Three Favorites, Two Second Choices and Sadducee, at 5 to 1, the Winners at Aqueduct.

Favorites and Second Choices.

New York, April 16.—Three favorites, two well-played seconds and Sadducee at 5 to 1, who could hardly be called an outsider, accounted for the six races at Aqueduct today. Bullman rode three winners, and carried off the jockey honors. It was again cold and showery, but a crowd of some 2000 people was on hand to enjoy the sport. Sadducee, with Garrigan up, was passed by for Snark in the first race, and his followers got the good prices of 5 and 6 to 1 against him. He broke well, and, after indulging Judge Wardell with the lead for half a mile, came away and won handily from Snark.

Bullman secured his first victory on Sadie S., in the second race. She won at the prohibitive price of 2 to 5, and only won thru a vigorous finish by a short head from Spry. Bullman's other mounts were Shoreham and Jack Demand in the fifth and sixth races. Both were favorites, and won without much trouble. Red Damsel won the third thru getting much the best of the start. The fourth race went to the second choice, Althea. Summaries:

Gossip of the Turf.

The Chicago racing season began on Monday, when the Lakeside Jockey Club opened its gates for a 15-day meeting. Lakeside is to Chicago what Aqueduct is to New York, and the regulars welcomed its spring meeting and turned out.

W. J. Howard of Amber P.O., Markham, has purchased a fine Clydesdale stallion from R. Graham of Ringwood, Balmanno, a rare good one, being 3 years old, weighing 1800 pounds, sired by Mannis, by Arris, dame Jean, by British Lion. Mr. Howard paid $2600 for his purchase.

In the Memphis (Tenn.) Stakes, at five furlongs, Schorr's crack colt Charles W. Meyer, for which an offer of $15,000 was made recently, seemed to have the stake at his mercy, but about 3 o'clock he was scratched. Inquiry in the paddock developed a sensational rumor that the colt had been poisoned, and for that reason was unable to face the starter. Two veterinary surgeons were summoned, and, after carefully examining the horse, said he was suffering from blood-poisoning. The horse's head was badly swollen. The theory that the colt had been deliberately poisoned was generally discredited, and the opinion is that the horse suffered a bite from a spider.

Baseball Brevities.

The Red Rose baseball team held a meeting in McNair's last night, and elected the following officers: President, Bob Anderson; vice-president, Norman Shaw; secretary-treasurer, R. McNair; captain, Archie Ross; manager, J. McNair. The club would like to arrange a match with any club whose players are under 15 years old. R. McNair, secretary-treasurer, 238 Sackville-street.

The St. Mary's baseball team will practise on the old Upper Canada College grounds this evening at 6.30. The players are requested to attend.

Manager Drury has the following team signed for the Ontarios in the Robson Intermediate League: Tobin, Lepman, MacDonald, Armstrong, Duggan, D. Hynes, W. Hynes, Barlow, Mackenzie, Mulhall, Leonard, Cowie.

The Robson Intermediate League will hold a meeting to-night in the Central Y.M.C.A. On account of the season opening on April 27, the guarantee of $2 will be called for at this meeting or any time before April 20. The schedule will be submitted to the meeting and umpires selected.

The Baraca B.B.C. will hold an important meeting at 492 Yonge-street on Wednesday evening, April 17. Members and those wishing to join are requested to attend.

The Oriole B.B.C. of the Junior League would like to play a practice game Saturday, April 20, with any of the Junior League teams. Address C. Tomenson, manager, 442 West King-street.

The J. D. King Company of the Intermediate League would like to arrange a game with any team for Saturday. Address H. W. Lamont, 209 McCaul-street.

Another change in the baseball playing rules is being considered by the National League. The new strike rule and the one that does not allow a batter to take his base when hit by a pitched ball, will likely be abolished, and games played under the old rules.

Pitcher James Callahan of the Chicago team of the American League has broken his right arm, and it will be at least six weeks before he is able to play. In a game played by the team on Monday Callahan was hit by a pitched ball on the arm. The injury was painful, but Callahan did not pay much attention to it. The next morning, when he visited a physician to see what was the matter with him, he was told that one of the bones of the forearm had been fractured.

