THE TORONTO WORLD

MONDAY MORNING, SEPT. 17, 1883.

LOCAL NEWS PARAGRAPHED.

The executive committee of the city council meets at 3 p.m.

The residents of the northern end of Huron street complain of a whiskey den which is run in that vicinity every Sunday.

Mr. Alex. Dixon on Saturday, on behalf of the Grand Trunk railway company, completed all the necessary purchases of land in York station required for sidings and shops.

—It cost less than Gas company's rates. It casts no dark shadows. It does not hurt the eyes, and it soon pays for itself. Examine the Combination gas machine at the Dominion Organ company's building, fair grounds.

The Sunday train from Hamilton yesterday evening was crowded. The great convenience of these trains on the Hamilton branch are now fully appreciated by the traveling public.

Mr. John Scully shipped by special train from Toronto on Saturday 200 men from the east and 180 from Ontario for the Thunder Bay division of the Canada Pacific Railway. They took the France Smith from Owen Sound yesterday. Nearly all the men were Canadians.

—The brilliancy of the Dominion Organ company's building, fair grounds, every evening, is due to the fact that the Combination Gas Machine company supplies the gas as it is manufactured on the premises. Ask for Mr. F. H. Dale, the agent of the company, and he will explain the workings of the machine.

Rev. W. J Erdman of Jamestown, N.Y., will commence this afternoon a series of meetings for Bible study in the lecture room of Knox church. These meetings will be continued for some two weeks. Mr. Erdman will also give a Bible reading at the Sunday-afternoon meeting held in the Willard tract depository at 4 o'clock.

The Exhibition ferry line did a rushing trade on Saturday. The steamers are all well commanded and the line well managed. Another steamer will be added on Tuesday in order to give a boat every five minutes between the city and fair grounds, an accommodation which the public will no doubt appreciate.

—Remember that the elegant gas fixtures at the Dominion Organ company's building, were furnished by the Combination Gas Machine company. Mr. F. H Dale, agent, is in attendance to describe the Combination gas machine.

Mr. Collingwood Scrieber, chief engineer of government railways, accompanied by his secretary and family, arrived at the Rossin house on Saturday night from the Pacific slope. Mr. Scrieber travels in the palatial government railway car, Cumberland. He passed through Toronto before about July 18, since which time he has been all through the far western country, including the present western terminus of the Canada Pacific railway. The party left for Ottawa at 7.27 last night.

—Don't fail to notice that the Combination gas machine illuminates the Dominion Organ company's building at the exhibition grounds. Mr. F. H. Dale, agent for the company, will explain the working of the machine.

The ready-made clothing trade of this country is, as a rule, far behind that of our sister country, the United States. In New York, Boston, Chicago or any other large city, a man can go into a store and get as good a suit ready-made as he can buy if he leaves his order, and at a much lower figure. In fact there are few bankers, merchants or other business men who do not now buy their clothing ready made. Now this is the exact principle on which Petley & Petley do their business. They manufacture none but first class clothing, and it is properly cut, well made, and will fit any man the same as if made to his measure. Our readers when in want of clothing will do well to visit this reliable establishment, and we have no hesitation in saying that they will find that all goods purchased from the above firm will be as represented.

UNITED STATES NEWS.

Junius Brutus Booth, the veteran actor and manager, is dying at Manchester, Mass.

The workmen of the South Chicago steel rail mills, numbering 2000, will resume work to-day.

The gross earnings of the New York and Hudson River railroad for the year was $33,300,000.

THE OLD WORLD IN BRIEF.

Gladstone arrived at Christiansund in good health. He started Saturday night for Copenhagen.

A conspiracy has been discovered at Sofia against General Kaulbars and Sobolell Several arrests.

The North German Gazette in a leading article accuses the London Times of craftily sowing dissension between France and Germany by the persistent distortion of facts.

The Papal nuncio to France has arrived at the vatican to receive from the pope instructions in regard to the relations of the Papal see with the government of France.

