PLAN IMPROVEMENTS FOR COUNTY ROADS

Engineer's Report Covers Extensive Work For Year—Warm Time At Session.

The county council worked overtime Thursday afternoon, trying to make up for the time lost in electing a warden on Tuesday. The appointing of the House of Refuge committee started the only display of fireworks of an otherwise peaceful session. The first sky rocket went up, when L. L. McTaggart moved that J. H. Hodgin's name be struck off that committee, and the name of C. Henry replace it.

"That wouldn't have been moved, if I hadn't cast the deciding vote for Mr. Morgan," said Mr. Hodgins glancing fiercely at Messrs. McTaggart and Stuart, who was defeated for warden by Mr. Hodgin's deciding vote on Wednesday.

"That is most unfair," declared Mr. Stuart, rising from his seat. "The casting of the deciding vote, has not had the slightest effect on me, and I haven't the slightest ill-feeling in the matter. I knew that Mr. Hodgins wouldn't do anything else than he did. I didn't expect it. I have let matters drop as I said I would, but I say that it is unfair that the townships around the House of Refuge, should have no representatives on the House of Refuge committee."

It was finally decided to retain Mr. Hodgins on the committee.

Tenders Resignation.

The resignation of Thomas Turnbull, from the hospital boards of Victoria and Strathroy hospitals, was regretfully accepted. Mr. Turnbull, at the solicitation of a number of Lobo taxapayers decided to run for reeve of the township, and was elected. In tendering his resignation, Mr. Turnbull declared that he felt that he could not attend to both duties as they should be attended to, and accordingly had decided to resign. Frank Boyes stated that the council would be sorry to lose such an efficient man from the hospital board, as did also James Hodgins and many others. A standing vote of thanks was paid to Mr. Turnbull. J. W. Laidlaw, Westminster, was elected to succeed Mr. Turnbull by a vote of 14 to 11 over King Hodgins, Biddulph.

The ire of the reeve of London Township, was raised once more when a change was proposed in the make-up of the petitioning comulitee.

"Oh, just leave the matter to Mr. Hodgins," said Mr. Blaikie, of Westminster. "He seems to have everything fixed up to suit himself. It will save time." Mr. Hodgins indignantly denied this assertion amid laughter.

The Committees.

But few changes were made in the recommendations of the striking committee, regarding the make up of the various committees for the year, which are composed of as follows:

Finance Committee—R. T. Reycraft, J. A. Stuart, J. A. McIntyre, J. L. Robson, J. A. McLachlan, T. G. Turnbull, Frank Boyes, J. Currie.

Jail Committee—F. Barrett, J. H. Mair, D. Gordon, T. Clark, J. Harrison, D. B. McVicar, J. J. Poore, C. Henry and J. Petch.

House of Refuge Committee — S. Oakes, D. A. McIntyre, R. T. Reycraft, J. H. Hodgins, and the warden, all North Middlesex councillors.

Agricultural Committee—T. Clark, A. J. Blackie, R. Fitzgerald, L. L. McTaggart, R. J. Fetch, D. Smith and W. Robinson.

Educational Committee.—W. Robinson, J. Currie, W. Hill, J. Harrison, J. A. McIntyre, C. Rush, and D. Smith.

Printing Committee. — R. J. Petch, C. Henry, R. Fitzgerald, D. Gordon, D. A. Graham, S. Oakes and J. H. Mair.

Petition Committee—T. G. Turnbull, C. Henry, D. A. Graham, A. J. Blaikie, D. D. Graham, F. Barrett.

The board of road directors consists of all the reeves of the different townships of the county.

After some discusston it was decided to retain Dr. A. D. Thompson as physician for the House of Refuge and Mr. McGugan as inspector.

New Officers.

The following new officers were appointed: R. J. McMillin, keeper; Mrs. R. J. McMillin, matron and Miss Hattie McMillin, assistant matron and W. F. Armstrong, night watchman. The House of Refuge committee recommended that the keeper look into the matter of dispensing with a night watchman.

Engineer's Report.

