WHO GOT THE MONEY?

Sequel to the Robbery at the Grand Opera Candy Store—A Suit for $5000.

As reported in The World on Wednesday the safe at the Grand Opera Candy Store was found to have been "tapped" for $35. The safe was left locked, and was also locked when the money was missed. Miss Jennie Gordon, who lives with Mrs. Batchley, John-street, was employed in the candy store and knew the safe combination. Detective Cuddy, who investigated the robbery, saw no indication that the place had been broken into, and concluded that the money had been abstracted by someone connected with the store. Miss Gordon was asked about it and confessed to having given the combination to a friend of hers named Spencer. Spencer is reported to have left town.

When Miss Gordon was told of the suspicion resting upon those who knew the combination she handed Mrs. Walker the amount of the money missing and immediately left her employ.

Saturday Miss Gordon caused a writ to be issued against E. and D. Walker and Detective Cuddy for $5000 damages for extorting money by threats and slander and for wrongful dismissal.

MARCELLUS CROMBIE DEAD.

A Well-Known Barrister Succumbs to an Attack of Pneumonia.

Marcellus Crombie, the senior partner of the firm of Crombie, Worrell & Gwynne, died suddenly Friday night at his residence, 143 John-street, from an acute attack of pneumonia.

Deceased, who was in the 60th year of his age, had been well-known for four decades in legal and business circles in the city. He was President of the Liberal-Conservative Association as long ago as 25 years, represented old St. Andrew's Ward on the Public School Board, was treasurer of the County Orange Lodge and was also past master of Ionic Lodge, A.F. & A.M.

Horse v. Bicycle a Fizzle.

NEW YORK, Dec. 10.—The bicycle-horse race in Madison Square Gardens last evening ended in a fiasco. The proposed race was to have been for a distance of 25 miles, and between Charley Ashinger, the ex-champion long distance bicyclist, and Jack Alexandre of Florida. Alexandre was to have the use of two horses which he could change at the end of each mile. Neither horse nor rider appeared to take well to the track, and before a mile was ridden Ashinger had gained two laps. At the fifth mile Alexandre's stirrup strap broke and he was thrown heavily. Folly was quickly brought out, but before the horseman could remount the bicyclist had increased his lead another lap. The next mile was hotly contested, but when Alexandre again changed horses another stirrup strap broke, and the rider was thrown again. He claimed that the horse had injured him so as to render him incapable of continuing the race. The audience left in disgust.

At Macdermott's Academy.

An audience numbering 450 assembled in the athletic academy, corner Bay and Adelaide-streets, Saturday to witness the spirited contest between George Davis and Teddy Brooks. The former won on points. There were other lively set-tos, and the program was the best yet offered at this popular Saturday night resort.

29 JARVIS-STREET,
TORONTO, Nov. 28th, 1893.

B. Lindman, Esq.: Dear Sir,—I have been ruptured for five years, and in that time have experimented with many styles of trusses, all of which seemed to do me more harm than good. I was so disgusted with the slow progress I was making, that I started to invent a truss of my own. Before completion, however, I heard of the Wilkinson truss, and was induced to give it a trial. I have now been wearing the one I procured from you about three months, and during the last five years I have not experienced so much comfort. I cannot but recommend it to persons requiring a truss.

You may refer to me for reference. Yours truly, (Signed) MATT EVANS.

If attacked with cholera or summer complaint of any kind send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens the strongest man and that destroys the young and delicate. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.

Sheppard's World's Fair.

Manager Sheppard's World's Fair entertainment was presented for the first time at Toronto Junction last Saturday evening, where it was greeted by a large audience and gave the greatest satisfaction, everyone witnessing it being of the opinion that it was the only realistic World's Fair views that have as yet been presented to the Canadian public. Mr. W. E. Ramsay, the lecturer, was very entertaining and kept the large audience in the best of humor, his comic songs being especially well received. Sheppard's World's Fair is making a tour of the provincial towns and should be a huge success.

The coughing and wheezing of persons troubled with bronchitis or the asthma is excessively harassing to themselves and annoying to others. Dr. Thomas' Eclectric Oil obviates all this entirely, safely and speedily, and is a benign remedy for lameness, sores, injuries, piles, kidney and spinal troubles.

California and Mexico.

The Wabash Railway has now on sale winter tourist tickets at the lowest rates ever made to Old Mexico and California. These tourist rates are available for the great winter fair at San Francisco. The banner route is the great Trunk Line that passes through six states of the Union and has the most superb and magnificent trains in America.

Full information may be had from any railroad agent, or J. A. Richardson, Canadian Passenger Agent, northeast corner King and Yonge-streets, Toronto.

