SAVINGS BANK DEPARTMENT

A Savings Bank Department will be found at the branches of the Bank in Canada. Deposits of $1 and upwards are received and interest is allowed at current rates. The depositor is subject to no delay in the withdrawal of the whole or any portion of the deposit. Accounts may be opened in the names of two or more persons and withdrawals made by any one of the number or by the survivor.

SOME SOLID FACTS

About Washing Clothes and the Machine to Use

To see it is to try it.
To try it is to buy it

Every Woman Should Know About the

Gee Whizz

Washing Machine

WHY?

Because ninety-nine out of every hundred that try them, find them to exceed any other washing machine made, and to save 75 per cent. of the labor required to wash by hand on the board. They will positively wash clothes clean without the use of the washboard; this includes neckbands and wristbands of shirts.

The washing can be done on the GEE WHIZZ in half the time it takes to do it on the other machines. It will wash a handkerchief as well as a bed quilt or a length of carpet.

The washing is done by the force with which the hot soap suds are driven through the clothing. The machine is ingeniously constructed to do this and is so easy to operate that a child can run it.

The clothes are not subject to scrubbing or rough usage, and are washed thoroughly clean, too, without having to resort to the Wash Board to finish them.

And to give you double assurance the GEE WHIZZ is guaranteed to fulfil these claims

Insist on your merchant getting a Gee Whizz for you, and if he will not, write us giving his name, and we will be pleased to send you full particulars.

Made in Winnipeg

See our display at the Winnipeg Exhibition. Demonstrations given of washing machines driven by electricity, water power and hand power. We will pay freight charges on all machines purchased at the Exhibition.
