ORANGE SAVED BOY FROM DOG

Maddened Animal Attacked Negro Youngster Who Threw Fruit Into Its Mouth.

Charleston, S. C., July 23.—An orange for which he paid his last nickel, and which was being carried to his little sister who was ill, saved the life of Andrew Dillon, a small negro boy, who lives in Maryville, near Charleston.

On his way home the boy was attacked by a vicious bulldog, which was frothing at the mouth and showing other symptoms of being mad. When the animal came rushing at him the boy looked for a stick, but there was no weapon of defense within reach. The dog made a sudden jump, just as Dillon raised the orange in his right hand and hurled it. The dog was springing with his mouth open and the aim of the boy proved true. The orange went into the animal's mouth and far into its throat.

The boy made his escape. When he returned the dog was dead on the ground with the orange still fastened in its throat.

BRITISH CORRAL PARTY OF BOERS

Two Sons of Gen. Prinsloo Were Among the Captured.

Kruger Discusses Reitz-Steyn Correspondence---English Education in Colonies.

Kroonstadt, July 23. — Major Pinecoffin surprised a Boer commando at Honingspruit, July 19, capturing Commandant Hatting, two sons of General Prinsloo and 24 others, and killing and wounding 17.

WHAT KRUGER SAYS.

Paris, July 23.—A dispatch from Amsterdam contains an interview with Mr. Kruger on the letter of Former Secretary of State Reitz, of the Transvaal, to Mr. Steyn. Mr. Kruger says it is a one-sided document selected by Lord Kitchener out of many others that were captured. These included reports and letters from the Transvaal generals, Toibas, Smuts, Delarey and Beyers, and the leaders of the forces operating in Cape Colony, all of which were strongly in favor of supporting Mr. Steyn, Lord Kitchener, Mr. Kruger said, carefully avoided mentioning these reports and letters. Mr. Kruger refused to discuss the question of European intervention or the possible complications which were mentioned in the Reitz-Steyn correspondence as having been communicated to the Transvaal Government.

ONLY ENGLISH TO BE TAUGHT.

Bloemfontein, July 23.—When teachers from all parts of Orange Colony are at present assembled here on a vacation course, the deputy-administrator, Col. Goold-Adams, addressing them at a reception at Government House, emphasized the necessity for a uniform system of education, and condemned the old Free State system of two standards—Dutch and English. He announced that in future there would be only one standard, and that the standard best fitted to equip the children for the futuhe battle of life—the English standard.

Col. Goold-Adams stated definitely that though Dutch would be the medium for the spiritual education of Dutch children, ordinary education would be conducted solely in the English language. It appealed to the teachers and all concerned in the upbringing of the future generation to make them God-fearing, loyal and noble citizens of the great empire.

The address was received with hearty applause by the large gathering, in which the Dutch element predominated.

MEETING BEING ARRANGED!

Walkers Will Soon Send Representatives Here.

Conference Regarding Lease Extension To Be Held Saturday or Next Week.

After being allowed to slumber for several months the question of the Port Stanley lease extension is again one of the chief subjects for conversation about the city hall. The negotiations have been reopened by the Lake Erie and Detroit River Company, which has requested Secretary Kingston to arrange for a meeting of his board and representatives of the company. It will take place either on Saturday of this week or the latter part of next. Both parties will then consider the lease as rearranged by the Port Stanley board. It is expected that the adoption of a give and take policy on both sides will result in a speedy and satisfactory settlement. The Advertiser received the following communication from General Manager Woollatt this morning:

"The extension of L. and P. S. Railway lease.—Referring to your telegram of the 12th inst. and my reply of the same date. I have just had a talk with Mr. F. H. Walker, and he has asked me to arrange for a meeting with the L. and P. S. Railway board on Saturday of this week or the latter part of next week, and I have written the secretary accordingly."

LONDON MAY GET STATION

Remount Depot Should Be Established Here.

So Says Imperial Officer and the Matter Will Be Taken Up.

Mayor Rumball's Goderich business required his return to that town today, and in his absence Ald. Parnell attended to his worship's civic duties. Ald. Parnell has a few ideas, and he intends to augment the number, about the establishment of a remount station in London. The information contained in an article relative to that matter, that recently appeared in The Advertiser, was somewhat new to him, and he has since considered the importance of having the remount station here. As soon as Mayor Rumball returns to the city, the two will go into the matter more thoroughly.

