A meeting of the millers' section of the Board of Trade will be held in the council chamber of the Board at 3.30 o'clock this afternoon. The advisability of holding a mass meeting of the millers of the province in Toronto will be discussed and if it is decided to hold one preliminary arrangements will be made.

In the brokers' offices yesterday the next "Federal" circular was talked about a good deal. It was said that the circular is prepared but that for some reason it is held back.

The dry goods section of the Board of Trade met yesterday to protest against the proposed duty on imported samples. It was decided to memorialize the Minister of Customs on the subject.

Toronto fruit dealers have been experiencing considerable trouble in getting supplies of southern fruit, the Johnstown flood having cut off a number of car loads en route from Maryland.

TUESDAY EVENING, June 4.

To-day's stock exchange sessions were spiritless. Scarcely anything was doing. Transactions totaled only 84 shares and prices showed no fluctuation. Following are the quotations:

Jottings From the Junction.

The committee appointed to arrange with the Canadian Pacific Railway with regard to the removal of their shops here recommend the council to grant exemption from taxes and from water not to exceed 100,000 gallons per day for ten years, providing they remove the shops here within a year, and supply at least 150 men. The report also recommends the acceptance of the company's offer as to opening a street on the south side of the depot and the removal of all tracks to the north side. Engineer Rigge has been instructed to prepare an outline sketch of streets. The Pulley Company's bylaw has been read a second time. The bylaw provides that the factory must be kept running ten months in the year and employ at least 40 men. The $25,000 for the completion of the waterworks has been passed.

Though the meeting held Saturday night to discuss separation from the county was not a large one the general feeling was favorable to the scheme. Another meeting for the same purpose has been called for Friday night. The bylaw will be voted on on Saturday.

Take the advice of our Commercial Editor and buy your clothing at the Army & Navy Stores. He says I always see a crowd in the Army and Navy Stores. The salesmen are polite; the customers are easily served and everything seems to hum around the Army & Navy; and nobody gets credit at the Army & Navy Stores. So you see no bad debts have to be made up for. Don't spend a cent for clothing till you've been to the Army & Navy Stores.

Annual Examinations for Teachers.

The annual examination of the candidates for Public school teachers' certificates will begin on July 9next in the Collegiate Institute in Jarvis-street, in the Parkdale Collegiate Institute and in St. Joseph's Convent. At the first-named institution 61 candidates for third-class certificates and 46 for second-class will be examined; at the Parkdale school 22 and 19 for third and second respectively, and at St. Joseph's Convent 9 and 7. All candidates for first-class certificates will be examined at the Normal School.

A terrible war in men's suits and the Army & Navy is on top. Over four thousand men's suits to be nearly given away at the Army & Navy Stores. The very best goods made are being sold for less than you usually pay for shoddy goods; and no matter how low the price, even $3.95, no shoddy clothing is sold at the Army & Navy Stores. But you must pay cash; no credit at the Army & Navy.

Fresh Method in Open Air Preaching.

The Cottage Meeting Gospel Wagon commenced its work last night at the corner of York and Richmond-streets. A large choir was in the wagon along with an organ, and a very large crowd assembled to hear the singing. Mr. A. C. Dixon conducted the meeting, and several well known speakers took part between the hymns. This novel way of reaching the mass is evidently going to take, as it forms a platform and also an organ loft. The attention was good and the order all that could be desired.

Our profession is war against high prices for shoddy clothing. The Army & Navy stands with its cannons pointed at the wholesale supply shops who systematically overcharge a long-suffering public exorbitant prices for shoddy clothing. No shoddy at the Army & Navy Stores. No vast fortunes are made at the Army & Navy Stores. Interest on capital and expenses of doing business is all the Army & Navy asks, and everybody must pay cash at the Army & Navy.

Boys' suits at the Army & Navy Stores; suits that will wear out in time, but not in a week or a month—suits that will last a year if your boy doesn't grow too fast—and no shoddy clothing is sold at the Army & Navy Stores. Over ten thousand boys' suits in stock.

HOW TO CURE HEADACHE.—Some people suffer untold misery day after day with headache. There is rest neither day nor night until the nerves are all unstrung. The cause is generally a disordered stomach, and a cure can be effected by using Parmelee's Vegetable Pills, containing mandrake and dandelion. Mr. Finlay Wark, Lysander, P.Q., writes: "I find Parmelee's Pills a first-class article for bilious headache."

I Thought My Case was Hopeless.