County Engineer Talbot's report was received and referred to the board of road directors. Mr. Talbot asked for the same grant as last year, stating that it could be judiciously spent in the following way in the different townships:

Mosa—Eastern part of Glencoe road, drained and gravelled.

Metcalfe—Continue construction of stone road toward Strathroy, on line between Caradoc and Metcalfe, and improve a portion of the old town line in Metcalfe.

Adelaide—Gravel a portion of Adelaide road north from the stone laid in 1913.

Caradoc—Drain that portion of Mount Brydges road, south of the C.P.R. Repair north end and gravel No. 12 sideroad from the gravel laid in 1914 to C.P.R. tracks. Improve the town line between Caradoc and Ekfrid, south from the gravel laid in 1914.

Ekfrid—Gravel north on No. 12 sideroad, rebuild culvert on Glencoe-Appin concession, and continue stone road south, from stone laid in 1914.

Delaware—Rebuild bridge on No. 18 sideroad and gravel western portion of No 18 sideroad.

Westminster—Improve commissioners road, east, from work done in 1912. Gravel Talbot road south from Lambeth and drain where required. Gravel Wellington road north from concession 5, or south from gravel laid in 1914. Gravel on townlin between Dorchester and Westminster.

Nissouri—Complete grading, draining and gravelling the Thorndale sideroad.

London—Gravel Proof Line road north from gravel laid in 1914. Rebuild bridge south of Birr. Gravel 8 and 9 road, north from work done in 1914. Gravel concession 5, west from Hyde Park sideroad, and complete part of county road between Lobo and London.

Biddulph—Gravel portion of centre sideroad, and complete Granton concession, north. Rebuild bridge on Sauble Line.

McGillivray—Drain stone road where required and repair county roads where required.

West Williams—Improve south end of county roads.

East Williams—Bridge over Aux Sauble River, while in a fair condition, is not safe for traction engines.

Lobo—Complete Sarnia gravel road, and a portion of Nairn road, north from gravel road in 1914.

On motion of J. A. McLachlan and D. D. Graham, John Thompson was appointed a trustee of Glencoe high school for three years.

John Belton was appointed trustee of Wardsville high school and W. D. Ferguson re-appointed trustee of Lucan high school for three years.

W. G. Robinson, principal of Melbourne continuation school was appointed to the board of examiners of the high school district of which his county centre is attached.

W. D. Stanley and A. L. Leitch were appointed auditors for 1915.

Eight Deaths in Year.

The annual report of Dr. A. S. Thompson, physician of the House of Refuge, was received and adopted. The report stated that the health of the inmates was fairly good. Dr. Thompson suggested that one of the unoccupied rooms be turned into a smoking and reading room. There were eight deaths during the year.

The council will meet at 2 o'clock this afternoon.

CHIEF'S SUGGESTION WILL BE ACTED ON SOON

Head of Fire Department Wants More Men, Especially For No. 2 Station.

A number of very important recommendations made by Fire Chief Aitken in his annual report presented to No. 3 committee, will be considered by the council shortly.

Among other things the chief wants more men, especially for No. 2 station in East London. He states that owing to the rapid growth of the east side and also the great amount of building in the annexed district, more apparatus should be secured for No. 2 hall, and also more men. The matter of installing additional fire alarm boxes in the new territory is also recommended. The chief also suggests that No. 2 service truck, with three horses, be placed in the East End hall, and that an additional horse be secured for stations 4 and 5 in order that better time may be made.

Another important matter which he urges strongly is that the council take immediate steps to have all electric wires, especially in the down town district, placed underground. Under present conditions the firemen are greatly hampered in their work, and during the past year several had narrow escapes from being electrocuted.

Chief Aitken also thinks that he should have a larger auto as his present is far too light. A heavier car could be used to carry more men and would be invaluable for training some of the men in how to run motor apparatus.

The purchase of a tractor for the ladder truck at the central station is also recommended.

During the year he states that the conduct of the men has been most excellent in every respect.

The total insurance loss last year was $200,457.85, the loss of buildings being $104,792.00, and on contents $95,665.25. The total insurance on buildings was $1,052,641.53, on buildings being $471,275 and on contents, $581,366.53.

