COUNCIL MEETING.—The Municipal Council of Colborne met in the Township Hall, on Saturday the 12th inst.—The Reeve in the chair—members all present except Mr P. Fisher. Minutes of last meeting read and confirmed. Mrs. Sheppard applied to the Council for relief being in destitute circumstances. It was moved and seconded, that she receive the sum of $5—Carried. Communication from Garrow & Meyer in behalf of R. J. Pollick, asking for the sum of $50 as damages for injury done to his buggy, which he broke against a pile of wood on the road-side. The clerk was instructed to write Garrow & Meyer that the council do not consider themselves liable for the damages complained of. Petition of James Stewart and 38 others praying the council to grant them material for a sidewalk to extend through the village of Saltford. Deferred to next meeting. Petition of Donald Cummings and several others praying the council to establish a new School Section, to be composed of parts of S. S. Nos. 1, 5 and 6. It was moved and seconded, that the clerk be instructed to notify the trustees of the different School Sections with which the proposed changes interfere and that the matter be taken up at the next meeting—Carried. The clerk was instructed to write Mr. Dickson that the council would respectfully request him to remove all the dead trees from the Maitland Cemetry as they (the council) wish to replace them. The council then adjourned.

ANOTHER MEETING.—The Council met again on Saturday, 19th inst., Reeve in the chair, members all present, minutes of last meeting read and confirmed. Account of Wm. Jones for repairing culverts amounting to $7 55, to be paid. Petition of Wm. Young and 24 others praying the council to assist them pecuniarly in furnishing material for a side walk to be laid through Smith's Hill. The petition from the village of Saltford left over from last meeting was taken up. Mr. Carroll gave as his opinion that the township money would be more profitably spent in building roads than sidewalks, and would prefer to improve the road through Saltford to laying down a sidewalk, he moved that the petition of Smith's Hill and Saltford be filed. Mr. Gledhill thought that as the inhabitants of Saltford contributed a comparatively large amount of taxes they were entitled to some assistance, and would move that the sum of $30 be given them to be expended in gravelling a sidewalk, provided the inhabitants grade the ground. The Reeve was of the same opinion as Mr. Gledhill, and would, therefore, second his motion. Mr Fisher expressed himself similarly to Mr. Carroll, and said that their were roads in the township requiring repair and that the money could be better spent in repairing them. He therefore begged to second Mr. Carrell's motion. Mr. McHardy considered the petitioners had some claim on the Council for assistance, but thought it would be a bad precedent to lay down as other villages would be making similar applications. He did not, therefore, wish [illegible] vote. The Reeve claimed that [illegible] Carroll did not find a seconder to his motion before Mr. Gledhill's motion was proposed, Mr. Carroll's motion fell to the ground, and Mr. Gledhill's motion was carried. It was moved and seconded, that the Smith's Hill petition be filed—Carried. Petition of Donald Cummings and others for establishing a new school section which was left over at last meeting was taken up. Moved and seconded, that as the Statute requires at least four square miles to form a school section (unless there are 50 resident children), therefore the Council consider that it would be an inconvenience rather than a benefit to form such a section, the petition was accordingly thrown out. The Council then adjourned.—J. A. McDONAGH, Clerk.

It is a fact—I'll make clothes cheap,
It is a fact—I'll not charge steep,
For aught I do.
It is a fact—I have a heap
Of goods quite new.

The last fact—I'd like to impress—
A fact—on which I would lay stress—
A fact—in four words I'll compress
Like lightnings flash.
A fact I'm willing to confess,

CLEARED FARMS

—AT—

LOW PRICES.

5,000 ACRES

of the very best farming lands in the State, well watered, of great fertility, and in a section that is rapidly opening up, are now offered to settlers at low prices and on

EASY TERMS OF PAYMENT

The Lands are situated in the Upper Peninsula, Chippewa County, between the Manuscong and Pine Rivers, one of the most beautiful locations in Michigan. They are known as the "Burnt Lands," having been burned over and cleared in the most thorough manner. They are easy of access by rail and boat, and have one of the best markets in the world for their surplus products—the Lake Superior mining regions. These lands are all cleared and can be put under cultivation at once, so that the settler can have a crop the first year, and the prices at which they will be sold at less than they could be cleared for.

Hardwood Lands

The proprietor of these burnt Burnt Lands has also secured a few thousand acres of prime hardwood lands, which will be sold at low prices to settlers and thus enable each one to procure all the fuel needed.

Actual Settlers only are Wanted, and to such only will they be sold. Pamphlets giving full description to be had on application. A party will leave Detroit about May 1st to visit the lands. Fare for the round trip, $15, which includes meals. Address all communications to

NEW MILLS

on the old PIPER MILL property

The subscriber would respectfully inform the farmers in the surrounding country and the people of the town of Goderich, that the above Mills are now completed and in good working order for Gristing and Flouring, also for Chopping. And as the subscriber himself is a practical miller he hopes to be able to give general satisfaction here as he has given where he has milled hitherto. He asks a fair trial.

☞ Flour delivered in any part of the Town without extra charge.