The North German Gazette has published confiscated letters belonging to deputy Antonie. Liberals are indignant thereat, and will probably offer an interpellation in the reichstag in regard to the matter.

It is probable the police will board the steamer Athenian upon her arrival off Southampton, and taking O'Donnell, the murderer of Carey, ashore, bring him secretly to London to avoid a public demonstration by his sympathizers.

—A Query—Why is it that at the upholstering establishment of T. F. Cummings & Co., 349 Yonge street, you can effect a saving of 10 to 15 per cent. on parlor or drawingroom suites? Simply because Mr. Cummings thoroughly understands the business and gives to the people of Toronto and vicinity the benefit of his experience, first class work and material in every respect, his motto being quick sales and small profits.

LATEST SPORTING NEWS.

A 2.17 Team.

HARTFORD, Conn., Sept. 16.—Rockafeler's team Cleora and Independence trotted at Charter Oak Park Saturday to beat 2.18 on a private wager. The mile was made in 2.17.

Hanlan at St. Louis.

ST. LOUIS, Sept. 16.—The sculling exhibition between Hanlan and Gaudaur Saturday evening at the mouth of the Missouri river was a tame affair. Less than five hundred people were present. Gaudaur's boat caught in a seine and he was forced to stop.

Baseball Notes.

The championship season ends Oct. 1.

The contracts of players expire on Oct. 15.

The Athletics are ahead in the association race with the St. Louis close.

The Providence and Cleveland who were to be in Boston next month have cancelled their dates. They are going on a trip through the South as soon as the championship season ends.

The batting averages of the various league teams of the season at the close of Aug. 31, games were as follows: Buffalo .283, Providence .278, Boston .277, Chicago .260, New York 253, Cleveland .249, Philadelphia .239, Detroit .238.

Newark, N. J., has had a female baseball game. On Friday last 1200 people witnessed a game between the Blondes and Brunettes of Philadelphia. During the game the young women behaved modestly and the manager said he was responsible to their parents for them. The Brunettes won by this score:

Blondes	1	8	0	5	1	0	7	—22
Brunettes	4	7	12	2	9	1	5	—40

TROOPS FOR TONQUIN.

European Property Threatened at Canton —Strength of the Black Flags.

PARIS, Sept. 15.—Official dispatches from Hanoi state that the numerical strength of the Black Flags in the recent battle was 4000. The Black Flag commander expected reinforcements from Sontay, but the French gun-boats prevented their arrival.

MARSEILLES, Sept. 16.—Two transports loading troops for Tonquin have been ordered to hasten their departure. Gen. Bouet makes urgent demands for aid.

HONG KONG, Sept. 16.—There are now seven Chinese gun-boats moored alongside the English and French men-of-war at Canton. Placards were posted on the walls of Canton Saturday threatening the destruction of all European property if the government decides that indemnity shall be paid for the damage done during the recent riots.

The Combination Gas Machine.

Large concerns using a large quantity of gas will remember that the Military college at Kingston was lighted last Friday night for the first time by a 1000 light Combination gas machine, the same as that being exhibited at the Dominion Organ company's buildings at the fair grounds. The grand dining hall where the banquet was spread in honor of H. R. H. the Princess Louise, the Marquis of Lorne and Prince George, was literally flooded with light. Her royal highness complimented Mr. Mason, the manager of the Combination gas machine company, upon the brilliancy and steadiness of the light which flooded the hall. Mr. F. H. Date, agent of the company, is at the Dominion Organ Co. buildings, ready to explain the workings of the machine.

Freight Routes on the Grand Trunk.

The Grand Trunk freight conductors have received notice that after Oct. 1 all through freight going west will be run over the Grand Trunk from Toronto to Sarnia and all going east will go over the western division from that point to Toronto by way of Hamilton. This will have the effect of depriving Stratford of the virtue of being a terminal point to some extent, and will be an important change for the benefit of Sarnia.

