Marine News.

William Thomson & Co., the owners of the abandoned steamship Nemea, received the following cable from Queenstown, C. B., Saturday:—

"The underwriters on the vessel sent out the salvage tug Blazer to try to tow in the abandoned steamer Nemea. The tug has just returned, and reports that after towing the ship by the stern for two days she finally had to abandon her on November 8th in a northeast gale, and the wreck was then in a sinking condition, with bow and after holds awash, and it had not finished burning."

This was about 200 miles off the Irish coast.

Thrum Cap bell buoy is reported as having been upset by the recent gale and is floating on its side. The gas light at Neverfail shoal buoy is also reported out for some days. The new lantern in the Sambro light house has not been finished, and in the meantime a temporary light is being operated.

Canada-Jamaica Fruit line steamer Kathinka, Capt. Thorsen, arrived Saturday from Kingston (Ja.), with fruit for St. John and other points. She brought 4,979 bunches bananas.

The following charters are reported: Schrs. Jean, Bridgewater to New York, lumber, $4.75; Gladys E. Whidden, New York to Sierra Leone, general, lump sum; bark Star of the East, New York to Gold Coast, oil, p. t.

Schooner Preference sailed from Halifax Friday night for Sherbrooke to load lumber for New York.

A new scarlet tunic has just been issued to British soldiers of the line and the Guards. It possesses pockets of the Norfolk jacket type, and is simply faced with cloth of the color of the regiment. The idea is that it shall be a walking-out jacket—something that will relieve the wearer from the stiffness and splendor of the review order tunic, and at the same time give the soldier a smart and soldierly appearance.

SIMPLE AND EFFECTIVE

Here is a simple and effective remedy for coughs and colds: Mix a half ounce of the Virgin Oil of Pine (Pure) with two ounces of glycerine and a half pint of good whisky. Shake well and take in teaspoon doses every four hours.

This formula is said to be very effective, being the prescription of an eminent specialist in the cure of consumption. It will break up a cold in 24 hours, and cure any cough that is curable.

The ingredients for this prescription can be found at any good drug store, but care should be taken that only the pure Virgin Oil of Pine should be used. This is put up fully in half-ounce vials for dispensing, securely sealed in a round wooden case with engraved wrapper, having the name "Virgin Oil of Pine (Pure)" plainly printed thereon.

The cheaper oils that are sold in bulk only create nausea and have no effect whatever upon the bronchial tubes.

CLARKE CASE TO BE ARGUED FRIDAY

Case of R. J. Wilkins vs. Mrs. Wallace Occupied Court Half a Day

Fredericton St. Andrew's Society Elects Officers -- Woodsman Killed by Discharge of His Gun--St. John Couple Married on the Quiet--Other News of Capital.

Fredericton, N. B., Nov. 12—The following court appeals were taken up in the supreme court this afternoon:

Sellick and Cassidy (plaintiffs) appellants; Erron, plaintiff, not appealing, and Grosvenor, defendants, respondents—Teed, K. C., supports appeal from St. John county court; E. P. Raymond, contra. Court considers.

Poitras, defendant, appellant, and Pelletier, plaintiff, respondent—Connell, K. C., supports appeal from Madawaska county court; T. M. Jones, contra. Court considers.

The case of Stevens vs. Tompkins is all that remains on the docket.

The Clarke case will be taken up on Friday.

Wilkins vs. Wallace occupied the attention of the court for the entire morning. E. P. Raymond moved to increase the verdict, and M. G. Teed contra. Wilkins was employed by Wallace to run the Brunswick hotel at Moncton at a salary of $10 per week, and got a verdict against Wallace of $152 for wages. Under arrangements of Wilkins' contract with Wallace, the latter was to do all the buying, but Wilkins paid the drafts for $480 worth of liquor, brought from John ORegan, St. John, for the hotel, and he wants his verdict increased by that amount. The case was tried at St. John by Judge McLeod without a jury. Under the law prohibiting taking liquor into Scott act counties, Mr. Wallace claims that Wilkins has no claim in the matter. Mr. Wilkins claims that it is a matter between himself and Wallace, and the place where liquor law does not have any effect.

On Saturday afternoon, near the corner of Carleton and Queen streets, Daniel Daley, who has charge of the skate room in the Arctic roller rink, was badly cut in the hand by a knife in the hands of Willie Belyea. It is claimed by Belyea and his friends that he was teased by Daley.

Miss Helen Randolph left on Saturday evening for Boston, where she will join Mrs. C. C. Ketchum and Miss Ellie Stopford and sail this week for an extended European tour.