I got so bad I could neither eat, sleep nor rest at night. My mouth, nose and throat were ulcerated, and so sore and tender that my life was a misery, giving me the most horrible sensations anyone ever experienced. I lost my appetite, had the most excruciating pain in my stomach after meals, would bloat and hiccough after taking the plainest food in ever so small a quantity. The Catarrh had extended to my right lung, producing terrible pain there also, and I thought there was no help for me until a friend advised me to visit the physicians of the Catarrh and Dyspeptic Institute, 198 King-street west, which I did and to-day I am a healthy and happy man. This is the story told by Mr. F. Addison of 1068 Queen-street west. He called on us over a year ago suffering from ulcerative catarrh and dyspepsia of a bad type, and although he had not much confidence that anyone could cure him he is to-day perfectly well and is willing and will be glad to answer any questions asked him by parties suffering similar troubles, and can be found either at his home, 1068 Queen-street west, or at the large and well-known wine and liquor establishment of Messrs. W. Shields & Co., 922 Queen-street west, where he holds a responsible position. Our address is 198 King-street west, formerly 170. Office hours, 9 a.m. to 8 p.m.; Sunday, 2 to 4 p.m.

CENSURING THE ENGINEER

ALD. BAXTER AND FLEMING SPEAK OUT IN COMMITTEE.

Ald. E. A. Macdonald Dubs the Board of Works "The Indefinite Committee"—Something About the Gerrard-street Bridge—Contracts Awarded.

Ald. E. A. Macdonald gave the Board of Works a new name at its meeting yesterday. He dubbed it "The Indefinite Committee," because the chairman failed to answer an inquiry by a St. Matthew's Warder as definitely as might be desired. One of the peculiar points in the meeting was the absence of the City Engineer when he was wanted. A deputation of fully 50 prominent East End property owners were on hand to protest against the culpable delay of the department in improving that section of Toronto east of the Don. The particular grievance, however, was the strange delay experienced in making the approaches to the Gerrard street bridge. The chairman could tell them nothing about it and sent for the City Engineer to enlighten their ignorance, but the answer came back that he was not in and the crowd of citizens had to wait for fully an hour for him to put in an appearance. Ald. E. A. Macdonald spoke a few words of protest at the inconvenience which his constituents were compelled to experience.

When the Engineer was on deck the East Enders, led by Mr. George S. Macdonald, President of the Property-Owners' Association, ranged themselves around in a semi circle and fired a lot of questions about East End improvements at the official; to all he answered he had nothing to say, a statement which did not meet with much favor.

Ald. Baxter and Ald. E. A. Macdonald got into a heated discussion in which some very straight personalities were exchanged. Then Ald. Shaw ran foul of the alderman from the east. After another short wrangle Ald. Macdonald in attempting to speak was choked off by the chairman, who submitted a resolution referring the Carlaw-avenue extension to himself and Ald. Macdonald to see what could be done to hasten it on.

The result of the deputation was so unsatisfactory that Ald. Macdonald and his fifty supporters left the meeting in disgust. Ald. Macdonald telling the chairman that as freedom of discussion was denied him he might as well depart, at the same time remarking that sterner methods would be adopted to get the East End justice.

The Gerrard-street bridge difficulty was brought up by Ald. Fleming, who wanted to know when the people were to be allowed to cross. Those on both sides of the Don were in open rebellion at the delay. It was ruining the business men and retarding the progress of the ward.

Ald. Baxter, who generally sticks up for the City Engineer, also spoke a few words of censure. The discussion closed by the board recommending the purchase of a strip of land on the north side of Gerrard-street for the purpose of widening the street and for the purpose of providing a roadway on the south side of Gerrard-street at a low level leading to the roadway on the west side of the Don improvement and also giving access to the Don terrace.

It was determined to recommend the adoption of the Warren-Scharff contract for the Jarvis-street asphalt pavement at $2.80 per square yard, with a 5 years' instead of a 10 years' guarantee.

The City and Underground Wires.

The following resolution by Ald. Fleming was submitted to the special sub-committee on underground wires: That the City Solicitor be instructed to insert a clause in the agreement with the different electric light companies to the effect that at the end of 21 years from the date of such agreement the city shall have the right to purchase all the interest of such companies by paying the actual cash value for the plant in use and necessary for the carrying on of the electric light business, and should the city not take advantage of this option then they shall have the same right at the end of every ten years thereafter, and shall also insert a clause to prevent the selling out or amalgamating with any other company.

The Engineer's Report.

The City Engineer reported in favor of the construction of the following sewers: On Carlaw-avenue at a cost of $33,000; on Northumberland-street; on a lane leading from Bellwoods-avenue to Claremont-street; on Macdonald-square; on Dean-street; on lane between Elm and Edward-streets, and on Elm-street. Sidewalks on Lennox-avenue and Munro-street; a Stewart granolithic 12-foot sidewalk on south side of Richmond-street, extending from Yonge-street to the easterly limit of the medical college; a cedar block roadway on Terauley-street from Queen to College-streets; a cedar block roadway on Hayden-street from Yonge to Church-street; a cedar block pavement on Euclid-avenue; the grading of Highland-avenue, Withrow-avenue, Glendale-avenue, Byron-avenue and Chatham-avenue.

The report was adopted.

The Wagon Turned Over.

