One great industry, which has flourished in the United States for a few months, will become dull after the full returns of today's voting are known. The manufacturers of party encouragement will find their vocation exceedingly dull.

Dr. G. Cole, an experienced mining expert, has assayed a portion of the deposit of alleged coal found at Sudbury. The assay shows 87 per cent of carbon, and is, the doctor says, as near an approach to Lehigh Valley anthracite as it is possible to get. The assay showed the specific gravity, taken at a temperature of 40 degrees (Fahrenheit), to be 1.848. The specific gravity of the finest anthracite known is 1.800.

BROKE HIS NECK.

A Maitland Farmer Meets an Untimely Death.

TWO TRUSTS.

One Collasped—The Other Working at Old Stand.

Albany, N. Y., Nov. 3.—Attorney-General Haycock has granted the application of John G. Lester and will begin actions in the name of the people to dissolve the seven companies in Brooklyn which have disposed of their corporate rights and property to the Brooklyn Union Gas Company.

New York, Nov. 3.—The United States Leather Company, better known as the Shoe Leather Trust, has again advanced the price of leather. Six weeks ago the best union tanned sole leather could be bought for 22 cents a pound. A cent or two at a time has since been added, until today it is 30 cents, an increase of about 33 per cent. Shoes such as a laboring man wears contain about two pounds. The advanced price means an increase in the cost of production of more than 16 cents, but by the time the wholesale and retail dealers have put on their profits, the purchaser is likely to find the cost of shoes increased for him fully 50 cents a pair.

THE CASTLES.

London, Nov. 3.—At the Clerkenwell Sessions today, the grand jury found true bills against Mr. and Mrs. Walter M. Castle, of San Francisco, accused of shop-lifting.

BOGUS CHEESE.

London, Nov. 3.—The Times remarks that if the Dominion Government had not taken steps to prevent the shipment of Chicago filled cheese, it would have found its way to England and been disposed of as the genuine Canadian article.

THE ARMENIAN QUESTION.

London, Nov. 3.—A Rome correspondent claims to have authority for the statement that the powers are working actively to solve the Armenian question, and that a provisional solution will be to recognize a military occupation as the only remedy. It has not yet been agreed which power will undertake the occupation.

THE SOUDAN CAMPAIGN.

Cairo, Nov. 3.—Gen. Sir H. H. Kitchener, comander-in-chief of the Egyptian troops, started from this city for London yesterday for the purpose of conferring with the British War Office in regard to the immediate advance of the Anglo-Egyptian Soudan expedition from Dongola to Khartoum.

DISABLED.

London, Nov. 3.—The steamer Tritonia, Oct. 23, for Montreal, has arrived at Kildonan, inward bound, towing the Grecian, from Glasgow, Oct. 27, for Montreal, the engines of which are apparently disabled. The Grecian sailed from Glasgow, Oct. 23, for Montreal. On Oct. 25, when about 150 miles off Tory Island, she encountered severe weather, during which she lost her rudder. The Tritonia towed the Grecian to the tail of the bank, and then resumed her voyage.

SPAIN'S BIG LOAN.

Madrid, Nov. 3.—The loan to be made to the Government by the Spanish bankers, announcement of which was made to the Cabinet on Tuesday last, amounts to 400,000,000 pesetas (about $80,000,000), redeemable in eight years, and bearing 5 per cent interest. Of this amount 20,000,000 pesetas will be used to pay the Spanish-Atlantic Steamship Company the arrears due it for transporting troops to Cuba, 50,000,000 pesetas will be devoted to the reimbursement of the Bank of Spain for its latest advance, 63,000,000 pesetas for the reimbursement of the Bank de Paris et du Pay Bas, and the remainder for the expenses in Cuba. The issue is to be made in December, and would be guaranteed by the customs. The Government hopes to later issue the loan of a thousand million pestas, guaranteed by the tobacco monopoly.

BRITAIN'S CLAIMS.

London, Nov. 3.—Sir Charles Dilke, M.P., who is a well-known authority on foreign affairs, has written a letter in which he says, referring to the Anglo-Venezuelan dispute, that he entertains no doubt of the validity of Great Britain's title to the territory up to and including Point Barima. Henry M. Stanley, M.P., the African explorer, has also written a letter, in which he touches upon the same subject. He says that he has the fullest confidence in Lord Salisbury's attitude in the Venezuelan question.

EGYPTIAN OCCUPATION.

London, Nov. 3.—The same forces behind the Ministry to which Mr. Cecil Rhodes owes his immunity from Dr. Jameson's fate are demanding vehemently that instead of repeating in the face of Europe, as France desires, England's pledges of the ultimate evacuation of Egypt, Lord Salisbury should frankly declare that times have changed since the pledges were given. "If," says the St. James' Gazette, "Europe understands we shall no more give up Egypt than France will give up Tunis, we shall be spared a great deal of annoyance. Europe, after it has swallowed the pill, will feel all the better."