Pale sickly children should use Mother Graves' Worm Exterminator. Worms are one of the principal causes of suffering in children and should be expelled from the system.

The Toronto Sunday World contains an article referring to English aristocrats, with the bar sinister on their escutcheon.

RUGBY FOOTBALL MEN MEET.

ANNUAL BUSINESS GATHERING OF THE ONTARIO UNION.

Changes in the Constitution and in the Playing Rules—An Important Assemblage—Election of Officers For the Coming Year and of Delegates to the Canadian Union Meeting at Montreal.

The annual meeting of the Ontario Rugby Football Union was held in the Rossin House Saturday afternoon. President Smellie welcomed the following delegates:

Kingston Collegiate Institute—J. D. Rowland, G. W. Mahood.

Ottawa College—W. C. McCarthy, Boland.

Queen's—J. Curtis, W. Mickle.

Varsity—W. Clayes, D. W. McMullin.

Osgoode—Lang, Martin.

Trinity—Chadwick, Robinson.

Lornes—W. F. Morrison, R. H. Easson.

London—A. C. Dobelle, McAllister.

Kingston F.B.C.—J. B. Watson and S. F. Houston.

Hamilton—J. Hendrie.

R.C.M.C.—Messrs. Osborne and Osler.

Toronto—Messrs. Mackie and Dick.

Stratford—Messrs. Smith and Ballantyne.

Clubs not represented—Ottawa City, Petrolia, St. Kitts, Peterboro.

Executive Committee—Messrs. Smellie, Barker, Grant, Moran, Thomas, Dumoulin, Mowat, Dewar, Clayes, Griffin, Cunningham.

The Tenth Report.

The Executive Committee submitted its tenth annual report, which was read by Secretary W. J. Moran. They were pleased at the evident growing popularity of the game, particularly in towns, colleges and cities outside of Toronto, and in the great increase in the number of competing clubs in the Province. The decided success of the three series, senior, intermediate and junior, was commented upon and their continuance strongly recommended by the committee. The junior and intermediate clubs were congratulated on the good form displayed by them. The committee strongly recommended the system of home and home matches adopted this year in the second round of the senior series, which was decidedly successful in supplying the public with good and sufficient football where otherwise if only one match had been played the series would have been exceptionally short. The committee regretted that Hamilton, owing to the default of one of the senior clubs, was not supplied with a sufficient number of matches, but the Hamilton team were complimented on the enthusiasm displayed by them. The meeting was also reminded of the fact that since the last gathering the association had become an incorporated body.

The Treasurer's Report

was most satisfactory, there being a balance on hand of $402. The receipts for 1893 were $376.24, and the balance brought forward from 1892, $165.51.

After the reading of the Executive Committee's and secretary's reports, Pres. J. F. Smellie moved that a vote of thanks should be accorded the retiring secretary, W. J. Moran, for the efficient manner in which he had fulfilled his arduous duties dependent upon that position. This motion was carried unanimously and the meeting also expressed their satisfaction in a more substantial manner by voting the sum of $100 to Mr. Moran.

Mr. Dumoulin and Mr. Cunningham were appointed the auditors for the association.

Captain Barr on Hand.

President Smellie informed the meeting that Capt. Barr of Cornell was present and that he would address the meeting later on, but the meeting was so prolonged he was not heard. This announcement was greeted with much applause.

Changes in Various Rules.

A number of notices of motion advocating changes in the constitution were then considered in order.

A motion of Mr. Bayly's, which recommended the adding of the words "subject to the regulations" after the word "union" in the third line of sec. 8, constitution, page 8, and the striking out the words "the regulation and" in the fifth line, was carried. This curtails the power of the executive very materially. Mr. W. A. Smith's motion, which in substance was to abolish the five yard rule, was lost, as fifteen voted for and the same number against a two-third vote being required. Mr. W. A. Smith was again on deck this time with a motion to insert in the rules: "That a goal from a penalty kick, which now totals four, should be reduced to two."

The motion caused much discussion and was opposed by nearly all present. When put to the vote it was snowed under.

Mr. Edward Bayly fathered a motion which in effect was to legalize the blocking of the wings during the scrimmage. The motion was opposed by some on the ground that it would be an incentive for the wings to mass themselves and charge down on a player on the opposite side with the purpose of "doing him up." But as the rule has practically been in force for the last four years and as none of the dire results predicted by some of the speakers have happened in that time the meeting was overwhelmingly in favor of it.

