AT OSGOODE HALL.

The Toronto Railway Company Settles a Claim for $450—That Alleged Nuisance at St. Margaret's Church.

At the Non-Jury Sittings the action of Barker v. Toronto R.W. Company was settled, the defendants paying the plaintiffs $450. The action was for damages caused to the plaintiffs while driving in a cutter. The snow, piled on each side of the defendant's track, had become hardened by traffic and frost, and the runner of the cutter slid down and struck the rail, causing the accident for which the action was brought.

The Divisional Court refused to interfere with the judgment of Chief Justice Meredith, referring an injunction motion to the trial in St. Margaret's Church v. Stephens. The church people complain that their devotions were seriously hindered by the band at the defendant's rink next the church building during the winter evenings.

MISS TERRY GOT £500.

An Action for Libel Against The St. James' Budget in London.

London, April 6.—An action for damages for libel brought by Miss Marion Terry, the actress, against The St. James' Budget, was tried in the Queen's Bench Division of the High Court of Justice to-day. The libel consisted in the publication by the paper of a statement that Miss Terry was about to marry her brother-in-law, a Mr. Morris. The defendant proved that an apology for the statement complained of had been published, but Miss Terry contended that that measure of reparation was not sufficient. The jury returned a verdict awarding Miss Terry £500 damages.

Prime says that there has been no further advance in spring seeding. There is great excess of moisture in the whole belt, but good weather may make this moisture a great blessing. Farmers are very fortunate if able to seed by April 10. The great thing will be to get the seed in the ground before May 1. If they can, wheat should make very rapid growth, because of moisture. Everything points to a great acreage in spring wheat. There is confirmation of the crop reports concerning winter wheat in Illinois, Indiana, etc. The outlook is good in Kansas. Farmers could not sow oats this week. This season is late, but good weather can overcome all obstacles.

TIPS FROM WALL STREET.

The market closed steady.

Lake Shore has 4000 shareholders and New York Central 12,000, of whom 4000 are in London.

The most active stocks to-day were: Sugar, 23,700 shares, St. Paul 9000, W. U. 2600, R. I. 1000, N. Y. C. 1300, D. & H. 2600, Reading 4300, Burlington 9700, Omaha 9400, Chi. Gas 11,900, Tobacco 1200, Leather pr. 12,100.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from New York:

The stock market to-day was very dull, professional and generally heavy, with some pressure on the Industrial list. The London market there was very dull. News from the East is a shade more peaceful, and Greece, it appears, is striving to avoid an outbreak. It is considered certain that Carter Harrison will be elected Mayor of Chicago to-day, and it is regarded as unfavorable to Chicago Gas and other corporate interests there. The Supreme Court action in putting the hearing of the Joint Traffic case over until fall is considered a bear factor. Newspapers comment severely on the failure of the Jersey Central management to make any financial statement in connection with dividend. Reading February statement shows an increase for the month of $212,000. The General Electric files a report in Massachusetts showing that the profit and loss deficit or impairment of capital was reduced last year by $1,200,000, to $12,000,000. Very serious damage is reported in the flooded districts. Bull points have been circulated on Pacific Mail.

One of the many cases of rupture radically cured by wearing a Wilkinson Truss is that of Mr. J. W. C. Allen of McDonald & Allen, Kingston, Ont., who was fitted with a truss by M. B. Lindman, the expert, 85 York-street (Rossin House Block), Toronto, and who writes on Sept. 16th as follows:

I have been badly ruptured for the past nine years, and during that time have been fitted with many different kinds of trusses, manufactured not only in Canada, but in the United States, without obtaining relief. On April 19, 1896, I purchased from you a Wilkinson Truss, being advised by a physician to do so, and I feel confident that I am now perfectly cured. I can assure you that I feel thankful for the results, and if you wish you can refer to me for reference. 26
