HAMILTON NEWS

MAJOR PRENTICE GOT EVEN.

The Officer Who Was Denied Admittance to a Fistic Contest Turned the Tables.

BOYS, FIREWORKS AND POLICE

Caused Some Excitement—Boys in Long Races—A Couple of Fires —Other News.

Hamilton, May 24.—(Special.)—A fistic entertainment was to have been held in the Star Theatre to-night, but it was called off on account of the interference of the sheriff and the police. By some means Major Prentice, who was kept out of the last fight by F. A. Passmore, one of the promoters, got hold of a copy of the agreement for the 20-round go between Casper Leon of Chicago and Jimmy Smith of Toronto. He pronounced the affair a prize fight, and the promoters of the contest and proprietor of the theatre were notified that if the fight was attempted the whole outfit would be arrested.

Wrestlers Arrested.

Early this morning Detectives Coulter and Bleakely arrested Ed. Condon, brother of William Condon, the hotelkeeper, in connection with the alleged crooked wrestling match at Montreal. Condon, Gideon Perry and George McLeod were taken to Montreal this morning by Detective O'Keefe.

Firecrackers and Excitement.

There was considerable excitement at the corner of James and King-streets to-night about 9 o'clock. A number of young men persisted in exploding fireworks in spite of the warnings of Sergt. Finch and P. C. Canary. Finally Sergt. McKenzie and P. C. Hallisey arrested Herbert Hayes, 223 West-avenue North. A crowd followed the officers down the street, jeering at them, and McKenzie left the prisoner and chased some of them. One of the crowd named Wormington will be summoned for interfering with the police.

Socialist to be Suppressed.

It is understood the police intend to prevent a repetition of last Saturday night's disturbance on East King-street, and Socialist Wedehouse will not be allowed to block the street or denounce citizens.

A Couple of Fires.

F. H. Secord's candy and fruit store, No. 110 Peter-street, was gutted by fire this morning. The cause of the blaze was a large firecracker, which was set off in the store. When the cracker exploded it set fire to goods in the store. The building was owned by John Riach.

At noon spontaneous combustion caused a costly blaze in Stanley, Mills & Co.'s departmental store, King-street. Before the blaze was extinguished about $4000 damage was done by fire, water and smoke. The firm received a consignment of flannel from Europe yesterday, and while in transit part of this flannel was soaked in oil, and this caused the fire.

Long Races for Boys.

The Eureka Club held two foot races for boys to-day. In the morning a race for boys under 16 was held, the distance being seven miles. George Moore, Hannah-street, won in 36.15; E. A. Hughes, Dundas, was second, and W. Labarre third.

In the afternoon boys under 15 ran over a five-mile course. The result was: Arthur Brooks, 1; Richard Beattie, 2; William Neville, 3. Time 29.10. James Wall was starter and F. C. Mills referee.

Inquest Decided On.

Coroner Phillip and Crown Attorney Crerar have seen fit to order an inquest on the death of Vera Forbes, the little girl who lost her life last evening in running after an ice wagon. The inquest was opened at the General Hospital at noon to-day, and was adjourned till Monday night.

The Band Concert.

The 13th Batt. Band furnished the only entertainment for the citizens this evening, and about 3000 patronized the concert. The band was assisted by Mrs. F. W. Brennen and Mr. W. M. Melody.

ORANGE LADIES' GRAND LODGE.

Eighth Annual Convention, With a Fair Attendance of Delegates and Good Reports.

Hamilton, Ont., May 24.—(Special.)—The eighth annual Grand Lodge of the Ladies' Orange Benevolent Association opened this afternoon in the Orange Hall, East King-street, with a fair attendance of delegates. Miss Mary Cullum of Toronto is the Grand Mistress, and Mrs. Longmoore of Dover Centre, Grand Secretary. The address of the Grand Mistress, who was also Grand Organizer, showed the association was progressing. During the year six new lodges had been instituted and three reinstated. The secretary reported 25 lodges and a membership of over 500.

The various standing committees were appointed, and the Grand Lodge adjourned for them to prepare their reports.

At this evening's session the committees reported. A deputation from the County and District Orange Lodge, headed by J. A. Hutton, County Master, and James F. Harper, District Master, waited on the delegates and presented them with an illuminated address of welcome. The Grand Mistress and others replied. A banquet followed, presided over by the Grand Mistress.

Valuable Medical Library by Auction.

Mr. Charles M. Henderson has been favored with instructions from Mr. A. A. Dickson, executor to the estate of the late Dr. John Wanless, to sell his valuable medical library on Thursday, June 6, commencing at 11 o'clock, at the residence, No. 594 Huron-street. The collection comprises some 1000 volumes, together with about 800 volumes of miscellaneous works. We understand that the medical library is one of the most valuable in Canada. Catalogues will be ready on May 29, and may be had on application from the auctioneers' offices, East King-street.

He Had the Stolen Ring.

