A carriage with two heads was caught at Cape Canso last week.

THE Summer School of Science opens in the Masonic Temple here to-night.

FRED Longhead, 18 years of age, was drowned while bathing in the Salmon River N. S., on Wednesday.

AFTER Monday the 23rd of July the International boats will run daily trips between St. John N. B. and Boston.

WE were shown yesterday by Mr. William McDonald of Pownals Island a stalk of winter rye six feet nine inches in height.

THE steamer Florida arrived here from Boston Monday evening and sailed on return last night. She had a large number of passengers both coming and returning.

PICNIC goers should not forget that the great Western Tea takes place at Alberton on the 5th inst. A grand time is in store for all who attend. Be sure that you get in an appearance there.

DOMINION Day falling on Sunday, this year, was observed on Monday. Excursions to Orapaud and Pictou and the races at Summerside were the chief sources of amusement for pleasure seekers.

AT noon on Wednesday the Rockin House property on Kent Street was purchased at auction by Chief Engineer Large for $1,55. Two hours later he sold his purchase to Mr. P. S. Brown for $1,900.

THE examinations for entrance to the Prince of Wales College and Normal School commenced yesterday. They are being held in the Upper Prince Street Schools, as the College is too small for the purpose.

TUESDAY next is the day on which the Mount Stewart Tea Party at Cardigan Bridge is to be held. For a nice pleasant days outing no finer place than Cardigan can be found. If you go you will be well pleased with yourself for doing so.

DON'T forget that the grandest tea party of the season is to be held at Kinkora on Tuesday next. If it is an enjoyable time you want to spend that is the proper place to go to for it. Go to it yourself and bring all your friends with you.

THE largest shipment of steel rails ever consigned to the P. E. Island Railway came to Summerside last week. The shipment is one thousand tons of steel rails. Part of them rails are to be put down between Fort Hill and O'Leary and part between Tyndale and Mount Stewart.

THE Tarmouth Herald says:—There is great excitement at Kempt, in this County. Mr. Nash has struck a 3-foot gold lead near the Cowan mine. The reported yield is beyond any previous record in that neighborhood. We understand that the Cowan mine has been sold within a few days and operations will be commenced at once.

THE fruit crop throughout Cape Breton and Nova Scotia promises to be unusually good this year. The wreath of blossoms was never equalled, and from all quarters comes reports of a phenomenal setting of fruit. If nothing occurs to injure the fruit already set this year will probably witness the greatest crop ever known in the Annapolis valley.—Sydney Herald.

THE ceremony of laying the corner stone of the new Catholic Church at Kelly's Cross was performed by His Lordship Bishop McDonald on Wednesday. The sermon on the occasion was preached by Rev. Dr. Morrison. A large number of people from the surrounding parts and from Charlottetown were present. In connection with the celebration a picnic was held for the benefit of the church, which was a great success.

MRS. Meekie, of Newcastle, generally known as Mrs. Jemima Garrett, who had served a sample of terms in jail for violation of the Scott Act, died on Tuesday of last week and was buried Wednesday afternoon. There is a report current that her death was caused by kicks which her husband, Edward Meekie, is alleged to have given her Sunday night. He is under arrest on a charge of having resisted the police.—Chatham World.

CHARLES Clothe, the well-known practical designer and manufacturer of apparatus for all deformities of the human frame, and Rupture in all its forms, is coming to our neighborhood. His method of overcoming Rupture and all deformities depends so much on the personal examination of the case, this is an opportunity of consulting the head of the largest institution in this line in Canada, of twenty-three years experience. See Advertisement for dates and hotels in this paper, and be sure to be on time, as Mr. Clothe's route cannot be changed.

THE cents in the bottle on exhibition in Prowse Bros' store for some time past were counted on Saturday evening. The exact sum in the bottle was $4.48. The exact number was not guessed. There were three guesses of $5.67, the guesses being made by A. E. Arsenault and Bruce James, of this city, and John McKinnon, of Rosebay. All three were one cent short of the total amount. They will decide between themselves who shall have the bicycle. Annie Molins, of Dance Cove, guessed $5.65, and James Fraser, of Charlottetown, $5.70. There were upwards of 1200 guesses in all, ranging from $1.50 to $459.

