South End League.

In the South End League game last night the St. Johns defeated the Acadias 5 to 0. The battery for the winners was Garnet and Lawson and for the losers Doyle and Gillespie.

The Stars Won.

The Richmond Street Stars defeated the Brunswick Street Tigers 6 to 5 last night. Ryan and Donahue were the battery for the winners and Baxter and Thomas for the losers.

Comments in Capital.

Fredericton papers say:—The Marathons will play here on Thursday and insist that the game be played in the afternoon.

Walker, the new heaver, batted for .155 in the Connecticut League last year.

Delano, of the Woodstock team, is the most successful of all the southpaw twirlers in the N. B. and Maine League.

It's pretty hard to figure out where Hammond, the Colgate College player, will fit in with the Houlton team when Joe Neptune is ready to play short.

Bill Williams, the Vermont University third baseman, is said to be due for his release from the Marathons.

The Conley brothers are both hitting the ball hard and are back in the .300 list again.

The Fredericton club will go along with three pitchers. Harrington and Brown have both shown enough to make them fixtures, and Walker is expected to be there to.

"Hannah" Hoyt's batting figures slumped until he is out of the .300 list. He has not been playing up to his usual form lately, owing perhaps to his being ill.

Stanley Bates is one of the most popular players who ever wore a Fredericton uniform, and the fans will be sorry to see him depart. However, good fellows can not always win ball games, and Bates will have a chance to show whether a mistake was made in letting him go.

Fredericton Batters.

The Gleaner says:—Captain Ganley leads the Fredericton Baseball Club in hitting with the healthy average of .342. With the leaders three other Pets are in the .300 list, Pat Duggan, Larry Conley and Bob Conley, the latter getting back in the honor list after several weeks.

The most notable changes in the hitting figurs are the way Bobby Conley boosted his figures and the bad slump "Hannah" Hoyt suffered, the big first sacker going to bat nineteen times in succession without making a hit. However, he has been staying in the game and playing the best he could when many others would have quit the game, suffering the same injuries that he has had to put up with. At the same time there is a big vacancy between the .300 hitters and the rest of the team. The figures follow:

	G	AB	H	Ave.
Ganley	21	73	25	.342
Duggan	27	110	37	.336
L. Conley	27	93	30	.323
B. Conley	27	98	31	.316
Hoyt	27	107	29	.271
Keaney	12	48	12	.250
Fitzgerald	23	71	19	.265
Brown	11	28	6	.214
Wildes	26	84	17	.202
Walker	2	5	1	.200
Harington	5	16	3	.188
Bates	7	22	4	.182
Murray	16	47	7	.140

The team batting record for its twenty seven games to date is .249.

Athletic

The Olympics.

Stockholm, July 15—The standng tonight of the various teams in the events of the Olympics is as follows: United States, 128; Sweden, 104; Great Britain, 66; Finland, 46; Germany, 34; France, 23; South Africa, 16; Denmark, 14; Italy, 13; Canada, 13; Australia, 13; Belgium, 11; Norway, 10; Hungary, 8; Russia, 5; Greece, 4; Austria, 3; Holland, 2.

In the track and field events the final standing is as follows: United States, 85; Finland, 27; Sweden, 24; Great Britain, 14; Canada, 7; South Africa, 5; France, 4; Germany, 4; Norway, 2; Hungary, 1; Italy, 1.

In two of the chief events today, namely the 1,600 metres relay race and the Decathlon, the United States secured first place, while in the 800 metres swimming final, which was carried off by Australia, the United States was second thus scoring altogether eight points. Sweden added nineteen points to her total, Finland thirteen points, England six, Germany five, Australia three, France two, and Austria one.

In the cross country relay race of 8,000 metres (about five miles), H. Holehmanen, a Finn runner won easily, but his team was placed after that of Sweden in the team race. England was third. In the wrestling bouts for featherweight and lightweights Finland, Sweden and Germany had it all to themselves.

