TEMPERANCE NEWS.

"I know a man," said Eli Perkins, "who was meaner than a dog. This man and dog went into a saloon together, but the man got beastly drunk while the dog kept sober and went home like a gentleman."

In the old anti slavery conflict it was said, and not without justice, that the "American Church was the bulwark of slavery." Let ministers and laymen see to it that in the present crisis the American Church is not the bulwark of intemperance. Is there not already too much complicity with this fearful sin within the precincts of the organized body of Christ? Now that the season has come round when religious bodies of every name meet in conference for review and action, the bodies owe it to God, to themselves, to their children, to the community, to see that the reputation of the church is not causelessly assailed; and if it is implicated, to proceed at once to purify and rectify.—[The Traveler.

TO EVERY LOVER OF GOD AND HUMANITY.

The following petition has already received more than a million of signatures, but before the opening of the Columbian Exposition we desire the number repeated, many times if possible, that as we present the petition to rulers we may be able to say this represents the will of the people. Will you help us?

Please cut out the petition, paste blank paper across the bottom, and secure the signatures of as many women as you can. After adding the name of the town and the State where the names are obtained, send to Miss Alice Briggs, office secretary, World's W. C. T. U., Evanston, Ill.

For petition blanks, blanks for indorsement of men, churches, societies, etc., send to MARY A. WOODBRIDGE, Secretary World's W. C. T. U., Ravenna, Ohio.

Petition of The World's Woman's Christian Temperance Union for the protection of the home—addresses to the Governments of the world.

Honored rulers, representatives, and brothers:

We, your petitioners, although belonging to the physically weaker sex, are strong of heart to love our homes, out native land, and the world's family of nations.

We know that clear brains and pure hearts make honest lives and happy homes, and that by these the nations prosper, and the time is brought nearer when the world shall be at peace.

We know that indulgence in alcohol and opium, and in other vices which disgrace our social life, makes misery for all the world, and most of all of us and for our children.

We know that stimulants and opiates are sold under legal guarantees which make the Governments partners in the traffic, by accepting as revenue a portion of the profits, and we know with shame that they are often forced by treaty upon populations either ignorant or unwilling.

We know that the law might do much, now left undone, to raise the moral tone of society, and render vice difficult.

We have no power to prevent these great iniquities beneath which the whole world groans, but you have power to redeem the honor of the nations from an indefensible complicity.

We therefore come to you with the united voices of representative women of every land, beseeching you to raise the standard of the law to that of Christian morals, to strip away the safeguards and sanctions of the State from the drink traffic and the opium trade, and to protect our homes by the total prohibition of these curses of civilization throughout all the territory over which your Government extends.

YOU ARE RESPONSIBLE FOR YOUR CONDITION!

You Can Effect a Great Change.

Do not complain and grumble about your condition of health. No one is to blame for your weakness, nervousness, sleeplessness and dyspepsia, but yourself. These troubles were induced owing to your own neglect and disregard of nature's laws.

You may, if you have decision, be like your friends and neighbors—strong, vigorous and healthy. You may enjoy life, and become a blessing to every one around you. You are now in such a state, that you require something that will reach to the very root of your difficulties, and eradicate every trace of disease.

The only reliable remedy for this great work is Paine's Celery Compound; it is all-sufficient for the most stubborn of maladies, and will never fail in giving relief and bringing a perfect cure.

Knowing this fact, it is folly and madness to delay the good work. Every hour lost, increases your sufferings and agonies. Be wise; follow the example of others around you who have found a new life through the virtues of earth's grandest medicine. Begin to-day with Paine's Celery Compound, and test the powers of one bottle.

Why Can't They Marry?

A young lady and gentleman are in love with each other, but will not marry because the lady's mother's brother's brother-in law is the young man's father. What relationship exists between the young lady and gentleman?

To the first person sending the correct answer to the above problem the publishers of THE LADIES' PICTORIAL WEEKLY will give Seventy-five Dollars in cash; for the second correct answer Fifty Dollars in cash; for the third correct answer an elegant Gold Watch; for the fourth correct answer a first-class boy's or girl's Safety Bicycle; for the fifth a French Music Box; for the sixth a pair of genuine Diamond Earrings in solid gold setting; to the seventh a first-class Kodak Camera, with a complete outfit for using same; to the eighth a complete Lawn-Tennis Outfit; for the ninth an elegant pair of Pearl Opera Glasses; to the tenth a Silk Dress Pattern (in any color desired).