ABOUT 2.30 o'clock Friday afternoon when the S. & H. train was crossing the Sheepdy River Bridge the bridge gave way. The engine crossed over in safety; but the passenger car, and freight and mail car went through the bridge to the river below, a distance of ten or twelve feet. Miss Aletha Coonan, daughter of Captain Coonan, of Harvey, was seriously injured. All the train hands, except the driver and fireman were badly injured. The bridge was about ten or fifteen feet high and has not been considered by many to be in a safe condition. In fact the owners of the road were making preparations to have the structure put in thorough repair.

THIS is to certify that the Great Eastern Tea when is to take place on Tuesday next at Cardigan Bridge will be the grandest event of the season. Moreover we guarantee that Charlottetown will be in sad mourning that day even if only a Corporale guard remains after all have left for the great eastern to enjoy the good things the Ladies are now preparing for them. Notice the hour of departure of the special. No need to be in a hurry, ample time for a good breakfast. Only two hours on the train, and about six hours on the grounds. Lots of fun. A good time will be finished off at all. The boys band of the League of the Cross will be in attendance to discourse sweet music.

A more enjoyable and successful entertainment was held Monday night in the Hall at Parker's Station. The affair was under the auspices of the Choir of St. Teresa's Church, and the members covered themselves with glory. The different vocal, instrumental and literary numbers on the programme were capitally rendered, and reflected much credit upon the chairmaster of St. Teresa's, Mr. Keefe, who had the management of the concert in hand. The hall was packed, numbers having driven from the surrounding settlements to enjoy the evening's pleasure. Rev. Michael McMillan P. P. at St. Teresa's was untiring in his efforts to make the affair a success and admirably succeeded. At the close remarks were made by Rev. Dr. Morrison, Rector of St. Dunstan's College, Rev. P. J. Hogan of the Cathedral and Cyrus Shaw, M. P. P., New Perth.

IN connection with the Tea Party at Cardigan on July 10th inst., the following arrangements have been made with the P. E. I. Railway, viz.:—A special train will leave Charlottetown on Tuesday 10th July inst., at 9 o'clock a. m. (local time) arriving at Cardigan Station at 11 o. a. m. This train will proceed to Georgetown, and return about 12 o'clock noon, carrying passengers to the Tea Party. Connection will be made at Mount Stewart with morning train from Souris. Return tickets for special train will be issued at following rates:—

Ch'town to B'rlty Jane (inclusive)	75	cents
Brackley Point to Bedford	60	"
Tracadie to Pisquid	45	"

Sporting Notes.

At Haverhill, Mass., last week Dot won the 2 24 class in 2 25¼, 2.22¼, 2.22¼. Harry Almont won the first heat in 2.23¾. There were nine starters.

Heck won the 2 38 class at Amherst Monday in straight heats. Best time 2.31¼. Brazilian took the free-for-all in straight heats in 2.28¼, 2.29¾, 2.29¼. Stranger was second.

Guy Nickalls, the oarsman, the present holder of the diamond sculls, rowed over the Henley regatta course the other day in 8m. 26s., beating the record. J. J. Ryan, the Canadian oarsman, is regarded as Nickall's strongest competitor for the diamond sculls, and many predict that he will win.

The races at Summerside Monday were among the best ever held on the track there. Excellent contests were the outcome of the meet, and fast time was made. Between 1500 and 1800 people witnessed the sport and enjoyed themselves. The day was a beautiful one for horse racing, and the management was up to the usual high standard always noticeable in connection with the Summerside Driving Park. The officials were: Judges—T B Grady, Summerside, (Starter); F P Gillis, Charlottetown; H B McKay, Clifton; Timers—Geo Godkin, Summerside; Jas Tuplin, New Annan. Distance Judge—Fred Peters, Summerside. The summary of the events are as follows:

Archbishop Tache's Last Moments

Dr. A. H. Ferguson, who attended Archbishop Tache in his last moments, has given the reporters of the Winnipeg newspapers full particulars of the progress of the disease. The doctor expresses surprise that although he had been suffering for fifteen years, the illustrious prelate should never have been examined as to the presence of stone in his bladder. Having been called in consultation, Dr. Ferguson ascertained the presence of stone in large quantities, and prevailed upon the sick bishop to have an operation performed. Mgr. Tache positively declined to have the knife used, but consented to a crushing of the stone. The operation lasted three hours, after which the patient rallied for a whole day. Subsequently, however, the kidneys ceased to do their work, and signs of uremic poisoning began to set in. Dr. Ferguson remained with his patient on Thursday night, and early in the morning of the next day when he saw that life was rapidly going, he summoned all his friends to his bedside. A little while before he died the Archbishop called Dr. Ferguson and thanked him for his kind services. He had been warned by the doctor of the approaching end, and was conscious to the last. Most of his last moments were spent speaking to the priests and sisters. Under his sufferings he was very patient and gentle, and was willing to take the advice of the doctors and others around him, but declined to drink any spirits.

About People Here and Everywhere.

Rev. G. DeFinance, of Etang du Nord, Magdalen Islands, arrived here this morning, and will remain a short time.

Mr D B McDonald, representing J C Wilson & Co, Montreal, is in the city visiting his firm's customers.

P. Blake, Esq., President of the Board of Trade, who was attending the Intercolonial Conference at Ottawa, returned Monday evening.

Senator Ferguson and L H Davies, MP, arrived home from Ottawa Saturday evening. It is unlikely that they will return again this session.

Miss Annie Grant arrived from Boston on the Florida Monday evening. Her brother Patrick, of Lynn, accompanied her and will remain about three weeks.

His Lordship Bishop McDonald, accompanied by his secretary, Rev. Dr. McMillan, left Saturday morning for Tignish to commence his confirmation tour of the province.

Mr. William Johnstone, of this city, returned home Monday night, after having completed a most successful year in medicine at McGill College, and securing first class honors.

Capt. Joseph Macdonald, of Cardigan, and his amiable spouse celebrated the twentieth anniversary of their marriage yesterday. This occasion was the first time in all their wedded life that the Capt. was present at home on the anniversary of his marriage.

Rev. L'Abbe Casgrain, of Quebec, the renowned historian, arrived here Friday evening, and left the following morning to visit the Acadian parishes of the diocese. The rev. L'Abbe is now engaged on an early history of P. E. Island, and is this way securing data for his work.

The name of Mr Thomas Driscoll, of Lot 48, was inadvertently omitted from the list of those who recently passed for teachers' license. We are pleased to learn that our young friend passed such a creditable examination and won a second-class license.

The Miss Coonan, who was so seriously injured the other day by the collapse of the Sheepdy river bridge, is well known in this city, being a graduate of Couvent de Notre Dame of this city. She was just returning to her home at Harvey from Massachusetts, where she was following the profession of a trained nurse, when the accident occurred. Her sister, Miss Bertha, was one of the graduates from Couvent de Notre Dame at the closing exercises held a few weeks ago.

News in Brief

The Pope has expressed pleasure at the election of M. Casimir Perrier.

Japan and China are having some bickering over the possession of Corea, which may lead to war between them.

The official announcement is made that Lord Russell Killowen, better known as Sir Charles Russell, has been appointed lord chief justice in succession to the late Baron Coleridge.

A C. P. R. express went through a trestle Monday morning near Moosehead, Me. Four persons were killed and a number injured. The accident is believed to be due to train wreckers.

An order in council has been passed relieving from training this year all rural corps of infantry which had been notified early in the year as likely to be called out for drill. The result will be a saving in expenditure of at least $150,000.

Arrangements have been nearly concluded to provide for the necessary capital to finish the Chiguecto ship railway connecting the Bay of Fundy with the Gulf of St. Lawrence. The promoters are sanguine that the railway will soon be in operation and will shortly submit a proposal regarding it to the Dominion government. So says a London despatch.

The Irish newspapers publish a statement to the effect that a sailor named Kennedy, now at Belfast, has made a declaration that while serving on the bark Trafalgar in the Indian Ocean, the cook, Daniel Sheehan or Sheenan, a native of Cork, died of fever. Before he expired he told the latter that he and another man, who is in prison, attempted to blow up the houses of parliament in 1885.