Mr. McKay wanted to amend rule 6, page 26, so that instead of taking the ball out to the 25 yds. as now when a try is scored, it would be taken to the centre of the field and kicked off. The motion was lost.

The next motion was an important one, inasmuch as it called upon the meeting to clearly define the duties of an umpire, which were rather vaguely outlined in the constitution. A number of motions followed one by Mr. Barker, which was thought by the meeting to be inadequate. Finally Mr. Campbell moved: "The umpire shall have power to stop the game for any infraction of the rules of off-side play, or charging, hocking or obstructing. The ball shall be considered dead. His decision is final. He shall also inform the referee of any infringement of any of the other rules."

It was thought that Mr. Campbell's motion filled the bill exactly and it was accordingly carried.

Mr. Dewar suggested to the meeting the advisability of appointing a deputation to visit all the cities having clubs in the Union next year whose duties would be the examining of the Rugby fields and then report to the executive as to there being in a proper condition to play on. The matter was left to the executive.

The Canadian Union.

A communication was received from the Canadian Union asking the Ontario Union to select their delegate to the meeting next Saturday in Montreal. Messrs. Smellie, Moodie and Griffin were appointed. The delegates were instructed to vote in the negative on the question of limiting the time of play from two halves of 45 minutes each to two of 35 each. They were also instructed to vote as not being in favor of the abolishing of a free kick from a fair catch on the field. The badges were presented to the representatives of Queen's, Osgoode H., Varsity H., the winners respectively of the Senior, Intermediate and Junior series.

Officers For 1894.

The officials for '94 were then elected as follows:

President, H. R. Grout, Queen's; first vice-president, Barney Dewar, Hamilton; second vice-president, W. J. Moran, Osgoode; secretary-treasurer, R. K. Barker, Varsity; executive committee, Messrs. Osler, Chadwick, Clayes, Dick, Cunningham, Nicol and Morton.

Before dispersing a vote of thanks was passed to the retiring officers.

Mr. J. F. Smellie made a few remarks. He thought that the game, as played last season, generally was not as good as that of a year or so ago.

BLEW THE SAFE TO PIECES.

Crackesmen Mulct a Texas Bank of a Large Amount.

PLANO, Tex., Dec. 10.—The Plano National Bank was robbed last night. When W. Houston, the bookkeeper, and C. Jasper, the cashier, went to the bank this morning they found a complete cracksman's outfit scattered over the floor, the safe blown to pieces and money scattered everywhere. The burglars removed the plate-glass windows in order to prevent an alarm by the breaking of glass. They exploded the powder while a heavy freight train was passing.

Cashier Jasper said that the amount of money stolen will exceed $10,000. They pried open the safe vault. The money safe, an old-fashioned time-locker, was rolled out of the vault, the explosives applied, and the safe blown into fragments. This is the only bank in Plano. Six men are said to have done the job.

Urania To-Night.

The famed spectacular scientific lectures collectively presented under the name of the muse, Urania, commence a week's engagement at the Grand Opera House tonight with "A Trip to the Moon" for the opening number. The magnificence of the Urania productions has already been commented upon, also the many novel brilliant electric and mechanical effects.

"The Hustler."

"The Hustler," Thomas H. Davis' farcical and musical entertainment, is this week's attraction at Jacobs & Sparrow's Opera House, opening to-night. Mr. Davis modestly disclaims for this piece the title of play, and terms it merely a "fun show" or a "medley of mirth."

The Musee To-Day.

Besides seeing the handsome Japanese dancing girls at the Musee to-day a change has been made in the theatrical performance that is sure to meet with the approval of the many patrons of this popular house. The usual variety performance will be abandoned for the week and in its stead Jas. B. Donovan, the eminent Irish comedian, will, with a strong company, produce the very laughable Irish comedy, "Pat's Misfortunes." Mr. Donovan is well-known to the theatre goers of this city and therefore needs no praise at our hands. The specialty people that will take part in the play are the Crane Brothers and Tex Bender, the cowboy fiddler. The Japanese girls will also be seen in their beautiful dances during the entertainment. They will also be on exhibition in the lecture hall from the time that the doors are open until they close. Others that are to be seen in the lecture hall are Tex Bender, the cowboy fiddler, and "Godfrey" in his latest sensation entitled "The Sing Sing Mystery."

"Hotel Vendome," New York.

