WAR STARTS AFRESH IN THE BALKANS

Hostilities Open as Promised

Adrinople Bombarded by the Allied Armies

Skirmishing Also Took Place at Fortifications Near Constantinople--Ottoman Delegate to Peace Conference Predicts That His Countrymen Will Fight to the Last Ditch This Time.

Canadian Press

London, Feb. 3—The Balkan war has been resumed. The bombardment of Adrianople began at 7 o'clock tonight and a small skirmish occurred at the Tchatalja lines. The armistice has lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the powers and unless Turkey yields to the Balkan demands the allied armies will now attempt to drive her completely out of Europe.

According to a despatch from Belgrade tonight, Scutari is already on the point of falling. It is reported that the Turkish commander has sent two representatives to the Servian commander to propose the capitulation of that town.

Dr. Deneff, head of the Bulgarian delegation, in an interview in Paris tonight, said he had informed Sir Edward Grey, the British foreign secretary, that if the Turks immediately accepted the allies' conditions they would conclude peace, but whatever happened there would be no further armistice.

Sir Edward Grey had a long interview with the king today, after which he attended a brief meeting of the ambassadorial conference, but nothing of importance was transacted, there being no new developments since Saturday.

Osman Nimami Pasha, the second Turkish delegate, will leave London tomorrow to resume his ambassadorial duties at Berlin. He said this evening that from information received from military sources, he believed that the allies underestimated the condition of the Turkish army and that they would find themselves confronted by a redoubtable enemy, the best Mussulman warriors, veterans from Arabia, who had fought under Izzet Bey and tried soldiers and good marksmen lately engaged in Tripoli under Enver Bey and Fethy Bey. He added: "That ambassador was right who predicted that if driven to despair the Turks would fight like wild animals."

Foreigners Ask Safe Conduct from Adrianople.

Constantinople, Feb. 3—The consuls at Adrianople have requested the ambassadors here to arrange with the Bulgarian authorities for permission for 120 foreigners at Adrianople to pass through the Bulgarian lines. If this arrangement cannot be made the ambassadors will ask that the Bulgarians respect that portion of Adrianople set apart for foreign residents.

BALKAN WAR RESUMES ON SCHEDULE TIME

Constantinople, Feb. 3—(Midnight)—It is officially announced that hostilities began punctually at 7 o'clock tonight both at Adrianople and Tchatalja. At Adrianople the allies opened the bombardment, and at Tethatalja an insignificant skirmish occurred.

ALLEGED WHITE SLAVERS CAUGHT IN MONTREAL

Police Believe They Have Two of the Leaders in the Traffic —New York Girls Who Convicted Two Men Not Afraid of Death Threats.

Montreal, Feb. 3—Through the arrest of two colored men, John T. Harrison and Andrew Calvin, both of whom are charged with vagrancy, Chief Campeau believes he has struck a blow at the root of the white slave traffic, not only in Canada but througout the United States.

When arraigned before Recorder Weir on Saturday, charged with vagrancy, Calvin, who is also known as "Jockey Beach" pleaded not guilty. He was remanded until tomorrow. The principal witness against him is Evelyn Gordon. She was found in a disorderly house in Cadieux street. Harrison was taken to the Recorder's court this morning. Recorder Weir remanded him until Friday for trial. When Harrison had been remanded for trial, Lieut. Savard and his men went to 127A St. Alexander street where they at once arrested three young white women. They were taken into custody on charges of vagrancy.

Lieut. Savard claims he has evidence to prove that the girls were brought here from New York by Harrison for immoral purposes and that the Gordon girl was brought here by Calvin with the same motive. Two of the young women in custody, it is said, have told enough to send Calvin and Harrison to the penitentiary for long terms.

Girl Witnesses Guarded.

New York, Feb. 3—Annie Grecco and Marie Maura, the two "White Slaves" on whose testimony Frank Filiate and Joseph Ribuffo were convicted last Friday in the United States District Court, of luring the Grecco girl into a disorderly house in Paterson, were liberated today. The department of justice advised the women to go into some place of refuge, as it is feared attempts will be made to kill them.

The girls, however, expressed the utmost contempt for their enemies and insisted they were perfectly safe. They were not informed of the evidence the government holds that they are being constantly watched and shadowed, but a score of secret service agents have been detailed to guard them.

