The World's Hop Crop.

The National Association of English Hop Growers have issued the following report, dated London, Sept. 12, which states: The world's crop may thus be assumed to be as under: England, 350,000 cwt; European continent, 720,000 cwt; United States of America, 350,000 cwt; Canada, Australia, etc. (perhaps), 10,000 cwt. Total crop of the world, 1,430,000 cwt. The world's consumption is variously estimated from 1,650,000 to 1,845,000 cwt. Taking the mean of these figures we arrive at about 1,750,000 cwt as the approximate annual requirement, and this shows that a deficiency of fully 300,000 cwt has to be provided for in the present year. Stocks in hand cannot be drawn upon to any extent, as they are considered to be lower than at any time since the famine year of 1882 therefore they will not appreciably affect the position."

Dr. Chase

Triumphs Over the Complicated Disease of the Liver and Kidneys—More Words of Praise for the Grand Old Doctor.

Kidney Disease.

Mr. Amos Carter, Melbourne, Ont., writes: "I was for over six months troubled with very sharp pains in the region of my kidneys, the spasms lasting for half an hour at a time and left me with great aching soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking but one pill I noticed a change for the better. It may seem incredible, but after taking the second pill the pains all left me entirely, and I have not had them since."

Mr. W. D. Wilson, Center street, London, Ont., writes: "I was troubled with frequent urine discharges, accompanied by scalding sensations. I was induced to try Dr. Chase's Kidney-Liver Pills and found them work like a charm. I had tried many remedies without any benefit. I can now sleep all night without inconvience."

CHICAGO, Oct. 5.—Butter steady; creamery, 13c to 19½c; dairies, 12c to 17c. Cheese steady at 7½c to 9c.

MONTREAL, Oct. 5.—Cheese, 9c to 10c. Butter, townships, 17c to 18c; western, 14c to 15c.

PICTON, Ont., Oct. 5.—At our cheese factories today 13 factories boarded 1,120; all colored; highest bid, 8¾c; no sales.

PETERBORO, Ont., Oct. 5.—At the cheese sale held here today, about 4,600 colored cheese were offered, being the last half of September make. The first offer made was 8¾c, and quickly went to 9c, made by Whitton. Many of the salesmen were inclined to adjourn, not being satisfied with the price offered. Finally the president decided to call off those after named by the buyers, giving them an opportunity to sell or not, as they considered best. The calling resulted in the following sales: Whitton, in round numbers, took 2,000; Rollins, 800; Cook, 600—all at 9c. Two or three factories were offered the same price, but would not accept. The balance, about 12,000, not receiving satisfactory offers, remained unsold at the close of the board.

TWEED, Ont., Oct. 5.—Cheese market, 590 boxes were boarded; all white; all sold at 9c.

NAPANEE, Ont., Oct. 5.—885 white boarded and 375 colored; 75 white and 100 colored sold at 9c.

SCIENTIFIC CONGRESSES

Result in Benefit to Canada—The Anglo-American Unity Idea.

The Globe of yesterday has an interview with Prof. A. B. McCallum, brother of Dr. H. A. McCallum, of this city, giving at some length his impressions formed while attending three scientific congresses—the British Association at Edinburgh, the International Physiological Association at Cambridge, and the British Association at Bristol. An especially large number of Canadians attended the latter meeting, which was the most important from a general point, said the professor. The Toronto meeting last year, he found, had been an excellent means of making Canada better known throughout the British Isles.

As to the Anglo-American alliance, Prof. McCallum said:

"On all hands I was asked as to the Canadian view of the present feeling of sympathy evinced by the Americans for England, whether it was genuine, and how long it would last. It is extraordinary among a certain class in England how strong the desire is for an alliance or some thorough understanding on points which affect the future of both nations."

This eagerness, the professor thinks, is on the verge of the undignified, and is certain to be misunderstood in the United States. In many quarters he noticed the feeling that the United States are not equipped for a policy of expansion. Their diplomatic service is looked upon as the worst in the world, and Englishmen think there is great need of reform in American methods.

OLD IN CRIME

Wm. Chisholm the Well-Known Horse-Thief in Jail at Woodstock Aged About 80 Years.

William Chisholm, who is well-known throughout Ontario as one of the worst old men who ever lived, is now in Woodstock jail. Chisholm is nearly 80 years of age, and all his life has been a horse thief. He has been sent from London several times to serve terms in Kingston and in the Central at Toronto. Just how the old man gets around is what astonishes the police authorities. The last time he was here, about two months ago, he was so decrepit that he was moved with difficulty, and was sent down for a short period for vagrancy. Chisholm, in his way, is a veritable "Fagan," and is most happy when in company with those of the "Bill Sykes" character. Chisholm wandered to Tilsonburg last week and was arrested by Chief Pow. Referring to his arrest the Woodstock Sentinel-Review says: "A few days ago Chief Pow, of Tilsonburg, brought an old man named Chisholm, as a vagrant, without means of support, to Woodstock jail. The career of the old man is a pitiful ending to a life of crime. He was a notorious horse thief, and belonged to an organized gang that was in existence many years ago. He has spent the greater part of his life in prison. A few weeks ago he was provided with funds to go to the States, but was arrested at Jackson, Mich., and sent back last week. He has been wandering about in a pitiful condition, and on Saturday was in a state of helpless filth. He was taken to jail for shelter, and County Representative Fero will make an effort at the county council today to secure admission for him into the house of refuge. He is not legally entitled to it, not being a resident of the county."