The statements made by the officers who are purchasing horses in Canada indicate that Ald. Parnell is not pursuing an unattainable object. They have said to horsemen of this district that the country surrounding London is unsurpassed by any in the Dominion as a horse country. They have plenty here to choose from, and the percentage is unusually high. Capt. Maudsley, one of the imperial government's representatives here, said in conversation with a local gentleman, that his opinion was that the remount station should be permanently established here. It would be a big thing for the farmers of this district.

Why?

Why do so many good cooks use "Purity" Baking Powder. Simply because they know by actual experience that it is the best.

"Purity" Baking Powder improves the flavor and adds to the healthfulness of all risen flour foods. It renders the biscuit, cake and pie more digestible and nutritious.

Tea biscuits raised with "Purity" Baking Powder are always wholesome, and will not distress persons of delicate or enfeebled digestion, though eaten warm and fresh.

OUR TRADE IS GROWING VERY FAST

An Increase of $13,000,000 in the Last Year.

Customs Figures Reveal Gratifying Conditions.

Exports of Domestic Produce Amount to $177,639,192 Against $165,180,858 in 1900.

Ottawa, July 23.—From unrevised figures obtained at the department of customs yesterday, it would appear that the foreign trade of Canada last year increased about $13,000,000 over the year previous, which was by far the largest in the history of the country. On the basis of imports entered for consumption and exports of Canadian produce only, exclusive of the percentage usually added for exports to the United States not recorded, the total foreign trade of the last fiscal year was $358,864,581. On the same basis for the previous year the trade was $345,985,174. It is not possible at present to give the figures of the aggregate foreign trade, which includes the total imports and exports, but it is confidently expected that they will be in the neighborhood of $394,000,000. For the fiscal year 1900 the aggregate foreign trade was $381,517,236. The exports of domestic produce by classes for the fiscal years 1900 and 1901 were as follows:

Produce.	1900.	1901.
Mine	$24,580,266	$39,982,573
Fisheries	11,169,083	10,720,352
Forest	29,663,668	30,003,857
Animals and their products	56,148,807	55,499,527
Agricultural products	27,516,609	24,977,662
Manufactures	14,224,287	16,012,502
Miscellaneous articles	208,070	44,642
Coin and bullion	1,670,068	398,077
Totals	$165,180,858	$177,639,192

It will be noticed that there is an increase of about $15,000,000, or 60 per cent, in exports of produce of the mine, and a satisfactory growth of $2,000,000 in manufactures exported. The exports of produce of the farm, fisheries and forest have been practically stationary. The exports of foreign produce from Canada in 1901 amounted to $20,379,212. In 1900 they were $21,252,354. The figures show that last year foreign farm produce to the value of $15,820,302 was imported by Canadian routes, while the year previous such exports amounted to $12,101,212. The total imports entered for consumption in 1901 were $181,225,389. For the year previous they amounted to $180,804,316. Exclusive of coin and bullion, the imports for consumption for the two years were as follows: 1901, $177,688,075; 1900, $172,506,878; increase, 1901, $5,181,197; duty collected in 1901, $29,128,548; duty collected in 1900, $28,889,110; increase in 1901, $239,438.

The average rate of duty on the imports dutiable and free entered for consumption, after deducting coin and bullion and the value of Indian corn imported and subsequently exported, was 16.89. In 1896 the average rate on this basis on the importations for that year was 19.19. There was, therefore, a reduction last year as compared with the rate in 1896 of 2.30. If the rate of duty which prevailed in 1896 had been in operation during the last fiscal year, the people would have paid $4,000,000 more in duties.

DOMINION DAY IN SOUTH AFRICA

Canadians Celebrated It With a Dinner at Johannesburg.

[Special to The Advertiser.]

Ottawa, Ont., July 23.—Lord Minto received a cable from Johannesburg on July 3, which said:

"Canadians, South Africa, celebrated Dominion Day by dinner, Johannesburg.—Col. Greenwood."

Lord Minto replied July 4 as follows:

"Many thanks to Canadians. Hearty good wishes to all.—Minto."
