THE FORESTERS MEET.

Wonderful Growth of the Order During the Past Year.

The high court I. O. F., of New Brunswick, met Monday evening, H. C. R. Coleman in the chair, in the temperance hall, York street. Over two hundred were in attendance.

In his opening address High Chief Ranger Coleman, of St. John, in referring to the growth of the order said: In considering the advancement of our order we are naturally proud of its great strength and its most remarkable growth, standing as it does today with a membership of 77,144, an addition of 15,878 to our membership during the year. This is an average increase of 1,383 members per month. Also, the remarkable increase of our reserve fund, which has far exceeded our anticipations, having reached the magnificent sum of $1,317,690. The amount added for the year ending June 1st was $336,119, being an average increase of $30,509 per month.

I would now call your attention to our own jurisdiction, in whose progress and prosperity we are more particularly interested. I am proud to be able to report a record that surpasses the result of that of any previous year. The following statement — increase in membership, and number of courts instituted for each year since the organization of this high court — will show this:

Year	Court	Members. No.	Members. Inc.
1883	6	98	
1884	9	147	49
1885	16	319	172
1886	20	422	103
1887	20	633	211
1888	24	754	121
1889	28	903	149
1890	35	1,144	241
1891	43	1,669	525
1892	49	1,988	319
1893	54	2,315	327
1894	70	2,832	517
1895	101	3,850	1,028

This statement shows that since our inception we have had a good, sound, healthy growth, and is also strong evidence of the soundness of the principles of our order. Our growth during the past year goes to prove conclusively the hearty co-operation of the entire membership in the work.

The following statement will show you how the order has been extended in this jurisdiction, as it gives the number of courts in each county and the entire membership for the same. It may be noticed that one county (Gloucester) is not mentioned, because we have not one court in that great county.

County.	No. Courts.	Membership.
St. John	13	854
Kings	14	420
Westmorland	9	561
York	13	573
Carleton	10	471
Queens	12	163
Northumberland	7	221
Albert	6	151
Charlotte	5	155
Kent	3	79
Victoria	3	82
Sunbury	2	35
Restigouche	2	56
Madawaska	1	30
Total	101	3,850

I believe I voice the sentiment of our entire membership when I say we are proud of our position, standing as we do, sixth in point of membership in the entire supreme jurisdiction. I am particularly proud to call your attention the fact that the increase in membership in this jurisdiction during the past year, has not been equalled by any other high court jurisdiction, that is, in proportion to the population of the provinces or states where the order is located.

Report of High Secretary.

The high secretary, F. W. Emmerson, in his report, says: Ever since I have had the honor of being your secretary, it has been my pleasure to report that each successive year had been the most prosperous one. Today I am able to report that since July 1st last, our progress, both in the increase of our membership and in the number of our subordinate courts has been far ahead of any made in any previous year. Our membership on July 1st, 1894, was 2,832. Today, it is about 4,000, an increase of over 40 per cent. On July 1st last, we had 67 subordinate courts in this jurisdiction, while today, we have 105, an increase of 38.

No court has been suspended. It affords me great pleasure that not only many of our leading public men, merchants, bankers and professional men, but many of our young farmers—the bone and sinew of our country—have enrolled themselves on the honor roll of our beloved order.

Yesterday the following were elected officers for the current year:

High Chief Ranger, William Kinghorn, St. Marys.

Vice-Chief Ranger, E. J. Todd, St. John.

High Secretary, F. W. Emmerson, Petitcodiac.

High Treasurer, E. P. Eastman, Petitcodiac.

High Physician, Dr. Wier, Newcastle.

High Counsellor, E. R. Chapman, St. John.

High Auditors, R. F. Keith, Havelock, and W. E. Skillen, St. Martins.

The following were elected delegates to the supreme court, which meets in London on August 1st.: Wm. Kinghorn, F. W. Emmerson, G. G. Scovil, M. P. P., A. M. Belding, and John McAllister, M. P.

The Holiday.

The weather Monday was beautiful for out door holiday celebrations, and Fredericton was crowded with visitors. The Foresters commenced to arrive in the morning from all points in the province, and there must have been five hundred of them in town during the day. The special from St. John at 11 a. m. brought six packed cars of people, and many had arrived the Saturday evening previous. The base ball match, referred to elsewhere, was the attraction in the morning, and the cricket match also attracted scores of sports. The Foresters' procession started from the City hall at 1 p. m., and after parading the principal streets, headed by the Citizens' band, broke up at Scully's field, where an excellent programme of sports were carried out. There was a dance at the same place in the evening under the same auspices and like the afternoon's picnic was liberally patronized.

