise savons of Medical Science shook their heads in doubt. The sick and afflicted hoped yet feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all over this village, Iowa, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WHITCHURCH,
Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

WILLIAM STREET, EAST INDIA ROAD,
Poplar New Town, Nov. 3, 1849.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for suffering humanity by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing at times. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kernot, Medical Institution, Christ Street, Poplar New Town; by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
CHARLES WOOD.

THOS. KEATING, Esq.

CHURCH STREET,

SIR,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Bannnon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public; such a valuable remedy cannot *be too* widely recommended. I have the honor to be,

Sir, your obedient humble servant,

SIR,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, (having proved singularly efficacious in the removal of COUGHS AND COLDS,) of which the increased demand for a similar preparation evinces. We shall probably require for the Winter a further supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Gambia and Stanmore, via Liverpool.

FOR THE ENTIRE EXTIRPATION OF
Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c,
Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Ptre.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

J. M. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance had defied every effort to abate it, until this preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house, similar cases of success have occurred in my neighborhood.

ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND ENBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

Mr. WM. BOGLE,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and nourishes the hair, and cleanses the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet introduced for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is entirely avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, lasting, and creamy lather, which will not dry on the face. It is a decided luxury to the shaver with this incomparable soap. It is done up in elegant style, calculated either for the dressing case or the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—DEAR SIR: For several years past my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a trial, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it more and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully,

SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, as ample proof of its efficacy in this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated ulcers, the discharge from which was acrimonious and very foetid. At this crisis, I commenced the treatment with Dr Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected.

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most unexceptionable toilet articles,—the result of his inventive research. His Hyperion Fluid is extensively used, and stands at the head of the list of preparations for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest assistant in combining ease with this troublesome task; and his Hebeionaia, for the complexion, is unrivalled in its beneficial effects. Sold by the inventor as above.—*See Adv.*

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's *Galvanic Embrocation*, a distinguished Physician of New York remarks as follows:—"The extraordinary rapidity with which this Galvanic Embrocation is conquering the prejudices and captivating the convictions of the most truly learned and intelligent members of the Profession, seems to warrant the conclusion, that it will ultimately effect a complete revolution in the practice of medicine. The Galvanic Embrocation discovered by Dr. Sherwood seems to have been little thought of till lately by the profession, but it will be found the best Physician, and surest friend, in cases of need, in a great number and variety of complaints, and is a valuable companion to the regular practitioner in private families and on shipboard. Its effects sometimes appear marvellous, its judicious application is always beneficial, and with ordinary care no possible injury can result from its use in any case whatever, even to the most delicate person or youthful infant."

From the Baltimore Daily Clipper.

It is not too much to say that every Family, Hotel, Boarding house, every Ship and Steamer which leaves our port, and every Physician and practitioner, should, or desire to be supplied with this incomparable soap. It is done up in elegant style, calculated either for the dressing case or the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—DEAR SIR: For several years past my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a trial, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it more and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully,

SUMNER F. BARRETT.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tithe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor.*

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure.* It should be a teaspoonful at a time, scourgeur molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA,

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bangor, where it proved singularly total, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Frozen, &c.*,—relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE.* We believe it will *never fail*, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it
