

The greatest enemy of your skin

In the care of your skin have you reckoned with the most powerful, the most persistent enemy it has—the *outside enemy*?

Skin specialists are tracing fewer and fewer troubles to the blood—more to bacteria and parasites that are carried into the pores of the skin with dust, soot and grime.

Examine your skin closely. If it is rough, sallow, coarse-textured or excessively oily, you are providing the very best soil for the thriving of these bacteria.

How to make your skin resist this enemy Begin this treatment to-night: With warm water work up a heavy lather of Woodbury's Facial Soap in your hands.

Then with the tips of your fingers rub this cleansing, antiseptic lather into your skin using an upward and outward motion. Rinse well with warm water, then with cold. If possible rub your face for a few minutes with a piece of ice.

Use this treatment for ten nights and you will see a marked improvement. If your skin should become too sensitive, discontinue until this sensitive feeling disappears. Woodbury's Facial Soap is the work of an authority on the skin and its needs. Use it regularly in your daily toilet and keep your skin clear and fresh, free and healthy, and its insidious enemies will invariably meet defeat.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

JUST LISTEN TO THIS. One man traveled from the Atlantic to the Pacific. He stayed at the best hotels, lived like a lord wherever he went and cleaned up more than \$10.00 every day he was out. Another man worked the fairs and summer resorts, and when there was nothing special to do, just started out on any street he happened to select, got busy and took in \$3.00 a day for month after month. This interests you, don't it?
