BOWEL AND SUMMER COMPLAINT.

DR. D. JAYNE, No. 3, South Third street, Philadelphia, is willing to guarantee that his CARMINATIVE BALSAM will cure Diarrhœa, Colics, Cramps, Griping Pains, Cholera Morbus, Summer Complaint, and other derangements of the Stomach and Bowels, in ninety-nine cases out of a hundred, and in less than half the time that can be effected by any other means. It is extremely pleasant, and children are fond of it. It is equally as effective for adults as children, and when the directions are followed, and a cure is not effected, the money will be cheerfully returned. Price 25 and 50 cents a bottle.

ANOTHER PHYSICIAN'S OPINION.

The following additional testimony in favour of Dr. JAYNE'S Medicines has recently been received from a physician of high standing in Lauderdale County, Miss., under date of August 9, 1856:—

"Dr. D. Jayne—Dear Sir,—I am intimately acquainted with some of your preparations, and can safely recommend them. Your Expectorant and Carminative Balsam I have used extensively in my own practice, and I state unhesitatingly that I have used no article, or combinations of medicines, that have better answered the purpose for which they were prepared than the above.

Lauderdale Co. Miss. W. W. JOHNSON, M. D."

THE LOCH SLOY.—The steamer *Maid of Erin* proceeded to the wreck of this vessel last week, for the purpose of towing her into port, but returned without her. We learn from the Yarmouth *Courier* of last Thursday, that "the steamer was lying a short distance from the wreck on Tuesday evening, Captain Leavitt intending to take her in tow on Wednesday morning, but about 4 o'clock the crews of two small schooners that had been observed hanging about the wreck all day, slipped her cables and she struck adrift. It being thick at the time, it was thought advisable not to go after the wreck until morning.—During the night, however, it came on to blow heavy and the steamer had to put to sea, and as it has been foggy ever since till this afternoon, nothing could be done towards discovering the wreck.

Capt. Burns, who came up in the steamer, informs us that the Loch Sloy has been plundered of provisions, materials, &c., most shamefully, and that even the dead-lights were taken out of the decks.—Among other things a new hawser was stolen from the deck.

Two men, the cook and a seaman who put off from the ship on Monday evening did not reach the island, and a boat that put off in search of them could not find them. It is hoped that they may have been picked up by some of the fishermen in the Bay."

We learn that the wreck has since been towed into Pubnico harbour by some fishing schooners. —*New Brns.*

DR. JAYNE'S MEDICINES.

Does not Reason and Common Sense teach us that EXPECTORATION is the most natural as well as the most effectual agent in arresting and curing PULMONARY DISEASES?—Reason answers YES, because OBSTRUCTION is either immediately or remotely the cause of Inflammation and Catarrhal Fevers, producing Croup, Consumption, and Abscesses of the Lungs, Pain and Soreness of the Throat, Breast, Sides, or Shoulders—Bronchites, exciting mucous and purulent secretions, thereby clogging up the lungs, so as to more or less impede both respiration and the free circulation of the blood, causing Difficulty of Breathing, and Asthma, Pleurisy, Hoarseness and Loss of Voice, Dropsy of the Heart and Chest, Rupture of Blood Vessels and Bleeding from the Throat and Lungs, and Spitting of Blood.—To remove this Obstruction, from which all these alarming and dangerous diseases originate, and to produce a radical cure, nothing has ever been found equal to JAYNE'S EXPECTORANT.

It stands unrivalled—it stands pre-eminent—TRY IT, and you will be forced to acknowledge that its virtues HAVE NOT, NOR CANNOT be overrated; that it stands far above and beyond the reach of competition; that it is the only reasonable, the only natural, and the only truly successful method of arresting and curing diseases of the Pulmonary Organs.
