TWO ADDITIONS TO CONSERVATORY STAFF

Beginning with the reopening of the school year on Tuesday, September 2, the London Conservatory will have two new members on the teaching faculty. Mr. Herman J. Brouwer, a splendid baritone, who has had great success in operatic and concert work and who for the past year has been engaged by the United States Government as director of community singing, will be added to the vocal staff, while Mr. T. Martyn, concert pianist, will be added to the piano department.

Both artists will commence their duties immediately on reopening.

MILK "GOING UP."

Milk may sell at 14 cents per quart retail in September. It was suggested at a meeting of the milk producers of this district, which was held in the office of the Middlesex branch of the Ontario Department of Agriculture, on Saturday, that the price of milk to the retailers be raised to $3.00 per cwt. on September 1. This would make the retail price 14 cents. This proposition will receive the further consideration of the producers at a meeting to be held in two weeks' time. Thirty farmers were present on Saturday.

WILLIAM S. HART IN A BIG PRODUCTION AT MAJESTIC TODAY

Bert Thomas, "the Boy With a Smile," Is Vaudeville Feature.

William S. Hart, hero of a hundred thrilling dramatic situations, star of some of the finest photo-dramas that have ever reached the screen, and one of the most virile and popular delineators of western characters, will be seen in "Wagon Tracks," an Artcraft picture, at the Majestic Theatre this week. This photoplay promises to eclipse even his best previous offerings by reason of its exceptional quality and historic interest.

To men, women and children in every section of the country "Bill" Hart is typical of the western spirit—breezy, resourceful, forceful, skilled in every sport and necessary accomplishment of the plains. His face is the synonym for power and manliness; his ability as an actor is admitted by all; his naturalness, restraint, quiet ease in even the most trying moment stamp him as a finished artist.

"Wagon Tracks" was written by C. Gardner Sullivan, and that is a guarantee of its dramatic strength. Lambert Hilyer was the director. Jane Novak is the leading woman and heads a capable cast, including such players as Robert McKim, Lloyd Bacon, Leo Pierson and others.

Bert Thomas, "the Boy With the Smile," will render a special program of songs. Other features include comedies, news weeklies, travelogues and orchestra overtures.

EMMY WEHLEN STARS IN FEATURE PROGRAM AT THE GRAND TODAY

Mabel Whitman and Picks Appear in Vaudeville.

Fars too seldom are motion picture-goers treated to such a combination of beauty and talent as is featured in the attraction at the Grand today, tomorrow and Wednesday, when the beautiful Emmy Wehlen appears as the star in the Metro production of "The Belle of the Season."

"The Belle of the Season" is a comedy-drama of intense human interest, adapted to the screen by S. Rankin Drew from Ella Wheeler Wilcox's celebrated poem, and in it Miss Wehlen is again presented as the "fashion plate of the screen."

There is in all probability no other star of the screen who displays with such ease and grace the stunning sartorial creations which have made Emmy Wehlen a famous personage on both the stage and screen.

From her first appearance in American theatricals, being imported from the London Gaiety by Broadway producers, Miss Wehlen has led her sisters in styles of the last minute, and with the production of "The Belle of the Season" she will maintain her enviable reputation with a brand new series of luxurious gowns and millinery.

In her latest Metro offering she is said to surpass herself in the role of the sole heiress to millions who interests herself in the welfare of the working classes, who have aided her father in amassing his wealth.

The vaudeville feature of this bill is Mabel Whitman and "Picks," a talented troupe of singers and musicians, who will offer an original novelty in jazz music.

A Mack Sennett Keystone comedy, entitled "Skidding Joyriders," featuring the well-known fun-maker, Chester Conklin, the Pictorial Life, and an overture by the orchestra complete the bill.

MAY ROBSON, appearing at the Grand Theatre in a new comedy, "Tish," Labor Day matinee and night.

"THE SIREN'S SONG" WILLIAM FOX PRODUCTION

THEDA BARA, in "The Siren's Song," a super-production showing at the Patricia Theatre on Monday Tuesday and Wednesday next. Also an L-Ko two-reel comedy, a special comedy and a Universal screen magazine. In vaudeville a real B. F. Keith act, "Bits of Musical Comedy," featuring Lampsell, Leonhart and Matthews, will be presented.

THOUSANDS VISITED SPRINGBANK PARK FOR ANNUAL PICNIC

McClary Welfare Outing Drew Season's Largest Crowd To City's Picnic Grounds.

Thousands of people visited Springbank Park on Saturday afternoon to participate in several long-anticipated annual picnics, and the exceedingly heavy downpour of rain between 2 and 2:30 o'clock failed utterly to discourage them. They waited until the shower had stopped, and then, disregarding the threatening aspect of the sky and the fact that the ground was completely soaked, left the city as quickly as the special street cars could carry them. Upon arrival at the popular park, the picnickers found that their recklessness had been warranted because the ground there had been scarcely affected by the rain, and better still, that the weatherman had substituted a clear, sunny sky for the former overcast one. So everyone proceeded to forget all worries and enjoy themselves to the utmost extent.

