Dalhousie Ratepayers Decide in Favor of Scheme

RE NEW FACTORY.

Water System to be Installed at a Cost of $25,000.00.

Dalhousie, N. B., Feb 15—On Monday evening, 13th inst, one of the largest and most enthusiastic public meetings ever held in the Shiretown took place in the Court House. In the absence of Dr. Ferguson, Chairman of the Board of Commissioners, Hon Mr. LaBillois occupied the chair and opened the meeting at 8 o'clook sharp.

Two subjects were before the meeting for consideration. The exemption of taxation for a period of years of what is to be known as "The Restigouche Woodworking Co. Ltd." and authority to be given to the Town Commissioners to float debentures to place a complete water system in the town.

The Chairman read the petition of the Rate-payers praying that the new factory and its plant be exempt from taxation and invited discussion on the proposition.

Hon J. C. Barberie strongly opposed the prayer of the petition. In principle he was opposed to exemption. He claimed that the meeting was irregular. It was unfair to the poor men of the town to favour any company.

Mr. Geo Haddow, Ex M. P., took the same view, but when it was explained that the Company could not escape paying the county and school tax, he proposed, seconded by James Harquail. sr., that the Company be exempted of taxation for a period of five years.

W. S. Montgomery, the principal promoter of the new Company addressed the meeting at length. He outlined the plans of the Company. Dalhousie he claimed required an institution that would employ men during the whole year He said that when he had charge of Moffat's mill he ran it day and night.

Mr. Barberie—Why did you sell your own mill?

Havelock McNeil—Who prevented the I. C. R. from being built into Dalhousie?

At this stage there was such a tumult in the meeting that the Chairman had some difficulty in restoring order. He had to call on the policeman to arrest any person who would disturb the meeting.

Mr. LaBillois suggested that if the meeting adopted the principle of exemption it should be with the understanding that the Company guarantee to employ on an average of forty men per month during eleven months of the year. This proposition was loudly applauded by the meeting and was embodied in a motion proposed by Geo E. Mercier, and seconded by Arthur J. Arseneau, that the term of exemption be fifteen years.

Messrs Charles Stewart and Alex Chisholm opposed this, and an amendment was moved by John Barberie, seconded by Simon McGregor that the term of exemption be ten years. This resolution was put and lost and the 15 year proposition carried by a large majority amid loud cheering.

The water question was then taken up and after some discussion W. S. Montgomery moved, seconded by Geo E. Mercier, that the Town Commissioners be empowered to proceed with a drilling of wells, that they employ a competent engineer and upon receiving a satisfactory report from him that they be warranted in issuing debentures for a term of years not to exceed the sum of $25,000, to place a complete water system in the town. This resolution was carried by a large majority and the meeting adjourned.

DALHOUSIE

The Club "At Home" a Great Success

THE NEW FACTORY

Preparations for Its Erection Already Commenced. The Directors

Mr A. G McKenzie has been appointed Supt. of streets for the town of Dalhousie and Commissioners LaBillois and Powell a committee to advise as to repairs and improvements.

Mr John Nowlan, has been appointed Supt. for the parish of Dalhousie and he has selected the following ratepayers to act as road masters. viz. Daniel McCurdy, John Douglas, George Thompson, Wm. LeBlanc, John Callaghan, Robert StOnge, Joseph Russell, George Miller, Ed. Heppell, Henry Barthelotte, Elizear Diotte, Wadsworth Perrot, David Garvie, James Wright, William Garvie, Charles McDonald.

The three bulls that were purchased by the Dalhousie Agricultural Society at Amherst were sold at public auction here on Monday. R. Y. Blackhall, of the Shiretown got one of the Durham bread and Councillor Mawhinney, of Colbourne, secured the two others.

The "At Home" that was given by the members of the Dalhousie Club, in their rooms here on Friday evening last was a great success. The committee in charge deserve much praise for the manner in which the whole matter was conducted. Music was furnished by the Chatham Orchestra, which consisted of four instruments, including the famous Mason and Risch. piano. Over 100 guests attended, most of the strangers coming from Campbellton and their presence was highly appreciated. The dresses worn would have reflected credit on any entertainment given in a large city and goes to show how Restigouche is forging ahead even in style.

Operations have already commenced preparing for the erection of the new factory. It will be located in close proximity to the I. C. R. station and railway wharf. Its front and office will face our main street and generally speaking no more suitable spot be found anywhere to build a manufacture of this kind.

Messrs W. S. Montgomery and Mr. Leveilee, will leave for Amherst, this week, to purchase boiler and engine. From there they will proceed to the United States to secure the balance of the plant and the company expect to be ready to turn out all kinds of material, generally used for building purposes, sometime in May next. The provisional directors of "The Restigouche Woodworking Co. Ltd. are W. S. Montgomery, David Richards, Geo. E. Mercier. A. J. LeBlanc and R. Y. Blackhall Mr. W. S. Montgomery, is acting as President and R. Y. Blackhall, as Secretary-Treasurer.

FOR Y. M. C. A.

Question of Organizing Y. M. C. A. Here Being Considered.

On Thursday evening last Mr. Frank Thatcher, of Buffalo, who is touring the provinces in the interests of Y. M. C. A. work, gave a very strong and practical address in the Presbyterian Church He pointed out the need of such work and made a plea for the organization of an association here.

After his address a committee composed of fifteen persons were appointed to look into the matter and decide if such a step was practicable.

Supreme Court.

Fredericton, Feb 10—In ex parte Albert J. H. Stewart, Allen K. C. moved for rule nisi for a mandamus to the municipality of Gloucester to compel them to pay the applicant his fees amounting to $578.79 as valuator for the said county. A rule nisi was granted to compel the council to fix and determine the amount due, Judge Hanington dissenting.

INSTANTLY KILLED.

Jas. Black Meets Death in I. C. R. Yard.

ON SATURDAY.

Was Working on Snow Train and Fell Under the Cars.

On Saturday morning about eleven o'clock Jas Black was instantly killed in the I. C. R. yard here, while working on the snow train. He was engaged in shovelling snow from the flat car next the engine, when he slipped down between the car and the engine. The train was moving slowly at the time but before it could be brought to a standstill the three heavily loaded cars had passed over his body. When picked up life was extinct, his body being terribly crushed and mangled.

Coroner Doherty was sent for immediately and after making examination and viewing the remains decided that an inquest was not necessary. He gave directions for the removal of the body to his home.

The unfortunate man is a native of Newcastle having come here with his family a few years ago. He leaves a widow and a large family, with whom the community will deeply sympathize. The funeral took place on Tuesday.
