## CANADIAN MORATORIUM LAWS CALLED UNFAIR

### Winnipeg Man Advises American Convention.

MINNEAPOLIS, Sept. 13. — Resolutions pledging support to future war bond issue campaigns were adopted by the Farm Mortgage Bankers' Association, which closed its annual convention here today. A committee also was appointed to work out a uniform moratorium law, applying to mortgage foreclosures, to be recommended to state legislatures.

Delegates from Western Canada explained operation of the moratorium laws in the western provinces. The Canadian legislation, according to A. L. Crossine of Winnipeg, "has been unfair, irritating and unsatisfactory." He advised that such laws in this country be explicitly limited in application to homesteads and to men in actual foreign service. In Canada, he said, men have enlisted in the home guards to escape paying debts.

## CENTRAL POWERS REPLY TO POPE NEXT WEEK

AMSTERDAM, Sept. 13.—Advices received here from Vienna quote the Politische Rundschau as saying that the reply of the central powers to Pope Benedict's peace proposal will be presented next week. Germany and Austria, says the newspaper, have reached a full agreement concerning the date of the dispatch of the note and its contents.

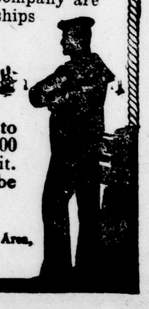
COMMODORE AEMILIUS JARVIS, Naval Recruiting Officer, Ontario Area, 103 BAY STREET, TORONTO, or to the Department of Naval Service, OTTAWA.



## DISAFFECTION DOES NOT EXIST AMONG PEOPLE OF BRITAIN

### Premier of New South Wales Visits Washington.

### GIVES U. S. SOME HINTS

### Advises That Industries Be Placed Under Government Regulation.

NEW YORK, Sept. 13.—Government regulation of food supplies and industries in the United States as a measure for the successful prosecution of the war was forecast here today by the Right Hon. John Holman, premier of New South Wales, who is returning to Australia after a stay of several months in Great Britain. He will go to Washington tomorrow to call on President Wilson.

Discussing conditions in England at the beginning of the war, the premier declared there was "much confusion and profiteering," but changes have occurred for the better.

"England has taken over the factories and food production," he said, "and the workers are really in the employ of the Government, receiving regularly established wages, while the owners of the factories receive only a just profit on the capitalized value of their plants. This plan seems to be working well, and I have no doubt the United States will do the same in time."

The premier stated there is no truth in reports of "serious disaffection" among the British people, or of "any move to compel peace at this time."

## REGINA WOMEN OPPOSE NEW FRANCHISE ACT

Regina, Sept. 13.—The following resolution was sent to Premier Borden tonight:

"We, the members of the North Side W. C. T. U. of Regina express our strong feeling that the present war-time franchise act is very unfair and inadequate in the measure of franchise given to the women of Canada, and we vigorously protest against it. We respectfully urge that the franchise be granted to every British woman of 21 years of age."

## "IT SURPRISED BOTH OF US," DECLARES WILLIAM HANNON

### Tells Experience of Himself and Wife.

### TRIED MANY REMEDIES

### Improved From the Very Start On Tanlac.

"My wife tried so many different preparations without getting relief that when Tanlac began to straighten her out so quickly it sure surprised us both," said William Hannon, a well-known resident of Burlington, Ont., the other day.

"Ever since she underwent that operation last year my wife has been weak and ailing, and I was afraid that if something wasn't done to relieve her she could hardly get through the summer without breaking down. Her hands and feet were swollen from rheumatism, at times she had trouble doing the lightest things about the house. Her appetite failed and the little she forced down didn't do her any good, for she was so weak and nervous and felt so tired and fagged out all the time I really didn't see how she kept up as long as she did.

"One day a man here told me that Tanlac had put him on his feet so he could go back to work. He looked so strong and hearty I decided to get a bottle for my wife to try and, honestly, she began to pick up almost from the first dose, and she is actually looking better than she has in over a year. Her appetite has improved wonderfully and she now eats anything she wants and as much as she wants and says she feels strong enough to take up her housework again. Her rheumatism hasn't bothered her so much and her first bottle of Tanlac has done her so much good we came in today for another one, and if she continues to improve like she is now it won't be long before she will be a well woman."

Tanlac is sold in London by Standard Drug, Ltd., under the direction of a special representative and by an established agency in every town.

**SUFFERED NINE YEARS**

Many Remedies Tried in Vain. Well and Strong After Taking Lydia E. Pinkham's Vegetable Compound.

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies, but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong, so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McAbee, 122 Dewey avenue, Spartanburg, S. C.