OIL TRUST CUTS A JUICY MELON

Rockefeller Gets $10,000,000 of It, and Standard Oil Stock Jumps 18 Points.

New York, Feb. 3—John D. Rockefeller is $10,000,000 richer today than he was yesterday. Of a special dividend declared today by the Standard Oil Company of New Jersey this amount approximately represents his share of a total distribution of $39,382,000 on the company's capital stock at the rate of $40 a share.

The huge "melon" comes as a result of the supreme court's dissolution decree. This necessitated the payment to the parent company of vast amounts owed to it by former subsidiaries. Announcement of the extra dividend sent the stock of the company up eighteen points on the curb.

DRASTIC MINNESOTA BILL TO PREVENT STOCK GAMBLING

St. Paul, Minn., Feb. 3—A bill which makes void all contracts for margin or option trading unless they are made in writing, and unless the sellers has in his possession at a place to be designated in the contract of sale, the grain or stock which is the subject of contract, was introduced in the Minnesota legislature today. Any chamber of commerce or board or trade which permits violation of this rule would lose its charter.

WOODSTOCK'S NEW COUNCIL ORGANIZES

Mayor Jones Optimistic in His Inaugural Address—Standing Committees Appointed.

Woodstock, N. B., Feb. 3—(Special)—The first meeting of the new town council was held in the town hall tonight, Mayor Jones presiding. The following standing committees were appointed for the ensuing year:

Finance, audit and legislation—Couns. Balmain, Jones and Lindsay.

Water and light—Couns. Jones, Dibblee and Gallagher.

Streets—Couns. Gallagher, Dibblee and Balmain.

Poor—Couns. Burden, Gallagher and Lindsay.

Police, fire and license—Couns. Lindsay, Jones and Burden.

Sewers, town hall and scales—Couns. Dibblee, Balmain and Burden.

Mayor Jones, in his opening address, thanked the ratepayers for the honor conferred on him, and spoke in glowing terms of the personnel of the board. He referred to the bequests of the late L. P. Fisher and J. W. Connell. By reason of the benevolence of these gentlemen, Woodstock had many advantages not possessed by other towns, such as magnificent school buildings, public hospital, free public library, an agricultural college and technical school. He hoped the citizens would work together and make Woodstock a god place to live in. He referred to the work done on the streets last year, and trusted the new council would continue the good work. After the usual routine business the council adjourned.

ESTIMATES TOTAL ABOUT $180,000,000

The Largest Ever Presented to Parliament

Supplementaries Expected to Bring Expenditure for Coming Year Over $200,000,000---Large Votes for Halifax, St. John and Other New Brunswick Points.

Special to The Telegraph.

Ottawa, Feb. 3—Generous expenditures, increasing even more rapidly than the revenues of the country, are indicated by the estimates for teh coming fiscal year tabled in the commons this afternoon by the minister of finance.

The total of the main estimates is $179,152,183, an increase of nearly $10,000,000 over the total amount voted last session. But supplementary estimates are still to come, and it is expected that these will bring the total amount to be voted this session up to considerably over $200,000,000, giving a total increase of probably upwards of $40,000,000 over last session. Moreover, this will not include the proposed vote of $35,000,000 for the "emergency;" $10,000,000 for agricultural education, and other large sums to be voted by special resolution.

For expenditures on revenue account the estimates provide for $125,850,338, an increase of a little over $8,000,000 as compared with last year.

On capital account, the total asked is $53,301,845, an increase of $10,893,859, with many millions more to come from Hon. Mr. Rogers' department.

On consolidated fund account, the main increases include $1,004,268 for militia and defence, bringing the total for that department up to over $10,500,000; $3,043,815 for railways and canals, due in the main to increased cost of operation of the Intercolonial consequent upon increased business; $1,346,000 more for postal service; $727,359 for increased provincial subsidies, including $617,000 more to Manitoba, and $100,000 more to Prince Edward Island, based on the legislation of last session.

Cut in Naval Service Vote.

There is one notable decrease, the vote for the naval service is cut down by $660,000, thus reducing to a round million the amount provided for the maintenance and up-keep of ships, the Halifax naval college and the dockyards at Halifax and Esquimault.

