The Sensation of the Year

This latest and greatest achievement of The Willys-Overland Company has no equal among other low-priced cars.

In looks and action it compares favorably with many cars selling for double its price.

You must see it to appreciate its beauty.

Its distinctive light grey finish and symmetrical body lines command attention everywhere.

And when you ride in it you will understand why this car has been the sensation of the year.

For it has a powerful engine. It has cantilever rear springs and 4-inch tyres.

Moreover it is completely equipped—you do not have to buy a thing extra.

We will be glad to demonstrate this car for you and your family—to show you the many improvements and advantages it has over other cars of its size and price—to prove to you that it is the biggest value of the year.

We are at your service.
