FIGHTING IN 'DERRY KEPT UP ALL DAY

Orangemen and Nationalists in Succession of Clashes — One Man Killed and Several Others Wounded.

Londonderry, Aug. 14.—The police again today were constantly employed in suppressing street fighting between Nationalists and Orangemen. Numerous charges were made by the police, who used their clubs freely. An elderly man named Armstrong was shot dead during the fighting, which began at a political celebration Tuesday. Mr. Armstrong was looking out of an upper window of his home when he was shot. His brother says he saw four constables pursued by a mob, load their carbines and fire, but the police strenuously deny having done so. The mob was so dense and the confusion so great that it is difficult to tell what happened.

According to many persons, however, the police fired over the heads of the mob, the members of which replied with revolvers. Several persons were removed to hospitals suffering from wounds. Among them was a constable.

Early today the magistrates held a meeting and decided among other precautionary measures, to have all taverns in the district closed at seven o'clock this evening. Late tonight it was decided to requisition troops. Quiet had been restored at midnight.

ANGRY ITALIAN CUTS FOUR MONTREAL MEN

Montreal, Aug. 14—Jimmy Villiarara ran amuck without cause in crowded Clarke street this afternoon and four of his victims, all foreigners, occupy beds in local hospitals. Each was seriously slashed by the enraged Italian, but the wounds are not thought to be fatal. Villiarara was captured after a chase and disarmed of an ugly looking stilletto. He will be charged with attempted murder.

NOVA SCOTIA RIFLE MEET.

Halifax, Aug. 14.—Splendid shooting marked the third day of the Nova Scotia Rifle Association meet. The competition for the Merchants cup occupied nearly all day and was unfinished.

The competitors who passed the first stage will shoot off tomorrow. Capt. Carl Bennett, of the 63rd rifles leads the grand aggregate with a total score of 325. W. H. McPherson won the Ladies' match.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

BLAME PILOT FOR ACCIDENT TO MANITOBA

Quebec Court of Inquiry Suspends President of Pilot's Commission for Six Months for Disregarding Rule.

Quebec, Aug. 14.—The court of inquiry into the grounding of the steamer Lake Manitoba on July 25th last on the Island of Orleans, rendered the following judgment this afternoon, suspending Pilot Adjutor Lachance for the balance of the season.

Lachance is the president of the Corporation of Pilots, and was one of the commissioners appointed to inquire into the state of the pilotage of the St. Lawrence last spring.

"The court, after carefully reviewing the evidence, adduced, unanimously unites in its opinion that the cause of the grounding was entirely due to the negligence of Lachance, the pilot, inasmuch as he totally disregarded the rule of the road in porting for a bright light on his port bow and also in not being aware of the exact position of his vessel with regard to the land. Moreover, circumstances ultimately proved that there was not sufficient room for the execution of this manoeuvre.

"The court is of the opinion that had the pilot, on seeing the bright light, at once stopped the engines and reversed, if necessary, the casualty would have been avoided. The court, therefore, suspends the license of Adjutor Lachance from this date until the completion of the season of navigation of 1913.

"The court exonerates the master and officers in charge from all blame.

"(Signed) H. St. G. Lindsay, Chairman; Francis Nash, John Mitchell, assessors."

TWENTY-THREE HORSES PERISH IN AMHERST FIRE

Amherst, N. S., Aug. 15.—Etters and Lowe's livery stable was burned at 2.30 o'clock this morning. 23 horses perished in the fire. All the carriages and stable equipment were also burned. The origin of the fire is unknown. No estimate of loss can be made yet.

COL. HUGHES PLEASED WITH HAWKINS' WORK

Special to The Standard.

Ottawa, Aug. 14.—Col the Hon. Sam Hughes, Minister of Militia and Defence, has recognized personally the honor which Private Hawkins has brought to the Canadian militia by winning the King's prize at Bisley and sent his own cheque for $50 to Mrs. Hawkins tonight. The King's prize-winner was born in the same county as the minister who is pleased with the work accomplished by Private Hawkins and the honor brought to Durham County, Ontario.

The 70 cents is to cover duty, express, handling and the numerous overhead expenses of getting the package from factory to you.

