AROUND TOWN.

—Mr. Fisher, of the firm of Emmerson & Fisher, St. John, is in town.

—The snipe shooting season opens next Saturday. Sport promises to be good.

—The excursion to Joggins Mines next Tuesday is something new in the way of pleasure trips. Better go.

—The garden party held at Mr. W. W. Fawcett's last Friday afternoon realized the handsome sum of $42.

—The Amherst Cornet Band will be one of the attractions of the Promenade concert at Point de Bute next Tuesday evening.

—Rev. W. E. Hall and Mrs. Hall returned on Tuesday night from Nova Scotia. Mr. Hall will resume his ministerial duties next Sunday.

—The sale of grass on Gravelly Beach Lake marsh was postponed last week owing to the marsh being flooded, but will take place next Monday.

—Mr. Hamilton, owing to illness, will not be able to hold a service in the Presbyterian church, Sackville, next Sunday, 16th inst., as announced last week.

—Mr. F. W. Wilson, of Amherst, is showing New Fall Dress Goods, Jackets, Wraps and Ulsters. He carries a very large line of these goods from the cheapest to the best.

—The formal opening of the Joggins Railway takes place to-day. Hon. Mr. Fielding, Premier of Nova Scotia, is expected to be present, and a large number of friends are invited to an excursion over the line.

—Capt. McLean, who was the first Salvation Army officer stationed at Sackville, and who is one of the twenty female missionaries who are about to start for India, farewelled in Chignecto Hall on Tuesday evening.

—The sidewalks are in a very dangerous condition and should be repaired at once. If the numerous holes and broken planks are not quickly attended to, there is pretty sure to be a serious accident at an early date.

—Mr. J. L. Black is building a barn which, when completed, will be one of the largest and best in the county. It is 85x50 feet and has a stone basement which will contain stalls for forty head of cattle, besides storage for roots. The hay and grain fed to the stock will pass through chutes from the barn floor. A manure shed will extend the whole length of the building on one side. Mr. Black, although largely engaged in mercantile pursuits, milling etc., is one of the most progressive and successful farmers in the Province.

LOCAL MATTERS.

DON'T MISS the excursion to Joggins Mines next Tuesday.

POINT DE BUTE.—The Promenade Concert next Tuesday will be worth attending. No pains will be spared to make it worthy of patronage. See Posters.

BURGLARY.—The house of Mr. Alexander Gray was broken into on Monday night and robbed of a quantity of butter and some other articles.

SERVICE OF SONG.—On Sabbath evening next, with the assistance of friends from Sackville, the Fairview Methodist Sabbath School intend holding a service of song. Service to begin at seven o'clock.

BRIG'T HERBERT, Capt Towse, arrived at the Landing on Monday, having made the run from Barbadoes to Wood Point in fifteen days. The Herbert has a cargo of molasses and sugar for M. Wood & Sons.

NEW ENTERPRISE.—Capt. F. B. Atkinson is making arrangements for starting a first-class bakery in his shop at Boltenhouse Corner, and expects to be ready for business in about a month. A good bakery is much needed in Sackville, and Capt. Atkinson's new enterprise should be well patronized.

ACCIDENT.—Spurgeon Estabrooks, a brakeman on the N. B. & P. E. Ry., was severely jammed while coupling cars at Port Elgin yesterday. It is not thought that he is seriously injured but he cut his face quite badly by falling and striking the rail when he was released from his perilous position between the cars.

RURAL CEMETERY.—During the short time that Mr. Nugent has been in charge of the cemetery, a great change has been effected in the appearance of the place. All the paths have been cleaned up, save one and that would have been finished but for the continued wet weather. The hedges have been neatly trimmed, the grass along the walks has been cut, and the Wilson lot has been sodded in a way that greatly improves its appearance. Mr. Nugent is evidently the right man in the right place.

EXCURSION TO JOGGINS.—Something entirely new in the excursion line is provided by the trip from Sackville to Joggins Mines next Tuesday. Excursionists will have an opportunity of travelling over the Joggins Railway, now first opened to the public, and on arriving at their destination will have abundant means of diversion. Among other things they will be able to inspect the wonderful geological formation of the Joggins Shore, and will have an opportunity to visit the coal mines, while in the afternoon and evening a teameeting and concert will be held at Joggins Mines. In short the excursion affords a great variety of attractions and the cost is small. The train leaves Sackville at 7.45 Standard time.