Charged with theft, James Gourdier, who lives at Toronto Junction, spent last night at the Court-street station. Gourdier turned up at Wolf Ballotz's second-hand store, 117 York-street, last night, and asked to be shown some rings. While the storekeeper's back was turned, it is stated Gourdier put one of the rings in his pocket and hurriedly left the store. The valuable was missed subsequently, and Ballotz reported his loss to Policemen Snider and Hunt, who made the arrest. The ring was found in the possession of the prisoner.

Fired a Revolver.

George Williams of 318 Spadina-avenue, who celebrated Victoria Day by firing off his revolver near his home, was arrested last night by Policeman Duncan and locked up at the St. Andrew's Market station. He is charged with discharging firearms within the city limits.

Our Work.

We like to think that every bit of dental work we do, in great or small cases, will be a lasting monument to careful skill in operating and a durable cement to the friendship for our methods that the best possible service for the least possible cost creates.

Upon the good record of our work in this respect we can do more than think—we can be sure.

SONNAZARO WINS TORONTO CUP

Continued From Page 1.

Ilma B., was made the favorite at the opening, but Mr. Harry Stover's Kenilworth, injured knee and all as he was supposed to have, had so many friends that before the flag fell the choice between the two was a toss-up. Kenilworth proved himself worthy the confidence placed in him, but Survive was forced to let the ignored Horsa beat him in by a good three lengths. Scorpio ran alongside Kenilworth for half the journey, but then he chucked it up, finishing a rather poor fourth. Present, a 100 to 1 shot, stumbled in one of the false starts and dislodged his jockey.

The Lansdowne Purse.

In the second race, the Lansdowne Purse, for Canadian bred two-year-olds, every one of the 11 on Bryan & Bedingfield's splendidly arranged card, filed an appearance. Mr. Seagram had two in, Dr. Smith one, Mr. Hendrie two, Mr. Joseph Duggan one, Mr. Giddings one, Mr. Clancy one, Mr. Dyment one, Mr. Dave Boyle one and Mr. Herbert Simpson one. Nearly every youngster in the race had some friends, and, as a consequence, "the bookies" must have taken in quite a bit in small sums. And here it might be mentioned that as usual on a holiday the betting was nearly all in small amounts, necessitating as much work on the part of the clerical staffs as if they had been millions. Mr. Seagram's pair, Effrontery an La Montagne, one a daughter and the other an unsexed son of Egmont, were installed favorites at 6 to 5, and proved the customary quality of the stable in such races by running first and second, the gelding being the speedier and "copping the coin," while his stable companion held the others safe. Dr. Smith's compact little filly, by Mr. Seagram's speedy Queen's Plate winner of '97, Ferdinand—who holds the record at 2.13, and is now serving ranch horses at Calgary—Fernie, got off in front, dropped behind and showed how good she was by gallantly responding to Jack Martin's drive and galloping in an easy third. Mr. Giddings' promising Wickham colt, Wire In, closed a big gap towards the end, and with another year over his head looks like doing something. Mr. Duggan's Red Car, with three-eighths in 37 seconds to his credit at work, showed the early speed he had given indications of, but he is too cumbrous to continue it. The Dyment stable's General Euller was a strong tip for the show, the small bettors going down on him in batalions, but he couldn't cross the Tugela and never was better than last, while the Hendrie pair of Derwentwaters, big and likely as they looked, could never get beyond the middle division. Mr. Clancy's Roddy, who had worked well, didn't like the mud, disappointing quite a host of fanciers.

For the Chester Purse.

Half a dozen undertook to race for the Chester Purse at six furlongs. Browndale, a three-year-old, in charge of Mr. W. H. House, was a warmly-played favorite, but the mud was too much for him. He won a good race on a slow track at the Aqueduct, and many people thought he could do the trick again, but Mr. House, who was called up to the stand, explained that until his recent win the horse was maiden, and that he thought he might like the sloppy going, but he had been disappointed. The Clancy cast-off, Pillardist, by Pillardist—Miss Vanderbilt, got away in front, and staying there, cantered in ahead by a dozen lengths. Allen Wilson's long-shot, King Joshua, that everybody thought had as much chance as a tortoise to beat a hare, for he it known the latter does not always go to sleep, finished second a length and a half in front of Beguile, who has no sort of penchant for mud. The others were simply knots in a very poor tail.

Now, we come to the principal item on the bill of fare—the Toronto Cup, which, in the previous eleven years, has been won as follows:

Sannazarro, Advance Guard, Martimas, Ben Mac Dhui, Procession, Benckart and Moor fighting for the honors! But man proposes and God disposes, and the expected greatest race of the meeting virtually dwindled down to a gift for the first-named, who ran in easy striking distance until the question was popped, and then romped past the outsider, Glenwood, winning $1200 with consummate ease, and like the high-class horse, in bad going at least, he undoubtedly is. Glenwood, a son of Sugden's sire, S. A. Leonard, gradually improved his position from flag fall until, on sufferance, he took command. Benckart ran well, but it is doubtful if he has all the ability the rail-birds, who saw him work a few mornings ago, when he covered a mile and a quarter in impressive style, were disposed to credit him with. He was then backed at long odds for the American Derby, but it cannot be said that yesterday he showed that kind of form. Procession was simply not good enough for the task he had in hand, while Mr. Jersey sulked, and Rathlin would have saved $10 for his owner, had he remained off the card.