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Company is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness, they want to pass the good news along to other suffering women that they also may be relieved. This is a praiseworthy thing to do, and such women should be highly commended.

## NO NEW TACTICS BEING EMPLOYED BY SUBMARINES

### High British Naval Authority Discounts German Claims.

### BRITISH MEET MENACE

### Third Definite Date for Starving England Near at Hand.

LONDON, Sept. 13.—Via Reuter's Ottawa Agency.—From a high British naval authority Reuter's has received the following information:

"Despite talk in certain quarters, there is no reason to believe, and there is certainly no evidence, that Germany is adopting new tactics in U-boat warfare. Nobody claims that the menace has been overcome, but persons should not, because of that, blindly swallow all of Germany's claims.

"The Germans talk contemptuously about the loss of one of their U-boats monthly. They know that to be nonsense. I am not going to inform the enemy by quoting actual figures, but I can tell you that action against U-boats during the last three months has yielded what I will call good results, in the destruction of these boats.

**Time Limit Soon Due.**

"Doubtless German underwater activity is very high at present, but this should be taken in conjunction with the facts that the latest and third definite date fixed by the German high command for its complete success over us is the early part of October.

"Regarding recent reports respecting losses in the Atlantic from the action of U-boats, German claims are not borne out by the facts. In this area there has, for obvious reasons, been increased enemy activity, but our counter-measures are proving successful. In this class of warfare the fight is, and must be, a stiff fight, but notwithstanding increased building and activity on the part of the enemy, we are more than holding our own, and with the help of time, which is on our side, success is assured."

## RUSSIAN CRISIS WILL BEAR GOOD FRUIT, IS BELIEF

### Washington Officials and Diplomats See Silver Lining in Cloud.

WASHINGTON, Sept. 13.—News of Premier Kerensky's determination to instill better discipline into Russia's armies created almost as much gratification today as reports that General Korniloff's attempted coup will have borne good fruit, in the opinion of officials and diplomats. Such an accomplishment would remove one of the great weaknesses of the new democracy and it is believed, might go far toward infusing a spirit of order and co-operation into the civilian populations whose industrial support the war so largely depends.

Kerensky's plan is believed to be to restore discipline by making it plain that military commanders shall have full authority to dictate military movements; by rooting out the persistent interference of soldiers' committees with commanders' orders, and by retaining the present system of government civil commissioners at the front to advise men in the ranks and provide a certain check on ill-treatment of soldiers.

**Assured of Justice.**

By this arrangement the death penalty for violation of orders might continue to be imposed by court martial, subject to limited review by the civilian commissioners. The forces opposed to the death penalty could be satisfied by assurance that the commissioners would prevent unjust sentences.

General Alexieff, who was made chief of staff when Kerensky assumed nominal command of the armies, and who probably will be virtually commander, is both an advocate of strong authority for directing officers and a friend of the civil commissioner system.

Recent reports from the Russian front indicated that the soldiers' committees, although said to have been shorn of their referendum power over general orders, still persist in trifling interferences, which sometimes mean delay and disaster.

The civil commissioners who are usually officials or men of prominence in their own community, report to the war ministry on general conditions. They are emissaries of the democratic movement with the function of assuring the army ranks that they are not being used as tools of the military leaders for purposes other than the defeat of the enemy.

## INGERSOLL WOMAN TERRIBLY HURT BY FALL DOWN STAIRS

INGERSOLL, Sept. 13.—The construction of a cement pavement on Charles street, between Thames and the west side of Oxford street, has been authorized.

Serious injuries were sustained recently by Mrs. Badden, at the home of her daughter, Mrs. E. Morgan, Bell street when she fell downstairs, dislocating her right shoulder and breaking two fingers of her right hand, and her hip bone. She is in Alexandra Hospital, and is making satisfactory progress.

At a meeting of the collegiate boys the following were appointed to the executive of the Athletic Association: Honorary president, J. J. McLeod; president, M. Bell; secretary-treasurer, C. Fortier; form representatives: V, F. Elliott; IV, E. Enright; III, R. Currie; II, D. Richardson; I, B. McMurray. The girls have appointed the following: President, I. Paterson; secretary-treasurer, H. Stone; basketball convener, C. Peck; tennis convener, R. Vann; form representatives: V, O. Walton; IV, G. Brown; III, H. Watterworth; II, E. Odell; IA, R. McCarty; IB, I. Craig. A paper chase will be held on Saturday afternoon.

### NONAGENARIAN VISITS FAIR.

INGERSOLL, Sept. 13.—Among Ingersoll visitors today to the Western Fair was Mrs. Cook, Ann street, who, despite the fact that she is in her 96th year, was greatly interested in Western Ontario's greatest exhibition. She accompanied her daughter, Mrs. H. B. McKinnon.

