The Oldest Church in America.

It is alleged that the oldest church in America is situated in the village of Tadousac, where the Canadian river Saguenay flows into the St. Lawrence. The church was built by the French discoverer, Jacques Cartier, for the French colony he had founded. It is only a small building, being only about twenty feet square, with a very low ceiling, and was erected in 1517, twenty five years after the discovery of the continent. It contains a very remarkable picture of the Virgin Mary, painted more than 300 years ago by one of the Jesuit fathers at the mission. The objects of interest in the church—for, besides this picture, there are some ancient vestments and a very curious'y embroidered altar-cloth—are freely exhibited to strangers. They have not yet learned the lucrative Roslin custom of charging so much per head as an entrance fee.

Dr. Carson's Pulmonary Cough Drops should be in all homes every family in Canada, it is one of the best and safest cough remedies known. In large bottles at 50c.

"Maggie, I don't like to see this dust on the furniture." "All right, mum I'll shut the blinds right away."

A Question.

How can we raise more corn to the acher? Why, of course by using PUTNAM'S CORN EXTRACTOR. Putnam's Painless Corn Extractor has given universal satisfaction, for it is sure, safe and painless. Like every article of real merit, it has a host of imitators, and we should specially warn the public to guard against these dangerous substitutes offered for the genuine Putnam's Extractor. N. C. Polson & Co., proprietors, Kingston.

Dr. Tanner is reported to be living at a boarding-house in Chicago. This is the second exhibition the doctor has given of his fasting powers.

It is not Disputed

That NERVILINE, the new pain remedy, a good article. Some indeed claim that the old fashioned preparations are just as good, but any sufferer can satisfy himself by expending ten cents on a sample bottle of Polson's Nerviline, that nothing sold can equal it for internal, local or external pains. Always speedy in effect, prompt and certain in every cure. H. S. Webber, Orangeville, writes: "My customers speak very highly of Nerviline as a remedy for toothache and neuralgia." All druggists and country dealers sell Nerviline. Try it to-day.

Don't fret if you cannot go into society. The oyster is often at a supper when he would perhaps prefer to be at home in his bed!

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon Treatment of Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King-street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star*.

Poets are inspired. When they shake hands with an icicle they feel like writing a farewell to Summer.

By looking at the quotations of the Virginia tobacco markets it will be found that the highest price paid is for "fillers," which is the tobacco which forms the body of the plug, very closely corresponds with the invoiced price of tobacco leaf imported into Ontario. As over four-fifths of all the leaf imported into the Province is for "Myrtle Navy" stock, this fact is official proof of the claim that the "Myrtle Navy" is made of the finest Virginia leaf.

How Women Differ from Men.

At least three men on the average jury are bound to disagree with the rest just to show that they've got minds of their own; but there is no disagreement among the women as to the merits of Dr. Pierce's "*Favorite Prescription.*" They are all unanimious in pronouncing it the best remedy in the world for all those chronic diseases, weaknesses and complaints peculiar to their sex. It transforms the pale, haggard, dispirited woman, into one of sparkling health, and the ringing laugh again "reigns supreme" in the happy household.

Miss Roseleaf (who is trying to force a conversation)—"What do you suppose, Mr. Van Noodle, makes our hostess' receptions so invariably stupid?" Mr. Van Noodle—"Aw, weally I hav'nt a ghost of an ideaw." Mrs. R.—"All the other gentlemen are very much like you.' Yes, that must be the reason."

Human Calves.

An exchange says: "Nine tenths of the unhappy marriages result from human calves being allowed to run at large in society pastures." Nine-tenths of the chronic or lingering diseases of to day originate in impure blood, liver complaint or biliousness, resulting in scrofula consumption (which is but scrofula of the lungs), sores, ulcers, skin diseases and kindred affections. Dr. Pierce's "Golden Medical Discovery" cures all these. Of Druggists.

Ethel—"Oh, mamma, I've got such a pain!" Mother—Where, dear?" Ethel (a refined child)—"In my sash, mamma."

* * * The worst pile tumors cured in ten days, rupture in one month. Pamphlet two (3ct.) stamps. World's Dispensary Medical Association, Buffalo, N. Y.
