THE GREATEST

Medical Discovery

OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds* a remedy that cures

EVERY KIND OF HUMOR

from the worst scorfula down to a common pimple

He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificatef of its value, all within twenty miles of Boston.

Two bottles are warranted to care a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warrnted to cure the worst canker id the mouth and stomach.

Thre to five bottles are warranted to cuse the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions on the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most peperate cose of rheumatism.

Three or four bottles are warranted to cure the salt rheum

Five to eight bottles are warranted to cure the worst case of scorfula.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in everycase. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me suepricing; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 181 -second, that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold abiut six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicine was over like it. There is a universal praise rom all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people cured by it. For the various diseases of the liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases os the Spine, and particularly in diseases of the Kidney's, &c. the discovery has done more good than any medicine ever known

No change of Diet ever necessary. Eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years desert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the *State of Maine* an the *British Provinces*, is at the *Drug and Medicine Store* of H. H. Hay, 15 and 17 Market Square, Portland, (Me.) to whom all orders should be addressed.

Sold by all respectable Druggists throughout the United Stater and British Provinces. Price $1 00.

MRS. WINSLOW,

An experienced nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation and allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves and

Relief and Health to your Infants.

We have put up Mrs. Winslow's Soothing Syrup for children teething, and for over ten years has proved its value in the utmost confidence and truth of its operation in every instance, and we have never been able to say of it, as we do of other medicines, that it failed in a single instance to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who made use of it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years experience, and staking our reputation for the fulfilment of what we here declare, in almost every instance where the infant is suffering from pain and exhaustion relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skilful nurses in New England, and has been used with never failing success in THOUSANDS OF CASES.

It will not only relieve the child from pain, but invigorate the stomach and bowels, correct acidity, and give tone and energy to the whole system. It will also, by relieving the child from pain, relieve the mother. It will at once shorten painful sickness, lessen the number of nurses, and diminish the expense of attendance. WINSLOW'S SOOTHING SYRUP

is entirely harmless, as no mother who has once tried it will entertain a doubt of its efficacy and immediate operation in all cases where it is administered. We speak advisedly and understandingly when we say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow a use of this medicine. If timely used, Fifty thousand children annually fall victims to the necessity of this course being not generally known or the medicine resorted to immediately. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

VOLUME 7.

OUR OWN ADVERTISMENT

The Woodstock Journal is a large eight-page weekly devoted to the advancement of the industrial, commercial and moral interests of New Brunswick.

The primary objects at which it aims in the present circumstances of our Province are:—

1. The promotion of immigration, and the settlement of the wild lands.

2. The opening of the country, and the facilitating of enterprise by the improvement of the means of local communication.

3. An increase in the Representation in the House of Assembly.

4. A system of Free Education for all,—schools of all grades, from the Parish school to the Provincial University, being open to all without money and without price, and being supported by Direct Taxation.

While the Journal labors for these primary objects it does not neglect many others. It labors to introduce into the arena of politics a generous, sound and manly tone of discussion—to promote sympathy, good feeling and harmony among all classes, creeds, conditions and parties—to establish a system of frank yet genial criticism among all sections—to develope in our people a freedom of thought and speech—to develope in our people a sentiment of manly self reliance—and to inculcate the doctrines of the *New Philosophy*.

The Woodstock Journal is published every Thursday morning at Woodstock, N. B., for Wm Edgar, Proprietor.
