MAMMOTH SCHEME.

THE following detail of a scheme of a LOTTERY to be drawn in December next, warrants us in declaring it to be unparralleled in the History of Lotteries. Prizes to the amount have never before been offered to the public. It is true, there are many blanks, but on the other hand, the extremely low charge of $20 per Ticket—the value and number of the Capitals, and the revival of the good old custom of warranting that every Prize shall be drawn and sold, will, we are sure, give universal satisfaction, and especially to the six hundred Prize Holders.

To those disposed to adventure, we recommend early application being made to us for tickets—when the Prizes are all sold, blanks only remain—the first buyers have the best chance.—We therefore, emphatically say—delay not! but at once remit and transmit to us your orders, which shall always receive our immediate attention.