There were 264 alarms altogether, of which 191 were phone calls. The principal fires were Dominion Savings building, C. N. W. Shoe Factory, G. T. R. freight sheds, Dominion Abattoir, Rice Cigar Box Factory and the Queen's Park grandstands.

GRAND TRUNK RAILWAY.

On account of the Mendlesshon Choir Concert the Grand Trunk will issue round trip tickets from London to Toronto at $2.95, good going on the "Ontario Limited," leaving London 9 a.m., February 1, and returning any train not later than February 2. This will give patrons of the concert a chance to hear same on Tuesday and leave Toronto after the concert at 11:45 p.m. Tickets and full particulars at "Clock Corner," R. E. Ruse, C. P. & T. A.

KNOWN IN HALIFAX.

HALIFAX, N.S., Jan. 28.—Engineer Captain Taylor whose loss Admiral Beatty deplores in his official report of the North Sea fight, was for five years stationed in Halifax. He came to Halifax as a lieutenant in H. M. Torpedo Boat Destroyer Quail in 1899, and later was appointed chief engineer of the Halifax dockyard.

LAMBETH GETS FLOUR FROM FORT WILLIAM

First Car Lot To Come Direct Delivered Yesterday By Traction Company.

The first car of flour to arrive in Lambeth from Fort William reached its destination yesterday, when it was placed on the siding of the town by the London and Lake Erie Railway Transportation Company.

For some time Manager Warburton has been figuring out a way to bring flour to Lambeth from Fort William by the car lot, and the idea had proved a success after the car was shipped from the Fort to St. Thomas via Canadian Pacific. At the Railway City the car was switched over to the electric line and then it was brought to its destination.

WILL DEPUTIZE OTTAWA FOR GRAND STAND GRANT

Ald. Haney, Mayor and Controller to Make Request.

C. H. Merryfield urged, in committee No. 1 last night, that a deputation go to Ottawa to get a grant from the Government to aid in rebuilding the Fair Grounds grandstand, and it was decided to send Ald. Haney, Mayor Stevenson and a controller.

The matter of calling a meeting of the council to confer with No. 1 committee regarding subways, grade separation and railway crossings, was left to Chairman Tancock to arrange a date.

We wish to state in justice to the manufacturing jewelers of London, that the wedding ring, over the quality of which we had our recent trial in court, was not manufactured by any of the present manufacturing jewelers of London. The firm who made the ring are now out of business.

Jeweler, London.

"GET TOGETHER" DINNER

City Council, Board of Trade and Industrial Bureau Members Gather.

The "get-together" dinner and meeting of the City Council, Board of Trade and Industrial Bureau this evening promises to be a civic event of some importance. Nearly all the members of the City Council, including Mayor Stevenson, will be present and many of the members of the Board of Trade have applied to the secretary for admission tickets. All representatives appointed to the Industrial Bureau in the early part of the last year have also been invited.

Colonel Gartshore will preside at the dinner and meeting as president of the Industrial Bureau. Stereopticon slides will be used to illustrate the work accomplished under the arrangement, which exists between the City Council and the Board of Trade for promotional efforts for the city's advancement.

The fine photographic enlargements of the city's streets, parks, residences, utilities and manufactories will be shown on the walls of the dining room.

E. C. Mitchell will preside at the meeting of the Board of Trade, which takes immediately after the "get-together" meeting at about 8 o'clock, the usual hour of meeting. The secretary of the Board of Trade has still a few tickets for the dinner and advises early application for them as arrangements must be made in advance.

HELP BELGIAN BABES

The food supply committee of the Local Council of Women is now turning attention to the helping of Belgian babies, and for this reason funds are being raised to forward a car of condensed milk, soda and arrow-root biscuits, to be exclusively "Babies' Own." A case of the milk, which is given for the cost price of manufacture, $5, contains 48 cans, and, it is said, each can will save a baby's life. In order to give the children of London an opportunity of helping to save little brothers and sisters of Belgium by means of "Made in Canada" condensed milk, the committee will gladly accept donations from five cents up. These may be sent in to Mrs. H. A. Boomer, 513 Dundas street.

Will Ask $7,000 to Establish New City Stockyards

Special Committee Makes Strong Recommendation to Council.