Semi-Annual Meeting of the Ontario Association in the Walker House.

SOME GOOD SUGGESTIONS MADE.

Tankard and Governor-General's Prizes Presented—Medals to District Winners.

The semi-annual meeting of the Ontario Curling Association was held at the Walker House yesterday afternoon, with 20 clubs represented by the following delegates:

Brampton, J. Golding; Campbellford, G. G. Eakins; Churchill, D. Carlyle; Hamilton Asylum, Dr. Russell; Harriston, G. G. Eakins; Keene, J. S. Russell; Orillia, Rev. R. Burns; Paris, M. Thompson; St. Mary's, T. Robson; Scarboro, A. Fleming; Scarboro Maple Leafs, A. Fleming; Stratford, T. Robson; Toronto, J. N. Bain; Seaforth, T. G. Williamson; Caledonian, W. McIntosh; Granite, W. C. Mathews; Parkdale, J. Duthie; Prospect Park, D. Carlyle; Queen City, J. C. Scott; Waterloo, George Moore; Woodstock, G. G. Eakins.

President C. C. Dalton called the meeting to order shortly after 1 o'clock, and the general routine business of the April meeting was put thru with much promptness. The minutes of the October meeting, having been published in the Annual, were taken as read, and the usual big bunch of reports were read and adopted without discussion, except the Executive's which offered some good suggestions, and on only one of these was there any argument. That was regarding the reduction in price of the Annual from 25c to 10c. This was left over till the fall meeting, and in the meantime clubs will be advised as to two per positions, one to bind the Annual in paper and charge 10 cents a copy. The other is to assess each member in a club ten cents to send him the Annual free.

In welcoming the delegates, President Dalton said the association was entirely out of debt, and that the Annuals had sold fairly well.

A letter was read from the Governor-General, stating that he would send on his prizes at an early date. Vice-President T. B. Edwards wrote, stating that he would be unable to attend owing to business.

The report on competition showed that out of 54 eligible clubs, 45 had taken part in the competitions, and all those winning in the primary had finished out in the finals.

Out of the twenty clubs in the district competitions thirteen took part, and seven defaulted, and the district cups had been won by the same clubs as in 1900.

In the points competition Ontario is at the head of the lot, as the scores were all fairly good. The association medal was won by T. G. Williamson, with a score of 45. The next highest scores were A. Congiton, Guelph, 41; R. Graham, 39; F. Smith, Campbellford, 39; McDougall, Seaforth, 38; A. Mills, Lindsay, 37; Dr. Russell, Hamilton Asylum, 36.

The financial statement was receipts of $830.75, and expenditures of $791.45, leaving a clear balance of $39, and $19 more to collect from clubs.

The report from the Committee on Complaints and Appeals on the Parkdale protest upheld Umpire Russell in his action.

Secretary Russell, in his report, also imparted some good news to curlers, by stating that the Kingston club had decided to abandon the iron stones, join the O.C.A. and play with granite stones. The association has been trying for years to get Kingston to join. A good suggestion of the committee's that carried was that when a club wins the district cup two years in succession they will be put forward into the tankard competition. Hereafter, the association will only present the banner to the champion club, with the names of the eight men inscribed on it, and no individual prizes will be given.

This finished up the business, and the pleasant part of the afternoon, the presenting of the prizes, was gone on with. The banner was presented to President Smoke of Paris, along with the gold medals for Skips Carnie and Brockbank. Mr. Smoke replied, stating that this year Paris would be able to take some of the primary games, as they had built a new rink that would accommodate 8 rinks. The vice-presidents' medals were presented to Skips Dr. Edgar and St. C. Balfour of Hamilton, as runners up. Secretary Russell gave two watch charms to Skips R. and J. Rennie of the Caledonians, winners of the Governor-General's prizes.

The following teams received group medals: Orillia, No. 4; Toronto Caledonians, No. 1; Seaforth, No. 7; Windsor, No. 6; Fergus, No. 8; Peterboro, No. 5, and Parry Sound was given a special medal.

YACHT CLUB BOWLERS REORGANIZE.