Harry F. McLeod, grand master of the Orange order, has returned from Victoria Mills, Westmorland county, where on Friday night he dedicated a handsome new Orange hall recently erected there by Morning Star Lodge. During last week Mr. McLeod also dedicated the new Orange halls at McAdam Junction and Four Falls, Victoria county.

The particulars of a happy romance have leaked out, and now Mr. and Mrs. Claud A. Wilmot, of St. John, are living together at the winter port city. Miss Jennie Hunt had been here acting as nurse at Mrs. Richards' private hospital, and about the first of the month she was away from the hospital for a day or two, and on Nov. 1, it has since been learned, she and Mr. Wilmot were quietly married by a Baptist minister at St. John, where they both had made their home with their families.

Miss Hunt, or rather Mrs. Wilmot, returned to her work at the hospital and continued there until Saturday, when she gave up her position to become in the eyes of the public Mrs. Wilmot.

The annual meeting of St. Andrew's Society was held in the Knights of Pythias hall this evening and was largely attended. Retiring President O. S. Crocket, M. P., occupied the chair. The reports of the officers showed the society to be in a flourishing condition and twenty new members were admitted. The following officers were elected for the ensuing year:

President, A. S. Murray; first vice-president, J. D. McKay; second vice-president, A. S. McFarlane; secretary, Percy Guthrie; treasurer, James Tennant; marshal, William Minto; assistant marshal, James Pringle; piper, Daniel Hossack; assistant piper, H. E. Dewar; chaplain, Rev. Canon Montgomery; committee of charity, Eben Miller, J. A. Edwards, J. H. McMurray.

It was decided to celebrate St. Andrew's day by a grand Scottish concert to be held in the Opera House in the evening.

A heavy snowstorm accompanied by al)—A heavy snowstorm accompanied by a strong easterly gale set in here last night and still continues. About eight inches of snow has fallen on the level.

News has been received here of the death at Port Arthur, Ont., of Mary Estella, only daughter of Mr. and Mrs. Charles E. Duffy, formerly of Fredericton, aged eleven years.

Alfred Terrier, of Green River, Madawaska, accidentally shot and killed himself while en route to a lumber camp on the Restigouche last week. He was travelling on a tote road, carrying a loaded rifle and had the misfortune to trip and fall. The weapon was discharged, the bullet piercing his right lung, killing him almost instantly.

BOILER EXPLODES; SIX KILLED AND FIVE INJURED

Cleveland, O., Nov. 12—Six men were killed, two fatally injured and three seriously hurt today when a boiler in the power house of the Lake Shore railroad in Collingwood, a suburb of Cleveland, blew up. The men were working close to the boiler, building the foundation for a dynamo, when the explosion occurred. They were all in the mouth of the subway facing the end which blew out of the boiler and were scalded to death by the immense volume of steam which shot out.

Engineers at the power house say the explosion was due to the formation of a "mud ring" in the filtering apparatus which clarifies the water before its passage into the boiler. The shock of the explosion was heard for two miles.

Provinces After Unorganized Territory.

Ottawa, Nov. 12—(Special)—The provinces of Ontario, Saskatchewan and Manitoba presented their memorandum today to the dominion government for what share they expect of the unorganized territory to the north. Saskatchewan wants all north of Nelson River, Manitoba wants all of Keewatin and Ontario wants to get as far west as Port Churchill.

STRONG EVIDENCE AGAINST OFFICIALS OF ONTARIO BANK

Former Chief Accountant Tells of Peculiar Transactions of President Cockburn and Associates.

(Special to The Telegraph)

Toronto, Nov. 12—The pendulum of the prosecution in the Ontario Bank case is in the direction of G. R. R. Cockburn, the president. So broad a scope has the investigation assumed that the evidence of today, and especially that of the late afternoon session, scarcely affected Charles McGill in his relation to the case, but bore strongly upon the president and directors of the bank in an attempt to prove their alleged knowledge of the inner administration of the institution. Evidence which pointed towards the use of the bank shares and bank money for his own profit by President Cockburn was adduced in the evidence of W. J. Langton, former chief accountant at the bank.

It is said the hint which led to the inquiry into this particular part of the bank's affairs came from McGill, and if this is true, and the crown officer is authority for the statement, it is significant of the stand Charles McGill intends to take in his own defence.

The stock traders' book of the Ontario Bank was produced late in the day, and Hon. A. B. Morine asked the witness to trace certain transfers of stock made to and from the president.

It appeared that in 1901 when the new issue of bank stock was made and shareholders were allowed the new stock on a basis of one share of new for three shares of old stock at $120, Mr. Cockburn exercised his right as shareholder to take up 278 shares.

