PASSED AWAY

Sudden Demise of Rev. Dr. Cochrane Clerk of the Presbyterian Synod of Hamilton and London.

Rev. Dr. Cochrane, pastor of Zion Presbyterian Church, Brantford, and well-known throughout Canada in connection with the Presbyterian Church, died suddenly at 10 o'clock last night at Brantford, of angina pectoris. He was taken ill on Saturday, and was unable to fill his pulpit Sunday, but no serious results were anticipated. He was apparently as well as usual last evening, having distated and disposed of considerable correspondence during the day, but at 10 o'clock he suddenly passed away without warning.

Dr. Cochrane was well-known throughout Canada for his zeal and energy, and was a leading spirit in the denomination to which he belonged. He was born in Paisley, Scotland, Feb. 9, 1831, and was educated in Glasgow University and Hanover College, India, where he graduated with the highest honors. He was ordained in Jersey City in 1859. In 1862 he accepted a call to Zion Church, Brantford, where he had labored ever since. For 25 years he had been clerk of the Synod of Hamilton and London, and for about the same period convener of the home mission committee of the church.

A Popular Teacher Speaks About Paine's Celery Compound.

The Great Life Saver Cures Even at the Eleventh Hour.

Mr. Belyea's Letter Should Be Read by All Sufferers.

Gentlemen—In the winter of 1884 I was taken with a severe attack of neuralgia in the head and shoulders. Since then I became seated, and I gave up the idea of ever being cured. Have taken medicine prescribed by different physicians, but all to no avail.

Some three months ago I was induced to try a bottle of Paine's Celery Compound. Before I had taken half of it I began to feel better. Sleep, which in my early days appeared so refreshing, has in these years of affliction been made up of frightful dreams; but not so now, as the medicine began to have a telling effect on my nerves.

I have taken three bottles of this glorious medicine, and today I can say that it is the first time in eleven years that I have felt none of those piercing pains to which I had once been a victim. Let me say to any person who may read this testimonial, in this province or elsewhere, that if you discredit this statement, just write me and I will only be too glad to inform you of what has cured me of neuralgia and a shattered nervous system.

Yours respectfully,
LEVERETT A. BELYEA,

MOTHERLESS AND FATHERLESS

Good Work Accomplished by the Protestant Orphans' Home.

Annual Meeting of the Managers—Officers Elected—Twenty-Five Unfortunates Placed in Homes—Financial Statement.

The board of management of the Protestant Orphans' Home held their 24th annual meeting yesterday afternoon in the Woman's Art Club rooms, over the Free Library. The reports of the various officers showed the work done among the unfortunate children was very gratifying, many having been placed in comfortable foster-homes. The finances were also in good shape.

Mrs. Morphy, president, occupied the chair, and among otherts present were Rev. Ira Smith, Mr. Andrew Thomson, Mr. Wm. Bowman, Dr. J. S. Niven, Mrs. Shuttleworth (secretary), Mrs. Gregsten (treasurer), and many other ladies who take an interest in the work.

The president, Mrs. Morphy, in her report, said that it gave her much pleasure to take part in the work of placing these unfortunate children in good homes, where they would be cared for and educated. Little girls were always in demand, and it was a constant regret that she could not fill the applications for them. Several bright boys, ranging from 2½ to 6 years, were in the home awaiting adoption. The speaker then expressed her thanks to all who had assisted in any way during the year.

Mrs. Morphy has filled the position of president for nine years, and has always been an efficient and earnest worker. The lady was accorded a standing vote of thanks.

Mrs. Shuttleworth's report as secretary furnished information regarding the admissions, etc., during the year. On Oct. 1, 1897, there remained in the home 21 boys and 5 girls, and in the twelve months 28 boys and 18 girls were admitted, making a total of 49 boys and 23 girls cared for. Thirty-three boys and fourteen girls were in the home on Sept. 30. Sixteen city and fourteen county children were sheltered for the Children's Aid Society in the year, seven of them still being occupants of the home. Twenty-five children were placed in foster-homes during the year. All of the children were in good health.