N. B.—Out of Town Readers will add 10 cents extra for postage and expense of mailing.

PTE. HAWKINS IN MONTREAL

King's Prizeman Home from Bisley Modest Over Achievement—Warmly Greeted at Depot—Tendered Dinner.

Montreal, Aug. 14.—"When I left for England I thought I would be lucky to get in the first hundred. When I found myself in the first hundred I thought I would try and get a little higher." That is Private Hawkins' story of how he won the King's prize.

It was a regrettable feature of Private Hawkins' arrival in Montreal tonight, on his way home from Bisley that no one knew for a certainty when or to what station he would come. One crowd gathered at the Windsor Street station, and another at the Place Viger. It was at the latter place the Bisley hero made his appearance. A number of the members of local militia bodies and the Montreal Rifle Club had been permitted to pass through the gates to the platform, and these thronged at once around a slim figure in khaki uniform, shook hands with him, patted him on the back, photographed him, and jostled one another to get a better view of the straight trim young fellow with the clean cut, bronzed face.

As the party passed through the gates, a cheer went up from the great crowd gathered in the concourse continuing until Private Hawkins had passed through the station to the automobile waiting for him. The welcome, while quite impromptu, was hearty.

At nine o'clock after attending a dinner arranged on the spur of the moment, Private Hawkins was permitted to depart to see his wife, who came from Montreal to meet him.

Private Hawkins intends remaining in Montreal until Saturday morning, when he will leave for Toronto.

SUFFRAGETTE OUTRAGE.

Carnarvon, Wales, Aug. 14.—Suffragettes made an attempt today to burn the Carnarvon county school. The fire was discovered shortly after it was set and the firemen were able to extinguish it before much damage resulted.

SAILOR MEMBER SAYS QUEENSTOWN HARBOR IS PERFECTLY SAFE

Representative for Limerick Stake Reputation on It — Business Men Protest Against Slighting Port.

London, Aug. 14.—After listening to vigorous speeches by Irish members in the House of Commons today concerning the abandonment of Queenstown as a calling port for the big Cunard line mail steamers, in which he was told that without first getting the sanction of parliament, which ratified the Cunard contract, he had no right to assent to the company breaking its terms, Postmaster General Samuel said he had given "no formal assent" to the Cunard line's proposal to omit calling at Queenstown.

Mr. Samuel answered that, as presently advised, he did not intend to grant the steamship company's request.

Michael Joyce, member for Limerick, who is an old time pilot, denied that Queenstown harbor was unsafe for large vessels. He said he would stake his reputation as a sailor on the statement that Queenstown harbor was safer and easier to approach than Liverpool.

Before the meeting of parliament today a delegation representative of all the business interests in Cork and Queenstown protested to Mr. Samuel against permitting the steamship company to abandon touching at Queenstown. The company, in its plea to be permitted to abandon Queenstown, says it is dangerous for such vessels as the Mauretania and Lusitania to enter that harbor.

SURPRISE AT NOVA SCOTIA TENNIS TOURNAMENT.

Halifax, Aug. 14.—The surprise of the Provincial Tennis Tournament was sprung today when Dr. Garfield MacDonald, of New Glasgow, generally regarded as the probable victor in the men's singles, was put out by Robie Tufts, of Wolfville in three hard sets. The events are now pretty well played through. The semi-finals and finals will be played tomorrow, and the challenge rounds on Saturday.

ISAACS WILL FACE A TRIAL IN THIS CITY

Superior Court Judge in Boston will Allow Him to be Brought Here—Expected in Three Weeks Time.

Special to The Standard.

Boston, Aug. 14.—Superior Court Judge Pratt today agreed to place the case against Richard Isaacs, of St. John on file and allow the prisoner to be tried in Canada. Isaacs was apprehended in New York City May 3, and was brought to Boston to answer charges of forgery, uttering, and theft from Wilfred St. Coeur, Edward St. Coeur and James Ewing. He pleaded not guilty at the time and was held in $5,000.

Judge Pratt regarded the alleged offences in Alberta as more serious than those charged here. Assistant Solicitor-General Fenwick, of Alberta, is in charge of the case. Isaacs is also wanted in St. John. Isaacs is now in custody of the federal authorities without bail.

United States Commissioner Hayes will probably pass on the question of extradition tomorrow, and will likely grant it. After the necessary legal formalities at Washington, the prisoner will probably be taken to St. John for trial in about three weeks.

