MYERS' EXTRACT OF

ROCK ROSE.

FOR all cases of Scrofulous Diseases, Dyspepsia, Salt Rheum, Sick Headache, Canker & Nursing Sore, Mouth, General Debility, &c. &c. No Medicine has ever received such high testamonials from persons who have been afflicted with the above

is an elegant preparation, perfectly safe, and a wonderfully efficacious remedy. The extraordinary Medicinal properties of the Rock Rose Plant, have become known to some of the most eminent Medical practitioners of the country; others are fast becoming acquainted with its healing virtues, and desire to have it more extensively known and used.

The following is an extract from a note on the title page of a work published by D. A. Tyler, M. D., New Haven, Conn. on the efficacy of Rock-Rose. These pages were penned without any expectation "of their ever being presented to the public—since "which time the plant (Rock Rose) under consid-"eration has been more fully tested its virtues deve-"loped, and their character more fully established. "They are published by with the consent of several "medical friends. The object of this dissertation is "to lay before the members of the profession and "the public, the virtues of a plant too much ne-glected which undoubtedly (as an order member of the profession once remarked to me) possessed far more attractive hours than the popular sarsaparilla. I ask for the plant an impartial trial.'

ITS MEDICAL HISTORY AND PROPERTIES

Are far the most important, since upon these depends its value to the community. Dr. Loudon says, that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1808.

PROF. IVES, OF YALE COLLEGE,

Has habitually used it with great success in *Scrofula*, and *Chronic Disease*, and through him its virtues were made known until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice, for the cure of *Scrofula* and cutaneous diseases." Dr. Whitlaw, a Scotch botanist of notoriety, while traveling in America, in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, when became greatly celebrated for the cure of similar diseases.

DR. PARISH, OF PHILADELPHIA.

Remarks that it has been successfully used in bad cases of *Scrofulous Diseases*.

DR. J. H. THOMPSON, OF THE SAME PLACE

Prescribed it in bad cases of Scrofulous patients a Wells' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable cases of White Swelling of the right hip, in February, 1844. The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted twelve ulcers. He had been under several physicians, who had given him up. I ordered a decoction of the *Rock Rose*. In two days his night sweats ceased; I then ordered a tea spoonful of the tincture of Rock Rose, three times a day. *Thirty-nine* days after he was *entirely well*.

An never failling cure for Coughs, Colds, Asthma, Shortness of Breath, &c.

The extraordinary celebrity which this simple, pleasing, and effectual medicine has attained, may be seen by the following proofs, or certificates, all from persons well known:—

MR. J. G. SHARP.—

Since you appointed me agent for the sale of your valuable Balsam of Hoarhound and Aniseed, I have been repeatedly informed by those who have used it, that it is without doubt one of the best medicines they have ever had, for the complaints in which it is recommended.

R. D. M'ARTHUR.

To Mr. J. G. Sharp—

SIR,—One of my children has been suffering *for years* under a severe Cough. The usual remedies were applied without effect. Having heard of Mr. J. G. Sharp's "*Balsam of Hoarhound and Aniseed.*" I obtained some, and after the use of about 8 oz., or one vial of this extraordinary mixture, the cure was complete.

J. G. CAMPBELL,
April 23, 1852, City of Saint John.

Mr. J. G. Sharp,

Had, a few weeks ago, a very bad cold. Being recommended to try *Sharp's Balsam of Hoarhound and Aniseed*, I got a quarter dollar bottle, and found it not only a pleasant but a most useful and effective medicine. It is pleasing to take, and a first rate cure.

PATRICK POWER,
April, 23, 1852, City of Saint John.

For the last sixteen years I have suffered from Asthma so bad that I was often obliged to sit in bed to prevent suffocation. I tried every means, during that time, that the usual or ordinary medicines could produce, but without effect, until I obtained some of *Sharp's Balsam of Hoarhound and Aniseed*, (which was recommended to me,) and after using two bottles, I found the relief so long sought for.

Prospectus of Volume VIII., of the SCIENTIFIC AMERICAN.

THE Eighth Volume of the SCIENTIFIC AMERICAN commences on the 18th September, and as a great proportion of our readers usually commence their subscriptions at this point, we take occasion to extend them our gratitude for the encour-

our humble efforts, and to re-assure them of our determination to advance it still higher in the scale of utility, and, if possible, in their own estimation. We aim at an honorable independence in discussion upon all subjects, and, in some instances no doubt, our readers may have been surprised at our determined opposition to highly lauded discoveries in the Arts and Sciences.

Time tries all things, and it is with some degree of pride that we revert to the efforts made through the columns of the Scientific American, to establish sound views respecting several conspicuous miscalled discoveries. Since the commencement of this Volume, that peerless Exhibition of the Industry of all Nations closed its gorgeous display, affording a delightful episode in the stern page of the world's history. Above and beyond all criticism it has passed away, leaving a world-wide influence, beneficial to every branch of industry, and although not profusely represented by gew-gaws and tinselry,—the character of our country shone forth with magnificence in all the elements of substantial utility. Acting under the stimulus suggested by the success of the Great Exhibition, the enterprizing citizens of New York have determined to construct a Crystal Palace of no mean dimensions, and as this is likely to become an important feature in our history, we shall endeavor to present out readers with descriptions and illustrations of such novelties as may be deserving attention.

The present form of the Scientific American will be preserved as most suitable for binding and preservation. The paper will be of the best texture, and we shall aim to store its pages with practical knowledge in every branch of the Arts and Sciences. Invention claims important attention, as one of the fundamental agencies in the world's advancement; hitherto we hope to have satisfied our readers by our weekly summary of "New Inventions." The Weekly List of Patent Claims, officially reported for our columns, is a distinguishing feature, which must commend itself to every one interested in Patents.

We need the co-operation of our readers to enable us to publish a journal, worthy of their support, at two dollars per annum. We have never appealed to them in vain, and the Premiums offered for the largest list of subscribers will, we presume encourage new efforts. All subscriptions are payable in advace.

We repeat out warning against Travelling Agents, as none are accredited from this office.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach which was also accompanied by a shortness of breath, that prevented me from walking about at an 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed) HENRY COE.

His medical attendants, after trying all their professional skill, candidly told him that his case was hopeless, and any further aid its useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement or even make an affidavit to the same effect, should the be required. (Signed) WILLIAM JONES,

Proprietor of the Goulburn Herald.
