**Committed for Trial.**

John A. Thomas, agent for the Ball Electric Light Company, was arraigned before the police magistrate yesterday to answer to a charge of assaulting Mr. George Trebilcock, of Piccadilly street. The evidence of the complainant was the only testimony taken. He stated that last Saturday morning, about 10 o'clock, he was alone in Livingstone's clothing store, 394 Richmond street, and was about six feet from the door when a little girl, whom he had never seen before, and whom he could not identify, walked in and asked him for a business card. Witness turned around to get one from a low shelf behind a short counter near the door, and while in the act heard some person step inside the door. Thinking it a customer he desisted from getting the card and walked towards the person. Without hearing one word spoken he was struck in the eye and on the nose. The blows knocked him down and his head struck on a table, cutting it at the back. Witness said he made an attempt to get up, when Thomas caught hold of him. He managed to slip away from his assailant and ran out on to the street. He could not remember having seen Thomas after that, as he was dizzy and confused. He stated that he was struck three or four times and that his nose bled profusely both internally and externally. Witness remained at the store during the day and did not consult a physician. He absolutely denied the charges made against him by Thomas. Since the assault he had not been well, being unable to sleep and the side of his head being sore. The magistrate having heard the evidence, committed the prisoner for trial at the next general court of sessions. Bail was accepted.

**Run Over on Dundas Street.**

A serious runaway happened on Dundas street yesterday, which resulted in a young lad named Stinchcombe, of London West, aged about 12 years, being seriously injured. He was riding with a man named Finnigan, a market gardener, when the horse ran away. The lad was thrown out near Cairncross & Lawrence's drug store and was run over. Medical aid was procured, and it was found that one rib had been broken and his chest and arm badly bruised. The boy bore his suffering very manfully. He was carried home.

A SCROFULOUS BOY
Running Sores Covered His Body and Head. Bones Affected. Cured by Cuticura Remedies.

When six months old, the left hand of our little grandchild began to swell, and had every appearance of a large boil. We poulticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure, it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old when I undertook the care of him, his mother having died when he was little more than a year old, of consumption (scrofula, of course). He could walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his hands. I immediately commenced with the CUTICURA REMEDIES, using all freely. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heal rapidly. One of those ugly bone formations I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. MRS. E. S. DRIGGS,
612 E. Clay St., Bloomington, Ill.

My grandson remains perfectly well. No signs of scrofula and no sores.