EXPLOSIONS CRACKED WALLS OF BUILDINGS

Dynamite Used for Excavating at Entrance to Panama Has Injured Many of the Houses in Vicinity.

Colon, Panama, August 14.—The terrific dynamite explosions brought about by the excavation of the entrance to the canal at Cristobal have occasioned serious cracks to appear in the walls of some of the public buildings there, and in one of the finest edifices of the city. The attention of Colonel Goethals was called to the matter and the excavators have since been ordered to reduce the charges in their blasting operations, while the employes have been told to leave the buildings during the hours when operations are in progress.

DANISN EXPLORERS MET HARDSHIP IN GREENLAND

Continued From Page One.

ponies the expedition would have been in a worse plight.

Unfortunately for the explorers, it was found necessary to kill another pony on July 11, this year, because the fodder had given out. Next day the last pony was killed, much to the distress of the members of the expedition, as a few miles further on splendid pasturage was found.

The rations of Captain Koch and his companions had been meanwhile gradually reduced and on July 13 their provisions were finished.

A howling blizzard came on top of this misfortune and for thirty-five hours the four men were compelled to take shelter under a projecting rock, where they remained without a morsel of food.

On July 15 they tried to push on to the coast, which was now visible, but they were so exhausted with hunger, cold and wet that they were scarcely able to move. Their only chance for life was to kill the pet dog, which had tramped with them for about 800 miles. This was done and its flesh was cooked and eaten. The meat was hardly finished when the explorers sighted a sailing boat in a Fjord to the east of Proeven on the west coast of Greenland.

By means of shots and signals the explorers succeeded in attracting the attention of those on board the vessel and pastor Chemnitz, who was on the ship, soon, with the assistance of the crew, had the famished and worn-out explorers in safety.

MORE HONORS FOR ST. JOHN RIFLEMEN

Invest in a Guaranteed Company and Protect Yourself

TAYLOR'S SILVER BLACK FOX COMPANY, LIMITED
MONTAGUE, P. E. I.

The future of the Silver Black Fox Industry is thus described by Wesley P. Frost, U. S. Consul, Charlottetown, P. E. I.:

A LASTING INDUSTRY

"Confidence in the permanence of the market for the furs is based primarily on the fact that Black Fox Fur has from time immemorial been affected by the royal families of Europe and by persons of highest wealth and fashion. It is pointed out that the acceptance of this fur as the choicest and most valuable is time honored and not a vogue, and that its worth is almost as fully standardized as that of the diamond amongst precious stones."

Such is the mature decision of a disinterested observer. Granted this permanent industry and a steady demand with prices well maintained the Taylor's Silver Black Fox Company can confidently look forward to paying high profits to its shareholders.

THE DIFFERENCE BETWEEN

The Taylor's Silver Black Fox Company and other Companies is that with this Company goes a guarantee that at the present market price for buying young foxes the shareholder is ensured a dividend of well over 40 p. c. at the least. The guarantee of an increase of not less than ten young foxes to be raised to September, 1914, means that whatever happens the shareholder is amply protected and that he will receive at least well over 40 p. c. But in the ordinary case the litters of seven pairs of foxes will number 18 to 21 at a moderate estimate; the shareholder in the Taylor's Company will then receive a profit that cannot be less than 40 to 45 p. c. and more probably will be between 60 p.c. and 80 p.c.

IF

The foxes of a Company without a guarantee have no pups the shareholders receive NO DIVIDEND, but whatever happens the shareholders of the Taylor's Company are ensured a profit of WELL OVER 40 p. c.

REMEMBER

The Taylor's Company has seven pairs of foxes of the best blood on the Island, several of the famous Dalton and Tuplin strains. The Manager, R. A. Taylor, is an experienced and successful fox breeder, and Manager of the Smith Company, which has declared a dividend of 40 p. c.; the officials are all men of standing and well known; the ranch is one of the best on the Island, and the Company is backed by a GUARANTEE that amply protects the shareholder.

AS BREEDERS

The foxes will make a good showing. Two of the foxes are tested breeders; the balance are of excellent breeding stock, and will, according to the average, throw about three pups to a pair. This at current market prices means a profit in the neighborhood of 80 p. c.