The winner, Sannazarro, is a very workmanlike-looking three-year-old colt, by imp. Pirate of Penzance (son of Prince Charlie and Plunder, by Buccaneer), out of Roseola, that is likely to be heard of in more ambitious company than he has met in Toronto. Altho seven seconds over the time made by Boanerges at the distance over Woodbine, it was a remarkably fast-run race, taking into consideration the awful condition of the track. The first quarter was run in 25 seconds and the half in 51¼ seconds.

Nine out of sixteen called off in the Woodbine steeplechase, but the remaining seven made a capital race. Angus ran strongly in the lead until the last furlong, when the thirteen-year-old Ell Kindig, choosing high land on the outside, came with a resistless rush, and won rather handily by a couple of lengths. Arezzo, well-played, was third, and that dramatic Jack Carey didn't like the conditions, and Conover may be able to go a bit over hurdles, but is, apparently, of not much account across country. Master Fred probably ran his last race, as he broke down after going but a third of the journey. Mr. Sewell, son of Colonel Sewell of Quebec, was the recipient of many congratulations, and his gallant veteran of a horse, Ell Kindig, was warmly applauded on returning to scale.

Three scratches in the last race left nine to go for the money. J. H. Sloan, a hot tip, and staunchly backed, was second choice to Algie M., about whom there was also an excellent report in circulation. The daughter of Hanover and Johnnetta, however, appeared hardly ripe, and, altho she finished third, never threatened to be first. Sloan came away easily at the end, while Highland Prince, who finished second, ran consistently well all thru. Mr. Willis' Tyrba ran prominently until entering upon the last furlong, when he stopped to nothing, and, after leading for half the mile, pulled up last. Magog gave no sign of the speed that she was credited with last year. The Dyment horses all look as if they wanted feeding up and would be a bit better if so much use was not made of them in their early preparation.

SHE QUIT.

But It Was a Hard Pull.

It is hard to believe that coffee will put a person in such a condition as it did Mrs. E. S. Brown of Apple Creek, O. She tells her own story:

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not, and could not quit drinking it, even if it took my life, but I was a miserable sufferer from heart trouble and nervous prostration for four years. I was scarcely able to be around at all. Had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it. For months I never went to bed expecting to get up in the morning. I felt as though I was liable to die any time during the night.

Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one time it came over me and I asked myself what is the use of being sick all the time and buying medicine, so that I could not indulge myself in coffee?

"So I thought I would see if I could quit drinking coffee, and got same Postum Food Coffee to help me quit. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum, which I like better than I like the old coffee. One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right, and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework and have done a great deal besides.

"My sister-in-law, who visited me this summer, had been an invalid for some time much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in anyone's health. Anyone, by writing me, can receive verification of these statements."

POOR AMERICAN LOCOMOTIVES.

More Expensive to Operate Than Home-Made Machines—Britain Should Not Buy Them.

London, May 24.—Sir Alfred Hickman, Conservative (former president of the British Iron Trade Association), in the House of Commons yesterday, protested against railroads which were governmentally controlled, especially in Burmah and Egypt, continuing the purchase of American locomotives, when the report of the inspector of Burmah railroads, mentioned by Lord Hamilton, the Indian Secretary, in the House on May 7, showed that they required more repairs and more coal than locomotives of British make.

Sir Alfred Hickman also made allegations against the way an American firm is constructing the great viaduct in Burmah. Lord Hamilton, in the House of Commons, May 7, said the Senior Government Inspector of Burmah Railroads, in a report dated Aug. 5, 1900, announced that he had noticed certain defects in the American locomotives, tho the information received did not warrant Lord Hamilton in thinking the American locomotives on Indian railroads had been found generally unsatisfactory.

EMPLOYERS' POSITION.

Machinists Have Been Unfaithful to an Agreement, and Would Continue to be Unfaithful.

New York, May 24.—Representatives of the manufacturers of the metal trades of New Jersey, New England and New York held a conference in this city to-day to consider the best means of stopping the strike of the International Association of Machinists. N. B. Payne of Elmira presided. A delegation of 19 manufacturers from New England was present, as were many manufacturers of New York and New Jersey.

A. B. See, head of the A. B. See Elevator Company of Brooklyn, who was at the meeting, when asked concerning the attitude of the manufacturers, said: "There are 200 men here and they are a unit in their decision to resist the demands of the strikers. The machinists have been unfaithful to an agreement to which we have lived up and they would be unfaithful to any future agreement. A few of the smaller manufacturers are giving up, but as many as