The McClary Welfare picnic party was the largest at the park by many hundreds, for it consisted of almost 1,500 elders and children. A brass band also accompanied the party and materially assisted in making the outing a success by supplying bright music during the refreshment hour and between the various events on the program. Many original features were introduced by the members of the sports committee, which proved to be excellently entertaining for everybody. The most popular among these, in the eyes of the children, was the rabbit class, in which the boy who captured the fleeing animal was proclaimed the rightful owner. For the ladies, a chase after three roosters was an amusing event to the spectators. It was evident that the affair was not at all enjoyed by the birds though, judging by the noise they created. One poor rooster lost most of his gay tail feathers, too, in the fight which ensued when two strong ladies caught him at the same time. A special race for the members of the band was also highly amusing, for the men had to play their instruments as they ran.

The success of the McClary picnic was largely due to the efforts of the following committees:

President—Col. W. M. Gartshore.

Starters—Messrs. J. H. Allen and A. McCulloch.

Announcer of races—Mr. R. McDonald.

Distributors of prizes—Miss M. A. Malloch and Mrs. M. Bowyer.

Sports committee, judges—Misses A. Chambers and A. Renouf, Messrs. McDonald, Lindsay, Burns, McCulloch, E. Edwards, Phillips and J. H. Allen.

Baby show judges—Misses E. Paton and E. Colquhoun and M. Carney.

The next largest party was that of the Beresford Lodge, No. 209, Sons of England, which boasted of over 200 picnickers, all of whom thoroughly appreciated the annual lodge outing. The committees were:

Sports — Bros. Holmes (chairman), Potter, Penhallurick, Chappell, Henson, Nicholls, Chambers and Gower.

Refreshments — Bros. Sheard (chairman), White, Bone, Vann, Owen and Brimblecombe.

President—J. Henson.

Secretary—T. Cole.

Ladies of the Edith Cavell L.O.B.A., their families and friends, numbering about 200, also enjoyed the outing—their first annual picnic. A splendid list of races was run off, and two good baseball games were played. The first was between the ladies and men, and which the "fair" team won, while the honors for the second were contested by married men and single men, the former team winning. Messrs. Todd and J. Kay acted as umpires.

About 100 members of the Howden Company also formed a jolly picnic party and a good program was enjoyed. The number of large parties was brought up to six by members of the Grand Trunk Railway freight office and their families and by the boys of the Wellington Street Methodist Church, under the auspices of the Canadian Boys' Efficiency Tests Club. The G.T.R. employes' party totalled over 200, while that of the boys' club was about 40.

W. HERSEE ADDRESSED BIBLE STUDENTS AT HYMAN HALL SUNDAY

"The Signs of the Presence of the Son of Man," His Subject.

"The Signs of the Presence of the Son of Man," was the theme of an address delivered by Mr. W. M. Hersee yesterday afternoon at Hyman Hall. This is the second of a series of lectures given under the auspices of the local branch of the International Bible Students' Association. In part, Mr. Hersee said that the title Son of Man is closely associated with Christ, who, at his first advent, presented himself to the Jews as their king, and although all were then in expectation of him, yet they failed to recognize him as such, thinking he would then appear in great power, and not as the Babe of Bethlehem. Being made a little lower than the angels for the suffering of death, blinded all, save a few of the children of Israel, to a recognition of Messiah. Substantiating his remarks from the Bible, the speaker said that as the sun rises from the east and shines over unto the west, so gradually all would discern the presence of Christ when he came this time in plenitude of power, bringing blessings to the groaning creation, ransoming them from the power of the grave, and restoring earth to Edenic beauty and perfection.

The gospel having been preached to all nations for a witness, constituted a sign of his presence. The earth and heaven fleeing away could not be taken literally, as there would then be no place in which to dwell, but signified the removal of the present ecclesiastical elements, which would give place to the righteous reign of Christ, in which time of refreshing should come from his presence (Acts, iii., 19-21). As in Noah's day there were many scoffing at the thought of a flood, so it is in the days of the Son of Man, many saying in derision, "Show us the signs of his presence." Quoting from the parable of the fig tree, that when ye see the tree breaking forth, then know ye that summer is nigh, and likening the fig tree to the Jewish nation, who are being regathered and blessed, and that at such a time the Lord said he would return and build up the Tabernacle of David, signified that Christ was now here.

Commenting on the doctrine of eternal torment and the immortality of the soul, Mr. Hersee said that the Bible taught that the wages of sin is death, and that as Christ's presence was for the raising up out of their graves all mankind, therefore neither the eternal torment or immortality theory was Scriptural.

Asks $100,000 for Alienation of His Wife's Affections

NEW YORK, Aug. 24.—John M. Peck, a commission merchant at 47 West Thirty-fourth street, head of Peck & Co., was arrested yesterday on an order by Supreme Court Justice Kapper in a suit brought by Joseph N. Billings, a broker, for $100,000 damages for alienating the affections of Mrs. Regina Feeney Billings.

Billings alleges that Peck induced Mrs. Billings to leave him in November, 1916; that until May 1 of this year they lived as Mr. and Mrs. R. Feeney at 14 Butler Place, Brooklyn, and since then at 17 Henley Place, Queens, where, it is alleged, Peck bought a house for Mrs. Billings. Peck is alleged to have given Mrs. Billings an interest in his business, the name of "Feeney" appearing on the door. The plaintiff asserts that when his wife left him she also abandoned two sons, now 11 and 13 years old.

UKRAINIAN ARMIES HAVE OCCUPIED KIEV AND OTHER PLACES

COPENHAGEN, Aug. 24.—A dispatch received here from Bresina, in the Government of Minsk, says an emissary has reached there bringing advices from Kamenetz-Podolsky to the effect that General Petlura's Ukraine troops have occupied Kiev, taken the whole of Podolia and large parts of Volhynia and the Government of Kiev. The advices add that Ukrainian armies are approaching the Dnieper River along the entire line.

FALL OF STERLING IN UNITED STATES CAUSES CONCERN

Saturday's Slight Improvement Only Temporary.

HURTS BOTH COUNTRIES

Those Willing To Buy From America Lack Wherewithal.

LONDON, Aug. 23.—The gravity of the situation arising from the fall of sterling in the United States which has been the subject of articles in all sections of the press for days past, was emphasized again today, yesterday's slight improvement being regarded as only temporary.

The Daily Mail, which has constantly urged increased production here as a remedy, gives prominence today to the contention that the position is equally as serious for the United States as for Great Britain, as it is impeding American export trade. The same point is made elsewhere and opinions of American bankers are cited in support of it. It is remarked by the newspapers that American exporters have plenty to sell and that there are plenty willing to buy, but they point out that unfortunately those willing to buy have not the necessary money.

Novel Feature.

In this connection the Mail regards as "a novel feature in the annals of trade propaganda" a statement cabled to America Friday by the American Chamber of Commerce in London, warning American exporters against trying to rush the British market simply because of the removal of import restrictions. The newspaper calls attention to the fact that withdrawal of the restrictions allows importations of automobiles after September 1 and says that the agent here of one American firm, notwithstanding the shortage of cars in the United States, cabled Friday an order for 4,000 automobiles to be delivered in England as speedily as possible. This agent declared there would be no "dumping" about this, because the cost here would be double the price in America.

The agent of another firm said that in view of the shortage of cars in America and falling exchange, importers would be wise to go slowly. He said he would do nothing until the outlook became clearer.

TORONTO PREPARES FOR RECEPTION TO PRINCE OF WALES

Merchants and Citizens Cooperate in Decoration Plans.

TORONTO, Aug. 24.—This city, named "The Queen City of Canada," is sparing no effort to give to the Prince of Wales when he arrives here on Monday a reception that will do justice to its standing as the largest English-speaking city in the Dominion of Canada.

Merchants and private citizens have entered into the spirit of the historic occasion with energy and thoroughness. The streets along which his royal highness will pass in his various trips through the city, are being transformed into flag-draped avenues of color.

The heir to the throne will arrive Monday morning at 8:30 from Quebec. He will step off the royal train at a private platform on the C. P. R., near Government House. He will be greeted by Sir John Hendrie, the lieutenant-governor, and his staff.

After breakfast at Government House, the royal party will proceed to the provincial parliament buildings where provincial and civic addresses of welcome will be delivered. In the afternoon the prince will formally open the Canadian National Exhibition.

ALLIES CONSIDER POLICING SILESIA WITH HUN CONSENT

Believe Germany Will Agree Because of Interests Involved.

PARIS, Aug. 24.—(By The Associated Press.)—The supreme council to day discussed the question of sending troops to Silesia, in case the Germans are willing to permit foreign troops to enter the district for police purposes before the peace treaty has been ratified.

The general impression in conference circles is that the Germans will consent, because of the large property interests involved. The American delegation has advised the council that it will be unable to provide troops without instructions from Washington.

STOP A MOMENT! LISTEN TO THIS
Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied, and is said to simply shrivel the corn without irritating or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores but is sufficient to rid one's feet of every hard or soft corn or callous.

You are further warned that cutting at a corn is a suicidal habit.