### YOUNGEST SON ENLISTS.

FOREST, Sept. 13.—Victor A. Pettypiece, youngest son of H. J. Pettypiece, ex-M. P., went to London today and enlisted with the 7th Regimental Details. The young soldier, who is not yet 20, has been his father's assistant in the operation of the Forest Free Press.

### ELECTIONS IN SWEDEN.

LONDON, Sept. 13. — Returns from the general election, which is proceeding throughout Sweden, says Reuter's Stockholm correspondent, indicate the defeat of the Conservatives. In 22 districts the Social Democrats have gained three seats and the Liberals five, while the Conservatives have lost thirteen.

## GERMANS ATTEMPT ATTACK ON BRITISH N.E. OF LANGEMARCK

### Enemy Repulsed in Fierce Fight on Mile Front.

LONDON, Sept. 13.—The British official communication issued tonight says:

"Last night, after hours of heavy bombardment, the enemy raided our positions east of Bullecourt. He succeeded in effecting an entry in our trenches, but was driven out after sharp fighting, leaving a number of dead and prisoners in our hands.

"We carried out a successful raid during the night in the neighborhood of Oppy.

"Early this morning the enemy opened a heavy bombardment on a front of more than a mile north and northeast of Langemarck, and attacked in considerable strength. After fierce fighting the attack was repulsed with severe enemy losses.

"Our patrols brought in a few prisoners during the night in the Lens sector.

"Hostile artillery showed activity in the neighborhood of Bullecourt, southeast of Messines, and north of Langemarck."

"Despite bad visibility, some artillery work was carried out by our airplanes yesterday. Photographs were taken, and the bombing of enemy airdromes, ammunition dumps and railway stations continued day and night. Three enemy machines were driven down out of control. Two of our machines are missing"

## AUSTRIA-HUNGARY FACES STARVATION

### Cannot Hold Out Through the Winter, Says Official.

GENEVA, Sept. 13.—The Freie Zeitung of Berlin publishes an article from a high Austrian official who recently traveled through several sections of his country, in which the writer states that Austria-Hungary cannot hold out the coming winter, owing to economic reasons, as both soldiers and civilians will be starved.

He gives several reasons, notably the almost complete destruction of the crops in the richest regions of Hungary, by the cold and heavy rain, while 300,000 tons of Rumanian cereals could not be transported owing to the lack of rolling stock, which, first of all, is utilized for military purposes. In the meantime, he says, the necessaries of life are mounting to extraordinary prices.

## Two Vessels' Crews, Helpless In Boats, Bombarded by Huns

LONDON, Sept. 13.—Two cases of German submarines firing on the crews of sunken vessels after they had taken to their small boats, were made public today. A submarine sank the schooner Jane Williams of Arklow, off the coast of Cornwall, Monday, by shellfire. The gun was then turned on a boat containing the crew of six, of whom three were killed, and the remainder badly wounded.

On the following day the schooner William of Dublin was stopped and sunk by a submarine. The open boat in which the crew left the vessel was shelled with shrapnel, but only one man was wounded.

### 3 TRACTORS SECURED FOR WORK IN HURON

BLYTH, Sept. 13.—Warden Dr. Milne was in Toronto this week interviewing Premier Hearst in reference to securing Government tractors for use in Huron County. He secured the promise of three machines.

The concert held in agricultural hall on Tuesday evening was well patronized. It was the intention to hold it outside, but the weather conditions did not permit. The Laurie family were the entertainers, and their Scotch songs and dancing were much appreciated. The Blyth Band also ably assisted. The receipts totalled $35.

The large number of Indians who have been engaged for some time here pulling flax for the Blyth Flax Company, have completed their operations. There was more flax in this section than for some years, and the quality was above the average.

Judge Dickinson presided over the division court here.

### URUGUAYANS SHOW HOSTILITY TO GERMANY

MONTEVIDEO, Uruguay, Sept. 13.—A great anti-German demonstration was held here today and Argentina was cheered for the expulsion of the German minister, Count von Luxburg. There were numerous clashes between the mobs and the police. Strong guards have been placed around the German legation and consulate, as well as the German business houses, in order to prevent destruction similar to that at Buenos Ayres.

**BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS**

They liven the liver and bowels and straighten you right up.

Don't be bilious, constipated, sick, with breath bad and stomach sour.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

Mothers should give cross, sick, bilious, feverish children a whole Cascaret any time as they cannot injure the thirty feet of tender bowels.