The largest items of capital expenditure are $19,000,000 for the National Transcontinental railway, a decrease of $6,000,000 as compared with last year; $4,500,000 for the Hudson Bay railway construction; $3,000,000 for the Quebec bridge; $2,050,000 for the Welland ship canal; $7,239,650 for the Intercolonial railway, including $2,500,000 for terminals at Halifax and $1,000,000 for rolling stock; $1,000,000 for a car ferry to Prince Edward Island; $2,000,000 for the new departmental buildings at Ottawa; $1,000,000 for the new dominion government building at London (Eng.); $2,600,000 for St. John harbor; $2,000,000 for Port Arthur and Fort William harbors; $1,500,000 for Quebec harbor; $1,000,000 for the new Levis dry dock, and $500,000 each for Toronto, Vancouver and Victoria harbors and for the French river waterway improvements. This last named item is for the deepening of the chanlel to North Bay and is the only indication of any commencement on the Georgian Bay canal scheme.

The immigration department vote totals $1,520,250, the increases being $200,000 for general contingencies and $85,000 for salaries of agents.

Big Increase in Militia Expenses.

The militia department, which proposes to spend nearly $10,500,000, asks for $325,000 for cadet training and equipment, an increase of $250,000; $700,000 for clothing, an increase of $191,000; $2,155,000 for the permanent force, an increase of $155,000, representing increased pay and allowances; $200,000 for new training areas, and $530,865 additional for ordnance, arms, land and equipment. The vote for annual drill stands the same as last year, namely, $1,730,000.

The government appears to be getting out of the expenditure for Canadian naval defence. There is no vote whatever toward the construction of the three promised Dreadnoughts, but instead the vote for the Canadian naval service which is to provide for the maintenance and upkeep of ships, naval college and dock yards at Halifax and Esquimault, is cut down by $660,000. Last year this vote was $1,660,000 and this year it is reduced to a round million.

There is a vote of $250,000 for a new ice breaker for the St. Lawrence.

There is $330,000 for the purchase of a new revenue cutter for the department of customs.

For the operation of the Intercolonial the vote is $13,000,000, as against $10,000,000 last year.

Steamer for quarantine station at St. John, $50,000.

Pension for Judge W. Wedderburn, $3,000.

Pension for Judge W. W. Wells, $2,000.

I. C. R. Expenditures.

Among the items totalling $7,239,650 for railways are for Intercolonial bridges to strengthen, $19,000.

Chatham, diversion of line and branch to wharf, $128,000.

Diversion of line between Nelson and Derby Junction, $128,000.

DEMOCRATS HOPE TO RAISE $100,000,000 ON INCOME TAX

Free Sugar, it is Estimated, Will Cut Revenue $50,000,000 —Other Reductions in the Tariff May Not Be So Great as the Wilson Administration is Pledged To.

(Special to The Telegraph and Montreal Star.)

Washington, Feb. 3—The Democratic members of the house committee on ways and means held today the first of the meetings in camera which they are to hold for the purpose of framing the new tariff. The work of writing the tariff, it is expected, will occupy the Democrats till March. When completed, the suggested rates will be submitted to the Democratic caucus, which will decide whether the new tariff is to take the form of one bill or a separate bill for each schedule.

At the outset the Democrats are met with the difficulty of raising the necessary $325,000,000 to $350,000,000 revenue, while optimists in the party predict that reducing the duties will in certain directions increase the revenue, no doubt is felt here that the Democrats will have a serious deficit to face. It is estimated that sugar would entail a reduction in the revenues of $50,000,000, and a free list along the lines of the bill of 1911, another $17,000,000.

Either New Mexico or New Jersey, it is expected, will, today, ratify the amendment to the constitution providing for the levying of an income tax for federal purposes. Ratification by either of the two states will give the necessary majority of three-fourths, the amendment having already been ratified by thirty-five out of the forty-eight states in the union. Once the amendment is ratified, the Democrats will immediately proceed with their income tax measure which, it is hoped, will more than meet any deficiency in the revenue resulting from tariff revision.

Mr. Rainey, a Democratic member of the ways and means committee, states that from $80,000,000 to $100,000,000 is expected to be raised by the income tax measure. "Once we get the income tax," he stated to me, "we shall be able to proceed still further with our downward revision of the tariff in conformity with the platform we adopted at Baltimore."

WILL CURB POWERS OF MONEY TRUST

Congressional Committee Plans Bill to Prevent Banks Loaning Their Officers, and Also to Stop them from Participating in Syndicate Flotations—To Regulate Stock Exchanges.

Canadian Press

Washington, Feb. 3—The House Banking and Currency Committee is preparing to consider the report of that body on the money trust, which Chairman Pujo, with the aid and assistance of Samuel Untermyer, counsel for the Pujo sub-committee is now drafting.

Chairman Pujo has deserted his office and is working day and night framing his version of the report. That will be submitted to the sub-committee, where it is to encounter its first difficulties. The report, as framed by Mr. Pujo, will embrace recommendations on the following principal points:

Regulation of stock exchanges through the post office department by forbidding the use of the mails for transmitting of certain transactions deemed evil, such as short sales, manipulation and the establishment of false values.

Stringent provisions to prevent national banks loaning to their officers or directors, and to prevent national banks or their officers from participating in syndicate flotations of new securities. Opposition is looked for both in the sub-committee in the full committee to the recommendations.

The proposition which will cause the most trouble, it is believed, will be that to prevent "interlocking directorates" in interstate corporations.

Chairman Pujo plans to complete his report shortly after he and Mr. Undermyer return from examining William Rockefeller at Jekyl Island. They expect to start for the south on Thursday and to return as soon as possible.

SENSATIONAL STORY ABOUT CHURCHILL AND LLOYD GEORGE

London Paper Says They Have Resigned from the Reform Club.

London, Feb. 4—The Express reports a political sensation in the resignation of David Lloyd-George, chancellor of the exchequer, and Winston Spencer Churchill, first lord of the admiralty, from the Reform Club, of which they have been members for several years.

The Reform Club is the stronghold of Liberalism and its members include the prime minister, Mr. Asquith, and all those prominent in the party.

The reason for the resignation of Mr. George and Mr. Churchill has not been disclosed, but strong efforts are being made to induce its withdrawal.

FUGITIVE AMERICAN BANKER CAUGHT IN WINNIPEG

Memphis, Tenn., Feb. 3—C. A. Bonds, arrested in Winnipeg, is wanted here to receive a sentence in the United States District Court, a jury having found him guilty of having used the mails to defraud in connection with the operations of his bank and those conducted by E. L. Hendry, W. C. Wynne and Abner Davis, who received sentences on similar charges. Casey Todd, United States district-attorney at Memphis, said he would leave at once for Manitoba and personally conduct extradition proceedings against Bonds.

Italian Aviator Killed.

Turin, Italy, Feb. 3—Guiseppe Nosari, an Italian aviator, while making a flight at the aerodrome here this evening, fell with his machine from an altitude of 100 feet and received injuries which resulted in his death. Nosari was 32 years of age and a native of Bergamo, Lombardi.

REVEALS NAMES OF MEN "HIGHER UP"

WANT MONTREAL AS SUMMER PORT OF WEST INDIA LINE

Montreal, Feb. 3—Huntley Drummond, president of the Montreal Board of Trade, and several members of that organization, appeared before the mayor this morning and asked the city to support their request to the Dominion government to bonus a direct line of steamships between Montreal, in the summer, and Halifax and St. John, in the winter, and the West Indies.

Mayor Lavallee promised his assistance and will accompany a deputation to wait on Hon. Geo. E. Foster in Ottawa in this connection.

LLOYD GEORGE'S LAND REFORM CREATES A STORM

Aristocrats Will Fight It to the Bitter End — Its Adoption Will Keep Agriculturists from Emigrating.

(Montreal Witness Cable.)

Lindon, Feb. 3—Mr. Lloyd George's speech on land reform heralds one of the greatest upheavals that democracy has ever attempted in this country.

The hopelessness of rural life in England for the working agriculturists has depleted the country of the best and most promising farmers and laborers, who have sought new homes in Canada and elsewhere, or drifted away from country life altogether.

A great legislative effort is now to be made to make rural life more attractive and remunerative. In this connection, Mr. Lloyd George's speech on Saturday is the preludes to the greatest crusade of his life. The things that are aimed at are the statutory establishment of a minimum wage of one pound per week for agricultural laborers, the putting of farming on a scientific basis, including the extension of the co-operative principle, and a rating reform on a large scale by both urban and rural authorities.

Already there are signs that the Tories will offer formidable opposition to the scheme, but it is becoming more and more evident that if the rural life of England is to be saved, land reform is imperatively essential, and that above all housing reform in the villages as absolutely necessary.

We have an object lesson in Ireland, where 40,000 cottages have been built, and Irish laborers rehoused, through the Laborers' Cottage Fund with money borrowed from the state.

Mr. Lloyd George's mission is a great educational and humanizing one, and in pursuing it he will have the heart of the country with him.

AGED EVANGELIST GIVEN A YEAR FOR BIGAMY

Winnipeg, Feb. 3—Magistrate McDonald today sentenced the confessed bigamist, Samuel Grigg, a well known evangelist, to a year in the penitentiary. Aged sixty-six and white-haired, Grigg enlisted a good deal of sympathy and a number of persons pleaded on his behalf but Police Magistrate MacDonald could find no ground for leniency.

FOREIGN BANKERS TO LOAN CHINA $125,000,000

Peking, Feb. 3—The loan agreement between the Chinese government and the six-power group of bankers has been completed and will be signed tomorrow. The agreement provides for a loan entitled "The Chinese government, five and a half per cent reorganization gold loan" to the amount of $125,000,000. It stipulates the purposes for which the loan shall be employed, which include the disbandment of the troops and the reorganization of the Salt Gabelle.

Toronto, Feb. 3—Sir William MacKenzie said tonight that there was no truth in the report emanating from Montreal that the MacKenzie & Mann would take over the Quebec & Saguenay Railway.

New York Policeman Confesses

Tells Who He Paid His Vice Collections for Years

Fox, Placed on Trial, Pleads Guilty, and Will Tell All He Knows to Grand Jury—Captain and High Official Said to Be Implicated.

Canadian Press

New York, Feb. 3—The confession of a patrolman today gave the district-attorney the long-sought instrument by which he expects to uncover corruption in the New York police department. The investigation of alleged graft among the police was aided by Patrolman Eugene F. Fox. On the first day of his trial for bribery Fox suddenly changed his plea and acknowledged his guilt.

The patrolman was indicted for taking protection money from a Raines law hotel. After he pleaded guilty it was said that he gave the district-attorney facts that may lead to the indictment of two important members of the police department.

Fox will testify before the extraordinary grand jury next Monday. From him the district-attorney expects to learn details of the system of "collections" which it is charged certain police officers levied on various resorts.

Fox, it is reported, made a confession to the district-attorney in which the name of a police captain was mentioned. It is also alleged that the policeman confessed to having collected "protection money" for the police steadily from March, 1908, to December, 1912, and that during this time his monthly collections averaged about $500. It is said that Fox contends that he turned the entire amount of his collections over to a police captain and that he was granted no financial allowance for his work but was given shorter hours and easy assignments.

I. C. R. DERAILMENT DELAYS TRAFFIC

Maritime Express Four Hours' Late, Because of Mishap to Freight Near Springhill Junction.

Amherst, N. S., Feb. 3—(Special)—A bad accident occurred this evening at 6 o'clock one mile east of Springhill Junction in a cutting. Crowe's eastbound special, consisting of seventeen cars of manifest freight from Montreal to Truro and the Sydneys, was brought to a sudden standstill by a car in the centre of the train jumping the track and going on its side in the ditch, causing some damage to the roadbed and rolling stock. No one was hurt and the only thing to be wondered at is that the whole train was not wrecked completely.

An auxiliary was rushed from Moncton to the place of the wreck in record time and the work of removing the blockade was swiftly carried out.

The Maritime express, which is due in Amherst at 7.49, was delayed about four hours.

HELEN GOULD AND HUSBAND TO SAIL FEB. 12 FOR EUROPE

New York, Feb. 3—Mrs. Finley J. Shepard, who was Miss Helen Gould, is booked to sail with her husband by the Cunarder Mauretania on Feb. 12. They are expected to arrive at their Manhattan home, 579 Fifth avenue, today, leaving Lyndhurst this morning. They will debark at Fishguard and go to France to visit the Talleyrands. It is said they will pass most of the winter at a seaside resort in southern France.

STMR. RHODESIAN RUNS ON REEF IN SOUND, BUT FLOATS SOON AFTER

New York, Feb. 3—The steamship Rhodesian arrived here today from Halifax, ran on the reef near Execution reef in the sound at 5 o'clock this morning. Two hours later she got off without assistance and reached here under her own steam, apparently undamaged.
