CREW OF MOTOR BOAT HAVE NARROW ESCAPE

Engine Stopped Near Dalhousie and the Craft was Drifting Out to Sea When Overtaken.

Dalhousie, N. B., Oct. 23.—Mr. and Mrs. Walker of St Omer, P. Q., spent Sunday with Mrs. Walker's father, John Almony.

During the high gale on Sunday a gasoline boat run by Henry Good, while taking some sailors out to a ship, stopped when in the channel and in the full force of the current. The craft was drifting rapidly seaward when Mr. Walker was notified. He went in pursuit and brought the disabled boat safely to shore.

Mrs. William Hamilton of Charlo spent a few days with her sister, Mrs. L. D. Jones.

Mrs. John Potts and family have left for Nova Scotia, where they will join Mr. Potts, who is manager of a lumber company.

Mrs. Howell and Miss Edith Tait left on Monday for California. Miss Tait will spend the winter there.

Dr. Sproul of Edmonston, N. B., was in town on Sunday.

The Dalhousie Superior School has received a diploma from the St. John exhibition for drawings. This makes the third diploma in the past five years.

Miss Emma Harquail spent Sunday with friends at Upper Charlo.

Mrs. L. D. Jones entertained about twenty of her friends at an enjoyable thimble party on Friday evening last.

Dr. Mann of Campbellton was in town on professional business yesterday.

LATE SHIPPING.

Courtenay Bay Soundings.

The work of taking soundings at Courtenay Bay was started yesterday. A. W. Gregory of Ottawa, the engineer in charge of the boring operations, with a force of assistants, gathered the necessary equipment. The work will probably occupy some weeks.

It is the person with a sharp, cutting tongue that is "armed to the teeth."

RUSSIAN ADMIRAL COMMITS SUICIDE; MOTIVE UNKNOWN

Commander of Czar's Yacht Dead at St. Petersburg Residence—Trouble Among the Sailors.

St. Petersburg, Oct. 24.—Rear Admiral Chagin, commander of the Emperor of Russia's yacht Standard, committed suicide at his residence yesterday. The cause of his act is unknown.

It was reported at the time of the recent trouble among the sailors of the Russian Black Sea fleet that they had arranged a plot to seize the Standard while the Emperor and the Imperial family were being conveyed from Yalta to Sebastabool. A large number of blue jackets were then arrested.

NEW GOVERNMENT STEAMER DOLLARD HAS BEEN LAUNCHED

Miss Hazen Unable to Christen Vessel as Arranged so Ceremony was Performed by Miss Calvin.

Kingston, Oct. 24.—At the Kingston Shipbuilding Company's dry dock this afternoon the new government steamer Dollard was launched and will be used in the lighthouse and buoy service of the St. Lawrence.

Miss Hazen, daughter of the Minister of Marine and Fisheries, Hon. J. D. Hazen, was to have christened the new vessel, but she could not attend and the ceremony was performed by Miss Hilda Calvin, daughter of Hiram A. Calvin. Miss Calvin was presented with a silver card case by the Kingston Shipbuilding Company.

REAL ESTATE PURCHASES.

Fifteen lots of vacant land between Suffolk and Second streets, West End near Fort Dufferin are embodied in real estate transactions put through by Armstrong and Bruce yesterday. The land was bought about a year ago from the city by the late James Straton and held by the Lauriston Co., Ltd., and now goes into the hands of local investors.

W. H. Myles, of Simonds street, has sold his summer cottage with lot 100 feet square at Epworth Park on the St. John river to a local man. The sale was made through Taylor and Sweeney.

Off to Montreal.

W. Burton Stewart, managing director of the Norton Griffiths Company, left last evening for Montreal. Mr. Stewart, who has spent the past few days here, expressed satisfaction with the progress of the work at Courtenay Bay. Asked regarding the prospect for the steel plant here he said that there were no new developments in regard to the matter, but he was confident that it would materialize. Mr. Stewart expects to return to the city next week.

PATIENCE.

The sages tell us o'er and o'er,
To labor and to wait;
We cannot catch our fish before
We stop to dig the bait.

PICKING HIS PIPPINS

SIR WILFRID—THERE'S TORY RULE FOR YOU, ONLY HALF A CROP.
—From the Toronto News.

ART CLUB REPORTS A GOOD YEAR

W. S. Fisher Re-Elected President at Annual Meeting Last Evening — Progress Made Toward Art Gallery.

The St. John Art Club opened the season last evening in their rooms, Peel street, with the president, W. S. Fisher, in the chair. Despite the inclemency of the weather there was a fairly large attendance of the members, and many matters of interest to the club were dealt with.