AN OLD LANDMARK GONE.—On Friday last the old dwelling house in the rear of the Male Academy was destroyed by fire. Part of the house was occupied by William Estabrooks and family, and another family expected to move in shortly. The fire originated in a shed attached to the house, and was put out, as was supposed, by the men from Fawcett's foundry, but soon afterward flames made their appearance on the roof, and the house burned to the ground. A part of the building destroyed was built by the late Mr. John Fawcett, grandfather of Mr. Charles Fawcett, and is about 80 years old. Mr. Thomas Pickard resided a number of years in the old house, and it was afterward occupied for a time by Rev. Dr. Stewart. The house was very strongly built, and with some repairs would have still been a very comfortable residence. It was owned by the Mount Allison institutions, and was insured for $1,000.

A Policeman Wanted.

The alarming increase of rowdyism in Sackville during the past two or three months indicates very plainly that the recent appointment of a stipendiary magistrate should be at once supplemented by securing an efficient constable. Matters have now reached such a pass that it is not safe for a decent woman to venture on the street at night, while the language that may frequently be heard, would be a disgrace to the slums of New York or Liverpool. To remedy this state of affairs a paid policeman is needed, for while it is competent for the Stipendiary to call upon any constable to preserve the peace, it is not reasonable to expect efficient service without remuneration, and while it is nobody's business to secure the punishment of evil doers our lock-up will only be a laughing stock. The additional security of property would alone pay for the service of an efficient policeman, and if our councillors in pursuance of their parsimonious, penny wise, pound foolish policy refuse to make the necessary appropriation, it will be well for our own people to take the matter in hand.

—The Queen has granted a charter to the British East African company. The object of the company is to promote commercial interests in the territories granted by the Sultan of Zanzibar and other potentates.

—It is proposed to run an excursion from Fredericton to Quebec via Temiscouta Railway soon after the opening of that road, now said to be fixed for the 15th.

—Dr. J. W. and Mrs. Sangster start to-day on a trip to Nova Scotia. Dr. Sangster's office here will be closed for a week or ten days.

—The woolen mills at Hopewell, Pictou Co. were destroyed by fire on Sunday morning. Loss $50,000, Insurance $19,000.

—*The Gripsack* for September is filled to overflowing with good things.

Baie Verte.

—Mr. Richard Hamilton, sexton of the Methodist church, is seriously ill.

—Mr. Mahoney's new house is fast approaching completion.

—Mr. Fraser Dobson is building a nice cottage on the Avard Gooden farm.

—Jack Frost, during his rounds the other night caused considerable damage to grain sowed late in the season, especially buckwheat.

—Mr. Samson Gooden's house, adjoining Capt. Harper's, will be finished in a short time, and add much to the beauty of the town.

—The hull and materials of the wrecked brig Resolven which went ashore at Northport during the heavy gale of Wednesday 22nd ult. was on Saturday last sold at public auction, for the benefit of the underwriters and all concerned, and purchased by Messrs E. C. Gooden and Hazen Copp for $484.50. On Sunday, the tide being uncommonly high, the vessel was floated off and in charge of Capt. Smith's steam tug was successfully towed across the bay and safely beached some distance up the Gaspereaux river.

Parrsboro.

—The manganese mines at Swan Creek is turning out fine, they having struck, last Friday, a 12 inch seam.

—The summer visitors are nearly all gone. This has only been an average summer on account of the cold and wet. Hotel men however speak hopefully of the future.

—Haying is nearly done now, the grain crop is beginning to ripen and promised a large yield, but the heavy frost lost week killed nearly every green thing—buckwheat especially.

—A subscription list is being circulated for the purpose of raising money for a band, and is meeting with good success. With a newspaper and brass band in prospect, Parrsboronians may begin to hold up their heads.

—Mr. W. F. James has discovered what may prove to be a large coal mine. From what can be gained from reports, it is something fine, and only a few miles from Parrsboro. The shipping port it is understood will be Diligent River, about seven miles from here.

—At last we report the arrival of one ship at West Bay, the first for over one month. The deal business, so far has been the dullest for years, but as the deals are here yet and have got to be shipped, merchants are still hopeful. Coal is reported to be in more demand.

Dorchester.

—Rumor says that the postponed "Ladies' Ball" is to be given sometime in early October.