Royal Canadians' Record on the Green—Officers and Skips Selected for the Year.

The annual meeting of the Royal Canadian Yacht Club's bowling section was held last evening at the town clubhouse. Vice-President R. L. Patterson in the chair. The reports of last season proved it to have been a most successful one in every respect. The Club played a large number of matches, and won a good share of them. The tournament held at the Island grounds was most successful. This year the club will have many new members and a successful season is looked for. The following are the officers and skips elected for the year:

OTTAWA PLAYERS MIGRATE.

Brantford Lacrosse Club Secures Two Valuable Additions.

Ottawa, April 16.—The migratory spirit has evidently struck the Capital lacrosse camp this year, as several of the stickhandlers of the organization have shook the Ottawa dust from their moccasins to make hay in distant fields.

Mr. J. Durkin, familiarly known as Dolly, a very efficient home player on the senior Caps, left last night for Brantford, Ont., where he has secured a good position. The absence of Durkin will be very much felt in lacrosse circles here, as he was about one of the most consistent 2 handlers of the gutted stick that Ottawa has produced.

On the train which carried Durkin to the west was Robert (Buck) McGibney, who also goes to Brantford to take over a position. Durkin and McGibney will most likely play lacrosse with the Brantford team this summer.

Oarsmen and Yachtsmen Busy.

Things around the waterfront are beginning to look like spring, as the clubs down that way are stirring. The Argonauts have had their quarters fixed up, and the working boats have been all rigged out. Yesterday afternoon several scratch crews took an outing. The water was as smooth as a mill pond. The crews rowed to the Island and back. Just behind the Argonauts the Queen City Yacht Club have commenced work on their new clubhouse. Most of the uprights have been erected. This building will be finished in June.

Over at the R.C.Y.C. the members are overhauling their sails and getting things in shipshape for the first good day for sailing, when the skiffs will be gotten out.

Weinig Stopped Scanlon.

Hot Springs, Ark., April 16.—What was to have been a 20-round contest last night between Jimmy Scanlon of Pittsburg and Al Weinig of Buffalo, ended in the seventh round, when Scanlon had his jaw dislocated. The referee declared that he was unable to continue the fight, and announced Weinig the winner. The latter had the advantage in reach, but appeared extremely awkward, and to the casual observer seemed to have no chance to win. But Weinig fought with a straight jab, and he had a stiff left, with which he did effective work on Scanlon's chin and jaw. It was noticeable that Weinig did not swing a single time during the contest. It was a hard fight on both sides up to the fifth round, the referee having much trouble in keeping the men from striking in clinches. In the sixth round Scanlon's lip began to bleed. Both men were soon covered with blood. In the seventh Scanlon's lame jaw was dislocated, and the referee decided the fight in Weinig's favor.

District Cricket Matches.

Mr. J. E. Hall, hon. secretary of the Canadian Cricket Association, has mailed a circular letter to every cricket club thruout the country, with the object of organizing the districts for the championship matches suggested at the annual meeting. The association is providing a trophy. It is proposed that each group shall appoint its own secretary and arrange its own matches, the winning club in each group to play off for the trophy. The final games to be arranged by the committee of the C.C.A., and all matches played in accordance with the rules of the M.C.C.

TORONTO BASEBALL CLUB.

Shareholders Will Hold Special Meeting—Brooklyn To-Day.

A special meeting of the stockholders of the Toronto Baseball Club has been called for Friday night next at the Rossin House. Building operations are proceeding splendidly on the grounds on West King-street, and the directors promise that everything will be in readiness for the opening game. Season and commutation tickets for travelers are now on sale at the offices of Secretary Gooch, Treasurer Soole and President Mack.

James Slater, who played first base for the Detroit Club in the Western League in 1899, has been signed by Manager Barrow. Prior to Slater's engagement with Detroit he played with the Reading Club of the Atlantic League. He did not play last year owing to money differences with Manager Stallings. Slater lives in Reading, Pa., and has already joined the Toronto Club. Carr refused to report until after the close of the college season, tho he played at Philadelphia. Hargrove's condition is much improved.

