MEDALS FOR LIFE SAVERS

HUMANE SOCIETY ACKNOWLEDGES BRAVE DEEDS.

Pleasant Function in the Theatre of the Education Department—Lord and Lady Aberdeen Pin the Medals on the Breasts of Canadians Who Have Performed Heroic Deeds.

The presentation of medals and certificates in connection with the Royal Canadian Humane Association took place on Saturday afternoon in the theatre of the Educational Department. His Excellency the Governor-General occupied the chair, and he was accompanied by Lady Aberdeen; the Lieutenant-Governor, and the Hon. Mrs. Herbert. Others on the platform were: Adam Brown, M.P., president R.C.H.A.; Dr J George Hodgins, secretary; Rev. Dr. Potts, Rev Louis Jordan, Mrs. S. G. Wood, O. A. Howland, W. R. Brock, H. P. Dwight, Rev. Prof. Clark, Rev. O. C. S. Wallace, Miss Sanford, Hon. G. W. Ross, Rev. Mr. Lyle of Hamilton and A. S. Irving.

The Speeches Omitted.

Owing to an unfortunate misunderstanding by Mr. Gordon, His Excellency's secretary, as to the time and place of the presentation, the chairman was three-quarters of an hour late, and the speeches which were to have been delivered were omitted.

The Sanford Gold Medal for the most heroic deed of life-saving in the recent annals of the association went to Rev. John Ramsay of Ballymony, Ireland, who rescued Mrs. Grimason, when she fell off the Suspension Bridge, Niagara Falls, on Sept. 24, 1892. His Excellency consented to receive the medal on behalf of Mr. Ramsay and to forward it to him. The presentation was made by Mr. Adam Brown, who conducted the proceedings throughout the afternoon.

Many Secured Medals.

The bronze medals for those who have saved lives at the risk of their own were then presented to the following persons: William S. Duffield, for saving from drowning Ellen Buckingham, in Lake Ontario, off Burlington Beach; Mortimer Linwood Day, for saving from drowning Walter Bagnell and Alexander Gorham, in the Harbor of Saint John, New Brunswick; John Wilfred Frisby, for saving from drowning John Pingle, at Unionville, County of York, Ontario; Dr. H. F. MacKendrick, who saved a boy from drowning at the feeder to the mill race, Grand River, at Galt; Robert West, who rescued four boys from drowning in the River Nith, Paris, Ontario; Ruby Hunter, for having, aided by Thomas J. Holden, of St. Catharines, saved from drowning in Lake Ontario, off Grimsby Park, and until Dr. Frederick A. Rosebrugh's boat reached her, Maud Rae of Ottawa, who was her companion; Thomas J. Holden of St. Catharines, for having rescued Ruby Hunter of Toronto and Maud Rae of Ottawa, in Lake Ontario, off Grimsby Park, who had gone down—the one three and the other five times; Harry Williams, for aiding in the rescue of Mrs. Grimason at Niagara Falls, Suspension Bridge.

Saved 18 Lives.

There was immense applause for Robert West of Paris, Ont., a farmer still under 30, who has in all saved 18 lives from drowning, and Lady Aberdeen claimed the privilege of pinning the medal on his breast. The ovation was repeated when pretty Ruby Hunter, a girl of 15, came up to receive the reward of the courage which so nearly lost her, her own life. Lord Aberdeen said he would claim the privilege of pinning on this medal himself.

Thomas J. Holden of The St. Catharines Standard, who saved Miss Hunter's life after she had practically given it up for that of her friend, stood by her side, and the young lady saw for the first time the young man who had rescued her, she having been unconscious when the deed was performed. Mr. Holden aroused enthusiasm by asking that Lady Aberdeen pin the medal on his bosom.

Mr. Fearman's Good Taste.

The presentation of embossed resolutions to the older life savers of Canada, whose deeds of heroism have been famous in the past followed.

F. W. Fearman, one of Hamilton's veterans, was the first recipient, and said "Thank Your Excellency, but I'd sooner get it from your wife."

"I commend your good taste," said the Chairman.

Captain Campbell of Hamilton was also cheered, and the chairman said that it was incredible to him that a man yet in his middle age should have been privileged to save 30 lives. Capt. Campbell modestly replied that he wanted no reward, only that of having done his duty. When Captain Andrews was called to the platform he made a speech, proclaiming the fact that he had saved 69 lives while in the lifeboat service and demanding to know the reason why he received no pension. He then dramatically recited a poem relating to his prowess and the fact that he had lost his sight through his bravery, and yet had no pension.

Resolutions were also presented to Mr. Thomas Tinning of Toronto, who has in the past saved the lives of many sailors on wrecked schooners on the bay.

Abigail Becker Remembered.

Mr. A. S. Irving received on behalf of Mrs. Henry Ehorer of Walsingham, formerly Miss Abigail Becker, the Long Point heroine, whose deeds have been celebrated in song.

Further certificates on parchment were presented to H. P. Wanger, H. H. M. Lyle of Hamilton and John Roaf of Toronto for saving the lives of several boys in Hamilton Bay off the beach in August, 1894. James Hamilton Lyle, who aided in this rescue, was afterwards drowned. Rev. Dr. Lyle received the certificate on behalf of his son, who is at Cornell.

A Brave Little Lad.