At the Trotting Park in the afternoon there was a good audience to witness the races, and in the evening also Miss Fay was greeted with a large house.

Taken all in all the holiday provided lots of amusement for old and young, and will long be remembered in Fredericton.

York County Council.

The July meeting of the York county council was held yesterday, and all the business was disposed of before adjournment in the afternoon.

After routine, Couns. Fullerton, Mowatt, Scott, Jamieson and McMullen were appointed to examine the secy. treas' accounts for the past half year.

Ira Way was granted a license to run the ferry between Canterbury front and Southampton.

The sanitary condition of the jail, and the request for a separate entrance for prisoners was discussed at length, and a communication was read from the W. C. T. Union, relating to the need of provision against uncleanliness in long term prisoners.

The receipts for the half year amounted to $10,429, and payments amounting to $17,091.

The public accounts committee passed a number of bills, but in full council it was decided to defer authority for certain repairs to the county jail until the January session.

After a cordial vote of thanks to the warden the session closed.

REV. MR. PARKER'S CASE.

Disposed of by the Conference Committee at Marysville.

The Methodist conference which closed its session at Marysville Thursday, dealt with the charges against Rev. I. N. Parker, of Nashwaak, preferred by Jas. W. Smith of Nashwaak Village. The complainant charged [1] that Mr. Parker on or about the 26th day of Feb. 1895, at Nashwaak, with taking from William Millar of the same place, an amount of money under false pretences or as a forced loan; [2] that Mr. Parker uttered a falsehood on or between the 12th and 26th of February last, by charging Mrs. William Millar with attempting abortion on Bessie Newman.

The committee which tried the charges was composed of Revs. Robert Wilson, Douglas Chapman, Job Shenton, Thomas Marshall and George Steel, and they found that the charge of obtaining a forced loan is sustained and proved, and that the defendant is guilty of the offence laid therein, and that charge of uttering falsehoods is true. This committee believes that Mrs. Millar was entirely innocent of the charge made against her by Bro. Parker.

Against this verdict the defendant in the case appealed on the grounds [1] that the decision is against law and evidence and the weight of evidence; [2] that the committee refused to allow defendant to ask some of the witnesses questions that were proper and necessary to the proof of his innocence. After hearing the appeal the committee resolved:

First — That the charge of obtaining a forced loan is not sustained by the evidence.

Second — The finding of the committee that he was guilty of uttering falsehood, and that Brother Parker when making the statements concerning Mrs. Miller believed them to be true, is sustained.

Third — This court is of the opinion that Mr. Parker's relation to the case has been marked by such serious indiscretions that this court expresses its strongest disapproval of such conduct, and it therefore orders that Mr. Parker be suitably admonished and reproved by the proper authority of this conference.

An amendment was offered by Rev. Dr. Stewart, which read thus:

That the finding of the committee in the case of Rev. I. N. Parker be hereby accepted and re-affirmed by the conference.

Neither the chairman nor the members of the committee of trial are allowed to vote in such a case. The result of the voting was as follows: For the amendment, 13 to 26; for count one of the motion, 26 to 13; for count two, 39, none against, and for the censure clause, 31 to 7.

The Rev. Mr. Parker was called forward and the president performed the painful duty of admonishing him.

The Wonderful Miss Fay.

Call it witchcraft, hypnotism, or what you will, the performances of Miss Anna Eva Fay at the city hall Monday night and last night, were indeed wonderful. She had full houses both evenings and everybody went home in a condition of dismay. When you tie a woman to a post in a cabinet, by the head, hands and feet, pull down the curtain, and then see tamborines, guitars, etc., go skyward without any apparent effort from anybody, it is about time to wonder if evil spirits are not kicking up a general row. Perhaps the question answering is the most wonderful part of Miss Fay's performance. You write a question on a piece of paper, hold in your hand, think hard of the question, and Miss Fay, blindfolded, announces your name and your question and the answer. How does she do it? That is what is bothering everybody who has heard her.

To-night will see Miss Fay's last appearance here, and everybody should see her. Reserved seats at J. H. Hawthorn's.