The annual reports were received and all were of a most encouraging nature and showed that the past year has been a successful one in point of achievement.

The election of officers for the ensuing year took place, and resulted as follows: President, W. S. Fisher; vice-presidents, Miss Clara O. McGivern, Mrs. Silas Alward, William Brodie; secretary, Joshua Clawson; assistant secretary, Mrs. R. G. Murray; treasurer, M. V. Paddock; assistant treasurer, Miss J. M. Williams; additional members of the executive, Mrs. Murray MacLaren, Lt. Col. E. T. Sturdee, Mrs. W. E. Raymond, Mrs. Geo C. Coster, Mrs J. W. V. Lawlor, John Sealy, D. Russell Jack, T. H. Estabrooks, R. G. Murray and Alex. Watson. Timothy O'Brien and Wm. Brodie were elected auditors.

A Year of Progress.

The president delivered his annual address and referred to the advancement made both in point of membership and in practical achievement during the year. He also outlined the plans for the coming season.

The secretary in his report pointed out the advance and progress and efficiency attained during the year. The year had been successful in many respects, and excellent work had been done by all the committees. The club has secured new quarters which are not only comfortable but sufficiently commodious to meet all requirements. The courses of lectures had been well patronized and followed with interest. The Art School founded the year is accomplishing pleasing results and is fulfilling the expectations of the club. Considerable interest has been manifested in the different departments.

The Art Collection.

Realizing the opportunity afforded by the recent Provincial Exhibition for gathering some valuable works as an addition to the gallery, the executive decided to devote the sum of $300 of the club's funds to the purchase of paintings to be added to the permanent collection. It was decided to endeavor to obtain from the public an amount equal to that voted by the club, as many of the paintings exhibited were of excellent quality and much admired by the club's critics. The response on the part of the public was for the most part hearty and generous. The amount contributed by citizens was $665, which, with the club's grant made nearly $1,000. Fourteen paintings have been purchased as a result of this effort, at a cost of a little more than $950. Two of these are by English artists, five by Americans and seven by Canadian painters.

The report of the treasurer was equally satisfactory and showed the club's funds in a healthy condition. In all departments of the club's work the reports were gratifying, and showed that the past year has been unsurpassed in the history of the club.

Following the reading of the reports Joshua Clawson gave a short description of the new pictures with commentary on the works of the artists. M. V. Paddock gave an interesting criticism of the different paintings procured during the summer.

The following were elected to membership: John H. Clarke, Richard Sullivan, Agnes L. Sullivan, W. F. Burditt, Jas. Collins, S. Kerr, Christine Ryan, Alice E. Haggarty, Mr. and Mrs. Fred J. Shreve, Mrs. A. G. Potter, Mr. and Mrs. A. Morrison, Mr. and Mrs. David Magee, Wm. McIntosh, Mrs. H. Mayes, Miss Laura McLaughlin, John Russell, Jr., Mrs. John Russell, Jr., Mr. and Mrs. C. H. Easson, Miles E. Agar, Miss Erminie Climo, Henry DeMille, Mrs. Omar McIntyre, Clarence T. Lugrin, Grace Helen Mowatt, W. J. Simpson, Douglas D. McArthur, Miss Yerxa.

During the evening Mrs. Chas. Robertson, Miss Cheyne and Mr. Garret sang solos, Miss Biederman acting as accompanist. At the close of the meeting refreshments were served by the social committee.

GRENFELL MISSION TEA IN TRINITY

There was a very large attendance at the afternoon tea held in the Trinity school room yesterday afternoon, and a substantial sum was realized in aid of the Grenfell Mission in Labrador. The tables were beautifully decorated for the occasion, and the afternoon was greatly enjoyed.

Rev. R. A. Armstrong presided and the tea was under the supervision of Mrs. H. C. Schofield, the secretary of the ladies' committee. She was assisted by the following: Doorkeeper, Mrs. F. S. White; subscription list, Mrs. W. A. Harrison; tea table, Mrs. John H. Thomson and Mrs James F Robertson in charge, assisted by Misses Bayard, M R. Warner, S. V. Bridges, Francis and Mignon Kerr, C. N. Schofield, B. Hegan, A. M. Christie, Avis Armstrong and Mrs. James Gilchrist; candy table, Mrs. Percy Thomson and Miss McMillan in charge, assisted by Misses Mary MacLaren and Lilian Raymond.

During the afternoon there were vocal solos ably rendered by Mrs. C. S. E. Robertson and Mrs. Douthwaite. D. Arnold Fox acted as accompanist.

