ELABORATE NATIONAL FETE

Minister of Justice and Other Prominent Gentlemen Perform Opening Ceremony at Armory.

LABOR MEN ENDORSE CITY COUNCIL

Arrangements for Labor Day—Peculiar Accidents in Which Costly Mirrors Are Smashed.

Hamilton, April 4.—The National Fete in aid of the House of Providence, Dundas, was opened this evening in the Armory by Hon. Mr. Fitzpatrick, Minister of Justice, who was accompanied by Bishop Dowling, Hon. J. M. Gibson, P. Carscallen, K.C., and other citizens. After the formal opening, addresses were made by Hon. Mr. Gibson, Mr. Carscallen, Adam Brown and J. V. Teetzel, K.C. The fete is a most elaborate affair, there being booths representing various countries with numerous attendants in fancy costumes. All kinds of articles are for sale. Rev. Father Cote is superintendent, and he is assisted by an army of workers. During the evening the Queen's Guards, young ladies wearing khaki, have a fancy drill. The fete will continue till the end of next week.

Received the Minister.

Hon. Mr. Fitzpatrick, Minister of Justice, was given a reception by the members of the Wentworth bar this afternoon in the law library at the Court House. This evening he was dined by them at the Hamilton Club.

Stand By the Council.

The Trades and Labor Council met to-night and endorsed the action of the City Council in deciding to prosecute E. S. Brennen, city coal contractor, and to publish the names of property owners in arrears in taxes. The application of Relief Officer McMeny for an increase in salary was endorsed. A committee was appointed to arrange for grounds for the demonstration on Labor Day.

Peculiar Accident.

A peculiar accident happened in Clew McFarland's barber shop, West King-street, to-night. The screws holding the mirrors and dressers gave way, and they fell forward to the floor. The mirrors were smashed to atoms. About $200 damage was done.

At Spring Assizes.

Before Chancellor Boyd to-day the case of Thomas Brown v. the City of Hamilton, was tried with a jury. The action was for $10,000 damages for the loss of an eye on the night of the Laurier demonstration a year ago last November. Mr. Brown testified that he was on the steps of a street car, in front of the City Hall, when he was struck in the eye with a Roman candle. His eye was destroyed. Witness, under cross-examination, admitted that he was afraid of fireworks; also he could have stepped inside of the car. The jury gave a verdict of $700, but the Chancellor granted a reserve case.

The next case taken up was a peculiar one, the plaintiffs being Peter and James Bradt of Louth Township, Lincoln County, and the defendant, James Boyle, archaeologist of the Ontario government. The action was for $500 for trespass, and conversion of relics. Mr. D'Arcy Tate appeared for the plaintiffs, and Mr. W. T. Evans for the defendant.

The plaintiffs allege that Mr. Boyle went on their lands, opened an Indian mound and removed skeletons, arrowheads and other things without their permission. They claimed as this mound was only one of two discovered in which there were traces of burning at the stake, the relics removed were of increased value. The plaintiffs' solicitor produced a copy of Mr. Boyle's report to the government and copies of Toronto papers, stating the find was a valuable one. The case was not concluded.

Bee Case Dismissed.

This morning Judge Monck gave judgment in the Division Court action brought by Mrs. Sarah Brock and W. R. Brock, her son, of Lynden, for $80 damages for annoyance caused and damage done by Robert Patterson's 118 hives of bees. He dismissed the action, holding that the bees were not a public nuisance.

Trade Enticers.

For Saturday: Black socks, 2 pair for 25c; fancy soft shirts, 50c; Regal braces, 25 cents; coronation ties, 25c; new spring hats, stiff and soft, special $1.50 and $2. E. D. Ross, corner James and Rebecca-streets.

Police Points.

George Green, the ex-football player, who was found guilty yesterday on a charge of vagrancy, was allowed to go on suspended sentence on condition that he leaves the city at once.

Oscar Taylor, another one of the Hamilton Tigers, was fined $30 and costs for assaulting the police.

An informal luncheon was tendered Hon. Charles E. Fitzpatrick, Minister of Justice, at the Hamilton Club, this afternoon. Among those present were Hon. J. M. Gibson, Hon. George E. Foster, D. McGillicuddy, Chancellor Boyd, Judge Snider and Judge Monck. E. Martin, president of the Hamilton Law Society, presided.

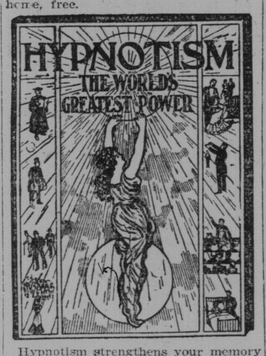
THIS BOOK IS FREE

The Mysteries of Hypnotism and Personal Magnetism Revealed.

The American College of Sciences of Philadelphia, Pa., has just published a remarkable book on Hypnotism, Personal Magnetism and Magnetic Healing. It is by far the most wonderful and comprehensive treatise of the kind ever printed. The Directors have decided, for a limited time, to give a free copy to each person sincerely interested in these wonderful sciences. It is the result of the combined efforts of twenty of the most famous hypnotic specialists in the world. You can now learn the secrets of Hypnotism and Personal Magnetism at your own home, free.



Hypnotism strengthens your memory and develops a will of iron. It overcomes bashfulness and revives hope, stimulates ambition and determination to succeed and gives you that self-confidence which enables you to convince people of your real worth. It gives you the key to the inner secrets of mind control. It enables you to absolutely control the thoughts and actions of whomsoever you will. When you understand this grand and mysterious science you can plant suggestions in human minds which will be carried out in a day or even a year hence. You can cure bad habits and diseases in yourself or others. You can cure yourself of insomnia, nervousness and business or domestic worry.

You can instantaneously hypnotize people with a mere glance of the eye, without their knowledge, and powerfully influence them to do as you desire. You can develop, to a marvelous degree, any musical or dramatic talent you may have; you can increase your salary; you can develop your telepathic or clairvoyant power; you can give thrilling and funny hypnotic entertainments; you can win the love and everlasting friendship of those you desire; you can protect yourself against the influence of others; you can become a financial success, and be recognized as a power in your community.

The American College guarantees to teach you the secret of attaining all these things. It is the largest and most successful school of Hypnotism in the world. It is chartered by the State laws, and carries out every promise faithfully. If you want a copy of its free book, just send your name and address, no money, to the American College of Sciences, Dept. 287 K, 420 Walnut-street, Philadelphia, Pa., and you will receive it by return mail, postpaid.

CROWN AND BRIDGE WORK

These branches represent the dental fine art. Crown work converts a decayed and useless root into a serviceable, handsome and durable tooth by adjusting a suitable cap or crown. Bridge work inserts artificial teeth where several are missing, without the use of a plate, attaching the tiny light denture delicately, yet firmly, to the points of fastening and restoring the most natural effect and efficiency. In this work our experience, skill and superior mechanical facilities help us to excel. We'll gladly give you estimates—and prove the merit of our work by showing you fac-similes of many of our cases.
