DOEBORNE.

PROLIFIC.—We were shown 30 stalks of common black oats, grown from one grain on the farm of Peter Green, Boundary line. The stalks are about five feet high with heads fifteen inches which is a fair average of the whole field.

CLINTON.

Messrs. Glasgow, [illegible] & Co., of Clinton, shipped [illegible] celebrated threshing machines [illegible].

Last week Mr. O. [illegible] showed us an onion measuring [illegible] inches in circumference; and weighing fourteen ounces.

A few days since Mr. R. Rye threshed fall wheat for Mr. Jos. Allanson, with a machine, at the rate of a bushel per minute for three consecutive hours.

On Sunday evening last, a threshing machine was driven, along a certain concession of Hullett, by a thresher who had either forgotten the day, or else had little respect for it. The rattling of the carriers rather disturbed the customary quiet of the evening.—*New Era.*

SEAFORTH.

Mr. Harry Rains, a farmer in the neighborhood of Bluevale, has sold his farm to Mr. John Robertson, of Wingham, for $4,200.

Mr. Robert Anderson, of Stanley, left with us, a few days ago, a stalk of corn which was grown on his farm, near Varna, which measures 12 feet 6 inches. It was so long he had to double it up to get room for it in our sanctum. [We can beat that by 8 inches, grown in our own garden.—ED. SIG.]

We regret to learn that Rev. Mr. Craig, who has held the incumbency of St. Thomas church, in this town, for the past two years, is about to be transfered to Montreal, where he takes charge of an old wealthy congregation. During his short stay here Mr. Craig has made himself many warm friends, who will regret his departure from town, and who will join us in wishing him much success in his new and enlarged sphere of labor. Mr. Craig leaves Seaforth early next month.

A grand lacrosse carnival and open air fete, between the Hurons and White Eagles, of Seaforth, will be held in the Agricultural Grounds, on the evening of Tuesday, Aug. 21st. Both teams will be dressed in the most eccentric carnival costumes, such as clown, Indian, Shakesperian and other characters. The grounds will be brilliantly illuminated with calcium lights, magnesium balloons, colored fires, etc. The band will also be in attendance.—*New Era.*

GODERICH TOWNSHIP.

REAPING MATCH.—A reaping match took place on Friday last on the farm of Mr. Henry Heath. There were four competitors, and after a lively hour's reaping the results were made known as follows:—In the combined class the I. X. L. swept everything, carrying off the prize with ease. In the single class the competition was keen and the work well done, the judges stating that they had never seen better work done in Ontario. The I. X. L. was again awarded a first prize for superiority as a clean, even cutter, and for its simplicity in construction. Sawyer's Canadian Harvester was awarded the 2d prize, and Sawyer's Bradley Harvester the 3rd prize. The I. X. L. is manufactured by Messrs. Crawford & Co., of London. Mr. N. E. Simmons is general agent for this district, and Mr. Charles Naftal local agent.

COUNCIL MEETING.—The Council met at Holmesville, August 6th, 1877, pursant to adjournment—members all present. Minutes of last meeting read and passed. Letter from County Clerk read stating that $3779.38 will be required for County purposes. The County and Township rates were then struck.—Moved, seconded and carried, that a rate of 2½ mills on the dollar be levied for County purposes, and that 2 mills on the dollar be levied for Township purposes, and the general and special rates required by trustees for school purposes, and redemption of school debentures, be levied on all the real, rateable and personal property in the Township. Application of trustees of No. 5 school, asking for the issue of debentures for the sum of twelve hundred dollars, to cover the expenses of erecting a new school house, was granted.—Clerk was instructed to prepare a by-law in accordance therewith for next sitting of Council, $530 of said debentures to be levied in the present year, and $700 in the year following. The following accounts were paid, viz: Mrs. Lapier, gravel, $4.85; J. McIlwain for two new culverts and repairing two do., $13.50; W. Herbison turnpiking and new culvert on 11 and 12 con., $7; Lawson Moore cutting hill on base line, $23; S. Phipps turnpiking on S. R. near 7 con., $8; Jas. Touchborne finishing hill on 6 con., $7.46; W. E. Whitely two culverts S. R., 6 con., $5.70; J. Wheatly assisting surveyor, 68 cents; J. Steep two culverts 9th con., $13.50; J. Beacom and others assisting surveyor, $3.25; Ross Simmons, indigent, $10; with several smaller sums. The Council adjourned to meet again on the first Monday in September.

JAS. PATTON, Clerk.

Special meeting of the Dominion Alliance and the Ontario Prohibitory League will be held in Toronto, on Tuesday, Sept. 18th, 1877, at 10 o'clock. These meetings have been called with a view to bringing about a union between the Alliance and the League and perfecting prohibitory organization for the Dominion. Arrangements will be made with the various railway companies to convey persons to Toronto at reduced rates. For further particulars apply at once to Rev. Thomas Galus, Stanhope, Quebec.

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous maladies that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their action they gripe much less than common purgatives, and never sicken when the bowels are not inflamed, or when the vital fountains of the blood, by freeing it from elements of weakness, [illegible] to all ages and conditions in [illegible] containing neither calomel [illegible] done, these Pills may be safely [illegible]. THE DAY

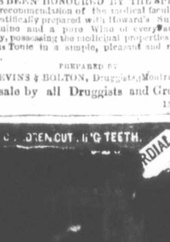
TO THE

LIGHT-RUNNING

ROYAL



If a good machine you want to buy
I'll tell you where to call,
The best are sold by Fishers
So say the people all.
And they are always willing
To give every one a trial,
They sell the championsewing machine
It is the Family Royal.
If you ain't got the money
You need not fear,
If you cannot pay the cash
They'll trust you for a year.
And when the year is ended
And the money is come due
You never need to be afraid
That they will trouble you.
There are other agents
That sell the Wanzer and the Howe,
But they will never trade
On a horse or yet a cow.
But Fishers, they are willing
That the Farmer too should live
And they will take in change
Whatever they will give.
So if you want to deal with them
You need not be afraid,
For they are always willing
And open for a trade.
The blacksmiths, they have dealt with them
And now their women smile
To think their men were sensible
And bought for them the Royal.
The butchers too, who live in town
Whose women used to scold,
Have bought from them the Royal
That's worth its weight in gold.
Their women now are singing
And on their face a smile
They say that sewing is but play
Since they have got the Royal.
The bakers too have purchased one
But not to mix their dough,
They say it is the best machine
That ever was to sew.
Mr. Harney has been in town
He knows that this is true,
So if you want to deal with you.
We would like to deal with you.