They Defeated Marysville.

The Tartars, Fredericton's champion base ballists, are feeling extremely well pleased with themselves this week, having defeated the crack Marysville nine Monday forenoon, score 11 to 7 and an inning to spare. The game opened disastrously for Fredericton; they were given three consecutive whitewashes while the Marysvilles scored four in their first and three in their third innings. But the men from the Nashwaak never crossed the home plate after that. Norman McLeod, who was in the box for Fredericton up to this point, gave place to James Tibbitts, and the way "Dick" fooled the cotton pickers, was delightful to see. All the boys gave him good support and the game from that point was one of the prettiest ever seen on Scully's field. Grace was behind the bat and the other members of the nine occupied their old positions. At the bat, too, the Fredericton boys showed their skill. Several three baggers were made—Ferguson and McFarlane getting two of them. The home team commenced slugging in the fourth inning and ran up a score of five runs. It was very discouraging to Marysville's star pitcher "Mac" Dennison. Then the Fredericton men hit her out in the sixth and seventh innings for three each running their total up to eleven. When the Marysvilles went in for their ninth inning there was great excitement among the spectators, but a very neat coat of whitewash was administered by the Frederictonians, who did not have to take their ninth inning. Fully four hundred people witnessed the game and there was a great deal of enthusiasm all through. Well done Tartars. Now challenge St. John's best aggregation.

FREDERICTON AND ST. JOHN.

Meet once more on the Crease at the Grand old Game.

A strong eleven of the St. John cricket club came up Monday morning and played the Fredericton team on Scully's grounds, the game lasting from noon until six o'clock. St. John won the toss and went first to bat and were disposed of in a little over an hour for 47 runs, none of the eleven making a very long stand. Fowler, Rutter and Atherton did the bowling and Fowler was quite effective towards the end of the inning.

After lunch Fredericton went in and were all retired for 40 runs, the St. John bowling being well on. Campbell showed good form at the bat and topped the score.

In their second innings St. John ran up 91, the home bowling proving ineffective. Turnbull carried off the batting honors. His leg hit over the fence into Regent street was one of the prettiest ever seen on the grounds, and netted him six runs.

It was 5.30 when Fredericton went a second time to bat, with 99 runs to make to win, but as it was agreed to pull the stumps at 6 o'clock, the game was decided in favor of St. John in the first inning. Fredericton had made 30 runs with six wickets down, Campbell again leading the score.

H. V. Bridges umpired for Fredericton and R. S. Barker for St. John. The scorers were Prof. Bristowe and Mr. Frith.

Harkins' Company Coming.

It is not often that the theatre loving people of Fredericton have a chance to witness a first-class dramatic company, and it is due to Manager Fenety that William S. Harkins brings his stock company here next Monday and Tuesday evening. The opening play will be 'Men and Women.' The story of Jean Valjeau, rightly considered as one of the strongest and most pathetic told by that great master of dramatic pathos, Victor Hugo, is effectively echoed in De-Mills and Belasco's play, "Men and Women," by Stephen Rodman. Rodman was a young man when the crisis of 1873 flooded Wall street with ruin. In the stress of that awful excitement he took some bonds from the bank in which he was employed. It was to help a man who had befriended him; but it was a theft, nevertheless, and when it was discovered he was convicted and sentenced to prison for six years. At the close of his term he took his little daughter, then too young to understand her father's crime, and went to the far west, where, under another name, he began life again, rising finally to be governor of Arizona, a man of wealth and power. Twenty years later, when the hand of his daughter is sought in marriage, he has to tell her suitor the story of his life, a pathetic recital of which the dramatists make the most. It is another strong sermon against the danger of the first step in financial looseness, and helps to make "Men and Women" the most effective lesson against speculation ever put upon the stage. Reserved seats at Fenety's.

Miss Aggie Todd is visiting friends in Queens county.

The most disastrous fire which ever visited Minneapolis, accomplished its work of destruction and death Thursday night. Within an hour after the alarm rang six firemen paid the penalty of death for their faithfulness in trying to save the property of others. The property loss consisted of the entire demolition of the building occupied by McDonald Bros., dealers in crockery, chinaware and gas fixtures. The building was of four stories, brick walls and wooden interiors, frame work and was well stocked.

The Tartars defeated the Country boys at base ball Thursday, 7 to 5, and an inning to spare.