Manager Barrow had a line out for Catcher Shaw, one time with Syracuse, as Ritter is an unknown quantity, but now that Charlie Doolin, who has been flirting with St. Joe and Richmond, Ind., has been ordered to report by Nick Young, Toronto's backstopping should be all-round first-class without Ritter or Shaw.

In the Commercial League.

The Merchants' Dyeing & Finishing Company's Baseball Club have organized for the season, with the following officers: Hon. president, R. W. Spence; president, W. P. Campbell; vice-president, J. M. Hamilton; secretary-treasurer, H. B. Richey; captain, F. R. Spence. They will play in the Commercial League, and expect to make a good bid for the championship.

Toronto at Brooklyn To-Day.

Paterson, April 16.—The New York Club cancelled the game to-day on account of wet grounds. Toronto plays at Brooklyn to-morrow. The players are getting into fairly good shape. Slater reported to-day.

Overheard at a down-town cafe:

"Say, old man, I want a suit to wear Horse Show week. Where will I go to get the proper thing?"

"Well, I would let Ed Mack make it, if I were you. He will know exactly what you are after, and I am sure you will be pleased with anything you get from him."

"Tis altogether likely that he takes his friend's advice. 136

Harness and Saddle Classes.

The entries to the Horse Show in the harness and saddle classes are of a very high order and quality. They are fully up to previous years in number in the harness classes, while the saddle and hunter classes are far in excess of previous seasons. Mr. Adam Beck of London, for example, has entered his prize-winners for the past two years in New York and Boston, and practically all his horses are blue-ribbon winners. Mr. George Pepper is in much the same position in connection with the stringer, and Messrs. Crow & Murray will exhibit many horses who have won laurels in the ring ere this. This list in the special class, given by His Excellency, for 4-year-olds, has filled remarkably well, there being no less than 13 entries.

Cleaned Up $3000 at Memphis.

Toronto horsemen who have been in attendance at Memphis are very much pleased with their treatment thereabouts. The three Toronto owners cleaned up in purses and stakes about $3000 during the meeting, and will assuredly go back next year. The races close next Saturday. Trainer Gates returned yesterday on account of the death of his child. The horses belonging to Messrs. Maloney, Maclean and Meagher leave for home on Thursday.

A Run With the Hounds.

The run with the hounds yesterday had the largest attendance of the year, there being about 30 in the saddle. The meet was at the head of St. George street. From there they went north, then east and back west to the third concession, then around by the Glen Grove property, finishing at Davisville.

The going was good, as was also the fencing, there being no spills. The Master, Mr. George Beardmore, was in charge and the following were also in the saddle: Messrs. Walker, Albaugh, Hendrie, Lyons, Proctor, Marshall, Phillips, Dr. Smith, Dr. Young, Meagher, Lovell.

Central Y.M.C.A. Athletics.

The Central Y.M.C.A. have leased Moss Park Rink, and will take an active part in all athletics of the city this year. A tennis club will be organized. A meeting has been called for Saturday evening, at 8 o'clock. It is expected that men will be selected for lacrosse and football teams. The dressing rooms will be fitted up with lockers and shower baths for the accommodation of athletes will be put in.

Already the athletic department are thinking of sending a string of men to the Pan-American sports in June and August.

During the summer the Y.M.C.A. Athletic Club will have a number of meets for their own club, and expect to have one large athletic contest along early in the fall.

The annual closing exercises of the Central Y.M.C.A. gymnasium are to be held Tuesday evening, April 23, in the gymnasium. Instead of the usual assault-at-arms, a complete program of gymnastic work will be given. Several squads will take part in the different drills, and some of the finest horizontal bar and mattress work may be expected by the members.

THE BALL HEAD SPOKE IS A LITTLE THING—BUT

mighty as an improvement in bicycle making—and its great usefulness is in the fact that when the spoke is in position it never pulls out—and to remove it is simple—all that is necessary is to loosen the spoke at the rim and move to a right angle position—it's one of the improvements on the "1901" Cleveland bicycles.