Toronto people visiting New York should make their home at the well-appointed and handsome "Hotel Vendome," corner of Broadway and Forty-first-streets. The "Hotel Vendome" is a short distance from the Grand Central depot, and has also direct car service from the West Shore and Erie Railway ferry docks. The "Vendome" is almost opposite the Metropolitan Opera House, and street cars pass the door from all theatres. Its appointments are perfection. Newly furnished and equipped from the ninth story down; it is the *par excellence* of comfort. The hotel contains two hundred and fifty rooms, single and *en suite*, with or without baths, and is conducted on both the European and American plan. The cafe is one of the handsomest in New York, and the dining-room, situated in the ninth story, cannot be surpassed in New York. The "Vendome" is the most home-like hotel in New York. 1

University Senate.

At a meeting of the Senate of Toronto University Mr. B. E. Walker and Prof. Pike were appointed representatives of the Senate on the committee to interview the Government relative to the establishment of a provincial museum in this city.

The Chancellor, the Vice-Chancellor, the President, Chancellor Burwash, Principal Galbraith, Mr. Walker and Mr. Houston were appointed a committee to consider and report upon the best disposition to be made of the Mackenzie and Fulton funds.

The Toronto Sunday World's society page is full of exclusive and interesting gossip.

Local Jottings.

Work will be resumed on the new Court House Monday.

Burglars tapped the till of J. C. Copeland, 154 King-street east, Friday night, and secured $10.50.

The benefit concert to the Working Women's Protective Association takes place in the Auditorium to-morrow evening.

At the meeting of the Canadian Institute Saturday night Mr. Arthur Harvey read a paper on the Zoroastrian philosophy.

Master Eddie Reburn, the boy soprano, is engaged to sing at the Thanksgiving concert in the Centennial Methodist Church, Dovercourt-road, on the 19th inst.

James Fairbank is under arrest charged with stealing an overcoat from Robert Long, who was working at the Neelon House.

Mr. Thomas Barton of the firm of Barton Bros., market gardeners, has just returned from Barrie. He has purchased several carloads of potatoes.

P. McNamara of 72 Quebec-avenue, Toronto Junction, dropped dead yesterday. He had been a sufferer from la grippe for two years.

At the Social Problems meeting yesterday a general discussion was indulged in which was decidedly animated and in which a number took part. The meetings will be discontinued until the second Sunday in January.

The benefit concert and hypnotic entertainment in aid of the widow of the late Gunner Demarle of the Toronto Field Battery in St. Andrew's Hall to-night should be largely attended.

The Letter Carriers Association has elected these officers: R. Durston, president; George Ellis, vice-president; J. Delong, recording-secretary; R. Mitchell, financial-secretary; J. Mankey, treasurer; Ashmead and Reid, trustees, and Barnes and Carruthers, auditors.

The remains of the late John Bain, Q.C., were interred Saturday in the Necropolis, the attendance being large. Ven. Archdeacon Boddy conducted the services at the house.

Grocer King Milligan has purchased fifty tickets for the concert to be held by the Street Car Men's Union. Mr. Milligan will distribute them to fifty poor men, and thus ensure them a good evening's enjoyment.

The suit entered against the City and Suburban Electric Railway Company by J. M. Williams, formerly inspector of gas lamp lighters for the Consumers' Gas Company, has been settled by the parties.

John Thompson, formerly an employe of the Fensom Elevator Works, is asking the courts to set aside the non-suit entered by Justice Street in his action for $1500 entered in consequence of injuries sustained while repairing Wyld, Grassett & Darling's elevator.

The Osgoode Hall Literary Society Saturday evening debated the subject, "Resolved, that the state should control all railways." Messrs. A. Casey and J. B. Vineing supported the affirmative and Messrs. J. J. Ashworth and W. M. Griffin the negative. The result was a large majority in favor of the negative. A resolution of condolence with the family of the late John Bain, Q.C., was passed.

Three crowded congregations attended the twentieth anniversary services yesterday in Yonge-street Methodist Church. Rev. V.H. Emory of Davisville, Rev. John Neil of Westminster Presbyterian Church and Mr. Alfred Day, secretary Provincial Sunday School Association, preached the sermons at 11, 3 and 7 p.m. The musical portion of the service was given by the Sunday school under Supt. E. Martin, assisted by the Sunday School Orchestra, led by W. J. Kirkpatrick. The church is in a most flourishing condition.

The Toronto Sunday World's society page is full of exclusive and interesting gossip.