A horse and wagon belonging to G. A. Weese, 149 Yonge-street, met with a peculiar accident in Melinda-street yesterday afternoon. The horse was being turned round when the wagon capsized, catching the horse by the hind legs, one of which was badly cut. The animal became frightened and attempted to run away, but a small boy who was in the wagon hold on while the horse circled four times around the road, being finally stopped.

AT THE PRESBYTERY.

Topics of Import to the Religious World Discussed Yesterday.

The last meeting of Toronto Presbytery before the meeting of the General Assembly was held yesterday. Rev. Walter Amos, Moderator, presided.

Rev. Thos. Wilson was received from the Hamilton Presbytery and attached to the roll of ministers without charge. Rev. Mr. Glassford was received from the Barrie Presbytery and his induction at Streetsville fixed for June 25.

Rev. Dr. Price of Philadelphia Central Presbytery; Rev. Wm. Mackinlay and Rev. John Wilkie were asked to sit and correspond. Rev. Mr. Wilkie, who is a missionary in India, addressed the Presbytery as to the vast importance of continuing the Presbyterian College at Indore, India. They desired to erect new buildings in resuscitating the Indore High School and College, and he asked for assistance in raising $10,000 for this purpose.

Rev. Alex. Gilray presented the Home Mission report, which set forth that the mission at Bethesda had now joined with the station at Eglinton, a new mission has been planted at Mimico, and the missions within the city have progressed during the year. In the city missions the Sabbath School children and the adult attendants at public services both stand at about 1,000, which will likely increase during the summer to fully 2000. The subscriptions for this fund from the Presbytery reached $7,064.31.

Mr. Gilray also presented the Augmentation Report, showing that East York had been put on and Dixie taken off this fund during the year. He asked for $490 for the coming year, and reported the receipts to be $5639.11.

Dr. McLaren read a report advocating the organization of a congregation in the eastern part of the city to combine with the Duchess-street mission. Berkeley-street was made the western boundary; Queen-street the northern and the Don the eastern. The new congregation is to be called the South Side Presbyterian Church.

Rev. R. P. McKay moved in amendment that the report lie in the hands of the committee for another month and that they be asked to confer with the sessions of East and Cooke's Churches. The amendment was carried on a vote of 16 to 11.

At the afternoon session Rev. J. M. Cameron applied for leave to retire from active work. His request was referred to the General Assembly. The resignation of the Rev. Mr. Wilson called forth tributes as to his long and faithful service. Letters and applications for admission were accepted from Messrs. Turnbull and Chestnut. Rev. J. A. Grant reported on the action of the committee on the Mimico mission and briefly sketched its progress. The examination of applicants for preaching licenses was then commenced, at the conclusion of which the Presbytery adjourned.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold by druggists everywhere, or sent by mail.

Healing the Sick

BY THE

"LAYING ON OF HANDS."

PROF. LEMON, M.D., Esoteric and Magnetic Physician. Formerly of the Medical Faculty University of Buffalo, N.Y.

Offices over Imperial Bank Branch, Corner Queen and Yonge-streets, Toronto.

Mrs. Charles A., dyspepsia and catarrh of the stomach and bowels, urinal rheumatism, ulcers on the liver, could not keep food on the stomach, heavy weight in it after meals, or taking smallest quantity of mildest food or fluids, sleepless, no rest night or day, skin jaundiced, feet icy cold or burning hot and cold flashes, despondency, bowels would not move at all, urine scant, bricky sediment and then plentiful and clear, constant headache. Cured in 2 months.

I hereby certify that my daughter, Miss Lily Lucas, who has suffered from "Ulcerated Catarrh" for the last eight years, is now perfectly cured after two months' treatment by Prof. Lemon. (Signed) G. N. LUCAS.

Prof. Lemon had more callers than he could well attend to the last few days. His immense success has raised a great storm of envy, jealousy and ill-will among the "rentile practitioners;" especially is a so-called "vital magnetist" exercised, who all winter spent his cent-a-word venom Saturdays. Prof. Lemon has no use for vital magnetism—if there is such a thing—or the lunatic, either. Such practitioners were suppressed in New York three years ago for their obscenity and indecency generally—worse than opium joints—by the Society for the Prevention and Suppression of Vice. See "Comstock's Reports." Week days only. Consultation free—9 to 9—till 1st July. Walk right upstairs. Usher in attendance. Welcome. No indelicate questions or examinations, exposures or experiments.

HATS.

We have the Latest Novelties in Stiff and Soft Felt Hats from the best English and American Manufacturers. Lincoln & Bennett's Silk Hats, satin finish, are the best imported hats brought into this market for durability, style or finish they can not be excelled. Christy's Felt Hats are as popular as ever; for durability and retaining their color they have no equal. Boys Knockabout Felt Hats at all prices. Our $4.00 Silk Hat is as popular as ever.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:
