DRINK PRICES UP; SAME OLD DEMAND

Local Hotelkeepers Increase the Tariff, But Business Remains Good.

While the prices of drinks have been advanced by the local hotelkeepers, owing to the raise in the license fees, and the wholesalers have also tacked an additional charge on liquors, a prominent member of the trade made the statement to The Advertiser today that it would not have the effect of decreasing their business.

"We have not noticed any difference whatever," he said, "since the prices were raised, and we do not expect to. The new scale of prices for drinks might seem high to many, but it is only in a few hotels, where the advance amounts to anything. The fact of the matter is that in the majority of the hotels the so-called new scale has been in force all along, or rather they have been getting even better prices than those that have been made general. Where the increase will be noticed will be in the poorer class of hotels, such as are located in close proximity to the market."

LONDON'S LATEST BANK

The "Imperial" Opened Its Doors for Business Today.

The Imperial Bank opened up its new office here today at the corner of King and Richmond streets. The premises are splendidly located, and are modern in every department. The interior is finished in black oak and is very handsome.

The Imperial is one of the oldest established banks in Canada. It is progressive and is rapidly forging to the front.

The manager of the London branch, Mr. Robert H. Arkell, is a former St. Thomas man. He comes here from Listowel, where he was sent some seven years ago to open a branch, and during that time he has built up a splendid business.

CONDENSED LOCAL NEWS

—Mr. and Mrs. C. H. Bayley, of this city, were recent visitors to the London (England) office of the Toronto Globe.

—Rev. Father Laurendau, parish priest of St. Augustine, will deliver a lecture to young people tomorrow evening in St. Mary's Hall, East London.

—The statement that John Garrett, who was in the police court yesterday on a charge of stealing, was a bartender employed at the Brown House, is incorrect. Garrett was formerly employed there, but for the past four months has worked elsewhere.

—The train dispatchers' office at Palmerston will be closed by the Grand Trunk, and the dispatching staff likely transferred to Stratford, as the work can be done at that place to better advantage. This will mean the removal of three dispatchers from Palmerston.

—Neven McLellan, aged 80 years, passed away yesterday at his home in Lobo Township. The funeral will take place on Wednesday from the residence of his nephew, Dougald McMurphy, lot 1, con. 5, London Township, to Poplar Hill Baptist Church, where services will be conducted at 2:30 o'clock.

MR. SWANWELL'S FUNERAL.

The funeral of the late Mr. Caleb H. Swanwell, of Duluth, who died in this city yesterday, took place this afternoon from the undertaking parlors of John Fergsuon & Sons to Mount Pleasant Cemetery. The services were conducted by Rev. J. J. Ross, and the funeral was in charge of the Maccabees, of which order deceased was a member.

DEATH OF MR. JAMES CLARKE.

London loses an old resident in the death of James Clarke, of 502 Pall Mall street. The deceased was born in Buckinghamshire, England, in 1828, and came to Canada in 1848. He settled some 44 years ago in this city, where he resided until the time of his death. His wife predeceased him over a year. Mr. Clarke is survived by two sisters, Mrs. Wellford, and Mrs. N. F. Yeo, of South London; also three children, James, of Chicago, and Frank and Anna, at home.

WILL TRY FOR BIG PRIZE.

The Scottish-American of a recent date says that "if a proposal that is meeting with favor by members of the Caledonian games committee to place a cash prize of $100 open to the world's best quoiter, be adopted, there will be the biggest sort of an attraction at the next Boston games. Heretofore, the small prizes of $15 met only the response of second-class men, and thus the public took little interest in their play. A prize of $100 will draw champions from all over the country, especially from the west, where McGregor is champion. Prizes of $100 for first, $75 for second, $50 for third, and $25 for fourth, will draw." Should this plan go through, it is safe to say that the Forest City Quoiting Club will be represented at the games. It has an abundance of good players, including Jim Bell, who is at present the holder of the Dominion championship.

Lunatic Escapes.

Kingston, May 8.—The council has decided to submit a bylaw for $35,000 to the electors on May 31. The money is to be used in improving and extending the manufacture of lighting plants.

Calabaran, alias Chas. Brand, a lunatic, cut his way out of the insane prison at the penitentiary this morning and scaled the walls by means of a rope. He cut the iron bars. It is thought he was helped.

THE MERITS of Bickle's Anti-Consumptive Syrup as a sure remedy for coughs and colds are attested by scores who know its power in giving almost instant relief when the throat is sore with coughing, and the whole pulmonary region disordered in consequence. A bottle of this world-famed Syrup will save doctors' bills, and a great deal of suffering. Price 25 cents, at all dealers.

SHELTER HOME TO BE IMPROVED

Park Supt. Pearce Will Help to Beautify the Grounds — A Good Month's Work.

The Children's Aid Society held its regular monthly meeting in the city hall yesterday afternoon. The ladies and gentlemen who comprise the board of management take a deep and exceptional interest in the society's work and turned out in goodly numbers yesterday. The president, Sheriff Cameron, occupied the chair, and the society's affairs were carefully discussed and settled with a businesslike celerity.

It was decided to make some necessary improvements at the shelter home. The detention wards which have proved so useful in disciplining obstreperous boys, will be made still more effective. Mr. Pearce, the parks superintendent, kindly offered his assistance in beautifying the grounds at the new home and they will be made to present a very creditable appearance this summer.

Some interesting letters were read from wards of the society. The communications thus received from the children from one of the most encouraging phases of the society's work, showing, as they almost invariably do, that the children are well placed and are happy and contented in their foster homes.

The inspector's report showed that much has been done during the past month He has dealt with the cases of a number of boys, both to their own advantage and the good of the community. The inspector is carefully watching two or three cases of neglect of children by their parents, and if improvement is not soon made in the conditions of these, the children will have to be removed, though this is always the last report of the society, which, nevertheless, it is sometimes necessary to put into force.

At present there are fourteen children in the shelter home. Three of these are bright little colored boys, for whom the society would like to secure homes with respectable colored people. Since the last meeting five children have been placed on trial in foster homes, which were selected with the greatest care.

The names of all who have contributed either goods or cash donations and subscriptions to the society during the past month were read at the meeting, and the board extends its gratitude to all who have thus aided in the work.

The board is also indebted to the Ministerial Association for its kindness in appointing a clergyman to visit at the shelter on the second and fourth Fridays of each month. These visits will be much appreciated.

SOON TO START WORK

Street Railway to Commence Dundas Street Pavement in a Day or Two.

Yesterday City Engineer Graydon called the attention of Manager King, of the street railway company, to the condition of some of the street cars, and particularly to one which had come under his attention the other evening, when he was homeward bound at an hour a little later than is his custom. This morning the engineer received a reply from the manager of the street railway, Mr. King, admitting that the condition of the car was not what it should have been, and that there would not be cause for complaint in the future.

The street railway is making satisfactory progress with the paving of its share of the track on Richmond street north. Manager King stated today that the work on the new pavement on Dundas street, from Elizabeth street to the exhibition grounds, would be commenced in a day or two.

DOWIE OR VOLIVA

Courts Will Today Decide Who Is To Be Tmpeorary Dictator.

Chicago, May 8.—The first issue in the legal battle between the warring religionists of Zion City will be decided at Belvidere today, when Judge Wright of the circuit court will pass upon the injunction proceedings begun by John Alexander Dowie. The finding will decide whether Wilber Glenn Voliva will continue at the head of the Zion industries until the hearing on the merits of the controversy in October, or whether Dowie will be re-established as the dictator of Zion's financial affairs.

A FIRE EXCHANGE SPLIT

New York Insurance Companies in Row Due to 'Frisco Disaster.

New York, May 8.—Efforts to adjust the losses and protect the reserves of the various insurance companies as a result of the San Francisco disaster have not only, resulted in a split in the New York Fire Insurance Exchange, but seems likely to bring about a tangle in the insurance world that will not be straightened out for a long time.

The Continental Insurance Company, through Henry Evans, its president, has served notice of its withdrawal from the exchange. Further withdrawals are likely, and may result in the entire disruption of the exchange, which has maintained an agreement as to rates and commissions which all the companies doing business in this city pledged themselves not to violate.

At the monthly meeting of the exchange, to be held Wednesday, there is likly to be some lively discussion. It was learned yesterday that some of the companies hope to be able to take advantage of a California State law, which they believe will relieve them of paying any of the losses by fire or otherwise on contracts which had the earthquake clause in them.

PEACE TREATY IN COAL REGIONS

Miners and Operators in Convention Agree Upon Continuation of 1903 Award.

New York, N. Y., May 7. — After carrying on negotiations for nearly three months, committees representing the anthracite mine workers and operators of Eastern Pennsylvania today agreed to continue the award of the strike commission for another three years, and the men will return to work as soon as practicable, probably Monday.

All miners who have committed no violence against persons or property will be re-employed, and no one will be discriminated against because of any activity he may have taken in the strike movement.

The agreement is subject to the ratification of the tri-district convention of mine worker at Scranton tomorrow, but there is not the slightest doubt that the delegates will approve the action of their representatives.

The outcome of a dispute which threatened to develop into a long, bitter struggle, and paralyze a great industry, was looked upon with considerable satisfaction by the coal road presidents, as the agreement entered into is their first proposition made, early in March, in reply to the mine workers' original demands.

The miners had little to say regarding the agreement, except that it was the best they could get. They pointed out, however, that the agreement entered into is the first general agreement that has ever been signed between the operators and miners, but they look at it as a step forward in their efforts to have a regular agreement with their employers.

DEATH OF MRS. GEO. BROWN

Wife of the Celebrated Statesman Passes Away at Edinburgh.

Toronto, May 7.—News was received here today of the death of the widow of the late Hon. George Brown at her home in Edinburgh, Scotland.

Mrs. Brown had a stroke of paralysis about three years ago, from which she partly recovered, but she never regained her full strength.

She is survived by two daughters, one the wife of Dr. A. H. Barbour, of Edinburgh University. The other is married to Mr. George Sandman, of Edinburgh.

Mrs. Brown was about 80 years of age.

POWDER MILL EXPLODES

Twenty-Five Ton Explosion Shake Up Northern Ohio Towns.

Springfield, Ohio, May 8.—The glazing mill of the Miami Powder Company, 15 miles south of here, blew up shortly after midnight, destroying about 25 tons of the finished product. No one was hurt and the cause of the explosion is unknown. Most of the houses in Goes Station, a hamlet near the mills, were partially wrecked. Xenia, four miles away, was shaken and many windows broken. This shock was distinctly felt in Springfield and caused general alarm.

OHIO AFTER STANDARD OIL

Civil and Criminal Action To Be Taken Against the Great Corporation

Washington, May 8.—The Post today says that Attorney-General Wade Ellis, of Ohio, has been in conference with President Roosevelt regarding the prosecution of the Standard Oil Company in Ohio, and that attorneys-general from other states will probably confer with him on the operations of the company in their states, with the view, if sufficient evidence is available, to proceed against the company. Mr. Ellis is said to have been gathering evidence against the company in Ohio for some time with a view to bringing prosecutions against it both civil and criminal under what is known as the Valentine act.

DID SPIER SUICIDE?

Police Say Standard Oil Man Did Not Fight Burglar.

New York, May 8.—Police officials who have been investigating the mysterious death of Charles L. Spier, confidential agent of H. H. Rogers, who was found dead in his home on Staten Island yesterday, reported today that the evidence indicated that Spier had committed suicide. Mrs. Spier had informed the police that Spier left his bedchamber to go to the dining-room in search of a burglar, and that she afterward heard shots. Except that the furnishings of the dining-room, in which the body was found, were disarranged, the police say that there was nothing about the house to indicate the presence of a burglar.

NO RECONCILIATION

Countess Boni de Castellane Determined to Divorce Frenchman.

Paris, May 8.—The conclusion of the elections permitted the Castellane case to be taken up today for final inquiries as to the possibility of a reconciliation between the countess (formerly Anna Gould) and Count Boni. This was considered to be a formality, as the parties are not disposed to become reconciled. After the present proceedings the countess' revised bill will be filed, and the papers served. The lawyers expect that in future the proceedings will move briskly, and that the final decree will be tendered without a contest.

FOUR LOSE LIFE IN QUEBEC RAPIDS

Tragic Death of Workmen in the Montmorency River Cascades.

Quebec, May 7.—A sad drowning accident occurred this morning when four French-Canadian workmen, fathers of large families, found an unexpected watery grave in the Montmorency River rapids, at the natural steps, a half-mile distant from the Montmorency Falls.

The accident occurred shortly after 7 o'clock, when the large crowd of workmen engaged in buildings the cofferdam across the natural steps rapids for the Q. R. L. and P. Company, started in at their daily labor. Five workmen entered a flat boat to cross the rapids above the cofferdam to work on the opposite shore. While crossing the boat upset, and all five were thrown into the turbulent waters.

Four of the number lost their lives, namely: A. Lepage, aged 46 years, a resident of Montmorency village; Nazaire Cazeau, aged 40 years, a resident of Chateau Richer; Jean Legeare, aged 38 years, and Norbert Trudel, aged 35 years, natives and residents of L'Ange Gardien.

PASTOR IS ARRESTED

Arson Charge Placed Against a Waterloo, N. Y., Minister.

Rochester, N. Y., May 8.—Rev. C. Stewart Bain, pastor of the First Baptist Church of Waterloo, was arrested on the charge of arson. He is accused of setting fire to the church of which he was the pastor on the night of Tuesday, March 6. He was lodged in the Seneca County jail, where he will remain until examination.

The arrest has caused a sensation, and parishioners and villagers have already ranged themselves in opposition parties regarding the minister's innocence or guilt. The church was insured for $7,000 in the Church Mutual Insurance Company of Rochester, and at the adjustment $6,225 was allowed on the loss.

WOULD EXTRADITE GORKY

Russia May Ask United States to Hand Over the Author-Rebel.

Moscow, May 8.—In addition to the accusation against Maxim Gorky of engaging in a political propaganda, the procurator has charged him with participation in the December uprising here, and it is rumored that his extradition from the United States will be asked for.

The Gost has been confiscated and prohibited from publishing pictures taken by an American photographer, showing the life led in prison by Mlle. Spiridonovo, who killed Police Chief Luzhenoffsky at Tambog. She was sentenced to be hanged, but her sentence was commuted to twenty years' imprisonment after she had been most brutally treated by Cossack officers, one of whom was assassinated for so doing.

JEWS FLOCK TO ODESSA

See an Early Upheaval and Are Seeking a Point of Safety.

Odessa, May 8.—Although Jewish immigration to South Russia decreased during the last two months, it still averages upwards of a hundred daily from Odessa alone, and the exodus from the less populous Jewish centers is proportionately larger, in consequence of the general apprehension that the danger to the Jews is greater there than in Odessa, where they constitute fully a third of the half million population. The Jews believe that an open conflict between Parliament and the Government is inevitable, and that they will be the first to suffer from the upheaval which is bound to result from such a conflict.

WILL NOT BE CRUCIFIED

Sentence on Morocco's Assassin Changed to Floggings.

Tangier, May 8. — The Sultan has prohibited the crucifixion of Mohammed Mesfewi, the shoemaker of Marrakesh and wholesale murder, and Viceroy Muley Hafid has contrived a characteristically cruel and Oriental punishment.