ADMISSION COMPLIMENTARY TO ALL

THE PIANOLA occupies a unique position. It has undertaken that which past ages have pronounced impossible, and has made it practicable. It has followed principles revolutionary to accepted standards, and has won its strongest support from those who were the greatest upholders of the old theories. It makes piano-playing possible for those who literally do not know one note from another, yet it has been accorded a popularity among the musically cultured which is unprecedented in the history of music. Come and hear it for yourself.

"MY POOR BACK!"

WHEN YOUR BACK IS ACHING.
WHEN YOUR KIDNEYS PAIN YOU.
WHEN YOUR JOINTS ARE SORE.
WHEN YOUR NERVES ARE WEAK.

The grandest remedy in the world for Pains in the Back, Nervousness, Physical Decline, Weak Kidneys, Stomach or Liver Complaints, is Dr. McLaughlin's Electric Belt. It pours glowing vitality into the body for hours at a time, vitalizing the nerves and restoring vigorous circulation. It cures after all other remedies fail.

Any man or woman who will secure me can have my belt and

PAY WHEN CURED.

These grateful people are shouting its praise:

The pain across my stomach is all gone.—WALTER CAMPBELL, 102 Hamilton street, Toronto, Ont.

I am improving wonderfully every day, and do my own work now.—MRS. BURGES, Wilfrid, Ont.

I am strong and able to work now. I don't have to take any physic, thanks to your belt.—JAMES GRANT, Stewart, Ont.

Your belt cured my back. I have no pain across my kidneys now.—STEWART SEYMORE, Clinton, Ont.

I am feeling less aches and pains than I have for years.—ROBT. MITCHELL, Orrville, Ont.

I have neither ache nor pain. The doctors told me there was no hope for my case.—JOHN HICKS, Sudbury, Ont.

If you can accomplish so much for a man 63, what must you do for the young?—ISAAC HUNTER, White River, Ont.

Your belt has transformed me from a helpless cripple to a healthy man, without ache or pain.—W. H. CATHCART, Moose Jaw, Assa.

The terrible exhaustion from which I suffered has given away to the belt. I am well satisfied with my investment.—ALLAN HAGGART, Richmond Hill.

CAUTION—Beware of old style, burning electrode Belts, which are using an imitation of my cushion electrodes. My office contains hundreds of these old belts discarded as useless and dangerous by persons whose bodies had been seared and scarred by the bare metal electrodes. I will make special terms to anyone having one of these old back-burners. A free test to all who call. Send for descriptive book to-day.

Office Hours—9 a.m. to 8.30 p.m.

"The Argument To the Man."

SOMEHOW or other the impression has taken hold of you that your tailoring bill is bigger than it ought to be. You feel that there's room for economy without sacrifice of personal appearance if you could only overcome prejudice against "store-bought" clothes. Good sir, you're the very man we want to talk to.

The good dresser is not prejudiced against "ready-to-wear" garments without just cause. We frankly concede this. But we want to prove that in the case of a store like ours this prejudice has no reason whatever to exist. We offer you what are virtually clothes "to order" — and at charges discounting the so-called "merchant tailoring" at the very least, 25 per cent. And how we do it is a short story.

Pioneers in the "partly-finished" system of this business, the fact that we've imitators on all sides (but no equals) is tribute enough to the great idea we evolved of giving wide choice of a suit, overcoat or other garment, ready to put on and still open to alteration "while you wait." Practically, we anticipate what a gentleman wants, and at the same time leave it with him to say whether the suit or coat (which he has selected without the bother of examining cloths and undergoing all sorts of mysterious measurements) would be the better of return to the tailor's hands for a brief while.

If, in your honest opinion, any goods we offer are not the full equal of any "ordered" work in the world, you may have them for the taking away, if you care to wear them.

We make appeal to the particular dresser who would like to study economy rather more, on these points:

(1) New York and London fashion plates strictly followed.
(2) Regular season visits to fashion centres, English and American, by our cutters.
(3) Direct importations of cloths from the best centres of the world.
(4) Man labor only, and that the very best to be had, employed in making our clothing.
(5) Four palace stores—Montreal, Toronto, Ottawa and Brantford, with more to follow.
(6) An absolute guarantee of perfection