HOTELS

ALBION HOTEL—GREAT ALTERATIONS have taken place at this hotel for the reception of travelers and agricultural people in general. It has long been felt that there was not sufficient room to accommodate the increasing trade of the hotel, and to meet this demand the proprietor has, at an expense of over $18,000, purchased the late premises occupied by the St. Lawrence coffee house association adjoining the Albion, and has now 125 bedrooms, accommodation for 250 guests. The house has been re-modelled and re-furnished throughout at an outlay of $6000—gas in every room, new dining-room, 40x60, capable of seating 200 people at one time. The nopse is the best $1 house in the Dominion.

THE DOMINION Paper-making & Staining Co. (LIMITED.) Incorporated by Letters Patent of the Dominion of Canada. HEAD OFFICE, TORONTO, CAPITAL $300,000.

DIRECTORS:

JOHN J. WITHROW, Esq., President Toronto Industrial Exhibition.
JOHN R. BARBER, Esq., Paper Maker, Pres. Toronto Paper Manf. Co.
JOHN F. TAYLOR, Esq., of Taylor Bros., Paper Manufacturers, Toronto.
EDMUND GUNTHER, Esq., Merchant, Toronto.
ALBERT A. STAUNTON, Esq., of M. Staunton & Co., Toronto.
THOMAS HOYLES McCAUL, Esq., of Toronto, Builder and Valuator.

BANKERS—The Canadian Bank of Commerce.
SOLICITORS—Messrs. Leith, Kingstone & Armour, Toronto.
FINANCIAL AGENTS—Messrs. Scarth, Cochran & Co., Toronto.

It is proposed to form a Joint Stock Company under the name of The Dominion Paper Making and Staining Company (limited).

To acquire the premises, stock in trade, machinery, patterns, plant and good will of the manufacturing and wholesale business of M. Staunton & Co., known as the Dominion Paper Staining Factory, and to carry on throughout the various Provinces of Canada and elsewhere, the business of the manufacture, purchase and sale of all kinds of paper, paper hangings, wall decorations and kindred materials, and to acquire, purchase and contract, lease, own, mortgage and dispose of all lands, buildings, machinery, patent rights, trade marks, patterns and such other property as may be or become necessary or desirable in connection with the carrying on of such business, and to act as agents for other companies and firms, manufacturing or dealing in paper, paper hangings, wall decorations and kindred materials.

The business of M. Staunton & Co. has been carried on for over 27 years, having been established in 1855, and has steadily prospered from its commencement, notwithstanding the fact that up to the year 1878 there was only a very small and varying duty on wall paper. There is now a protective duty of 30 per cent. under which it is believed much greater progress will be made.

In consequence of the increasing demand for wall paper, and especially the finer grades, the profit on the manufacture of which is greater than that on the manufacture of cheaper goods and of the great advantages resulting from the employment of the larger capital of the Company, it may reasonably be expected that the Company will be able to do a much larger and more profitable business than has been done hitherto.

The real estate agreed to be purchased by the Company consists of land in the City of Toronto, having a frontage on Yonge street of 160 feet and a like frontage on McMurrich street, with a depth extending from street to street of 350 feet, upon which is erected the substantially-built brick factory at present used by M. Staunton & Co., which factory is 40 feet wide by 300 long. The building was specially designed for the business now carried on in it, and was constructed under architectural supervision, so as to admit of being easily enlarged whenever required, and is heated with steam and furnished with gas and city water.

It may be added, that the real estate being very near the proposed station of the Ontario and Quebec Railway, is likely to increase greatly in value.

The valuation of the Real Estate made by Henry Langley and J. W. G. Whitney, and of the Machinery by William Hamilton, Manager St. Lawrence Foundry Company, and James Findlay, Machinist, can be seen at the office of Messrs. Scarth, Cochran & Co.

The Stock Book is open at the office of Messrs. Scarth, Cochran & Co., the Company's brokers, from whom prospectuses and forms of applications for shares can be obtained. Where no allotment is made the deposit made on application for shares will be repaid in full.
