Wistar's Balsam of Wild Cherry.

The Editor of the *International Journal* says:—"Of all the specifics offered for the cure of Lung Complaints, we have the greatest faith in *Wistar's Balsam of Wild Cherry*. Free from those narcotic ingredients which enter so largely into the composition of some other patent medicines, it acts without injury to the Nervous System. We speak of this valuable medicine from *personal knowledge* of its effects. Scarcely two years have elapsed since a member of our family *was raised from the very brink of the grave* through its use and in several subsequent cases where it has been administered in our household, it has never once failed of the desired effect. We cheerfully commend it to our friends in the British Provinces and among the 'rest of mankind,' as a certain remedy for Incipient Diseases of the Lungs.".

None genuine unless signed I. BUTTS on the wrapper.

HOOFLAND'S GERMAN BITTERS.

The Grist Mill, working three pair of stones, is in excellent order, having recently undergone a thorough repair. The Carding Mill, on the opposite side of the stream, *rolls* out first-rate work. The owner of the above property also offers for sale the Leasehold Interest of the celebrated Clover-growing Farm, lately occupied by Mr. John Godfrey, sen., consisting of 75 acres, all under cultivation, excepting 12 acres of firewood. The Dwelling House and Out-buildings are in a good state of repair. Also, the Leasehold interest of 15 acres of arable Land, adjoining the Mills, lately occupied by Mr. Macdonald.

Messrs. Fellows & Co. Gents.: I cannot forbear letting you know of the effects produced by your wonderful Worm Lozenges. I gave my son, 12 years old, two doses, and in a short time he passed six large worms. My daughter, 10 years old, took four Lozenges, and in a few hours she passed sixteen; subsequently I gave her more, and the worms continued to come from her until Forty-Eight Large Worms were passed. Strange to say, they acted in a similar way on two grown persons in my house.

I am of opinion that very many children die annually from the effects of worms, who are treated for other diseases.
