TEMPERANCE.

Temperance Hymn.

Hail lovely Temperance—Friend of humanity
Sent to unrivet sad slavery's chain,
The cup of our fathers to banish for ever,
With all the dire evils that crowd in its train.

Thee we hail Temperance, day-star of happiness,
Pure are the blessings that from thee shall flow,
Thy laurels are nobler—and fresher—and fairer
Than those which encircle the warrior's brow.

Thou hast bright'ned the eye that was clouded by sorrow,
Hast soften'd the voice uplifted in wrath,
Hast seated the child on the knee of its father,
Who once was repell'd with a frown or an oath.

Thou hast gladdened the heart that was lonely and cheerless
And chas'd the sad tear from the mother's pale cheek,
Thou hast gifted with health, the infirm and the sickly,
And strengthen'd the hands that were palsied and weak;

And still brighter visions appear in the distance
When fame shall have echoed thy name through the earth,
When the home of the drunkard—the tavern—the prison
Shall no where be found in the land of our birth.

Hail lovely Temperance, gem of humanity!
Round thee we'll rally with banners unfurl'd;
Blessings are thine, both for Time and Eternity;
Reign in thy beauty then over the world.

ADVERTISEMENTS

ADVERTISEMENTS, not inconsistent with the profess character of our Paper, inserted on the following terms. A square or under, first insertion, 3s 9d; and each continuance 1s. Larger advertisements in proportion. Auction sales on the usual terms.

Yearly advertisements inserted on moderate terms—the prices to be fixed according to their size and frequency of changes.

As this paper will circulate extensively through all parts of Nova Scotia and New Brunswick, and in Prince Edward Island, it will form a desirable medium of advertising.

Advertisements not limited will be continued until ordered out, and charged accordingly.

WASHING, WRINGING & MANGLING MACHINES.

ALL thorough Housekeepers should have one of those first rate improved Patent Washing, Wringing and Mangling Machines, in their Laundry. They have long since been tested and proved to be a good and useful article, combining in economy the saving of *Soap, Labour* and *Fuel*, and less wear and tear of articles, an when washed by the hands. This machine will wash large articles, such as Blankets, Flannels, &c., in a very short space of time, superior to anything of the kind done by the hand, being enabled to use boiling water, or water so hot, that is impossible for hands to work in; it softens, opens the grain, and fulls out the wool, and is made nearly dry by passing through the wringing machine. This machine will Mangle all kinds of articles, such as Table Linen, Towelong, Sheeting, and all other articles as done by the old Mangles; can be used at any time without that broiling over the fire in heating sad irons this hot weather. The Machine occupies very little room, not more than two barrels.

Also—Two or three small Patent CHURNS on hand, and a very superior Patent Cheese Press.

Terms—Cash on delivery. Apply to
H. G. HILL,
No. 9. Brunswick-Street

N. B.—Parties wishing to secure a good substantial article, had better call in time, as there are only a few left. Sep. 5.

To intending Emigrants
FROM NOVA SCOTIA

THE CANADA COMPANY would submit to the serious consideration of parties who may contemplate leaving Nova Scotia whether the Western Section of Canada (formerly the Province of Upper Canada,) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In *Upper Canada* they will find a most healthy climate, the soil very fertile, and abundance of excellent Land to be obtained upon easy terms from the *Government* and *Canada Company*. The great success which has attended Settlers in Upper Canada, is abundantly evidenced by the prosperous condition of the Farmers throughout the Country, and is also shown by the success of many Natives of New Brunswick and *Nova Scotia* who have settled in many Townships of the Country;—and the individual progress made by several thousands of people who have taken Lands from the Company, corroborates the success which has attended settlement in Upper Canada.

THE CANADA COMPANY'S LANDS

Are offered by way of Lease for Ten Years; or for Sale, Cash down. *The plan of 1-5th Cash and Balance in Instalments, being done away with.*

The Rents, payable 1st February each Year, are about the Interest, at Six per Cent, upon the Cash Price of the Lots. Upon most of the Lots, when Leased, *no Money is required down*; whilst upon the others, *according to locality, One, Two, or Three Years' Rent* must be paid in *advance*, but these payments will *free* the Settler from *further* Calls, until the Second, Third, or Fourth Year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease* into a *Freehold*, and of course, *stopping payment* of further Rents, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lessee has thus *guaranteed to him* the *entire benefit* of his *Improvements* and *increased value* of the Land he occupies, should he wish to purchase. But he may, if he pleases, refuse to call for the Freehold: the *option* being *completely* with the *Settler*.

A Discount, after the rate of Two per Cent, will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year. The Lessee has also secured to him the benefit of the

IMPROVED
NEGATIVE & POSITIVE
Daguerrean Portraits.

W. VALENTINE

HAS the honour of announcing that he has arranged a Vertical Light, at his Rooms,—and that he is prepared to produce pictures superior to any others taken in America.

W. V's mode requires artistic skill in finishing,—and his Daguerrean portraits have the effects of fine painted miniatures, joined to the accuracy which the agency of SOLAR LIGHT, by means of first rate apparatus, imparts.

Positive pictures are particularly adapted for portraits of NAVY and ARMY OFFICERS, in uniform.

N. B.—For sale Calotype and Daguerreotype apparatus, complete. Instructions given in both processes.

"Star Life Assurance Company,"
OF LONDON.

THE AGENCY of this Company has been established in this Province about three years, and has made some progress, and up to the present time, without a claim being made upon it. The Directors have recently instructed the Agent to allow persons insuring for the whole term of Life, to pay one half the premium for the first five years, and give a note bearing Interest, for the remaining half, upon the same condition as the National Loan Fund Association. As the proportion of profits divided among the Policy holders, with participations, is greater in this than any other Company—being 90 per cent—it therefore recommends itself to the favourable consideration of all persons intending to insure, the rates being as low as in any other Company. If persons would give the subject of Life Assurance their serious consideration, they would be convinced that it is the very best investment to be found for a moderate annual sum of money, for the benefit of their families after they are taken from them. The attention of heads of families in this Province generally, and those of *Wesleyans* in particular, is earnestly invited to this subject, and while the blessing of Health is enjoyed, to call upon the Agent of the "STAR" Association for admission into the Society; who will furnish all necessary blanks and give every information requisite at his office in Jerusalem Warehouse, Hollis Street.
