CANADIAN CHEESE THE BEST.

Encouraging Results of a Recent Exhibition in Liverpool.

OTTAWA, Aug. 9.—Prof. Robertson, dairy commissioner, has received advices of the results of the judging at the great agricultural show held at Liverpool on July 28, 29 and 30, under the auspices of the Royal Manchester, Liverpool and North Lancashire Agricultural Society. In the class open to cheese of American or Canadian manufacture, the Canadian cheese carried off all the prizes which were offered.

The society's gold medal and first prize went to a Canadian cheese of September make exhibited by a local shopkeeper in Liverpool.

The society's silver medal and second prize went to a lot of cheese from Messrs. L. C. Tilley & Son, of New Brunswick.

The third prize was awarded to cheese of the "Empress" brand, from Messrs. A. A. Ayer & Co., Montreal.

"Very highly commended" was the ticket placed upon the exhibit from the Palace road cheese factory, exhibited by Mr. J. Gerow, Napanee, Ont. Another lot from the dairy station at Perth, Ont., was awarded the ticket "commended." One of the results of this exhibition has been to call additional attention in the English markets to the uniform excellence of cheese of Canadian make.

Binder Twine Factory.

[Canada Farmers' Sun.]

Additional particulars regarding the establishment of a binder twine factory in Brantford by local capitalists, with a stock of $200,000, is published in the Brantford Expositor. The projectors of this scheme are extremely reticent as to their intentions, and to a certain extent have succeeded in maturing their plans without publicity. The gentlemen who are forming the company are Messrs. Stratford, Chalcraft, Hope, Hewitt and Brooks. In common with the whole agricultural community, they have recognized the enormous profits made out of the farmers of the country by the combine on twine. This combine spreads itself all over Canada, and the United States as well, and can demand prices far beyond the value of the article. The local capitalists referred to are of opinion that the formation of a huge co-operative company, embracing all the Patrons of Industry in the Province, and especially devoted to binder twine, would confer a great boon. They propose to form a company under the style and title of the Patrons' Cordage and Implement Company (limited), with a subscribed stock of $200,000, in 40,000 shares at $5 per share. When a certain portion of the stock is subscribed several monied men will, it is stated, put enough money in the concern to go on with the building of the works and the purchase of the necessary machinery. No site has yet been fixed for the works, but it is likely a location will be got just outside or just inside the city limits to the westward. The plans are so immature just yet that they cannot be spoken about with any degree of certainty. It is the intention of the promoters to enlist the sympathy of the Patrons of Industry to the fullest extent, and wherever they are agreeable it will be made the distributing point for the sale of goods, thus at once adopting the co-operative mode of manufacture and dispensing with the middle-man and his profits in the sale. The provisional directors will have a meeting soon to further develop their plans.