A BUNCH OF KEYS

Hoyt's greatest of all long-lived musical comedies is to be offered here tonight and Saturday, at the Opera House, and upon indisputable authority it is learned that not only have the winning keys been treated to an extra fine polish for this season's entrance, but that key ring itself has not been overlooked in the same direction. The said ring consisting of a string of incidents calculated to throw any audience into a state of unbridled laughter. New song specialties and novel features has also been added towards insuring an entertainment of the most convincing kind.

OBITUARY

Dr. David Bennett.

Word was received in the city on Wednesday of the death of Dr. David Bennett, which occurred at London, England, on August 29th. Dr. Bennett was a native of Dalhousie and his father, the late Dr. John Bennett, is well remembered by the older residents of St. John. Previous to Confederation he was superintendent of the city schools. So far as known there are no relatives in this city now surviving.

Mrs. Joseph J. Porlier.

The death in Roxbury, Mass., on Wednesday, of Mrs. Mary Agnes Porlier, wife of Joseph J. Porlier, printer, who once worked in St. John, is announced. She was a daughter of Mr. and Mrs. J. McMullin, Rebecca street, and besides her husband and parents leaves four sisters—Mrs. C. R. Jerry and Mrs. D. B. Spear, Roxbury; Misses Ann and Irene, and one brother, the three latter in St. John. Interment will be in Boston. Mrs. Porlier had been ill four weeks, pleuro-pneumonia attacking her.

John D. Ritchie.

The death of John D. Ritchie occurred yesterday morning at his home on Adelaide street. He was in the employ of the C. P. R. for a number of years and was well liked both by his superiors and his fellow workmen. He had been in poor health for some time. He is survived by one brother, Herbert C., and one sister, both of this city.

TOO IMPERSONAL.

With the proud and doting parents,
One cannot make a "hit"
Who does so lack the gift called tact
As to call the baby "It."

PERMANENT ROAD SYSTEM PROPOSED

Continued from Page 1.

It is suggested that a laboratory be attached to the Provincial General Hospital of St. John, where bacteriological and pathological work could be done, as well as the analysis of water, milk and food stuffs. In this case the work would be done by a provincial bacteriologist and hospital pathologist and the provincial and health officers."

Referring to the question of tuberculosis in this province he mentioned the Jordan sanitorium which will soon be opened for incipient cases. The care of advanced cases should be undertaken by the municipalities.

A paper by Mayor Frink, of St. John, read just before the noon recess was a strong plea for the commission form of city government.

In the afternoon session Dr. Kierstead, of the University of New Brunswick, read an interesting paper on modern taxation, contrasting particularly the conditions in Fredericton as a typical eastern city, and Vancouver as a typical western, in their methods of taxation. While the paper endorsed many features of the single tax, it also pointed out some disadvantages. It was moderate in tone.

It was commended by Ald. Burchill, of Newcastle, Mayor of St. John, Secretary Bliss of Fredericton and J. King Kelley of St. John, and it was ordered that 1,000 copies be printed for distribution among the various municipal bodies in the province.

The election of officers was next called for. Mayor Frink was nominated for president, but while appreciating the honor, declined because of the pressure of other business.

The Officers.

The following officers were then nominated:

Ald. Farrell, of Fredericton, for president; Thomas Murray, of Moncton, for vice-president, and J. W. McCready for honorary secretary-treasurer. They were unanimously elected. J. K. Kelley, of St. John, paid a warm tribute to Mr. McCready's devotion to duty and the honorary secretary replied in a happy vein.

The nominating committee recommended the following executive, and the convention concurred: Mayor Ketchum of Woodstock, Ald. McCallum, Ald. White of Campbellton, Councillor Hiltz of Milltown, Ald. Price of Moncton, Ald. Wallace of Sussex, Councillor Kelley of St. John county, Mayor Armstrong of St. Andrews, Mayor Robinson of Moncton, and Mayor Frink of St. John.

The new president briefly addressed the convention, intimating that he would call the executive together at frequent intervals for the consideration of important matters.

A vote of thanks was extended to the retiring president and Mr. Siddall made a suitable reply.

An invitation from Mayor Robinson to hold the next convention in Moncton was accepted.

Mr. Siddall introduced the subject of good roads, his principal contention being that these could only be secured by good drainage.

The question was spoken to by Ald. Wallace, of Sussex; Warden McNeill, of Charlotte county, and Councillor Kelley, of St. John county. All the speakers seemed to realize that they were on dangerous ground and their addresses were marked by the care with which they avoided anything that might be regarded as party politics.

