PURITANICAL TORONTO.

A Reputation That Does More Harm Than Good.

Winnipeg Free Press, Sept. 28.

Mr. and Mrs. T. G. Blackstock and Mrs. George Gooderham of Toronto, passed through the city yesterday on route to the Pacific coast on a pleasure trip. They will return east via San Francisco and the Rio Grande route. Mr. Blackstock is one of Toronto's most prominent citizens, and his fame as a lawyer extends from the St. Lawrence to Puget Sound. A reporter had the privilege of a brief chat with the worthy disciple of Blackstone, and the conversation drifted to the subject of Toronto's reputation as a well conducted and moral city.

"Well," said Mr. Blackstock, "I'm afraid the reputation we have in that respect does us more harm than good. The closed-up-tight, Puritanical state of affairs we have in Toronto is due to the fact that we have a large element in our population which prides itself on making the city the most Puritanical one on the continent. As you know, they don't even allow the street cars to run there Sundays, and as for the saloons they are certainly closed up tight. Although I am connected with the large distilling firm of Gooderham & Worts, I don't much object to this latter feature. We have no population that demands open saloons on Sunday. As far as I am concerned personally, the other feature doesn't bother me much, for I have my own horses and carriages; but I do know that it is a great inconvenience to thousands of people. The city is spread out over a large territory, and many people are forced to remain at home all day Sunday. The question was settled by a popular vote, however, and the people can only blame themselves. At the last election an attempt was made to allow the cars to run on Sunday, but it was defeated, largely through the efforts of people residing on the central loop, who disliked to have the quiet of their Sundays disturbed by the rattling cars. It is a curious fact, though, that with our strict enforcement of strict laws, we have a large number of saloons and licenses. In fact, I think that we have quite as many saloons as the average city of 200,000 people."

EAST TORONTO.

The appeal in the case of Parsons vs. Edgar Hohs, in which the latter was fined $1 and costs for alleged trespass, will be given a hearing on Friday next, at 2 p.m., before Judge McDougall at the Chambers. In the meantime J. Clark who was with Hohs as a defendant in the trial has issued a writ against Parsons and Constable Tidsberry for damages, alleging malicious prosecution, arrest and assault.

James Burchard's fowls strayed persistently into the garden of John Secor on the town line, and as their owner would not fence them in, he has been fined $2.90.

On Friday afternoon at 2 o'clock, there will be a prize-giving ceremony at the school, Little York, for pupils who passed at the last examination. Accompanying this, a musical entertainment will be given by the children.

Shot a Lynx.

Burk's Falls Arrow, Sept. 27.

Mr. A Christie got a fine shot at a lynx on Monday last and brought him down first bang. His carcase measures five feet six inches from nose to tail and he stood a trifle over two feet high in his stockings. He (or she) had given a lot of trouble to Mr. Kilpatrick, Mr. Christie and some other of their neighbors for some time back by appropriating their chickens, ducks and geese. The lynx is a somewhat rare specimen of our Canadian wild animals, and the taking off of this individual makes another step towards its extinction.

Too Numerous to Excite Remark.

Burk's Falls Arrow, Sept. 27.

Master Willie, son of Mr. James Kernick, is said to have shot a bear last Monday that had been prowling around his premises for some time. Several parties had seen it at different times, but they are so numerous this season they hardly excite remark. When it came to the scratch, however, bruin proved a plucky adversary and required five leaden pellets before he cried "enough."

City Hall News.

Ald. Lamb entertained a deputation from the Ratepayers' Association with an ample dissertation on the tunnel question, going very minutely into all the details of the proposed undertaking for solving the water problem, for the benefit of his visitors. The delegation was composed of Messrs. Dr. Barrick, D. M. Defoe, Charles Bugg, Dr. Thompson and Richard Reynolds.

Building permits issued in City Commissioner Coatsworth's department last month aggregated $147,195, as against $87,550 for the same month of last year. The gross total for the first nine months of 1895 amounted to $1,241,260, an increase of $378,908 in comparison with the same period of 1894.

