MASONIC BALL.—Pursuant to announcement the Ball, under Banners of Carleton Union, No. 767, come off on Tuesday evening last at their Hall in Carleton. The attendance was numerous, and and excelled any thing of the kind previously given at the Hall. Brother Stephen Wetmore, as Master of Ceremonies, assisted by an efficient Committee, particularly Brother George Beatteay, who arranged the music and dancing, conducted the affair in a highly creditable manner. Dancing was kept up with spirit until early next morning, when all separated "on the square" pleased with themselves and the evening's entertainment.

ANOTHER.—It will be seen by advertisement Carleton No. 3, Fire Company intend giving a Ball on the 28th instant. Well done Carleton! We'l come to tea with you.

To Papas, Mamas, Maiden, Aunt, and Cousins we would say don't pass MAJOR'S without steping in, or most assuredly you will get into disgrace with the chubby cherubs. Boys' and Girls' Old Santaclaws is on the watch and will carry the intelligence to the darlings and disgrace will follow inevitably defalcation. MAJOR has this Season provided more beautifully than heretofore, His "*Juvenile Toy Bazaar*," presents in abundance, the skill and ingenuity of all the Toy making nations, *French, Dutch* and *English*, in such perfection as to turn the heads of the *Rising Generation*. "Call and See."

BIBLE SOCIETY.—It will gratify the friend of Bible circulation to hear that two important and efficient Branches have been formed lately in connection with the New-Brunswick Auxiliary, one at Blissville, in Sunbury County, and another at Studholm, in King's County. The annual meeting of the Auxiliary is advertised to take place on the 3d of January next.—*Courier.*

The difficulties and dangers of bringing up Infants by hand or wet nurse have been entirely overcome by Du Barry's delicious Revalenta Arabica Food which feeds, strengthens and removes all those little pains and irregularities Infants are so subject to. The following letter speaks volumes:

Grammar School, Stevenage, 16th Dec., 1850.

Gentlemen,—I think it but common justice to you to state that I have used Du Barry's Revalenta Arabica for the last four months, during which time our infant has *never had disordered bowels*, from which it had suffered much during the previous six months, whilst being nursed, though every care was taken to prevent it. Had I known of your valuable Food sooner, it would have saved my infant much pain, and me also, the heavy expense of a wet nurse.

I am &c., ROBERT AMBLER.

A great many families have expressed themselves similarly, as will be seen in Messrs. Du Barry's advertisements.

PULMONARY CONSUMPTION

Has until within a few years, been generally considered INCURABLE, although many medical men of the highest standing, among whom we might mention Laenne and his friend Bayle—both distinguished authors, admit that this much dreaded disease may be cured, even in its advanced stages, when the lungs are not disorganized. The remedy which we now offer.

Wistar's Balsam of Wild Cherry,

not only emanates from a regular Physician, but has been well tested in all complaints for which it is recommended. A Physician in Maine says:—

"I have recommended the use of Dr. Wistar's Balsam of Wild Cherry for diseases of the lungs, or two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed Consumption had taken place, the Wild Cherry effected a cure."

From the Boston Daily Bee, March 28th, 1849.

"CURE YOUR COUGH.—Are you afflicted with this distressing annoyance, get rid of it. You have only to procure a bottle of Dr. Wistar's Wild Cherry Balsam to ensure this. It seldom fails when taken in season to effect a cure, and always relieves even the worst cases of diseased lungs. Many physicians recommend it to their patients, and speak of it in the highest terms in letters to the proprietor, citing cases of cures where other means had failed.

UKASE BY THE EMPEROR OF RUSSIA.

Russian Consulate General,
London, Dec. 2, 1847.

The Consul General has been ordered to inform Messrs. Barry Du Barry & Co., that the Revalenta Arabica they had sent to His Majesty the Emperor has, by imperial permission, been forwarded to the Minister of the Imperial Palace.

Cure No. 71, of dyspepsia from the Right Hon. the Lord Stuart de Decies:—"I have derived considerable benefit from Du Barry's Revalenta Arabica Food, and consider it due to yourselves and the public to authorise the publication of these lines.—

STUART DE DECIES."

Cure No. 49,832—"Fifty years' indescribable agony from dyspepsia, nervousness, asthma, cough, constipation, flatulency, spasms, sickness at the stomach and vomiting have been removed by Du Barry's excellent food— Maria Jolly,

Hedgeburg, 16th Sept. 1852.

My wife, having suffered for years from a pulmonary complaint, became so ill at the beginning of this year, that I looked daily for her dissolution.—The remedies which hitherto had relieved her remained now without effect, and the ulcerations of the lungs and night sweats debilitated her fearfully. It was in this, evidently the last and hopeless stage of pulmonary consumption, when every medicine emained powerless in even affording temporary relief—that I was induced by a medical brother from Hanover, who makes pulmonary consumption his special study, and treats it with Du Barry's Revalenta Arabica, to try this strengthening and restorative food, and I am happy to be able to express my astonishment at its effects. My poor wife is now in as perfect a state of health as ever she was, attending to her household affairs and quite happy. It is with pleasure and the most sincere gratitude to God for the restoration of my wife, that I fulfil my duty of making the extraordinary efficacy of Du Barry's Revalenta, in so fearful a complaint, known; and to recommend it to all other sufferers.

GRIES, M.D.

CERTIFICATE FROM DR. GATTIKER.

Zurich, 3d September, 1853.

I have tried Du Barry's Revalenta Arabica for a complaint which had hitherto resisted all other remedies—viz.: CANCER OF THE STOMACH; and I am happy to say, with the most successful result. This soothing remedy has the effect, not only of arresting the vomiting, which is so fearfully distressing in cancer of the stomach, but also of restoring perfect digestion and assimilation. The same satisfactory influence of this excellent remedy I have found in all complaints of the
