RUNAWAY CAR CRUSHES WORKMEN

Dashes Down Hill Through the Darkness and Kills Eleven Walking on Tracks.

Altoona, Pa., July 4.—Eleven men, who were returning from Portage to Puritan, both mining towns, were killed shortly before midnight on the Martins branch, a spur running from Portage to Puritan, a distance of four miles, by a runaway car, which had been started down the steep mountain grade by some unknown person.

The miners had been to Portage and were returning to their homes. When the car was finally stopped near Portage it was seen that the carwheels were covered with blood and shreds of clothing, and an investigation disclosed the bodies of the men laying along the track. Some of the bodies were a half mile apart. Not more than two bodies were found in any one spot.

The railway track is generally traversed by people going from Portage to Puritan. Cars never run over the line after nightfall.

HIRED TO MURDER?

Epidemic of Infanticide Has Aroused Suspicion of the Authorities.

Toronto, July 4.—The case of the supposed murder of a child near Chesley, in which it is thought the infant was poisoned with carbolic acid and thrown from the window of a railway train, has brought about the public intimation of the serious suspicions which have been entertained for some days by the provincial department of justice.

There has been a recent epidemic of infanticide, in which, it is thought, the mothers are not concerned, but the dreadful theory is advanced that some person or persons are doing the deeds for pay. A case at Port Credit lately, in which the victim was only about three days old, is cited as strengthening this theory. It is thought that it would be impossible for the suspected woman, who was out walking on the day that the murdered infant was found, under the circumstances, to have been the mother.

So serious are reports that the provincial officers feel called upon to institute a thorough investigation.

DRAWN UNDER CARS AT WATFORD DEPOT

Son of a Former Londoner Crushed to Death Catching Train.

Watford, Ont., July 3. — Harry A. Fergusin, son of Charles Ferguson, a former well-known resident of London, was killed on the G. T. R. track here last night.

Ferguson, in company with a friend, went to the depot to catch No. 5 express, due at 9 p.m. The train was just pulling out, and deceased caught on to the railing of the vestibule and threw his grip to his friend.

The doors were locked on the side opposite the station, and, it is supposed that he was drawn under the cars, as the body was found near the west semaphore.

Deceased was 24 years of age, and married. His wife is at present spending the summer at Huronia Beach.

The family home was in Ann Arbor, where deceased had about completed a law course.

It is probable that an inquest will be held.

BIG ORDER FOR CARS

The Canadian Northern Getting Ready to Handle the Grain Crop.

Toronto, July 3.—Orders have just been placed by the Canadian Northern Railway for 550 new box cars to be delivered in time for use in moving this season's wheat crop in Western Canada. The orders have been given to the following companies: Rhodes, Curry & Co., Amherst, N. S., 250; Canada Car Company, Montreal, 200; Crossin Car Manufacturing Company, Cobourg, 100.

These cars are in addition to 1,600 ordered earlier in the season from Canadian Car Manufacturing Company, also including 1,000 box cars, 400 flat cars, and the remainder of stock and refrigerator cars. Although several lines in Eastern Canada are controlled by Canadian Northern interests, nearly all of this new rolling stock, together with 50 engines, which have been ordered for this season's delivery, has been placed on lines in Western Canada.

Some of the cars and engines have already been delivered, but all are to be placed at the service of the railway by Oct. 15.

The 550 cars just ordered and the other equipment for this year represents an outlay of between $3,750,000 and $4,000,000, and Canadian locomotive and car companies have been successful in filling nearly all these orders.

GO-BETWEEN NO GELDING

Surburban Winner Has Been Traveling Under False Colors for Years.

New York, July 3. — The Herald today says: The protest made against Go Between, winner of the Suburban handicap, on the ground that he was improperly described as a gelding, took on a new phase yesterday, when the veterinary surgeons, appointed by the stewards of the Coney Island Jockey Club's Sheepshead Bay meeting, reported that after examination of the animal they found the statements in the protest to be correct, and certified that Go Between is a stallion, and not a gelding, as he has been described in entries throughout the four years of his racing career. The report of the veterinary surgeons made it plain that for four years Go Between has raced in a capacity not properly his, and repeatedly has received an allowance in weight to which he was not entitled. It is said that the stewards will hold a thorough investigation of the entire history of Go Between, and will examine personally each of the several trainers and owners who have handled the horse in the four years that he has been raced as a gelding.

C. F. McMeekin, who bred Go Between and sold him as a yearling, was killed in the railroad accident at Salisbury, Eng., on Sunday last, but it is probable that the records of his sale of Go Between will be available as a starting point in the inquiry. If a fraud or willful misstatement can be proved, Go Between will forfeit races in which he received a gelding allowance as far back as 1903.

JAPAN PROSPERS

Bigger Money for Wage Earners and Land Prices Doubling.

London, July 3.—The Kobe correspondent of the Daily Mail says the Japanese have not yet fixed a date for the opening of Dalny as a free port. Meanwhile great quantities of Japanese goods, especially cottons, are being daily poured into Manchuria by way of Dalny, without the payment of duty, while British and American dealers are compelled to go elsewhere and pay duty. The Japanese mills are working day and night to meet the demand and are combining to export their products, the Government virtually guaranteeing them against loss.

The shipping prospects are also gloomy. The Japan Mail Steamship Company, besides opening new lines in all directions, contemplates a systematic campaign to drive British shipping off the Yangtse Kiang. M. Iwanaga, the company's manager, says it is the company's duty and object to check the arrogance of European steamship owners. The Government is also backing the steamship enterprise secretly and openly.

Japan is now amazingly prosperous. Wages are advancing and land values are doubling.

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial, as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, no further trouble will be experienced.