City Commissioner Coatsworth proposes to substitute 12 incandescent lights for gas in illuminating the clock in St. James' Cathedral tower. The annual cost of electric lights is estimated at $150.

WHERE DID THE TEN COME FROM?

A Case Against Ex-Ald. Hill Which the Defendant Won.

Ex-Ald. Hill figured as defendant in a Police Court trial on a charge of non-payment of wages, laid against him by Frederick Stent. Stent received his wages in full from Mr. Hill on Sept. 13, and says he changed a tendollar bill out of the envelope the same evening with a grocer. The bill was a Consolidated Bank note, and a week afterwards Stent made the grocer take it back, as it was no good. Stent swore the bill came out of the pay envelope he got from Mr. Hill.

Mr. Hill swore he drew $750 in bills out of the Traders Bank on the day in question, among which were 50 tens, all of the Traders Bank. At the time he had only 15 cents in his pocket. He handed the money to the secretary of the Builders' Union, who swore he put it in the different envelopes. Both Mr. Hill and the secretary testified there was no Consolidated Bank note among the lot.

The paying teller in the Traders Bank corroborated their statements. The Magistrate thought it peculiar that Stent said nothing of the matter for two weeks, and dismissed the case. The bill was ordered to be destroyed.

To Revive the Whipping Post.

Washington, Oct. 1.—Immediately preceding the discharge of the grand jury here to-day by Judge Bradley, a written recommendation was submitted to the court favoring the establishment of the whipping-post in the district of Columbia for the punishment of wifebeaters and other petty criminals. It was signed by the foreman and 15 jurymen. Judge Bradley commented briefly on the recommendation and said that he thought such a method of punishment would be productive of good results.

Henry A. King & Co. received the following from Chicago: Wheat opened ⅛c down this morning, at 62⅝c for Dec. It was dull and slumpy all day. Public cables all came firmer, but said the advance was checking business. Private cables were ½d lower. Primary receipts were again large, 1,267,000 bush against 866,000 bush same day last year. The large line of wheat held by the syndicate was liquidated on this last advance, and local traders generally took on the short side, and the market had very little support, and steadily declined, and closed at 61c Dec, within an eighth of low point of the day, and a loss of 3c from high point yesterday. The market should sell low enough on this break to be a purchase again.

Corn and oats dull and quiet, in sympathy with wheat. They were fractionally lower.

Provisions—Quiet market all day, very little cash business and no improvement in demand.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Schwartz, Dupee & Co., Chicago: Dec. wheat opened at 62⅝c to 62⅝c, declining to 61c at the close. The weakness at the opening was due to a lower Liverpool cable. The short interest has been mostly liquidated on the advance of the past week, and the decline to-day brought out a lot of long wheat that had been accumulated on the up turn. Liverpool showed an increase of 600,000 bush in its stock. The Northwest reported an increase in interior receipts, and Toledo and Detroit also noted larger country offerings. Clearances from seaboard were 130,000 bush in wheat and flour. Receipts at primary markets were 50 per cent larger than last year. There was no cash demand here of importance, and only a few loads reported taken at New York. St. Louis reported the sale of 250,000 bush cash wheat in their market to millers. The price there, however, closed at the bottom.

Corn weak and ½ to ⅝c lower. Stock of contract grades showed an increase here for the week of 550,000 bush. New corn was received to-day from Illinois. Cables easier. Seaboard clearances, 200,000 bush. There was a fair cash demand. Charters 267,000 bush. Favorable weather will give us continued liberal receipts, with the chances all in favor of lower prices.

Provisions worked lower under free offerings for both Oct. and Jan. A leading packer covered a line of Jan. pork, ribs and lard, which was the best support the market had. The deliveries on Oct. contract were not large, as most of them have been changed over to later months. Receipts of hogs exceed expectations, and there is but little in the situation encouraging to the holders of product.
