C.P.R. Passenger Steamers to Provide Direct Service.

An arrangement, it is said, has been made with the Canadian Pacific Railway Co. to transport passengers and freight on thru bills of lading to interior points in Canada, United States and Europe. Passenger rate is $155 gold from Yokohama to San Francisco, Seattle or Tacoma.

Passenger accommodations for first-class number about 50. After May 1, 1908, three large passenger steamers are to run directly from Yokohama to Vancouver on 13-day schedule, with 20 day schedule to Europe via Canadian Pacific Railway. These steamers will go to Seattle, Tacoma, San Francisco, Mexican Central and South American ports, thence via Magellan Straits, River Plata and Brazilian ports back to Europe.

After May 1 French Steamship Co. will place two steamers on the route starting from Kobe, sailing to Yokohama, Honolulu, San Francisco, Seattle, Tacoma, Vancouver and thence back to Yokohama and Kobe. These steamers will not carry passengers.

STILL IN MAD HOUSE.

Harry K. Thaw Will Remain There Thru the Summer.

NEW YORK, March 26.—Dr. Rovern B. Lamb, superintendent of Matteawan State Hospital, will sail for Europe on Saturday and will be absent until July or later. The departure of Dr. Lamb means that he will not make a report on Harry Thaw's mental condition until perhaps July, or later.

Dr. Lamb's departure from the country for a vacation is taken to mean that Thaw will be a patient at Matteawan for at least a month following the doctor's return.

Windsor Was Uneasy.

WINDSOR, March 26.—(Special.)—A conference was held this afternoon at the Windsor Club between Superintendent Cunningham and members of the city council and board of trade with regard to the decision of the superintendent to centralize the engineering force of the Wabash in St. Thomas to the detriment of Windsor.

Superintendent Cunningham explained that the introduction of larger power meant a reduction of engineers, and the assignment of the new big engines to Windsor was impracticable. He stated that only three or four engineers would remove from Windsor to St. Thomas.

Invalid LadieS
This Is For You.

There are thousands of females who suffer untold miseries common to their sex.

This is largely due to the peculiar habits of life and fashion, and the improper training of girlhood. Then, too, the physical changes that mark the three eras of womanhood (the maiden, the wife, and the mother) have much to do with her sufferings, most of which are endured in silence, unknown by even the family physician and most intimate friends.

To all such whose hollow cheeks, pale faces, sunken eyes and feeble footsteps, indicate nervousness, palpitation of the heart, weak, faint and dizzy spells, we would earnestly recommend a course of Milburn's Heart and Nerve Pills.

Mrs. Jos. Sharp, Brighton, Ont., writes: "I was troubled with palpitation of the heart, weak spells and nervous trouble, and found no relief until advised to try Milburn's Heart and Nerve Pills. I got one box and that helped me so much I sent and got five more. I am now cured completely."

Milburn's Heart and Nerve Pills are 50c. per box or three boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AMBITIOUS PROGRAM FOR HAMILTON SCHOOLS

Plan Mapped Out Which Calls for Expenditure of Quarter of a Million Dollars.

HAMILTON, March 26.—(Special.)—According to a statement presented by Mayor Stewart to the finance committee this evening, Miss Jeannette Lewis has deposited only $2274 in the bank to the credit of the Sick Children's Hospital, altho she had accounts she could collect at a moment's notice, amounting to $1789, and donations that would bring the total amount up to nearly $5000.

The mayor and John Billings, who were appointed to act until March 21 as trustees of the fund, said they had done the work they were appointed to do, and they did not know whether it would be fair for the city to stand behind one theatre when there were two others in the city. They wanted further instructions from the council.

Ald. Dickson said at the present rate of patronage it would take another year to collect the money. Miss Lewis said there had been a big slump in the business and she was going to continue to sell tickets until she raised the money necessary for the hospital.

The aldermen advised her to take the other theatres in on the scheme, but she said she would not give the Savoy a look-in on account of the way they had fought her. The trustees were authorized to continue to act until further notice. These grants were passed: Hamilton Art School, $3500; Sons of England, for the convention of grand lodge in August, $300; Hamilton Kennel Club, Victorian Order of Nurses, and Army Medical Corps' Band, $50 each. The city's representatives in the legislature will be asked to support the board of control bill, altho some o fthe aldermen said Allan Studholme would do more harm than good on account of the attitude of the other members of the house towards him.

The internal management committee mapped out an ambitious program this evening, whereby $250,000 will be spent on increasing the public school accommodation. The scheme is to build eight room additions, at a cost of $70,000 this year, to the Sophia and Picton-street Schools; to spend $70,000 next year for a new Victoria-avenue School, and to spend $62,000 in 1910 on the Cannon-street School, and $42,000 in 1911 on the Murray-street School.

Teenders for fire escapes to several schools, which will cost about $1600 for each building, will be asked for at once.

The board of works this evening told a deputation of unemployed that work be started as soon as the frost was out of the ground.

The application of the teamsters for an increase of pay was turned down.

Giuseppe and Bruno Greco, the Italians charged with murdering Antonio Rieszo, had their case called at police court this morning, but were remanded until next Monday.

Cheaper Power Says Beck.

Hamilton will send representatives to the meeting of the Municipalities' Power Union at Toronto, Friday, April 3, at 10.30. Hon. Adam Beck says the price for power for Hamilton will be less than $17.50.