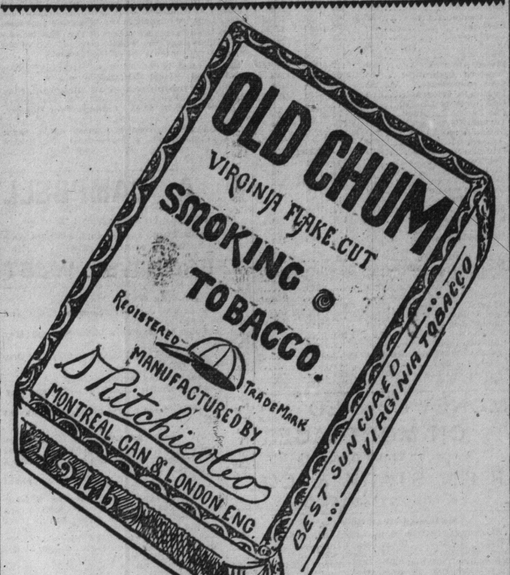
The Two Weeks Before Christmas--- OAK HALL

Have always been the banner weeks for men's, youths' and boys' overcoats at Oak Hall. The reason is, of course, that more people buy overcoats just at this time than during any other two weeks in the year, and most people buy them at Oak Hall.

OVERCOATS

Aside from the high reputation of Oak Hall overcoats in the matter of quality, style, finish and reliable wear, and the fact that Oak Hall affords better value for less money than any other house in Toronto, there's the additional advantage, and nowhere will you find such a range of variety in material, in form and in price, and nowhere is it so easy to secure such a perfectly satisfactory choice.

OAK HALL 115-117-119-121 King-street East *The New Oak Hall Building Directly Opposite the Cathedral*



A MARVEL OF FEMALE DEVILTRY.

Mrs. Zella Nicolaus is so Described by Inspector Byrnes.

NEW YORK, Dec. 10.—Of Mrs. Zella Nicolaus, the woman who has brought suit against George Gould for $40,000, Inspector Byrnes says: I have known her seven months. She left her husband then, and since then has been a professional blackmailer. Before leaving Chicago she blackmailed a mayor of that city. We are investigating her history, and in a short time we will be able to show up her record and stop her career. This is not the first time we have had dealings with her. The woman makes a remarkable impression upon men. She is a dangerous woman—dangerous to homes, to the community, dangerous to women, dangerous to society, dangerous to everybody. She ought to be put out of the way somewhere. A story told by her in the presence of 12 jurors, no matter how honest or conscientious they were, and no matter how false they believed her story to be, would incline them to give her the benefit of a presumption of innocence, no matter what was said or proved against her. This is all due to her personal appearance and her manners.

"I have the names of a large number of persons that this woman has either attempted to blackmail or has succeeded in blackmailing. They are the names of men who are very prominent because of their wealth or social or business relations. I have taken means to get statements from persons who have been acquainted with her, some of whom paid money to her and some who have not. I do not say that I will drive her from this city, but I do say that her career as an adventuress and a blackmailer in this city shall come to an end. If she were left alone she would not end with Mr. Gould. She has the names of men on her list who would be productive of an enormous income if all yielded to the fear of having their names associated with hers. She is the most plausible woman that I ever met, young as she is. The stories she tells are put together with such detail that actually they bear the stamp of truth.

"This woman will be shown to have a blacker record than any woman who ever brought a suit against a man."

CUT OFF HIS EAR.

A Remarkable Accident Which Occurred to Yardsman Hickey Saturday.

Michael Hickey, 17 Eden Place, employed by the Grand Trunk Railway Company as a yardman, met with a peculiar accident on Saturday.

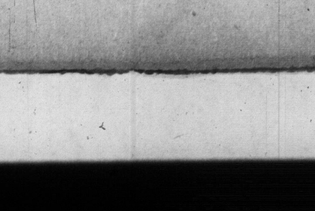
He was coupling some cars loaded with lumber. The car had evidently been loaded during a snowstorm, as there was a certain amount of ice and sleet between each board. When the cars came together with a jar, a board flew off and struck Hickey on the head, cutting off his ear, discoloring his eyes and inflicting other minor injuries.

Hickey was taken home in the ambulance.

In his Vegetable Pills, Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man. For *Delicate and Debilitated Constitutions* Parmelee's Pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

Kleiser's Star Course.

To-morrow night at the Pavilion Russell H. Conwell, the gifted Philadelphian, will be heard in "Acres of Diamonds," or where to get rich and become great. A rare treat is in store for those who hear this brilliant lecture. The plan at Nordheimers' is well filled up.



A Pleasant Reflection

—the fact that easy washing has been made safe. Until Pearline came, it was dangerous. Pearline takes away the danger as it takes away the work. There is no scouring and scrubbing, to wear things out; there is no trouble in keeping things clean. Pearline is better than soap. With soap, you need hard work; for easy work, you need Pearline.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, if your grocer sends you an imitation, be honest—*send it back.* 390 JAMES PYLE, N. Y.