The special committee appointed to investigate the stock yards proposition for London last night decided unanimously to recommend to the council that that sum of $7,000 be placed in the city of London bill for the establishment here of the necessary buildings and the purchase of a site.

This step was taken after the committee had heard the matter thoroughly gone into by such expert cattle men as D. Smith, of Exeter, president of the Dominion Shorthorn Breeders' Association; D. D. Graham, of Glencoe, ex-warden of the county; Col. McEwen, of Byron; J. L. Robson, of London Township; Captain T. E. Robson, D. Flannigan and others. The motion then presented by Ald. C. H. Merryfield carried.

Strongly In Favor.

Mr. Graham spoke very strongly in favor of the project, declaring that it would bring buyers to London from all parts of the district, would lower the price of meat for London citizens and establish an industry that would grow to something really worth while in a few years.

It would lead later, he thought' to the holding in London of important sales and shows and bring leading buyers and cattle men here from all over the country and from the States.

"London," he said, "is situated in the heart of the finest farming territory in Canada. It is here that the cattle grow and if we sell them here we can save the freight both ways to Toronto and the commission. It costs me $28 for freight and $12 for commission for every car of cattle I bring to Glencoe from Toronto and the cattle originally came right from this district.

Col. McEwen's View.

Col. McEwen said that as a breeder of stock he would like greatly to see a stock market located in London. Breeders in Toronto had the advantage of men from this section by having greater facilities for marketing and for keeping in touch with the trade. People in this district, he pointed out, are able to pay a good price for good animals, and this is a vital consideration to the stock breeder.

"The establishment of a stock yard here," he said, "would bring other industries. Fertilizer, for instance, is sent to this district from the Toronto yards in carloads. This is simply one small item."

The stock breeders he was confident would lend every assistance in starting the yards and in developing it after it was started.

Mr. D. Smith said he would like to see the project go through. It would help a lot if there were more abattoirs here. If the yards were a success other abattoirs would come and also cattle buyers.

Outside Buyers.

Chairman Haney said that packing plants in St. Thomas, Ingersoll, Stratford and Hamilton would buy from London.

James Robson, of London Township, said that every carload of cattle he sends to Toronto from here costs him $70. These animals are killed in Toronto and then sent back to London.

"London people are paying an extra $5 for every animal they consume," he said. "If yards are established here the farmers who now sell to commission men will drive their animals into London and sell them direct. They will get better prices and the people of London will be able to get cheaper beef.

Mr. Robson urged the importance of the council having the controlling shares of stock in the project and keeping it, and cited what had happened in Toronto in regard to the Swifts, who forced stockholders in one company to sell for 80 cents.

He thought the yards would develop rapidly and be of prime importance to London.

"If London does not secure a stock yards," he said, "it will in a short time be more than ever at the mercy of the beef trust of Canada."

Butchers Favorable.

Mr. Flannigan said that the local butchers had signed the petition to purchase from the London yards if it is established. At least 250 cattle could be handled per week to start with, and the business would grow rapidly.

Mr. Gammage said that from information he had, Stratford and Ingersoll would not be favorable to the project.

Col. McEwen pointed out it was perhaps not to be expected that these firms would, but he was sure that all buyers would come to the best market and London, from its location, should be one of the best in the Dominion.

ADULTS MAY PAY

Charge All But Children 10 Cents to Skate on Park Rink.

A city official stated to The Advertiser yesterday that in view of the fact that many adults are patronizing the skating rink in the park intended for the use of children, all grownups be charged 10 cents and the amount secured turned over for patriotic purposes. The owners of the various city skating rinks have repeatedly contended that, as taxpayers, it is an injustice to them to allow people the free use of rinks. They would not so much mind children being allowed to skate free on rinks, such as the one in the park, but when so many adults go it interferes with the business of the skating rink men. The matter may come up in the council shortly.

HUSBAND DEAD; WIFE DYING.

KINGSTON, Jan. 28.—Bert Quinn, aged 30 years, a farmer of Pittsburg Township, died this morning of injuries in a sleighing accident. His wife has been a patient in Hôtel Dieu for two weeks and is not likely to recover. The couple were married a year ago.

