FAMILY TEA, COFFEE AND SUGAR WAREHOUSE,
No. 109, *Notre Dame Street.*

SAMUEL COCHRAN invites the attention of Customers to his stock of TEAS and COFFEES, which have been selected with the utmost care, and on such terms as allow him to offer them at unusually low prices.

The MACHINERY on the Premises, worked by a Five Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being closely confined in *p-dished* cylinders, which are constantly revolving and roasting from the *heated air chambers*, is prevented from being burnt from Smoke, danger of partial carbonization of the Bean and loss of AROMA, so important to Connoisseurs, which is further ensured by its exclusion to Grinding at the shortest time prior to Sale. To this celebrate process SAMUEL COCHRAN owes the high reputation his Coffee has obtained through a large portion of the Provinces.

CRYSTALIZED SUGAR (much admired for Coffee); REFINED SUGAR in small loaves, and BROWN INDIA SUGARS, of the best qualities, always on hand.

A few of the choicest selections of TEAS may be had at the CANTON HOUSE, in Native Catty Packages, unrivalled in flavor and perfume, at moderate terms.

Families residing distant from Montreal will have their orders scrupulously attended to, and forwarded with immediate despatch.

Plantagenet Water.

Let all who wish sound health to get
Just try the free old Plantagenet;
Though others vainly try to puff
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the late-face-d attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the names of eminent Physicians. To such an extent has this practice been carried, that one Physician of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of one of these Springs.

Another artifice had recourse to, by certain parties, is the publication of *old certificates granted to other Springs*, as if they had been given in favor of their own Springs. In fact, such is the spirit of jealousy excited in the overwhelming success of the far-famed Plantagenet Water, that it can hardly contain itself, and is now seeking the most unfair means to impose on the credulity of the public. Such attempts, however, cannot succeed; every day the fame of the Plantagenet Waters is spreading wider and wider. Whilst it has its place in the Pharmacopœa as one of the most innocent and efficacious of aperients, its use as a pleasant summer beverage is almost unbounded. There never was a mineral water which combined so admirably the two qualities of *useful* and *agreeable*, and to talk of competition or rivalry is simply absurd. Ask the medical man what in nine cases out of ten is the first thing he prescribes, and he answers, Plantagenet Water. Ask the merchant what is his morning's draught, still the reply is, Plantagenet Water. Ask the professional man who has spent his labors and invigorates his health, and again we are told Plantagenet Water. Ask the hard-working mechanic, or laborer, what is the cheapest medicine for himself and family, and he will reply, a bottle of the Plantagenet Water. This extraordinary success has induced strangers, both in Montreal and the country, to substitute other spring waters for the Plantagenet—a fact of which the Proprietors have been directly informed by Medical gentlemen of this city. In short, no attempt is left untried by these persons who wish to trade on the unparalelled reputation enjoyed by the Plantagenet Water. To guard against deception, therefore, the public are requested to supply themselves *direct from the Depot, Place D'Armes, Montreal.*

Price per gallon, 1s; bottled, in the depot, bottles returned, 9d; and 1d per gass. The demand for this Water, by *the glass*, averages 300 glasses every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hotel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. LAROCQUE, Proprietor of Plantagenet Water, Place d'Armes.

SIR,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the time has now arrived when it is just, both to the public and yourself, that I should do so. I state, then, frankly, that I have the highest opinion of the Plantagenet Water, which I consider superior—in fact, far beyond comparison with any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most certain success. As a gentle aperient, its use is invaluable; and in numerous cases where other medicines could not be safely employed. I have found it most useful. I consider it a duty, both to the profession and the public, to state thus much in its favor; and I strongly recommend all the heads of families to keep a supply of the water by them, being perfectly satisfied of its great utility.

I have the honor to be, Sir,
P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine, of Montreal.

DeBlevery Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply as a saline drink that these waters are beneficial, but because they have an oily, fattening property, unknown to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—

Messrs. Bethune W, Neilson W, Parks T, G. W. Campbell, A. Hall, A. McCulloch, R. L. McDonald, Crawford, J. Bibaud, E. H. Trudel, H. Mercier, J. Doucet, Dorion, S. C. Sewell, F. Hagarty, — Peltier, J. E. Coderre, L. F. Tavernier, G. D. Gibb, P. E. Pelletier, Aumond, Gerrard, H. Masson, H. Peltier, B. Devlin, S. H. Schmidt, W. F. Smith, P. Maurice, T. Leduc, W. Wright, L. Boyer, the Hon. A. N. Morin; the Hon. Louis Victor Sicotte, the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor; E. Fabre, Esq., Ex-Mayor; — Bellemare, Esq., Mayor of Quebec; J. D. Bernard, Esq.; Louis Boyer, Esq.; E. M. Leprohon, Esq.; J. Belle, N. P.; Maurice Fronia, Priest; J. S. Carmeron, Esq., and many others.

Sold only at No. 4, Place d'Armes, Montreal, where parties from the country, who want it to sell again, can be supplied at liberal rates.

For sale also in Beauharnois by Mr. Robert Tom, and Carillon by Mr. C. W. Schauler.

Caledonia Springs, 2nd June, 1851.

[EXTRACT of a letter from P. J. Larocque, Esq., of Montreal.]

I beg to state that in July last I paid a visit to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful curative effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on the Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, were cured by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Drinking as much results are, the curative action of these Waters, the Intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lepra, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that leave the Springs greatly benefitted, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 13th December, 1842.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances have enabled me to prove a favorable Certificate with more than usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a preserving cure of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspeptic and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the unknown-ledged virtues of the Waters) the great outlay you have been put to in the improvement of the place, and the unwearied care and attention which you bestow to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,
GEORGE W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

BUTCHART'S RESTORATIVE BALSAM.

THIS invaluable Medicine has been sixteen years before the public, and has invariably been attended with unparalled success,—indeed it may be justly considered INFALLIBLE in the cure of Bloody Flux or Dysentery, and all Looseness of the Bowels, in old or young. Its effects are palpable. Within a few minutes after a full dose has been taken complete relief is obtained. This Medicine is the invention of the late Doctor Butchart, Dundee, who, from long experience and extensive practice, has brought it to its present state of perfection in the cure of the above diseases. The ingredients of which this Medicine is composed are most mild and beneficial to the human system. A single trial will satisfy any one as to the truth of this statement, and we can with the greatest confidence recommend it to the public as a safe and sure Medicine.

Sold by the Proprietors, Messrs. Lamplough and Co., Montreal, and JOS. BOWLES, Quebec.