Mesfewi has been condemned to a flogging in the market place, where he is to receive 1,000 strokes every other day, but the shoemaker is luxuriously fed in order to keep up his condition, and so prolong his torture. The viceroy is awaiting the Sultan's decree of execution, which will undoubtedly be impalement or quartering and burning alive. The populace of Marrakesh is also impatiently awaiting the Sultan's decree, and the authorities fear that if not received soon the alternative daily floggings will cease to interest the populace, who will attack the prison and lynch Mesfewi.

The passions of the populace are increased daily by the discoveries of additional headless bodies of girls. It is now expected that Mesfewi's victims will total 60.

LOOKS LIKE A BIG FIGHT

Structural Ironworkers and Companies Lining Up for Bitter Struggle.

Chicago, May 8.—The striking structural iron workers at a meeting last night, called to consider the arbitration proposal of the contractors, voted to stand firmly for their full demands. Frank M. Ryan, president of the International Iron Workers' Union, who came from St. Louis to attend the meeting, warned the men that the organization was involved in a dozen other strikes throughout the country. He talked for two hours, but admitted after the meeting that the sentiment was too strong against peace. "The situation is extremely serious and has many of the earmarks of another great conflict in the building industry like that of 1900," he said. "The iron workers are determined to have $5 a day. They will not accept a compromise."

Equal determination was shown by the contractors, who met in the Chamber of Commerce.

It developed that the American Bridge Company, backed by the United States Steel Corporation, has entered the fight. Employers also began active preparations to conduct a fight against the Iron Molders' Union, which has decreed a strike against the large foundries. A national convention of foundrymen will be held here on Saturday next.

THE RIGHT FOOD FOR THE BABY

We have all the good infants' foods, and as they deteriorate with age, we order frequently, so as to keep a fresh stock at all times. Horlick's, Nestles', Allenbury's, Eskay's, Imperial Granum, Robinson's and half a dozen others.

STRONG'S CARMINATIVE FOR BABIES

MINERS RATIFY IT

Conference Approves of Agreement to Extend the Award of 1903.

Scranton, Pa., May 8.—The convention of anthracite miners reassembled here today and unanimously ratified the action taken by its sub-scale committee in conference with the operators' committee in New York yesterday, declaring operative the award of the coal strike commission of 1902 for a further period of three years.

The convention was presided over by John Mitchell, and the report of the agreement with the operators was read by Secretary Gallagher. Nearly all the delegates who were at the convention last week were present.

Windsor Invites the King.

Windsor, May 8.—The Windsor City Council last night unanimously passed a resolution to join the Canadian Parliament in extending an invitation to King Edward and Queen Alexandra to visit Canada. Mayor Wigle took occasion to approve the step taken by the council, saying the resolution was very appropriate. Copies of the resolutions were ordered to be forwarded to Hon. N. A. Belcourt, and Hon. R. F. Sutherland, Speaker of the House and member for the city.

STOCK MARKETS.

H. C. Becher, stockbroker, next Free Press building, received the following by private wire fgrom Bartlett, Frazier & Carrington today:

New York, May 8.—Noon.—Immediately before the opening of our market cables were received from London stating that Americans had recovered their losses and were about parity. Consequently, the expectations that London would be a seller was not realized. This increased the difficulty of the short interest, which is said to have increased largely, and brought about sharp advances. The buying was most urgent in Reading, Copper, B. R. T. and Smelters. All the talk in regard to the last-named stock is decidedly bullish and it being confidently expected that the next dividend on Smelters will be at the rate of 10 per cent. It is argue that should this prove to be the case the stock ought to sell in the neighborhood of 175. At the extreme advances traders were inclined to take profits on the theory that the short interest had been visibly decreased. Their sales were easily taken and an insignificant reaction was the only result. Money continues in good supply and cables were received from abroad stating that the Bank of France would release one million pounds every week for the next three weeks for shipment to this country. Commission houses are still somewhat conservative, but are disposed to recommend moderate purchases on declines. Sales to noon 712,800.