Mrs. Gregsten's report of the finances showed the year's receipts to have amounted to $3,518 88. Of this $243 70 was granted by the government, and $425 by the council, while the keep of the aid society's children netted $116 75. The city collections realized $946 47, besides which there was a $500 bequest by George Dawson, and a number of special donations. After meeting all liabilities there remained a balance of $15 37 in the treasury. Over $900 was paid in salaries. The endowment fund receipts amounted to $2,249 56, made up principally of dividends on bank stock, bequests by the late George Dawson and H. Mathewson, and a balance of $715 34 from last year. The balance on hand on Sept. 30, was $1,315 54. The assets were placed at $36,072 54. The bank stock was valued at $17,000, and the buildings at $17,500.

Dr. Niven, the medical attendant of the home, reported that owing to the careful examination of the children before being admitted there had been no infectious diseases during the year, save three cases of diphtheria, at different times, all of which were treated successfully at the city hospital. Some children in an unfit condition, mentally, for the home, had been taken to the Orillia asylum, where they were doing well. Only one death occurred during the years, Mrs. Butler, a faithful attendant, having passed away in February at an advanced age.

The election of officers followed the presentation of the reports. It resulted as follows:

Lady Patronesses—Mrs. Becher, Mrs. Hyman, Mrs. Fowler.

President—Mrs. Morphy.

Vice-Presidents—Mrs. Robinson, Mrs. Shuttleworth, Mrs. A. Thomson.

Assistant Secretary—Mrs. Walton Hyman.

Treasurer—Mrs. Gregsten.

Investigating and Finance Committee—Mrs. Fowler, Mrs. Gentleman, Mrs. Hyman, Mrs. W. J. Reid, and Messrs. J. Wright, A. Thomson and T. McCormick.

Purchasing and Supply Committee—Grocers—Mrs. Hyman, Mrs. Robinson, Mrs. Glass. Drygoods—Mrs. Edge, Mrs. Parfitt and Mrs. Dewar. School—Mrs. Glass, Mrs. Jeffrey, Mrs. Becher, Mrs. Hutchinson and Mrs. Chapman.

Building and Repairs—Mrs. Thomson, Mrs. Fowler, Mrs. W. J. Reid, Mrs. Jeffrey and Messrs. Wright, Thomson, McCormick, Bowman and Armstrong.

Executive Committee—Mrs. Thomson, Mrs. Fowler, Mrs. Dawson, Mrs. Reid, Mrs. Jeffrey, Mrs. Gentleman, Messrs. Wright, Thomson, Bowman, McCormick and Armstrong.

Religious Services—Mrs. Becher and the clergy of the city.

The advisory board of 1897 was re-elected, with the exception of Lieut.-Col. Smith, who has removed from the city. His place will be filled by Mr. R. Shaw-Wood. The other members of the board are: Messrs. G. W. Armstrong, W. Bowman, V. Cronyn, E. Davis, J. Duffield, J. H. Flock, George C. Gibbons, S. Glass, John Green, C. S. Hyman, Col. Lewis, T. McCormick, C. McCallum, W. McDonough, T. R. Parker, A. Parfitt, George Robinson, G. A. Somerville, W. M. Spencer, A. Thomson and J. Wright.

The secretary and board of trustees will be elected at the next meeting. Mrs. Shuttleworth declined to accept the former position for another year.

The members of the board will try to make this (their silver jubilee year) the most successful period of work during the history of the association.

Surely

The largest drygoods store in Western Ontario can surely buy and sell drygoods cheaper than any of its "esteemed contemporaries."

The buyer that visits the European markets in September has surely got newer and more correct autumn styles than the buyers that bought their stocks in June.

The store that has stood longer than any other London store—and that has received without a single intermission the best patronage of the city for the past thirty years, is surely conducted on principles of honesty, courtesy, reliability and progress.

Surely you can read the moral.

WEDDED AT HIGH NOON

Marriage of Mr. Ernest B. Fewings and Miss Bertha M. Collins.

