REV. WM. CUTTER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot."
REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being gray to its natural and beautiful color."

REV. A. WEBSTER, Boston, Mass.: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

POWER'S PATENT, AUG. 3, 1863.
THE VICTORIA
WASHING MACHINE!
Obtained the FIRST PRIZE at the Provincial Exhibition in London, in 1861.
THIS
LABOUR-SAVING MACHINE
WAS tested by the *Bureau of Agriculture* and declared to be the best yet brought under their notice. It is simple in its construction, easily worked, and not subject to get out of repair.
The cleansing process is effected by the rapid action of the water in the Machine, and not by *pressure* or *rubbing*, thereby avoiding the slightest injury to the finest fabrics, with a much less quantity of Soap than under the hand-washing system. Persons who have used them are satisfied that the machine is capable of doing as much work in two hours as can be accomplished in a day by the ordinary processes, thus
Saving 4-5 of the Time and Labour
And wear-thereby of the Soap generally used.
Some of the undersigned persons purchased Machines at the Exhibition last year, and have given them a long trial to their entire satisfaction; J. P. Wheeler, Esq., Warden, Perth; and Peter Sheriff Jarvis, T. M. Daly, Esq., M.P.P., Stratford; Robert Medcalf, Esq., Sheriff, County of Perth; Peter Hutty, Esq., C. Thompson, Esq., Henry Fairgrieve, Clarence Street, Charles Berick, 61 Nelson Street, Mrs. L. Jarvis, and many others in the City of Toronto.
CASH PRICE ONLY $6.50.
The Subscriber having purchased the Patent Rights for the County of Huron, is now prepared to supply the machines of which he solicits a trial, feeling assured that all who test it will be pleased with the rapidity and ease with which an otherwise tedious and laborious wash is performed.—Ladies will oblige by calling at his shop, and having the machine to be tested at their residences, to which it will be conveyed by the proprietor, and removed again should it not be purchased. All the subscriber desires is that the merits of the Machine should be thoroughly tested. Parties wishing to try it will communicate with the proprietor.