BISMARCK SCOLDED.

Berlin, Nov. 3.—The Reichsanzeiger, replies to Prince Bismarck's organ, the Hamburger Nachrichten, on the latest phase of the dispute concerning the disclosure of the Russian-German treaty of 1884-90, saying:

"The question of the period of time required for secret diplomatic occurrences to lose the character of state secrets can only be decided by the statesmen in office, by virtue of their responsibility and special knowledge of the political situation. Any deviation from this principle would expose the country's foreign policy to surprises and perturbation, and thereby endanger interests of state.

"If Germany gave an unconditional promise to keep secret the fact as well as the purport of the negotiations with Russia before 1890, the obligation is still binding upon all cognizant of the matter, and this consideration also precludes the possibility of discussing the essential points of the negotiations."

LI HUNG CHANG

To Be Deprived of a Year's Salary for a Singular Offense.

Pekin, Nov. 3.—Although advised to deprive Li Hung Chang of all his offices, the Emperor has substituted for this punishment the loss of a year's salary. A dispatch to the Associated Press on Oct. 26 announced that Li Hung Chang had been appointed Minister for Foreign Affairs, and at the same time an imperial edict was issued ordering the great Chinese statesman to be punished for presuming to enter the precincts of the ruined summer palace, while visiting the Dowager Empress of China.

BEYOND CONTROL.

Disastrous Fire in Richmond, Que.—Outside Help Asked For.

Special to The Advertiser.

Richmond, Que., Nov. 3.—A disastrous fire started in the rear of D. Harrison's store early this morning, and is not yet under control. The flames quickly spread to the printing establishment of Wm. Jones, which was destroyed, together with the stabies. The Grand Central Hotel is still burning fiercely. McMorran's block is in danger of being wiped out, and the local fire brigade is unable to cope with the flames, and assistance has been asked from Sherbrooke.

The damage already amounts to several thousands.

THE BALLOT PUZZLE.

What Voters in the United States Today Will Have to Figure Out.

The system of voting in the elections in progress today across the border is somewhat complex. In the State of New York the voters have to elect 36 Presidential electors, the governor, lieutenant-governor, Appeal Court judge, coroner, congressman and assembly man. There are six straight party tickets, each of which is printed and occupies a column of the ballot paper. There is another column left blank, where the voter can write any names that are not printed. The entire ballot paper covers a space about 20 inches by 14 inches. If the voter supports a straight party ticket all he need do is to mark a cross at the head of the proper column, but if he does not support a straight party ticket, he must, besides making the cross at the head of the column he supports in the main, strike out any names he does not vote for, and place a cross opposite the names in another column of those he substitutes. No more than 100 voters can poll at any booth. In some places the polls close at 4 p.m., and in others not till 6, and the earliest returns should come to hand about 6 o'clock.

ICE-BOUND PROSPECTORS

Hardships of Toronto Explorers Who Were After Gold.

Toronto, Nov. 3.—Two months ago John Snilton, barrister, Provincial Land Engineer Johnson and James Mills, of Toronto, went on a prospecting trip back of Rat Portage. At Lake Abraham, 100 miles north of Rat Portage, they discovered several gold-bearing veins, and returned to Rat Portage to have them assayed. The assay was good, and the men immediately returned to locate the claims. Nothing was heard of them for some time, and now it is learned that they are ice-bound on Lake Abraham, and will be unable to return until the ice forms hard enough to bear them.

A cough which persists day after day, should not be neglected any longer. It means something more than a mere local irritation, and the sooner it is relieved the better. Take Ayer's Cherry Pectoral. It is prompt to act and sure to cure.

ANXIETY ABOUT DR. PATON'S SAFETY.

Buffalo, Nov. 3.—Rev. Dr. McCracken, of Buffalo, writes to the Express as follows: "In a press dispatch published in the papers of the 23rd and 24th inst., from Sydney, N. S. W., I notice the wreck of the missionary ship Dayspring, with the loss of nine lives. This is the ship for which Dr. John G. Paton collected money in Buffalo some three years since, and concerning which there was so much controversy. Dr. Paton and his son were on board at the time of the wreck, and it is supposed that they are among the lost.

PEARL BRYAN'S MURDER.

Covington, Ky., Nov. 3.—Signs are pointing to a confession by Jackson and Walling, or at least to getting at the truth of the murder of Pearl Bryan. For two weeks Jackson and Walling have been kept in separate cells, and a bitterness is growing up between them. Walling said to the turnkey, Maurer: "Why should I be punished for a crime I did not commit? I did not murder Pearl Bryan. Jackson is the man who cut her head off." Maurer asked why he had not so testified, but Walling declined to answer.

