"NOT A PARTY ISSUE."

So Says Sir James Whitney Referring to Reciprocity.

Hamilton, Sept. 1.—Premier Whitney spoke in Dundas last night before the Conservatives of Wentworth County.

A big crowd of Hamilton people went out for the big meeting, and the gallery of the house was filled with ladies.

E. B. Osler, M.P., of Toronto, who preceded Sir James, characterized Fielding and Paterson as the two Rip Van Winkles of this country, for the reason that they had been politically asleep for twenty years and had arranged a treaty which might have been a good thing for the Dominion twenty years ago, but which would be a detriment to the country now.

Sir James denied that reciprocity is a party issue, and said that the agreement was arranged by Fielding and Paterson without the knowledge of anyone else in Canada, except Sir Wilfrid Laurier. "If it was a party question, why did not the members of the Liberal party know about it?" asked the Premier. He then referred to the statement of Lloyd Harris, M.P., that if the question had been brought up in Liberal caucus 90 per cent. of the members would have been against it."

"I believe that every intelligent man in Canada who has studied this measure, no matter what he may say, is at heart opposed to it," declared Sir James.

Kicked In Fight.

Ottawa, Sept. 1.—Echoes of the Liberal faction fight at Campbell's Bay Tuesday evening on the occasion of the Aylesworth-Fisher meeting were heard yesterday, when John Hirty was brought to the Water street hospital in a critical condition as a result of kicks received from an ardent Hodgins' supporter. Hirty was one of those who were in the thickest of the fight and after the smoke of battle had cleared away, was found lying in the hotel yard unconscious and bleeding.

He was carried to the train and removed to his home on a stretcher. Yesterday his condition became serious and was brought to the hospital here, where he now lies in a critical condition. He complains of having been brutally kicked in the abdomen. One of the men who participated in the fight is now under arrest and his trial will be held at Shawville in a few days.

Warlike Preparations.

Brussels, Sept. 1.—The Belgium Government continues actively engaged in completing the armament of all the garrisons on the German and French borders. Several trains have been dispatched with ammunition and guns from the Liege arsenal to Namur, Liege and Verviers. All the forts are being inspected.

At Antwerp the engineer corps are transporting all campaign material from Tete de Flandre to the Antwerp side of the Schedit.

The Belgian newspapers explain the activity by the statement that the talk of European hostilities has awakened the Belgian War Ministry to the unprepared condition of the Belgian army and defences.

No Blame Attached.

New Hamburg, Sept. 1.—Upon resumption of the inquest before Coroner Marty yesterday on the death of Robert Spahr, who was found dead upon the G.T.R. near here last Friday morning, the following verdict was rendered: "That Robert Spahr came to his death by being run over by the train whilst lying unconscious across the railway track on the morning of Aug. 25, 1911, unconsciousness being caused by the result of a fall in a friendly scuffle at Berlin with Aaron Binkle, no blame being attached to Binkle or any other person."

May Lose License.

New York, Sept. 1.—Steps that may lead to the revoking of the license of the Madison Square Athletic Club, under whose auspices the fight was held Wednesday night between Matt Wells and "Knockout" Brown, were taken yesterday by Fire Commissioner Johnson. Patrick Powers, one of the fight managers, was served with a notice that in permitting 300 persons or more to stand in the arena during the bout, he had violated a provision of the city charter.

May Be One of Martin's Crew.

Wiarton, Sept. 1.—The decomposed body of a boy was found floating in the lake by Capt. Burke of the barge Chamberlain, 13 miles off Cape Croker and brought here Wednesday night.

Dr. Fisher, the coroner, believes the body has been in the water nearly two weeks, and in that case the lad may have been one of the victims of the ill-fated tug Martin of Midland, lost off Point au Baril, on Monday, August 21st.

Standard Oil Dissolved.

New York, Sept. 1.—The Standard Oil Co. of New Jersey, the corporation which has been the storm centre of anti-trust agitation throughout the country for years, yesterday passed out of existence, so far as its present form and functions are concerned.

The work of apportioning the company's holdings of the stock of more than 30 subsidiaries affected will occupy at least three months.

Parker Goes to Pen.

Seattle, Wn., Sept. 1.—George H. Parker of Seattle, convicted in New York of using the mails to defraud in connection with the sale of stock in the United Wireless Telegraph Co., was brought to the federal prison on McNeil Island from New York yesterday and began serving a sentence of two years' imprisonment. Parker is rated as a millionaire.

Got Minimum Sentence.

Lindsay, Sept. 1.—Frank Reynolds, the 16-year-old Toronto lad who on Sunday last hired a horse from Lindsay's livery, drove it to Port Perry and sold the equine there for a small sum, was yesterday morning sentenced to the minimum period of six months in Central Prison. The boy has also to face a similar charge in Peterboro.