The daily weather predictions issued by the Canadian meteorological department and sent out from its Toronto office at 11 p. m. each evening, and posted up at every available telegraph station in the dominion, are for the twenty-four hours, beginning at 8 a. m. the following day. According to the figures for November, 1893 which have just been made public, 955 predictions were issued during that month of which 649 were fully verified, and 103 partly verified. Of 113 predictions for the maritime provinces over 78 per cent were fully verified.

The most gigantic railway strike of the century is now on in the neighboring republic. The whole railway system of the country will be affected by it, and wholesale tie ups and great inconvenience to travel both there and in Canada will result. The strike was inaugurated by the pullman car workers. Their resources were not of the best, and the company refusing to arbitrate matters with the men, the strikers were placed in a pretty bad hole. Aid however came to them from a most influential and unexpected quarter. The American Railway Union—an association of 180,000 members—threw in its lot with the strikers and declared a boycott against the cars made by the Pullman Car Co.. The consequence is all railways using pullman cars will find themselves without men to operate their trains.

THE WHY AND WHEREFORE.

There is nothing marvelous in the fact that Hood's Sarsaparilla should cure so many diseases. When you remember that a majority of the disorders "flesh is heir to" are due to impure or poisonous condition of the blood, and that Hood's Sarsaparilla is an effective and radical blood purifier, the whole thing is explained. Possessing the blood purifying qualities, Hood's Sarsaparilla also possesses the best known vegetable stomach tonics, diuretics, liver invigorants, and kidney remedies etc. Hence its wonderful cures, as these are excellent specifics for all disorders of these organs, as well as for low condition of the system, or that tired feeling.

Mrs. A. A. Williams

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

CHAS. CLUTHE, Esq., Toronto.

With great pleasure I forward you the following testimonial. Three years ago my son hurt his back. It grew worse and worse, becoming weak, the child can scarcely walk. Last Saturday I applied one of your white swedish elastic truss to his back, since the leg grew natural in two days, and now one leg is as long as the other. The cure is enough for my son after fifteen years suffering is of supreme value to him than thousands of dollars.

Therefore, I give this testimonial, leaving out many important particulars, in gratitude to you, and for the benefit of afflicted humanity.

I remain, yours respectfully,
J. M. PARKER,
Pastor of the River Hebert Baptist Church.

OLD CHELSEA, ONT.

CHAS. CLUTHE, Esq.

DEAR SIR,—I sincerely thank you for the miraculous cure you have performed on my boy. I can now walk perfectly straight, without the aid of a crutch or cane. I was born with club feet, which were so severe that I could never stand alone, my feet being the two small balls and my knee all drawn up. The strong leverage of your instrument has made my feet perfectly natural, and now being the honorably of family and can walk as well as anyone. The other parties near by being your instruments the same thing as I did are as natural as mine.

We all thank you sincerely.
MAGGIE JANE YOUNG.

A BAD CASE CURED BY THE SCIENTIFIC TRUSS.

Could not get a Truss to hold Rupture for Eleven Years.

PRINCEVILLE, ONT.

CHAS. CLUTHE, TORONTO.

MY DEAR SIR,—About two years ago I got from you one of your scientific trusses after being discouraged for eleven years buying trusses of almost every description. I wore your truss for one year and am without the same for several months. I only put it on when I work very hard as a protection. I consider myself perfectly cured. I have sent you several friends who are well pleased. I am only too glad to do for you all I can, also to lead those from spending money in useless articles as I did for eleven years.

With sincere thanks, I remain,
Yours truly,
ROBERT OLIVER.

As the success in overcoming Rupture and all deformities depends so much on the personal examination of the case, this is an opportunity of consulting the head of the largest institution in this line in Canada, of 23 years experience.

GENTLEMEN—I bought a splendid bay horse some time ago with a Spavin. I put him for $30. I used your Kendall's Spavin Cure and the Spavin is gone now and I have been offered $125 for the same horse, only had him nine weeks, so I got $95 for using $1 worth of Kendall's Spavin Cure. Yours truly, D. S. MANNING.