Everyone answering the above puzzle must inclose with the same 30 cents in silver (or ten 3-cent stamps) for one months' trial subscription (five copies) to THE LADIES' PICTORAL WEEKLY, Canada's High-Class Illustrated Newspaper. The envelop which contains correct answer bearing earliest postmark will receive first prize, the balance strictly in order received.

All answers must be mailed on or before July 15. Names and addresses of prize-winners will be published in our journal. Address LADIES' PICTORAL WEEKLY (44), Toronto, Ont. bw 78ut

THE BANK OF TORONTO.

Thirty-Sixth Annual Meeting of Shareholders.

The Annual Statement—A Prosperous Institution—Increase of Business in all Departments—Large Profits and Liberal Dividends—Review of the Financial Situation—Advantages of a Wise Policy.

The thirty-sixth annual meeting of the stockholders of the Bank of Toronto was held on the 15th inst.

On motion George Gooderham, Esq., was called to the chair, and Mr. Coulson was requested to act as secretary.

Messrs. Walter S. Lee and Thos. G. Blackstock were appointed scrutineers.

By request of the chairman the secretary read the following

REPORT:

The directors of the Bank of Toronto have pleasure in presenting to the shareholders the thirty-sixth annual report, together with a statement of the accounts, as on May 31 last.

The net profits realized compare favorably with former years, and the bank continues to show an increase in all the departments of its business.

Your directors are pleased to report that they have been able to place $50,000 to the credit of profit and loss account, representing amounts received from debts which had been written off in previous years:

The balance at credit of profit and loss, on May 30, 1891, was	$ 5,258 61
The net profits for the year, after making full provision for all losses and deducting expenses, interest accrued on deposits and rebate on current discounts amount to the sum of	282,725 34
Amount recovered from debts written off in previous years	50,000 00
	$338,983 95

This sum has been appropriated as follows:

Dividend No. 71, 5 percent	$100,000 00	
Dividend No. 72, 5 per cent.	100,000 00	
		$200,000 00
Added to rest account	100,000 00	
Carried forward to next year	38,983 95	
		138,983 95
		$338,983 95

With the above mentioned addition of $100,000 to the rest, that fund now amounts to $1,700,000.

An office of the bank has been recently opened in the Point St. Charles district, in the city of Montreal, and your directors believe it will prove to be of service to the bank.

The directors have to refer with deep regret to the loss the bank has sustained in the decease of their late colleague, Mr. John Leys. His tenure of office was a short one, but he rendered the bank essential service and his counsels were highly valued. The vacancy thus caused was filled by the election of Mr. Robert Reford, of Montreal.

The directors have pleasure in testifying to the satisfactory manner in which the officers of the bank have performed their respective duties.

The whole respectfully submitted.

(Signed.) GEORGE GOODERHAM, President.

(Signed) D. COULSON, General Manager.

The above having been read, the president, George Gooderham, Esq., addressed the meeting as follows:

GENTLEMEN,—In moving the adoption of the report which has just been read, I would take the opportunity of very briefly calling your attention to some of the subjects referred to therein.

Speaking of the past year generally, the most conspicuous feature in the financial situation throughout the world has been the continual accumulation of unemployed money, which has been accompanied by a state of heaviness in general business, and an absence of new outlets for capital. In the United States the extraordinary production and export of breadstuffs, cotton and other products, together with the steadily increasing amount of silver notes issued against purchases of silver made by the treasury under the act of 1890, caused a plethora of available bank funds in that country, while the steady decline in the gold surplus and the uncertainty as to the future effect of the silver laws produced a state of inactivity and distrust. Other causes into which it is not necessary for me to enter have affected other financial centers, and in this country the general features to which I have before referred, have markedly characterized the business situation, producing a state of affairs which has not been favorable to banking operations generally. Under these circumstances it is gratifying to be able to report that we do not show any decrease in our net profits.

As regards the progress of the bank, you may remember that last year I presented to you some figures showing the increase in the business of the bank, taken from our reports at intervals of ten years. A comparison of the figures of this year will show that we have again to report an advance in every department, our circulation having reached a point within $60,000 of the maximum permitted under our charter, while the volume of our transactions has been greatly in excess of anything we have as yet experienced. The competition which now prevails affects both the rate paid for deposits and the rate obtained upon loans, rendering it difficult to increase the earnings, and it is largely on account of increased business that we have been enabled to maintain our profits.