Langton, speaking from memory, told Morine of an alleged agreement under which Cockburn secured from Yonge street branch of the Ontario Bank as call funds sufficient to pay for the new stock allotted to him. On March 31 of 1903 scarcely two years later, the transfer ledger showed a return of 278 shares to the bank in lots of 139 shares each and at a price of 134 3-4 and 135 3-4 respectively or total amount of $37,599.50. This price was paid from the officers' guaranteed funds of the bank showed an advance upon allotment price of $4,239. So far as Langton could say there was no collateral offered for the loan made to Cockburn and the president upon making the sale of stock also received it upon behalf of the officers' guarantee fund of the bank.

The evidence, which on the face of it indicated a knowledge of the bank's peculiar investments by certain of the directors, was also produced upon another branch of the inquiry. The directors' minute book showed that early in 1903 a committee of the board was appointed to investigate securities held by the bank. A memorandum which was presented to the board of April 30, 1903, under heading "List of securities" was as follows:

With Thomas Denny & Co, New York, 1,900 shares Erie Second Preferred fours, 600 Minn. and St. Louis fives; 1,150 Metropolitan Securities $166,947.99. The above memorandum has upon it the initials of President "G. R. R. C.," and another memorandum presented at the end of the next month, May, 1903, bore the initials of A. Irving, of Toronto News Company, who was at that time a director of the bank. This statement of these certain securities differs from the one initialed Cockburn in but one item and that is the substitution of Erie stock for the entry representing cash supposed to have been held by the Denny firm. The Irving memorandum is as follows:

"With Thomas Denny & Co.—Cash $50,200.25; 600 Minneapolis & St. Louis common, 1,150 Metropolitan securities, $177,957.74. Total, $168,157.99.

It is claimed by the prosecution that the amount represented by the last memorandum to be held in cash for the bank by Denny & Co. was in reality a debt, which the brokerage firm owed the bank, while upon the transfer book, Hon. Mr. Morine also found a transfer of a number of shares owned by Mrs Sarah M. Grass, wife of Director R. M. Grass, to the officers' guarantee fund of the bank. These transfers appeared to satisfy the counsel engaged in the case that some of the directors were sufficiently aware of the bank's business to know that it was dealing in its own shares.

Neither President Cockburn nor Grass have had any opportunity so far of making a statement, and it is said that the president may contradict the story of Langton.

California Gallantry.

(Sunset Magazine).

"They told me the story of a well-known gentleman of San Francisco who, charging through all the smoke and flames and litter on the first day of the terror, came upon a fashionable lady of his acquaintance trudging along the middle of the street in her bedroom slippers with a window curtain thrown over her shoulders. He stopped his automobile to offer his assistance, explaining at the same time that the auto was all he had saved out of the wreck, and even that had been commandeered by the soldiery.

"I, too, have lost all," she sighed.

"All but your beauty," said he with a courtly bow.

"And you all but your gallantry," she retorted smilingly.

GRAND FALLS NEWS

Eleven Hundred Dollars Subscribed Towards New Catholic Church--Potato Shippers Complain of Scarcity of Cars.

Grand Falls, Nov. 12—Remi Sirois has sold his building and liquor business on Broadway for $3,500 to Samuel Lovely, of Perth.

A few days ago, Bert Robinson shot two deer in the woods across the C. P. R tracks.

Frank Price and Percy McDonald started for Sisson Lake, where they will cam, and trap for all winter.

Farmers and shippers complain of the lack of cars, and unless there is some improvement in the situation a heavy financial loss will result. Farmers have nowhere to store their potatoes, the warehouses here being full, and the first cold spell will freeze thousands of dollars worth of potatoes awaiting shipment. There is some talk of applying to the Railway Commission for redress.

Lumbermen complain of the scarcity of men, and wages are high. This year, Burgess & Sons will lumber near Ryan Brook lake instead of on Little River. They have a crew now in the woods building new camps.

It is snowing hard here today, and enough of it has already fallen to make good sleighing.

Matthew Burgess, who has been visiting friends in Portland (Me.), for the past two months, returned home yesterday.

A few of the leading members of the Catholic congregation met on Friday evening at the residence of Father Joyner, and subscribed over $1 100 towards the erection of a new church. A general meeting of the congregation will be held in the William Poitras building on Sunday afternoon, November 25th inst.

Quite recently a warship of the Channel fleet found it necessary to call for a few hours at a port on the east coast. Tommy Atkins, meeting a full-bearded Irish tar in the street, a couple of hours later, said: "Pat, when are you going to place your whiskers on the reserve list?" "When you place your tongue on the civil list," was the Irish tar's reply.