Roads Matters.

Councillor Kelley offered a series of resolutions that called for:

1. The appointment of an expert to have complete control over roadmaking in New Brunswick and give his whole time to the business.

2. The amendment of the highway act so as to provide for a system of highway patrol, the same as is maintained by the big railways.

3. That in the opinion of the Union of New Brunswick Municipalities a system of trunk roads should be established between Maine, New Brunswick, Nova Scotia and Quebec.

These were all adopted.

Councillors Siddall and Stirling offered a resolution that a committee of three be appointed to meet the provincial government and discuss with them the question of establishing a system of permanent roads.

This also was adopted and Councillors Siddall, Stirling and Kelley were appointed such committee.

Councillor Siddall offered a resolution, That in the opinion of the convention eight hours should constitute a day's labor on all government work.

President Farrell showed his familiarity with the duties of a presiding officer by his decision that a resolution of such wide reaching effect should first go before the executive committee.

Councillor Siddall, while strongly endorsing the principal of his resolution, recognized the wisdom of the chair's decision and amended his proposition to be a notice of a resolution to be considered by the next convention.

Councillor Kelley had another resolution to offer, but learned wisdom from Mr. Siddall's experience and offered as a notice of motion at the next convention, a resolution that statute labor be abolished as far as possible.

Dr. Kierstead and Dr. MacLaren were made honorary members of the union and each expressed his appreciation of the honor conferred.

Votes of Thanks.

The closing hour had arrived, and votes of thanks were extended to the town of St. Stephen for its hospitality, the press for its careful attention, Ganong Bros. and the New Brunswick Telephone Company for courtesies extended.

Coun. Ganong replied for the town of St. Stephen and expressed regret that the briefness of the stay of the delegates had made impossible better entertainment. He hoped that they would return to St. Stephen when they could spend a longer time here and be given a better reception.

The convention was closed with the singing of the National Anthem and its rendition developed the fact that there were singers as well as talkers in the Union of New Brunswick Municipalities.

MR. TAFT FAVORS LAND BANKS FOR LOW PRICES

Beverly, Mass., Oct. 18.—Radical uiform state legislation, based upon the principle of agricultural co-operative credit now in use in practically every country of Europe, is urged by President Taft in a letter today on the way to Governors of all the states.

The high price of foodstuffs, the President believes, is due directly to the costly conditions which today surround the American farmers production. These conditions, could be greatly ameliorated, he thinks, by establishing in the interest of the farmer a financial machine which would give him access to all the money centers of the world and afford him credit at greatly reduced rates and upon more advantageous terms than he now receives. The complete development of our agricultural resources, thinks President Taft, would go a long way toward settling the problem of the high cost of living.

"What this plan offers," writes President Taft, "is a means to secure this country greater productivity, at less cost, from the farms that are now under cultivation, and above all, to give us more farms and more farmers."

Uniform state legislation, in the opinion of President Taft, is essential to the successful adoption of this plan, and he has invited the governors of all the states to a conference upon this subject at the time of the annual meeting of governors in Washington in December.

President Taft bases his recommendations on reports submitted by the American diplomatic officers in Europe who have, since last March, been engaged in an investigation of this question and upon the special report of Ambassador Myron T. Herrick, who has made a study for years of the question of adopting co-operative credit in the United States.

"A study of these reports," writes President Taft, "and of the recommendations of Ambassador Herrick, which I am sending you, convinces me of the adaptability to American conditions of the co-operative credit plan set forth in the organization of the Raiffeisen banks of Germany. The establishment and conduct of such banks however are matters for state control.

"I recommend also the establishment of land-mortgage banks under state charters, and the formation of co-operative mortgage-bonded societies along the lines of the Landschaften societies of Germany, provided that uniform state legislation can be secured to govern their organization and operation.

"As a later step, I favor the enactment of laws by Congress permitting the organization of national land-mortgage banks, to be operated under strict government supervision with the power to guarantee and market the guaranteed debenture bonds of the state land-mortgage banks or co-operative societies.

President Taft strongly deprecates any idea of establishing co-operative credit in the United States through the support of government subsidies.

"We must establish a credit system of, for and by the farmers of the United States," he writes.

DELICIOUS "SYRUP OF FIGS" REMOVES ALL SOUR BILE, GAS, HEADACHE, CONSTIPATION.

Takes the Scum From the Tongue; Sweetens a Sour, Gassy, Bilious Stomach; Cleanses Your Liver and 30 Feet of Bowels Without Griping or Nausea.

All those days when you feel miserable, headachy, bilious and dull are due to torpid and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.