When little Leo Callaghan of Meadowvale, who saved the life of a companion a year ago last January, was called up he was so excited that he burst into tears, and Lord Aberdeen, who was himself affected, put his arm around the brave little chap and dried his tears.

Josephine and Philomena De Lorme of Burlington, who set out in a storm and saved two lads on Hamilton Bay last April, were also cheered, and it was related of them that they made the rescue when half a dozen boys declined the attempt. Others to receive certificates were: William Harry Frisby, Unionville; Charles Ernest Frisby, Unionville; Nehemiah Corey, Stony Creek; Lucien Filion, Pontiac, Quebec; James Taylor, St. John, N.B.; Dr. Frederick A. Rosebrugh, Toronto.

After the presentations had been concluded, Hon. G. W. Ross proposed that, as the hour was later than had been anticipated, His Excellency speak on behalf of all those announced to give addresses. Lord Aberdeen acceded in a congratulatory address, and Mr. Adam Brown wound up the meeting with some remarks on the aims of the association.

'The Triumph of Love,
"IS HAPPY, FRUITFUL MARRIAGE."

Every Man Who Would Know the Grand Truths; the Plain Facts; the New Discoveries of Medical Science as Applied to Married Life; Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "COMPLETE MANHOOD and How to Attain It."
"Here at last is information from a high medical source that must work wonders with this generation of men."
The book fully describes a method by which to attain full vigor and manly power.
A method by which to end all unnatural drains on the system.
To cure nervousness, lack of self-control, despondency, etc.
To exchange a jaded and worn nature for one of brightness, buoyancy and power.
To cure forever effects of excesses, overwork, worry, etc.
To give full strength, development and tone to every portion and organ of the body.
Age no barrier. Failure impossible. 2000 references.
The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.
A despairing man, who had applied to us, soon after wrote:
"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"
And another thus:
"If you dumped a cartload of gold at my feet it would not bring such gladness into my life as your method has done."
Write to the ERIE MEDICAL COMPANY, Buffalo, N.Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

Tips From Wall-street.

The market was steady at close.

The price of spirits has been advanced one cent.

The net earnings of Ontario and Western for April show an increase of $29,000.

Some of the selling of Sugar to-day was by buyers of yesterday. Wormser sold Distillers.

McIntyre & Wardwell send the following despatch to their branch office in Toronto: The stock market has been extremely dull to-day. It has been a dull week. London and the public have done little, crop reports and holiday checking business. The extreme heat here has also driven many operators out of town over the holidays. The important characteristic of the market has been the tenacity with which stocks are held even in the face of bad crop reports and the ease with which the market rallies and the large buying power that develops on reactions. The bank statement shows an increase in surplus reserve $1,246,000, and increase in deposits of $4,326,000. Erie, as expected to-day, defaulted on its funded 5s. Foreclosure proceedings will at once be instituted. A re-organization plan is being matured which is drastic enough to put the road again on its feet, and on a basis that ir will be able to stand, but the security holders will have to make heavy sacrifices. Similar treatment is also said to be in preparation for Reading. Trade reports indicate a general improvement and expansion in business.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Schwartz, Dupee & Co., Chicago: There was not much trading in wheat to-day and small fluctuations. The range was less than a cent. The low prices were made on a local shower. Weather map showed hot and dry through west. Forecast for Sunday indicated no relief for those states east of the Mississippi, which have been so far without rain. Argentine shipments were large considering recent claims of short production. The seaboard clearances were small, about 233,000 bushels. Visible supply statement on Monday is expected to be rather disappointing. A decrease possibly of not over one million. Last year the decrease was pretty nearly 2,000,000 bushels. Western receipts continue to show some increase, primary points having more than last year, and the two Northwestern points 285, almost 100 cars over last year.

Provisions were fairly active and ruled lower. Pork broke sharply at the opening on selling by the public and the execution of stop-loss orders. The whole market was steadied by liberal buying of September ribs around $6.50 by leading packers, with scattered holders the best sellers. Receipts of hogs were large for the day, both here and at western points, and there is some talk of poorer quality, but no decided change so far. It is expected that the posted stocks Monday will show up quite large, and there is but little improvement in the cash situation. Nevertheless, we favor buying product on good breaks and look for higher prices as soon as receipts of hogs begin to fall off.

Kennett, Hopkins & Co. to Demary, Heintz & Lyman: The market opened strong and about 1 cent higher, in absence of rain in winter wheat states. A half-cent break followed on a passing shower. It is a weather market, and if it should be dry and hot Monday morning, as indicated, higher prices would unquestionably result. Exports for the week were fair, but primary receipts have been more liberal, and the visible is not expected to decrease more than 2,000,000. Crop reports from Indiana, Michigan and Illinois continue to come in bad. The Modern Miller reduces its estimate for winter wheat 10 points. Rain is badly needed. If it comes copiously soon lower prices will doubtless follow, at least temporarily, but so much damage has already been done that it looks as if another bull movement would grow out of a material break.

Henry A. King & Co. received the following despatch over their private wire to-day from Chicago: To-day's market emphasizes the fact of its being a weather market, and also that the weather damaged the crops quite as seriously as any of the conservative estimates have led us to believe. The speculative situation has been relieved of its congestion by very large realizing during the week. There may be a moderate reaction, on which we advise buying wheat, but would buy corn, oats and provisions regardless of whether wheat reacts or not. We look for decreased receipts now that the May deliveries are disposed of.