In the swimming contest 400 and 800 metres, England and Australia carried off the first prizes, while in the high diving and the hop step and jump Sweden provided the winner. James Throp of Carlisle Indian school, performed a remarkable feat in winning the decathelon and proved his general all round ability as an athlete. H. Wistander, Sweden, was second, and C. Lomberg, Sweden, third in the Decathelon.

The sports will be continued for three weeks. The regatta, with entries from England, Canada and all the European countries, is about to begin. Then comes the yachting. The only complaint visitors have against the Swedish olympic is that too much was attempted, even although everything is carried out. A controversy has risen over the rowing programme, which puts the eight-oared boats down for two trial heats in one day—Canada against Leander in the morning and against Australia in the afternoon. Canada, England and other nations have entered a protest.

The Rifle

A Handsome Trophy.

The DuPont Powder Company has presented a handsome trophy in the form of a silver watch fob for competition in the St. John Gun Club to be shot under the following conditions: Total 150 targets over a period of six weeks, beginning July 20 and ending August 31. DuPont system of handicap. Competition confined to club days (Wednesday evenings and Saturday afternoons), not more than 25 targets any one day.

The club so far has proved a great success and a large entry is expected in this competition, in which every member will likely paticipate.

The Ring

McIntyre Defeats Nelson.

Mickey McIntyre of Glace Bay gained a decisive victory over Battling Nelson in a twelve round bout in Saskatoon on Friday night last. The go was witnessed by about 1,000 people.

JOST-HALEY.

The wedding of Miss Helen Haley, daughter of Mr. and Mrs. R. G. Haley, to Leslie Jost, of the engineering staff of the Quebec bridge, took place yesterday afternoon at the summer home of the bride's parents at Lingley. The ceremony was performed by Rev. F. S. Porter in the presence of a few intimate friends and relatives. Mr. and Mrs. Jost left for Quebec by the maritime express.

A WOMAN LOST HER HAIR AND GOT IT BACK WITH HERPICIDE

While there are no thrills in the narration of Mrs. P. T. Nichols, 623 Broad St., Beloit, Wis., her story is nevertheless one of amazing interest. "Stricken with neuralgia and erysipelas, I lost all my hair. My doctor recommended Newbro's Herpicide. I used six or eight bottles and now have a fine head of slightly curly light brown hair. Not a gray hair in my head. This is the more remarkable as I am middle aged."

While the results which follow the use of Newbro's Herpicide are always more or less astonishing, they are always natural. Herpicide destroys the dandruff germ, stimulates the flow of blood to the hair follicles and keeps the scalp perfectly healthy It makes possible a natural and luxuriant growth of hair, except in cases of chronic baldness.

While remedies said to be "every bit as good" as Newbro's Herpicide are frequently offered, one should insist upon having the original germ destroyer, Herpicide. That is genuine. It stops itching of the scalp almost instantly.

Applications may be obtained at good barber shops. Send 10c. in postage for sample bottle to The Herpicide Co., Dept. R., Detroit, Mich.

Newbro's Herpicide in 50c. and $1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

NEW YORK LOAN SHARKS PUT OUT OF BUSINESS

Activity of Russell Sage Foundation and Other Societies Has Settled Them

New York, July 16—After many years of agitation, the efforts of the Russell Sage Foundation and other New York charitable societies to put the "loan shark" money lenders out of business have apparently been crowned with success. A law passed by the last legislature has been sustained by the courts and the money lenders, after a formal meeting to discuss the situation, have agreed to close out all their loans at the legal rate of interest, and shut up shop.

The consensus of opinion at the money lenedrs' meeting was that the business was dead, and it would be wiser for the men, if they did not want to be forever in the toils of the law, to give it up. Desperate efforts were made by the fifty-four companies represented to collect their outstanding loans at the old rates before quitting. Arrests came in such rapid succession, however, that the efforts at collection were suspended.

The only defensive move made by the loan men was the appointment of a committee to confer with the agents of the Russell Sage Foundation and assure them that they would favor any bill to be introduced into the next legislature fixing a fair rate of interest.