Chisholm recognizes that his life has been misspent, and steals now from force of habit.

NO CHANGES TO BE MADE

Hospital Building Committee Will Stick to Their Plans.

While the Money Lasts the Work Will Go On—The Necessary Balance Lies in the County Treasury—Ald. Jolly's Attempt to Renew Negotiations Frustrated.

While the money holds out the hospital building committee will follow strictly the plan of the new building, as already begun. Chairman Carrothers wanted the plans altered, but his motion to that effect, as referred from the council, was discussed by the committee last night, and defeated. The motion was that the present contagious diseases' building be not taken down at present, and the erection of the new pavilion for males postponed until the committee has secured the necessary funds to complete the building. In opposition to this, the mayor elicited from Clerk of the Works Dodd that by such a course a saving of not more than $3,000 would be effected.

The mayor and Dr. Campbell agreed as medical men that the proposed change would materially interfere with the classification of the patients, and be most objectionable.

Ald. McPhillips gave legal advice that the city would be liable to the contractors for the specific performance of the contract; therefore, he was opposed to the chairman's motion.

Ald. Wilkey's only objection was that the financial position would be very little bettered.

Ald. Jolly had a solution to offer also. There was $15,000 in the county council's treasury, he said, which the city might have been in possession of before now; only some of the aldermen chose to go against the interests of the city, and refused to negotiate with the county.

The chairman and the speaker locked horns on this subject, and some warm words passed.

Ald. Wilkey thought Ald. Carrothers "too short," and Ald. Jolly said if he (the chairman) knew all about it there was no use of the others saying anything. The county was acting just as the city would do, if in the same position.

Ald. Jolly moved that clause four in the proposed agreement with the county be amended to read as follows: "The gross charge to the county for their patients, including admittance, maintenance and treatment to be the actual cost after crediting the county with the government grant of 30 cents per patient per day; and that, should the actual cost of maintenance, exclusive of the government grant, be more than 75 cents, the county to have the privilege to cancel this agreement by giving six months' notice; and that, should the grant from the government be withdrawn, the city should have the same privilege of canceling the agreement."

This was ruled out of order, and Ald. Jolly appealed. The chairman was sustained by Ald. Gerry's vote. Ald. Wilkey refused to vote, and Ald. McPhillips stood by Ald. Jolly.

A complaint from the clerk of the works about some of the plastering done by Contractors Pritchett and Murray Bros. in the contagious diseases' building was considered. It is special work, and the contractors refused to follow the specifications.

"It is so bad," said Ald. Carrothers, "that if a man went in there with the measles, he would come out with the smallpox."

Ald. McPhillips said someone should be engaged to do the work properly if the present contractors persisted in their refusal.

Ald. Carrothers said they should cancel the contract if the work is not done to the satisfaction of the architect.

It was decided on motion of Ald. Wilkey to visit the hospital this morning at nine o'clock and decide what course to take.

$300.00 IN DOCTOR'S BILLS. NO CURE.

50 Cents —FOR— **DOAN'S KIDNEY PILLS.** COMPLETE CURE.

You may go to great expense to get rid of your pains and aches and sickness—heap up big doctors' fees and druggists' bills—and yet be uncured. When you know the right remedy—the unfailing remedy for any Kidney Ailment, such as Backache, Diabetes, Dropsy, Bright's Disease, Gravel, Rheumatism, etc.—is Doan's Kidney Pills, and that a few boxes will effect a cure, you can save yourself both money and suffering. Listen to what Mr. James Row, a well-known resident of Belleville, says: "Nine years ago I was attacked with pain in my back just above the hips, and severe rheumatic pains all over my body, which as time went on grew constantly worse. I was most of the time unable to work, and suffered greatly from pain in the bladder. My disease has cost me fully $300 in doctors' bills and medicines, and still I got no material relief until I tried Doan's Kidney Pills. I got a box, and as a result have no pain or ache of any kind. The urinary or bladder troubles are all cured. I sleep well, and the tired, worn-out feeling has vanished. It was the best thing I ever did in all my life when I commenced taking Doan's Kidney Pills. The effect on me has been simply wonderful, and, what is still better, the cure is permanent, for I have had no return of my trouble."

Hundreds of people in Belleville and Hastings county have been cured of Kidney Disease, Bladder Weakness and Urinary Troubles by Doan's Kidney Pills. Price 50c a box, or 3 for $1 25, at all druggists, or sent by mail by the Doan Kidney Pill Company, Toronto, Ont.

Remember the name, Doan's, and refuse all others.

CORSET COMFORT.

Correct cut, superiority and lightness of steel bones and material combine to make the P.D. not only the most stylish, but also the only thoroughly comfortable corset made. Its great durability is the natural result of scientifically correct construction and of high quality in material. Never buy a light weight corset unless it is a P. D.

Never wear an uncomfortable corset, change and try on until you get the proper form and size to suit you. The celebrated French, tailor-cut,

P. D.

is the lightest, strongest, most comfortable, most fashionable, and best corset made. In all sizes and for all figures $1 to $30 per pair.

A Rich, Nutty Flavor.

The quality of anything that affects the taste, the quality which gratifies the palate—thus is the word "Flavor" defined. If you have never tried Tillson's Pan Dried Rolled Oats you can't possibly know the true, rich, nutty flavor of the ripe oat kernel when it is at its best.

Pan Drying yields the nutty flavor that steaming destroys. Ask your grocer for

Tillson's Pan-Dried (Registered) Rolled Oats.