A return of the amount paid to all city foremen will be asked by the reorganization committee.

The five city lodges of Oddfellows have decided to build a $50,000 hall here.

The three local regiments are making plans to attend the tercentenary celebration at Quebec this summer.

It is said that the Liberals have decided to run Ald. Gardner in East Hamilton for the legislature.

Several weeks ago Klein & Binkley were buncoed out of a $200 ring by a slick young man who represented himself to be a Mason and a theatre owner.

Want License Reduction.

Next Tuesday evening a joint committee made up of representatives of the Citizens' League, Central Temperance Association and Hamilton Ministerial Association, will wait upon the license commissioners. They will not ask for a reduction of licenses, but will ask that the number be not increased, and that the board make a rule that every license-holder found guilty of one breach of the law shall lose his license.

Mrs. Minnie Clode, wife of Harold C. Clode, Paris, died at St. Joseph's Hospital last night.

An interesting membership contest has been inaugurated by the Conservative Club, and sandsome prizes will be given to those who bring in the most new members.

Revolutionists Active.

PEKIN, March 26.—The seven men who yesterday were condemned to long terms of imprisonment, after having been found guilty of conspiracy against the throne, were despatched to-day to the frontier. They will be put at hard labor. There were three fires in Pekin to-day, at widely separated points. The losses are heavy. The fires are attributed to revolutionists.

IN THE COMMITTEES.

Cobalt Lake Enquiry Excites Hostility—Compromise on Telephones.

In the public accounts committee of the legislature yesterday Chairman Carnegie announced that in connection with the enquiry into the sale of Cobalt Lake, questions under purview of the court could not be discussed by the legislature, and under this ruling Henry Dreany was not permitted to answer C. N. Smith's question regarding certain interviews with the mining recorder at Haileybury in July, 1905.

Messrs. McDougall and Ross (Ottawa) insisted that the question was proper and Provincial Secretary Hanna said that stories had been circulated for two years and a half.

"I want the protection of this committee," cried Dreany, rising to his feet in some excitement. "I have been trying to bring an action against the government, but they won't let me. I have circulated no story; I have told the truth."

"You made a threat," declared Mr. Smythe (Algoma), but Rreany denied it.

Recorder Smith was called and admitted receiving an application for a claim in July, 1905, which was not recorded. He was not allowed to proceed, altho he said he wished to make a statement to clear his character, the chairman's ruling being sustained on a party division.

The Beck item of expenses of taking nine horses to England was further explained. Four belonged to Mr. Beck and five to Mrs. Beck, and it was the transportation of the latter batch that the government paid. Three other owners of horses had declined to send exhibits because of the heavy additional expenses, and it was then Mr. and Mrs. Beck decided to have Ontario represented.

The sub-committee has decided on a compromise in the Bowyer telephone bill, by which municipalities will be permitted to grant exclusive franchises only if a clause is inserted providing that the company getting the monopoly must grant connections to any substantial independent company.

In the private bills committee the request of North Toronto for power to open a street thru Mount Pleasant Cemetery about the centre of Moore-avenue, was opposed by the Cemetery Trust, backed by a petition of 48 ratepayers, suggesting an alternative route via Alice-street and Owen-avenue. The matter was laid over a year.

Power to issue debentures to meet deficits was given subject to a vote of the ratepayers, but power to grant free electric power and light to companies was refused absolutely, while a request for power to open streets north and south was referred to the municipal committee.

A two-years' extension of time in which to commence construction was granted the Dunnville, Wellandport and Beamsville Electric Railway Company by the railway committee, while the Hamilton and Guelph Railway got two years' extension to begin and four years to complete its line.

Emperor Asked About It.

VENICE, March 26.—It is reported here that Emperor William of Germany, in conversation with King Victor Emanuel, asked the Italian ruler whether he was soon to have an American cousin.

This was a reference to the reports that the Duke of Abruzzi is engaged to be married to Miss Katherine Elkins, daughter of Senator Elkins of West Virginia.

The king replied that he could not say, that he must await the arrival of the duke, who is expected in Rome from New York on April 1.

INADEQUATE MAIL SERVICE.

Summer Residents Around Lake Simcoe Have a Complaint.

The summer residents in the vicinity of Orchard Beach, Roach's Point, Morton Park and Eastbourne held a meeting yesterday afternoon at the office of Mr. Bradshaw, Imperial Life Building, and entered a protest against the inadequate mail service provided by the government.

The mail is sent to these points by stage from Newmarket, altho passengers go to their destination by the Metropolitan Railway.

They cannot understand why the mails should not go by the Metropolitan Railway, and decided to petition the postmaster-general for a better service.

BURNED TO DEATH.

Frightful Accident to Little Viola Fletcher.

HUNTSVILLE, March 26.—Viola Fletcher, the five-year-old daughter of W. J. Fletcher, who lives at Ravenscliffe, six miles from Huntsville, lies dead this morning, the victim of a distressing accident that occurred about 5 o'clock last night.

The father was absent from home and the mother had gone to the barn to milk the cows. She left her two little daughters, Viola, aged five, and Mary, aged three, in the house. But a few minutes after she left the older girl ran screaming to her mother with her clothing on fire. The frenzied parent carried her back to the house and exhausted every effort to extinguish the flames and relieve the child's sufferings, but the little body was so terribly burned that death followed an hour later.

The lid of the stove was removed and it is supposed that the little girl was lighting a paper when the accident occurred.