At high noon today Mr. Ernest B. Fewings, of the Rogers Electric Company, and Miss Bertha M. Collins, formerly cashier of the York County Loan and Savings Company, were wedded at the residence of the bride's father, 323 Horton street, the Rev. Joseph Edge, of the Wellington Street Methodist Church, officiating. The house was prettily decorated with flowers and foliage, and was enlivened by the presence of relatives and friends of the contracting parties. The bride, who was given away by her father, looked handsome in a becoming costume of white organdie, trimmed with lace. The bridesmaid, Miss Nettie Fewings, was attractively gowned in white muslin over pink. Mr. J. F. Wilson, of Sarnia, supported the groom. At the conclusion of the ceremony Mendelssohn's wedding march pealed out merrily, and the company sat down to a bounteous refection, passing the time happily until the departure of the young couple for Toronto at 4 p.m. The bride's traveling dress was of blue Blenheim cloth, trimmed with white and blue satin. Mr. and Mrs. Fewings will reside in Toronto, where the former is connected with the headquarters of the Rogers Company. Both bride and groom are accompanied to their new home by the good wishes of a wide circle in London, whose friendship found expression in a magnificent array of presents.

Among the wedding guests from outside points were Dr. and Mrs. Hyndman, Exeter; Mrs. John Hicks, Toronto; Thomas Collins, McGillivray; Mrs. J. Struthers, Goderich; and Mr. and Mrs. David Collins, Mr. and Mrs. Jos. Collins, and Mr. and Mrs. Edzell Collins, of Clandeboye.

BLACK DIAMONDS!

Diamond Dye Fast Blacks, for Coloring Wool, Cotton, Mixed Goods, Silk and Feathers, Are the Best in the World.

Diamond Dye Fast Blacks for Dyeing Wool, Cotton, Mixed Goods, Silk and Feathers are the best in the world. They are the purest, strongest and easiest to use; a child who can read the directions can use them and obtain perfect results. Diamond Dye Fast Blacks never crock, fade or wash out; the colors are always brighter after being well and freely washed.

Diamond Dye Fast Blacks are so much stronger than the common adulterated package and soap grease dyes that one packet will do the work of three of any other make, and give results that the common dyes can never approach.

Do not be deceived by bulky packages of adulterated and soap grease dyes; worthless ingredients do not produce beauty in colors.

If you value time, money, materials, good temper and pleasure in your work, beware of the dealer who, for the sake of extra profit, will offer you common dyes. Diamond Dyes are the only reliable, true, tested and guaranteed dyes.

WILL HAVE TO WALK.

The city letter carriers are getting the worst of the difference between the government and the street railway company, as they will have to walk or pay their fare, until the matter is settled. Heretofore the street railway company have received $400 for the privilege of allowing letter carriers to get on and off the cars when and where they pleased. The company think the privilege worth much more and have so informed Postmaster Mulock. There is considerable feeling among the men at the action of the car company.

Water Commissioners Will Get Along With Only One Inspector—Ex-Mayor Little's Fish-Ponds Discussed.

At a meeting of the water commissioners yesterday afternoon, Chairman Jones, Commissioner Little, Mayor Wilson, the secretary and engineer, were present. An application for the position rendered vacant by the retirement of Inspector Platt was filed, the commissioners having decided to employ only one inspector hereafter.

After a reference to the report, that Commissioner Little's fish pond near Springbank had been drained by the construction of the conduit north of the river, Chairman Jones jocularly said, "I suppose you will be coming on us for damages?"

"I don't see how I can," said Mr. Little, "seeing the story is utterly untrue."

Complaints from Messrs. J. Cox, of the Dominion House, and O. Scott, of the Boswell House, were heard as to excessive charges. The engineer will report.

Toronto Firemen Testify.

M. McCartney, Lombard street fire hall, Toronto dated March 4, 1897, states, "Am subject to very painful conditions of costiveness and other troubles resulting therefrom, but I am glad to say that I have found a perfect remedy in Dr. Chase's Kidney-Liver Pills. I trust this may be of benefit to others."

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellog's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly, and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc. in the market.
