DAILY TEA, COFFEE AND SUGAR WAREHOUSE.
No. 109, Notre Dame Street.

MR. COCHRAN invites the attention of purchasers to his stock of TEAS and COFFEES, which have been selected with the utmost care, and on such terms as allow him to offer at unusually low prices.

MACHINERY on the Premises, worked by a Four Horse Power Steam Engine, for Roasting Coffee, is on the spot, enabling the Coffee being closely confined in polished cylinders, which are constantly revolving and rising in *lieu* of the ordinary Coffee Roaster, by which is prevented the escape of the Aroma, so much prized from Smoke, danger of partial carbonization of the Bean and loss of Aroma, so inseparable from the positive elements of the Coffee Berry, which is further ensured by Grinding at the shortest time previous to Delivery. To this elaborate process SAMUEL COCHRAN owes his high reputation his Coffee being supplied to Hotels, Steamboats, Messrs. Robert Tom, and Carillon by Mr. C. W. Schindler, Montreal, August 29.

Pantagenet Water.

Let all who wish sound health to get
Just try the famed Plantagenet;
Though others vainly try to pull
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the bare-faced attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the names of eminent Physicians. To such an extent has this practice been carried, that one Physician of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of one of these Springs.

Another artifice had recourse to, by certain parties, is the publication of *old certificates granted to other Springs*, as if they had been given in favor of their own Springs. In fact, such is the spirit of jealousy excited at the overwhelming success of the far-famed Plantagenet Water, that it can hardly contain itself, and is now seeking the most unfair means to impose on the credulity of the public. Such attempts, however, cannot succeed; every day the fame of the Plantagenet Waters is spreading wider and wider. Whilst it has its place in the Pharmacopœa as one of the most innocent and efficacious of aperients, its use as a pleasant summer beverage is almost unbounded. There never was a mineral water which combined so admirably the two qualities of *useful* and *agreeable*, and to talk of competition or comparison is simply absurd. Ask the medical man what is nine cases out of ten is the first thing he prescribes, and he answers, Plantagenet Water. Ask the merchant what is his morning's draught, still the reply is, Plantagenet Water. Ask the professional man what lightens his labors and invigorates his health, and again we are told Plantagenet Water. Ask the hard-working mechanic, or laborer, what is the cheapest medicine for himself and family, and he will reply, a bottle of the Plantagenet Water. This extraordinary success has induced attempts, both in Montreal and the country, to substitute other spring waters for the Plantagenet—in fact of which the Proprietor has been directly informed by Medical gentlemen of this city. In short, no attempt is left untried by those persons who wish to trade on the unparalleled reputation enjoyed by the Plantagenet Water. To guard against deception, therefore, the public are requested to supply themselves *direct from the Depot, Place D'Armes, Montreal*. Price per gallon, 1s; bottled, 3s the dozen; bottles returned; 1 and 6d per glass. The demand for this Water, by the glass, averages 300 glasses every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hôtel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. Lamontagne, Proprietor of Plantagenet Water, Place d'Armes.

SIR,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the immense sale your article at present is put, both to the public and yourself, that I should do so. I state, then, frankly, that I have the highest opinion of the Plantagenet Water, which I consider superior—in fact, far beyond comparison with any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hôtel Dieu Hospital, and with the most remarkable success. As a gentle aperient, its use is invaluable; and in numerous cases where other medicines could not be safely employed, I have found it most useful. I consider it a duty, both to the profession and the public, to state thus much in its favor; and I strongly recommend all the friends of families to keep a supply of the water by them, being perfectly satisfied of its great utility.

I have the honor to be,
P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer on Surgery in the School of Medicine, of Montreal.

Dedlleury Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply as a saline drink that these waters are beneficial, but because they have an oily, fattening property, unknown to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Water, to be satisfied of its superiority over all others.