Referring to other items in the report, I have to call your attention to the sum recovered from debts that had been written off as bad and doubtful. We have always tried to act on the safe side in estimating the results of our yearly business, and in cases where we have felt uncertain as to the future of any of our loans have sought to make ample provision, but we by no means lose sight of anything we write off, and care is taken to nurse these debts back into strength, and to avail ourselves of every opportunity to make the best of them. These old matters are kept constantly before us and we have the pleasure of placing back amongst our assets proceeds of such debts when realized. From this source we have this year given our profit and loss account credit for $50,000, which, together with the surplus profits after payment of $200,000 in dividends, has enabled us to add $100,000 to our rest, and to bring forward the substantial balance of $38,983 95 to next year.

The rest now amounts to $1,700,000, and it is customary to compare the proportion this fund bears in relation to the capital. Upon this basis our proportion is 85 per cent. I prefer, however, to call your attention to the proportion which our rest bears to our loans and discounts, since it is as a provision against possible losses arising from that source that a Rest should be maintained. Based, therefore, upon nearly $11,000,000 outstanding in loans, we have a Rest fund of 15½ per cent. Viewed in this way the margin provided as a reserve is by no means too large, and I consider that this fund should continue to maintain a reasonable ratio to our increase in business. I feel that I have but to call your attention to this view of the Rest to secure your approval of our action in strengthening it, and I have to say further that the shareholders are now reaping great benefit from the policy which has been pursued in the past with regard to this fund.

A branch of the Bank at Point St. Charles, in the city of Montreal, was opened very recently, and we have reason to believe it will prove to be of advantage to many of our customers and lead to increased business for the Bank.

The report refers to the loss the bank has sustained in the death of our late colleague, Mr. John Leys. He had been a member of the board for a short time only, but rendered valued assistance and gave promise of being a very useful director. To fill the vacancy thus caused, the directors, acting under the powers conferred upon them, elected Mr. Robert Reford, of Montreal, a well-known and highly valued customer of the bank, it being deemed desirable to have on the board a representative from that commercial center, where the bank's interests are steadily increasing in importance.

I have again pleasure in bearing testimony to the zeal and efficiency with which the general manager and the other members of the staff continue to discharge their respective duties. With these remarks, gentlemen, I beg leave to move, seconded by the vice-president, that the report now read be received and adopted.

In seconding the adoption of the report the vice-president, Mr. W. H. Beattie, referred to the change that had taken place at the head office, Mr. Coulson being made general manager of the bank, and Mr. Wadsworth, formerly manager at London, Ont., being placed in charge of the business of the Toronto branch. The change had become necessary owing to the increase of the business of the bank, which, during the past ten years since the time when Mr. Gooderham became president and he vice-president, had more than doubled. He concluded with a very feeling reference to the present severe illness of Mr. Fulton, an esteemed director of the bank.

The report was adopted, and the thanks of the stockholders were tendered to the President, Vice-President and Directors for their care and attention to the interests of the bank during the past year.

The following named gentlemen were elected directors for the year:

GEO. GOODERHAM, ALEX. T. FULTON,
WM. H. BEATTY, HENRY COVERT,
HENRY CAWTHRA, WM. G. GOODERHAM,
ROBERT REFORD.

The new board met the same afternoon, when George Gooderham, Esq., was unanimously re-elected president, and Wm. H. Beatty, Esq., vice-president.

Saved by His Coolness.

Some years ago the Duke of Wellington was sitting at his library table, when the door opened and without any announcement in stalked a figure of singularly ill omen.

"Who are you?" asked the Duke, in his short and dry manner, looking up without the slightest change of countenance upon the intruder.

"I am Apollyon. I am sent here to kill you."

"Kill me? Very odd."

"I am Apollyon, and must put you to death."

"'Bliged to do it to-day?"

"I am not told the day or the hour, but I must do my mission."

"Very inconvenient; very busy; great many letters to write. Call again, or write me word. I'll be ready for you."

The Duke then went on with his correspondence. The maniac, appalled probably by the stern, immovable old gentleman, backed out of the room, and in half an hour was in an asylum.