PANAMA OPENING IN JULY.

WASHINGTON, Jan. 28.—Formal opening ceremonies at the Panama Canal probably will be postponed from March to July, and President Wilson will go to San Francisco by rail in March and to Panama later when the naval review will be held.

COMMITTEES CHOSEN

Striking Committee Recommends Members to County Council.

The committee appointed to strike the county council committees for the year met this morning, the results of which are to be seen below. The committees will not stand as they are, however, as there will be some strenuous opposition to the makeup of several of the committees, especially the finance and House of Refuge committees.

Following are the recommendations of the striking committee, headed by James Hodgins, reeve of London Township:

ORNAMENTAL LIGHTS

Plan to Have Them Placed on Streets Petitioning for Them.

No. 3 committee will at once get estimates on the cost of ornamental lighting systems for a number of the streets, and, if the figures are at all satisfactory, it is planned to have the citizens on any streets wanting ornamental lights, petition for them.

Ornamental systems for King street, Carling street, and some of the streets in the northern and southern parts of the city may be installed.

JUSTICE WM. BARETT DIES AT WALKERTON

Had Been Senior Judge of Bruce County Since 1893.

[Special to The Advertiser.]

WALKERTON, Jan. 28. — William Barett, senior judge of Bruce county, died this afternoon in the Bruce county hospital at 73 years of age. He has been ailing for some months and in the fall spent several weeks at the Battle Creek sanatorium. About a week ago he underwent a serious operation, but had not the vitality to pull through.

He was appointed junior judge in 1885, and on the superannuation of the late Judge Kingsmill, in 1893, was made senior judge of Bruce. Before his appointment to the bench, he was the senior of the law firm of Barett and Klein. While earlier in life he practised law in Durham, beginning his practice in Owen Sound.

He leaves, besides his wife, three sons and a daughter. Walter, of Minneapolis; Ethelbert, of Flint, Mich.; Dr. Barett, of Galt, and Mrs. Bate Brampton. He was a member of the English Church, and, before his appointment, an active Conservative.

RISKS ICE FROM PELEE TO SHIP LOAD OF HOGS

J. R. Beattie First to Venture From Southern Isle With Heavy Load.

PELEE ISLAND, Jan. 27.—The spacious rooms of the club house were thrown open to a large number of friends and neighbors who gathered there Tuesday evening to play cards and have a good time generally. The usual midnight lunch was enjoyed and many sleigloads of people returned home in the wee sma' hours.

J. R. Beattie took a load of hogs to the mainland Tuesday, being the first to venture on the ice with a team and heavy load. The heavy fall of snow makes crossing extremely heavy and prevents the ice from becoming more firmly cemented.

Mr. and Mrs. Fred Beacom are spending a few days with relatives on the mainland.

BLYTHE AGRICULTURISTS HOLD ANNUAL MEETING

Wm. Pollock Elected President—Supplies for Red Cross.

[Special to The Advertiser.]

BLYTH, Jan. 28. — The annual meeting of Blyth Agricultural Society was held today, with a good attendance of members. Wm. Pollock presided. The financial statement showed a small balance.

The election of officers resulted as follows: President, Wm. Pollock; vice-presidents, Duncan Laidlaw and W. Grey; directors, R. R. Swan, David Laidlaw, D. Stalker, W. M. Scott, D. McCallum, R. T. McGowan, John Parrott, T. McMichael; secretary, William Jackson.

The Red Cross Circle sent the following supplies to headquarters this week: Six pairs of wristlets, two pairs of mitts, 4 helmets, 19 mufflers, 80 pairs of socks, 42 flannel shirts, 2 pillows and 2 hospital pads.

The new officers of the A. Y. P. A. are: President, Dr. McTaggart; vice-president, C. Robinson; secretary, Miss H. Spafford; treasurer, Miss E. Metcalf. The next meeting will be held at G. C. McTaggart's on Feb. 9.

WHEATLEY FORESTERS DINE.

WHEATLEY, Jan. 28.—The Foresters held their annual banquet in their lodge rooms last night. A big crowd attended.