POISON IN HER CUP.

Brantford, Nov. 3.—Mr. Judson Baker resides in the neighborhood of Burtches Corners, and Miss Pepper, an elderly maiden lady, has kept house for him. Thursday morning when he got up, Mr. Baker found his housekeeper dead on the floor. He summoned Dr. Mott, of Mount Pleasant, who found the body cold and stiff. Upstairs a cup was found containing paris green. The inference is that the woman committed suicide. Coroner Heath opened an inquest. The body was viewed, and an adjournment took place till Monday.

A little girl wanted to know if the Puritans were crazy, as she had read that they found an asylum in this country.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided? This syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

FOR A COUGH

A hard, stubborn cough is a great strain on the system. It overtaxes the vocal cords and develops rawness and irritation in the throat. It sets the head to aching, and will often start an annoying pain in the chest. It usually prevents sound sleep at night. Here is the simplest, safest and surest remedy for such a cough:

TOLU, TAR AND TAMARACK:

This wonderful remedy is the peer of all the many cough cures. It acts like magic in many cases of chronic Asthma and Bronchitis. For all throat and lung diseases take the genuine Tolu, Tar and Tamarack.

Election Day.

Generally Fine Weather—A Big Vote Polled.

Deadly Fight Between Two Politicians at Philadelphia.

The Leaders Assert Implicit Confidence in the Success of Their Favorites.

Chicago, Ill., Nov. 3.—From every city cited comes reports of crowds early at the polls. Many cities reported one-third of their vote polled at 10 o'clock. In Ohio some precincts reported half their vote polled at that hour. It is safe to say that by noon (Chicago time) over one-half the vote of the country had been cast.

The final forecasts made by Chairmen Hanna and Jones on the eve of election follows:

"Republican Headquarters, Chicago, Ill., Nov. 2, 1896.—I am confident that the strength of McKinley and Hobart in the electoral college will not be less than 311 votes. M. A. Hanna."

"Democratic National Headquarters, Chicago, Nov. 2, 1896.—In tomorrow's Presidential election the West and the South will present a solid front against those classes of the East yet dominated by the money influences of New York city and London. It has been the people's fight, and it will be their victory. James J. Jones."

Bath, Me., Nov. 3.—On the eve of the election, Mr. Arthur Sewall, candidate for Vice-President on the Democratic ticket, is serenely confident of the election of Mr. Bryan and himself. To the Associated Press representative, Mr. Sewall said: "I am confident that Mr. Bryan will carry enough states to make his election a certainty."

Omaha, Neb., Nov. 3.—When Mr. Bryan closed his last speech in Omaha last night he was as buoyant and professedly as hopeful as he had ever been in the campaign.

Canton, Ohio, Nov. 3.—Major McKinley cast his vote at 9 o'clock this morning. It was straight Republican from top to bottom. As the major came from his breakfast to the library he read with interest the Associated Press bulletins from all sections, showing that the weather was generally clear and that a heavy vote was being polled early in the day. This last feature he commented on with satisfaction.

Patterson, N. J., Nov. 3.—Garret A. Hobart, the Republican Vice-Presidential candidate, left his home about 9:20 this morning to vote.

Rochester, N. Y., Nov. 3.—Rochester is voting today for the first time by the Myers ballot machine. There are 70 in use, and the vote is being recorded fast.

Denver, Col., Nov. 3.—Many voters were in line at the various voting places in this city when the polls opened at 7 a.m. Among them were women eager to vote in a Presidential election, this being their first opportunity.

BLOODSHED.

Philadelphia, Nov. 3.—The first bloodshed of the day was reported from the fifth ward, where Charles Johnson and Gus Glasgow became involved in a quarrel over politics, which ended by both drawing revolvers, and blazing away at each other. Johnson had one finger shot away, and Glasgow received a bullet in his groin. Glasgow may die.

"HOLD YOUR GRAIN!"

Is the Mark Lane Express' Advice to English Farmers.

London, Nov. 3.—The Mark Lane Express today counsels farmers to hold their grain, and says: "The price of English grain may react to 28 shillings, but it should rise again in December. The new wheat crop of Argentina is now offered for spring shipment, and it is now below 30 shillings. This gives a glimpse of the future, as Argentine wheat should always be cheaper than English.

"Telegrams from India on Saturday gives the rainfall in October as very small at all the chief stations. The best was in the Punjaub, and it was practically nil on the coast. Wheat, accordingly, has risen to 30 shillings at Calcutta, and there is considerable distress among the poor."