Doctors W. Nelson, W. Fraser, G. W. Campbell, A. Hall, A. McCulloch, R. L. McDonald, Dickson, J. E. Bibaud, E. H. Trudel, H. Mount, J. L. Leprohon, S. C. Sewell, F. Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

I beg to state that in July, 1850, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. I experimented at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the humoral diathesis is liable. I consider them invaluable. Few persons, except those who have suffered from the Rheumatic malady, can justly appreciate their wonderful salutary effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) restored to health, after all other means had failed, and to the Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, were out by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind them their useless crutches, and with health, strength, appetite, and activity restored. Striking as such results are, the curative action of these Waters, the Intermittent and Sulphur Springs in particular, have been almost as efficacious in other diseases, such as Lepra, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of these cases that leave the Springs greatly benefitted, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

HY. MOUNT,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1849.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to speak from experience in this matter, more than usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a persevering use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspeptic and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great care you have been put to in the improvement of the place, and the unwearied care and attention which you bestow on the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,
GEORGE W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much *lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantage afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a Reduced amount; the higher, enfitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives. The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when insured, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

BUTCHART'S RESTORATIVE BALSAM.

THIS invaluable Medicine has been sixteen years before the public, and has invariably been attended with unparalleled success—indeed it may be justly considered INFALLIBLE in all its cases. The ingredients of which this Medicine is composed are most salutary and beneficial to the human system. A single trial will satisfy any one as to the truth of this statement, and we can with the greatest confidence recommend it to the public as a sure and safe remedy.

To be had only of WM. LYMAN & Co., Montreal, and JOS. BOWLES, Quebec.

DAGUERREOTYPE.

MR. DOANE begs respectfully to acquaint his friends and the public that, by the aid of a recent improvement, he is enabled to take Pictures almost instantaneously, so that the expression of the countenance may be retained more accurately than by a long sitting. Children may be taken with much more certainty than heretofore.

He has for sale a large supply of Daguerreotype material, including a quantity of the finest French Plates, lately imported from France. Also Buffs for taking instantaneous Pictures.

FARE REDUCED
FROM
MONTREAL TO BOSTON.
RUTLAND & BURLINGTON RAILWAY.
FALL ARRANGEMENT.

Shortest and most Expeditious Route from Montreal to Boston.

In connection with the Champlain and St. Lawrence Railroad and the Steamers on Lake Champlain, forming the Great SOUTHERN RAILWAY ROUTE between Montreal and Boston or New York, and being the shortest quickest, cheapest, and most direct Route to those Cities, or to Brattleborough, Greenfield, Springfield, Hartford, New Haven, and the several Towns in the Valley of the Connecticut River, or Worcester, Lowell, and intermediate places.

PASSENGERS leaving Montreal at 11, A. M., arrive at Rouse's Point by Cars, take Champlain Steamboat, and arrive at Burlington at 6, P.M.; leave Burlington at 6.30, P. M., and arrive at Rutland at 9—lodge. Leave Rutland at 7.30, A. M., and New York at 7, P. M.

Passengers leaving Montreal at 4, P. M., arrive at Rouse's Point by Cars—go on board of Steamer *United States*, Captain Davis, which leaves on arrival of Cars, and arrive at Burlington same evening—lodge. Leave Burlington at 5.30, A. M., arrive at Bellows Falls 12.45, giving one hour for dinner and to view the great Falls on the Connecticut River, and reach Boston, Worcester, and Boston, at 6.30, same evening, or New York at 11.30, same evening, passing down the Valley of the Connecticut, through Brattleborough, Springfield, Hartford, and New Haven.

Passengers for White Mountains will dine at Bellows Falls, and spend some three hours, take Sullivan Railroad, arrive at Weild River the same evening, and thence to White Mountains next morning by splendid Stage Coaches. The Scenery on this Route is too well known to need hand-bill puffing.

This is the only Route by which Passengers will pass on the splendid Lake Champlain Steamers, through the far-famed and beautiful scenery of Lake Champlain, have a good view of Cumberland Head, and all the scenery of great historic incident, associated with the battles, by land and water, at Plattsburgh.

☞ Passengers taking this Route at Montreal, avoid all night travel between Montreal and Boston.

For further information, with Tickets, apply to M. L. CHURCH, Agent, Custom House Square, Montreal, opposite Montreal House.