—Mr. and Mrs. S. L. Chapman have the sympathy of the community in the loss of their infant child, which occurred on Tuesday.

—The fourth social of the series in aid of Trinity Church is to be held at the residence of Messrs. H. W. Palmer on Thursday evening.

—The weather still continues very poor for hay making, a large amount of which still remains to be done beside which much grain is now lying cut but cannot be dried.

—The "Busy Bees" department of Trinity Church Guild, Dorchester, will have a sale of useful and fancy articles in Robb's Hall next Thursday evening. Proceeds to be devoted to repairs on the Sunday-school house.

—On Saturday last another game of base ball between the junior nines of the Dorchester and Memramcook clubs was played on St. Joseph's College grounds. The Memramcook club were easy winners and the Dorchester small boy feeleth sad.

—Judge Tuck on Tuesday opened a special sitting of the Equity Court to pay issues of fact in Jas. R. Ayer vs Jos. L. Black—a case involving the ownership and business of Ayer's Boot & Shoe factory, Sackville. On Wednesday morning the cause was settled by the Plaintiff buying out the Defendant for $3,000, and court adjourned *sine die*.

"THE RELATION OF THE SEXES TO GOVERNMENT," will be discussed by Prof. E. D. COPE, in the leading article of the October "Popular Science Monthly." Prof. Cope shows from psychological and social facts, which every one has noticed, that women are not adapted mentally or physically for the functions of government, and that if they were to take an active part it would react unfavorably on the vastly more important interests of the home.

—We observe that some of our contemporaries attribute the good order and quiet which distinguished the trotting race last Thursday to the Scott Act. Possibly this may be so, as we learn that Summerside's principal saloon shut down on the retail trade entirely on Thursday, and sold only by the flask and bottle. It took six persons all day to tend bar and they had no time to peddle out drinks.—*Summerside Journal.*

—There was a very severe shock of earthquake in the city of Mexico last Thursday night. No serious damage was done, but the citizens were greatly alarmed.

Cumberland County Court.

The September sitting of the County Court opened in Pugwash, on Tuesday last, His Honor Judge Morse presiding. Besides Messrs. W. I. Moffat, J. M. Townshend, C. R. Smith and W. T. Pipes of the Amherst Bar, C. D. McDonald, of Pictou, was in attendance. After a number of motions had been heard, the following docket was disposed of:—

APPEAL CASES.

Peter McLean vs. George Blair—Action by plaintiff, a fence viewer, against defendant, for costs of putting up lawful fence; defence, no necessity for new fence. Judgment reserved.—W. T. Pipes for plaintiff; Moffat for defendant.

J. L. Fillmore & Son vs. W. Y. King—Action for money. Defence set-off; sent to Parrsboro for trial.—J. W. Hickman for plaintiff; C. R. Smith for defendant.

Amos Hoeg vs. Wm. F. Conlon—Action for board. Defence, denial of liability. Sent to Parrsboro.—C. R. Smith for plaintiff; Pipes for defendant.

Collingwood Pugsley vs. W. Y. Theal—Action of account. Defence, denial. On motion of defendant's counsel the trial was continued.—C. R. Smith for plaintiff; Townshend & Dickey for defendant.

W. Inglis Moffat vs. Alex. Angus—Action of trover to recover value of property plaintiff held under bill of sale, and which he claimed defendant took. Defence, property not plaintiff's and payment. Judgment reserved.—Moffat in person for plaintiff; Townshend & Dickey for defendant.

About 5 o'clock of the day of opening the Court adjourned *sine die*.

Prominent Physician says

RESPECTING

ESTEY'S

Cod Liver Oil Cream.

ST. JOSEPH'S, N. B., Nov. 25, 1887.

MR. E. M. ESTEY, Moncton, N. B.

DEAR SIR:—For some years past I have very often prescribed your Cod Liver Oil Cream with Lime and Soda, and have always been perfectly satisfied with the results. Its pleasant taste recommends it to patients with even the most delicate stomachs, while its facility of preservation and the ease with which it may be mixed with other tonics are sterling advantages which cannot fail to impress all who use it.

Yours truly, E. T. GAUDET, M. D.

For the cure of Consumption, Scrofula, Spinal Disease, Coughs, Colds, etc., Estey's Cod Liver Oil Cream stands without an equal.—FOR SALE BY ALL DRUGGISTS.
